Dear Mrs. Perry,

Hello Mrs. Perry - Here I
am again to take up some of
your busy time.

This is just to let you know
I'm leaving for Amache this
coming Wednesday 29th. I think
it's about time to get back and
gradually help start making
arrangements and building
packing crates. Uncle Johnny
plans to be here till around
the 5th of Sept, but as soon
as his traveling permit arrives,
he's leaving for Amache too.

When you write next, could
you please address it to Amache.

Uncle Johnny wanted to know
about when the housing at your
place would be available.

From what I hear everyone
in the center must present
some sort of a definite plan
by Sept. 1st. It's a good thing
we did ^{at} those who don't have a
plan or place to go, the W.R.A.
fixes it up for the party.
Copies of land transports
them back to the place where
they came from. In other
words, the project director says
there will not be a single
resident in the center by
Oct 15.

I don't know how true this
is but heard that W.R.A. is
scheduling all departures from

the center and ours is supposed to be around Sept. 25th or so of course we could always get that extended or otherwise.

Anyway, Uncle Johnny would like to hear from you as soon as housing is available. Also whenever our place in Forestville opens too.

I just read in the papers where a certain Doria family returned to Sebastopol and met with quite an opposition. I don't know how true this is but I heard that his life was threatened if he didn't leave within 48 hrs and that they would bring 400 men to snatch him off.

Boy! it sure must be a tough and hardboiled situation there in Sebastopol. I just can't understand it. It sure gripped me and it'll be damned if that kind of stuff is going to scare me. If we get knocked off, I guess it'll just have to be that way. Well! but I sure hope the people's feeling will be more genial and understanding as time goes by.

I will keep you informed of our latest plans and hope to hear from you soon. Until then, with kindest regards to all.

Very sincerely,
How it is,
