Mr. C. S. Rochford,
Project Director,
Heart Mountain, Relocation Project,
Heart Mountain, Wyoming.

Dear Mr. Rochford;

Enclosed is a copy of the letter the Food Committee of the Temporary Block Chairmen's Council addressed to Mr. Ernest Hawes, Chief Steward, Heart Mountain Relocation Project.

In view of the importance of the whole food problem to the entire population of the Colony as well as to the Administrations, And in view of the fact that in a Project of this type where co-operation between Colonists and Administration is essential, the question of individual responsibility is of utmost importance, we trust you will agree with us that this action of ours in this particular case not only is proper, but also is very necessary.

Sincerely,

Minejiro Hayashida,
Chairman, Council of
Temporary Block Chairmen,
Heart Mountain Relocation
Project, Wyoming.
