

Colorado Springs,  
Colorado,

Aug. 14-1945

Dear Mrs. Perry,

Uncle Johnny has asked me to write a few lines for him so here I am again.

He recently applied for his travel permit to Calif. and all the papers that goes with it. The authorities say it takes several weeks to complete the application so he thought he'd start in a little ahead of time.

He's applied through the Immigration and Nat. Service in Denver and there's one section in which it states or rather asks to list person or persons acquainted with Uncle Johnny and his character. In the event the Naturalization Service asks you, he would like to have you put in a few words for him. He hopes it was ok <sup>by you</sup> to have listed your name.

I thank you again and will be closing today with <sup>the</sup> short note. I hope you and Mr. Perry and all are in the best of good health. Do take care of yourselves in this hot weather.

Until again,

Very sincerely,  
Sam L. F.
