

WAR RELOCATION AUTHORITY

226 W. Jackson Boulevard  
Chicago 6, Illinois

March 15, 1944

TO: All Project Directors  
ATTENTION: Relocation Program Officer

This is the fifth Job Summary Report from the Chicago area office and supplements the Report issued March 1. Job offer and housing situations have not changed the first two weeks in March for the Indianapolis, Peoria, and Minneapolis district offices, save that in the latter office it is increasingly more difficult to place young men with 1-A classifications. Minneapolis also notes four changes in job offers which are included in the supplement. So, with that exception, we refer you to the March 1, Report for information about jobs in the above districts. The rest of the area, Chicago, Rockford, and Milwaukee are included in this supplement.
