Mr. Shoji Nagumo  
Block Councilman  
Block 12

Dear Sir:

Thank you for your efforts in making \$1,200.00 available to the Community Activities from the Community Enterprise.

We now have \$2,000.00 earmarked for purchasing equipment for the recreation halls. If your block wishes to purchase their own equipment, we will be pleased to send you a check for \$100.00. The services of our Community Activities organization are at your command. Our purchasing department has wholesale sources for athletic goods, games, and toys.

Our Recreation Hall Supervisor has made a study of recreation hall equipment while our Toy and Game Instructor may have valuable information regarding some of the toys she is planning. The equipment which may be had through the War Relocation Authority have been requisitioned; such as ping pong tables, game tables, and benches. May we suggest that the persons in charge of making your purchases contact our Recreation Hall Supervisor, Miss Hisa Hirashiki, in order to avoid duplicate purchases and efforts.

The Community Activities has made plans to furnish the following items:

Ping Pong Table Nets & Paddles	
Game Tables	Dominos
Shuffle Board	Chess
Carroms	Cards
Checkers	Jig Saw Puzzles

Yours sincerely,

Ricardo Ritchie  
Chairman  
C.A. Board of Trustees
