For those going out on indefinite leave, they will be picked up and transported up to the depot.
2. Nori Yonemura asked the body why it was so difficult to go out to Colo. He cited his case, and asked the Chairman to find out the reason for being so strict. One Manager explained that there are so many people supposedly going out to Springfield or Rocky Ford instead spending their time in Denver was the cause of it. #24 Manager stated that the public sentiment was bad in Colorado. Another stated that the opportunity in Rocky Mt. states is so limited that the opportunity is not there for the Japanese.

He felt that an advisory board should be set up to take care of all these people who have all kinds of questions about deferments, dependency status; and etc. Mr. Todd is the registrar of Heart Mountain; it was suggested to him to establish a Selective Service Advisory Board immediately before things get out of hand.
5. Resignation from #17 Manager was read. The body accepted his resignation under the circumstances given. The Chairman thanked Mr. Motoyoshi for his splendid cooperation and work rendered to this body.
