RECREATION DEPT. FUND

An appropriation is necessary to put into operation the many activities that are held up on account of small essential items that can not be supplied by the Center Supply Dept. Many of the items such as phonograph records, books, tools, etc. will be discontinued and difficult to be had in the future. Therefore, future allocation of Center fund will be the old story of too little and too late.

The sum of \$1,350.00 is needed at once.
