

about the scholarship for George Nagano  
Concerning, student of Laramie college, who  
from West Mt. Relocation Center

for your trouble.

Many thanks concerning my boy George  
scholarship. He is in Laramie Wyo. now

studying in the collage. Today she  
wrote to me National Council asking  
~~about~~ "why do you need scholarship"  
maybe of course he will write ~~me~~  
to you. But I feel I have responsible  
to send the answer to you, as this is the father ship

Before the Relocation was 3 of our  
children were studying in L.A.C.A

after the May 1942 all of our ~~interested~~  
Pomona Assembly Center children  
did continue their school

after the evacuation <sup>no body</sup> we have no  
income to send our children to the

out side after the researching

we knew if we have \$650 <sup>or</sup>  
a year per year one boy can ~~can~~  
continue his collage work

But our finance condition it is quite  
hard to do so. Then we asked to  
our bishop who is always showed  
deep sympathy for us, we were very  
happy when we received favorite

Answer from the Bishop, if we can  
 get \$325 <sup>or</sup> scholarship for the year, George  
 will get some money from his <sup>pay</sup> spare time  
 and I will go out to earn some money  
 to help, maybe with those money  
 can take him through his collage work  
 under this condition  
 And George went to La Ramie Court Agronomy

But if he can not get scholarship  
 perhaps next term he must discontinue  
 his study, maybe  
 he lost the chance to study again  
 in his whole life.

This is true our situation  
 why George need scholarship,  
 we hope please consider it, give  
 favorable conclusion to him

Yours truly
