Dear Mrs. Perry,

Hello Mrs. Perry and everyone there!!..Heres hoping that this will find you and all in the best of good health at Sebastopol. Grandma and I and all the rest of the family are well as usual and they all send their best regards.

I am writing you today because there were a few things that Grandma and I wanted you to get for us from the house. You could do these things for me whenever you are up Forestville way and there is no hurry about it. Please do not make a special trip on this account because it isn't that important. Well, first of all my Grandmother would like for you to look inside the parlor room where that box like stuff containing the Buddha is setting. She would like you to take a look inside that box thing where the drawers are and see if you can locate a bronze looking miniature of bird resembling a pelican standing on top of a bronze turtle. The pelican head is fixed so that a tiny candle can be rested on its head. In other words, this thing is supposed to be a ornament for the God. Also if you see anything else packed in that drawer thats a ornament or paper stuffs, please send that too. If you can't find these things in the drawer of the box, you might try looking in the parlor cupboards where it used to set because Grandma might have tossed it in there. If it isn't there, try the small hall ~~cupboard~~ cupboard and if not there, inside my Grandmothers dresser drawers. If you can't find it there, please let it go because she doesn't remember any other place where she could have placed them.

Secondly, could you please send my car radio up to me. It is in the little room at the end of the hallway. It is a small closet room. Please send me all the parts that you can find there and I am sure you will find everything there. You know Mrs. Perry, one of the tubes went out on my set and they don't make that type anymore, which is just my tough luck. Well, I know a kid here that can fix a car radio into a electric so thats the reason I am asking you to send it up to me. Its a cinch that it is impossible to buy a new one so I going to fix the car radio up if I can.

(2)

Thirdly will you please look in the kitchen and see if you spot ~~a~~ 2 small japanese teapots made out of metal and they are round in shape; not the ~~shape~~ shape of a coffee pot but round. If you spot these, please send these too but if you can't locate them, its O.K.; just let it go.

Please send these things by express and let me know the complete cost of shipping charge and I will send you the money right away. There is no hurry about this stuff and you can get it for me whenever you are up that way.

How are the apples coming along? Are they about ready to be thinned yet and how is the crop? Does it look like a heavy crop; something like last year or more?

Well, Mrs. Perry, I will be closing now with this short note and hoping to hear from you very soon and until then, please take care of yourself and my best regards to Mr. Perry.

Very sincerely yours,

Kazuo Ito
