Dear Miss Hisako Hayakawa:

I have the greatest pleasure to be appointed by the Community Activities to organize and promote various block clubs organizations; to coordinate the scheduling and programming of all such groups; to study the programs of the adults, young people, children and aid them whenever possible; to assist in the organization of young people's groups whenever necessary. But, without you -- your help, your cooperation and coordination I admit that I cannot progress ahead with the center-wide activities.

So, let us all get together and form a solid unit and discuss all the problems that are coming up so rapidly. How we could keep our Clubs active, etc.

Let us solicit or give suggestions to and from other groups-- the problems in our hands.

Our record shows that your block have not as yet found such block club. I am asking leaders of various block clubs for a gathering on April 4, Tuesday at 7:00 p.m. sharp at C.A. Headquarters, 16 N. Will you please contact suitable person or persons in your block to represent your group? Mr. David Yanakawa and Mr. Bill Teramoto will be at this very meeting and will be a great pleasure to us to be able to meet block leaders in person.

Yours truly,

Dale Morioka
