DEAR GEORGE:

Buenos Días señor. Muchos gracias for your Antlerette and the stationery. Arkansas is really good now though we're having rains occasionally. We've never even seen a glimpse of the flood yet. It's far away and we'll probably never see it.

So by now you're out of school aren't you. Guess it's a relief. Working on farms are hard now isn't it? In here life is getting better too. We have ball games at nights. And movies once a week. Our section on Saturday nights so I have no home work to be done. Everyone has planted flowers so it's very pretty now. Oh yeah, the other day we saw in the movies "Cisco Kid and the Lady" and they partly spoke Spanish and it was fun. I'm still going to school and it's hot but schools not bad. Spanish is fun. ¿NO es verdad? We go to school at 7:15 and in the after-noon from 1:00 to 2:00 only. So when it's really hot we're at home.

The Antspettes were really good,
the paper better than last year isn't it?
The jokes were good and new. And the
sport column was good, but about the
Folsom game when he spoke out he
was not out I think. They had a good
baseball team this year and we can't
-see it.

Well I'm ~~running~~ running out of
words so I'll close now. Adios.
THANKS AGAIN FOR THE STATIONARY + THE
ANTSPETTE.

Teaty.
