Dear Mrs. Perry - :

Hello Mrs. Perry! I hope you are all fine as usual and in the best of good health at Sebastopol. As for us, Grandpa and Grandma and rest of the folks are same as ever and all wish to be remembered to you folks. As for myself I'm still working out here at Olney Springs and expect to be going back to the Center around Dec. 1. Most of the work will be done there. Right now we are very busy harvesting onions (dry onions) and probably will be for another twenty days.

I'm writing to you today, Mrs. Perry, because we received a letter from Sam Oandason to the effect that he was sort of interested in running the Ranch this coming year.

Now, we really don't know as much as you do how Sam's been conducting himself since we've left Forestville so we did not write him a direct answer. I told him to contact and consult you in regard to any business

matter on our Ranch as you are
our legal guardian and whatever
you may decide or do on your
best judgment in any dealings or
agreement is all-right with
us one hundred percent.

Therefore, ^{Mrs. Perry} please do as you see
fit in regard to same.

I will be closing with this
short note and best regards from
Grandpa and Grandpa.

Regards to Mr. Perry.
Until then.

Very sincerely,
Laz Yeo
