Dear Mrs. Perry - I thank  
 you very much for your kind  
 letter of Aug. 26th and all in  
 that this will find you all in  
 the best of good health. Grandpa,  
 same as usual. Things are the  
 same for right now, with several  
 other fellows near a place called  
 100 miles west of Arroyo. At the  
 present time we are very busy!  
 harvesting tomatoes and drying  
 it sure is a back-stretching  
 job but it really isn't bad after  
 the way California needs out!  
 a lot of this fellow needs out!  
 to say the least I wish  
 to see you and your family  
 and give you a little  
 of our peaches and apples.
