Dear Mrs. Perry,

I am sending to you my pocket watch which went boywise on me since I arrived here. I have been trying to get someone to take it into town for me but Granada, our nearest town doesn't have a place to fix it and I don't know a darn place elsewhere outside of Granada - There fore this is the reason why I am sending it back home to you. I realize I am putting you to a lot of bother by asking you this favor but there is no one else I could turn to back home - The thing wrong with it is the winding spring is broken and whenever you get into Sebastopol, could you please drop it into "Shibel's" ^{located} in the P. O. E. office. also could you have him clean and oil ^{the watch} complete because its very dirty inside - You could send me the bill of

²Complete charges and
I will send you a check
for the amount right away.

Thanking you again for
all of the trouble and bother
I am putting you to and
hope that you will be able
to get it fixed for me - -

I am unemployed at the
present but I may get a
job as a plumber and if
not that ~~it~~ maybe a job
in the post office.

Well, be closing now and
everyone sends their best
regards -

Very Sincerely yours,
Kabus Holt
