WRA Digest of Current Job Offers For Period of April 1 to April 15, 1944
Investigated And Approved By This Office

SUMMARY OF CURRENT JOB OFFER SITUATION

Although we have not had many job offers other than domestics come in, we feel sure that there are many types of positions available should the resettlers come without jobs. Our Advisory Committee has pledged their word that any resettlers who come without jobs will be given every opportunity to interview for positions for which they are qualified.

SUMMARY OF CURRENT HOUSING SITUATION.

The shortage of housing still exists as all other industrial centers where an increase of population was marked in the last two years. However, our Committee on Housing and Community Integration is set up to take care of all incoming resettlers who have no definite housing plans; in other words, this Committee will act in the capacity of a hostel with the exception that the resettlers will be placed in private homes for a small fee.
