WRA Digest of Current Job Offers For Period of April 16 to April 30, 1944
Investigated And Approved By This Office

SUMMARY OF CURRENT JOB OFFER SITUATION

With the favorable publicity given the nisei recently in FORTUNE magazine, businessmen of this city again have picked up interest in hiring nisei. This publicity has also helped in the general attitude of Indianapolis people, for we are already having good effects from it.

With the exception of office positions, issei can apply for any of the jobs listed below, provided they are not too old to fulfill the duties involved in the job. Especially have we had call after call in the domestic field where they have even specified that citizenship was not necessary.

SUMMARY OF CURRENT HOUSING SITUATION.

Housing condition is still difficult here as elsewhere. We feel, though, that it is not impossible to find a place to live, and if anyone should want or should obtain a good position here, he should by no means let the housing problem interfere with his plans. Everyone, not just the Japanese-American, is suffering from this particular situation.
