

April 24, 1991

Dear Loni:

I hope and trust that all goes with you in your project. Tom Sakamoto informs me that he talked to you by phone recently and gave me the very happy word that you have accepted the task of assisting me on the Panel Program as "Guest" Moderator. Since I need all the help I can get from such a person as yourself I am grateful and I thank you very much.

I am enclosing my memo of March 29th to the Panelists in re "Program Format and Concept" for your information and also the request for your comments vis a vis additions and/or changes. I know that you are busy now so please do not bother to reply at this time.

Tom informs me that you are scheduled to return to the Bay area on May 8th next. He is suggesting a meeting with you and those involved with the Panel Program after your return. Unfortunately, I am scheduled to depart for Tokyo on May 14th for about 3 weeks. Thus we would appreciate it if you could see your way to allowing us any morning or afternoon of your busy time before the 14th... (except the 12th which is Mother's Day !! ).

Jeanne extends her best wishes to you as do I. Look forward to seeing you again.

Sincerely,

Frank Gostho
