Dear Mrs. Waegell:

I have received a letter from Mrs. Barmby to day saying she has taken home some of my boxes which I have in my store room, but being her house too crowded and barn not being old she couldn't handle all of my things. so being my sister Minnie stored at your home. I would like if you could handle 3 trunks, 2 big boxes and 1 washing machine and 1 beer box which I have in my stored room.

My sister "Minnie" said you are always very kind to her and does every thing for her. so she appreciate very much and she doesn't know how to appreciate in words.

I know you are very busy with your works and being gas ration but I would like you to go to (old man) Mr. Barmby and talk over this matter because she has the key to my house It does not have to be in your

house because I know you have
many things of your own. So some
where in the barn will be O.K.

I'll appreciate very much if you could
do for me.

Yours truly
Hideko Wakita
