

May 23, 1944

Dear Mr. + Mrs. Perry,

I'm just writing this letter to let you know that I have asked to have one oil stove and washing machine sent out here by the W. R. A. Within a month, an employe of the government or W. R. A. will call at your home to see about getting the key to the house. I know you are very busy and I hate to ask you to do this but could you please see that they get the right crates? The crate containing the oil stove is marked no. 3 and the one containing the washing machine is marked no. 2.

Thanks a lot.

Sincerely yours,
Frank J. Str
