

for Soldiers

**NATIONAL SERVICE
LIFE INSURANCE**

THESE ARE LOW-COST GOVERNMENT POLICIES

Here Today— Gone Tomorrow

This is the Army. You get your orders and you're-on your way.

That is why the Nation offers you Government insurance—a special National Service Life Insurance policy—when you enter active service. You may have up to \$10,000 worth of such insurance for only a few dollars a month.

Ask for it!

We are at war. You need this insurance, and your family *certainly* needs the protection it affords. This insurance costs *less* than any other kind of insurance you can get. It protects you and your family against your death from any cause *including* the risks of war. It provides for a *monthly* income for the beneficiary you name. Your wife or child, mother or father, brother or sister, or foster parent—may be named as principal or second choice beneficiary.

A \$10,000 policy would, in the event of your death, pay to your beneficiary:

- ...If under 30 years of age, a monthly income for 20 years of \$55.10
- ...If 30 years of age, a monthly income for life of 39.70
- ...If 40 years of age, a monthly income for life of 45.00
- ...If 50 years of age, a monthly income for life of 53.90
- ...If 60 years of age, a monthly income for life of 68.10
- ...Increased benefits for higher ages.

The income under this policy will be paid to your beneficiary monthly and in the amount shown on the previous page.

Premium rates are low—for example: at age 29, \$7 per month will pay for \$10,000 of insurance, the maximum amount. Every soldier having dependents can afford to have a policy of \$10,000 for loved ones.

Automatic Premium Payments

The monthly premium will be deducted from your monthly pay. No matter where you may be sent in this global war, you may be sure that your policy cannot lapse. You are certain of constant insurance protection for the folks at home while you are on the fighting front.

After a year you may convert your policy to an Ordinary Life, 20 Payment Life, or 30 Payment Life insurance policy. Your Government stands behind these policies. You may continue your insurance when you return to civilian life; it is a valuable financial asset to your future.

You must apply for this insurance *now*—unless you do so within 120 days of your entry on active duty, you will have to take a medical examination. By acting now, you can get a policy without such medical examination.
