Dear Mrs. Perry,

Hello Mrs. Perry!!.....Heres hoping that you all had a Very Merry Christmas and are looking forward to a better New Year.

I didn't have any particular reasons for writing you today but just got a letter from my Grandpop and he asked me how our Ranch deal and everything was getting along back home and I really didn't know what the exact set-up was going to be for this year; that is, who was going to run it and questions of that sort because you hadn't told me as yet. Therefore as soon as you have come to some decision, one way or the other, will you please let me know and I can give my Grandpop all the dope on it.

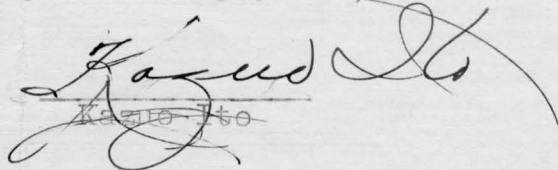

In regard to the <sup>new</sup> stored Buick and Studebaker Truck; Do we have to get license plates for them? If so, could you please take care of this for me.

The weather is getting to be terribly cold nowadays and boy, I mean cold. We don't get much snow now but when it does snow, it snows for about 2 days ~~xxxxxx~~ straight and piles up around 11 inches at the most. The temperature at this point is around 35 to 40 degrees. Sometimes there is a regular blizzard accompanying the snow fall and when theres a blizzard, its best to stay inside because you can hardly walk or see straight ahead. After it stops snowing and the snow packs down, it gets slick as ice and is plenty dangerous. In fact lots of persons have got hurt from slipping and I've seen more than 20 trucks and pick ups slide off the road in a day.

Well, the Dinner bell just now rang so will be closing this short note for this time and hoping to hear from you soon.

Best regards to all from everyone.

Very sincerely yours,

  
Kazuo Ito
