Amache Branch
Lamar, Colorado,
Feb. 14-1943.

Dear Mrs. Perry,

I just received a letter
from my Grandpop and he
told me to ask you to plant
some young trees for our
forestable Ranch.

I don't know exactly how many will be needed but you could tell Larr to look around and count the amount needed. Granddad would like either Gravensteins or Greenings planted, whichever is available. Could you please, Mrs. Perry, take care of this at your earliest convenience because Granddad say ~~a~~ right now is just the right time to plant them.

I know that you will have to use a lot of your time, car and tires all

2
the time so please put
in for everything in ~~the~~ regard
to all these matters as I
sure realize how hard everything
is to get now.

Well, this is all I wanted
to tell you so will close
for now and best of regards
from Grandma and everyone
here to all. Please say
"Hello" to Mr. Perry for me.

Very sincerely yours,
Kazuo Ito
