

August 7, 1944

Dear Mr. + Mrs. Perry,

I have just received notice from the property office here that the washing machine + two crates had been received at the government warehouse in San Francisco. This means that it will arrive here in a short time.

Thank you very much for seeing that the right crates were sent. It must have been troublesome to you because I know you were very busy then + had little time to spare.

I imagine you are pretty busy in the drier + orchard. How are the prices this year? I hope it is satisfactory + everything is turning out to your expectations.

Once again our sincerest thanks for your ever unfailing response to any request made.

I hope this letter finds you all well as everyone here is feeling fine.

Sincerely yours,
Frank G. Ste
