

Sunday

My Dear Mrs Waegell,

Thank you so much for a lovely letter and some canned food. Isn't these canned foods are on ration? I hope you hadn't waste ration stamps on us, for buying canned foods. Thank you again.

By the way how are you all? Fine I hope. The weather here is awfully changeable.

No — I have not written to you ten days ago, but I did write to you about a month ago.

I thank you for helping my brother out. Yes. he got his permit to go out but he has not decide where to go. He might go to Idaho; but field on to Michigan to attend school. Life in camp is okay in one

may but not so good in many
other ways. Here you can get
lot of knowledges. Like working
in the hospital, Adm. Building,
news paper, orphan home etc

Recently I was offer an
wonderful opportunity from
Tule Lake Center to teach the
twenty deaf children. That mean
I shall go to Tule Lake anytime
this month. When I get there
I shall write to you surely.

Mrs. Waegell if you happen
to have any good books
about teaching may I borrow
one? I would very much
like to have the paper about
deafness by Dr. Lewis.

How the things in Elk Grove?
Is it true that one of the
store in Florin was burned
down?

My sister Hannah is

improving. She had at most
learned up to sixth grade.
She ^{is} learning how to type now.
Her teacher name is Miss
Thomas. Hannah sent her
best regard to you. She
have a play mate now. A
very faithful one. A cat - she
named her "Manzä"; because
the cat was born here in
Manzanar.

My mother is still learn-
ing to make flowers. She
asked me to tell you that if
you want any more flowers
please let her know.

About the 5⁰⁰ I sent you
it is for the wheat and
the things you have sent
me. Will write to you again

With respect and
sincere

Ruth Takagi
