

## This Year's Easter

All over the war-torn world, where the lights of Easter have come on again, the joyous message of the Resurrection stirs the hearts of men. In the great cathedral and bombed basilica, in the country parish and the city church, in the quiet chapel and in the tumble-down mission hut, in the fox-holes, there come the words bringing hope and joy to weary hearts bowed-down in sorrow and grief: "I have arisen and I am still with you," our Risen Savior says in His Greeting to us.

The meaning of Easter is the same for us as it was for Peter, and for Thomas, and for the Disciples at Emmaus. "I have arisen," Jesus says to each of us, "for the comfort and joy of My friends and loved ones, for the confusion of My enemies, to bring gladness to them that weep, strength to hearts that falter. I am still with you in time of trouble, I am with you to comfort and to heal."

On this third Easter in Minidoka, the joyous message of the Risen Savior is brought to other repentant Peters, other doubting Thomases, other discouraged pilgrims on the Roadside of a warm-embattled world. This divine message of the Resurrection is brought to us not only by priests and clergymen in the sanctuary and pulpit but also by the edifying lives of Christian men and women in our own temporary exile here in Minidoka. May the glory of Easter strengthen in our hearts our hopes and prayers, for the sorrows of today are not worthy to be accounted with the Gladness of a lasting Easter to come.

## Snell Signs Anti-Alien Land Law

SALEM—A bill to prevent Japanese aliens from living on or using land purchased in the name of a relative who is a citizen, became law Tuesday when it was signed by Governor Earl Snell. It was reported in the Portland Oregonian.

The bill, introduced by the senate revision of laws committee and known as senate bill 274, carried an emergency clause, which makes it effective immediately.

Japanese aliens are prevented from owning land, and the law will prevent them from continuing their practice of using land purchased in the name of a relative who is an American citizen.

## R. C. Drive In Progress

With the Red Cross Drive being conducted in the various blocks by the block commissioners since March 26, it was announced by Miss Yae Yasuda, executive secretary, that total contributions from any of the blocks had not been received as yet. Since the local drive will close today, most of the block solicitations will be completed within a few days. The closing of the 1945 Membership Drive does not mean, however, that individual contributions will not be accepted; books will be kept open for individuals who desire to make donations or enroll on the Red Cross membership list.

Chairman of this year's Red Cross Drive is Roy L. Akiyama. T. Hayashi is the appointed treasurer.

## Nobuichi Tanaka, Lt. J. Nakayama Win Awards

WITH THE SIXTH ARMY GROUP, France—Pfc. Nobuichi Tanaka, Seattle, and 2nd Lt. Jimmie T. Nakayama, formerly of Tacoma, were recently awarded the Bronze Stars for heroic achievement in France.

His citation reads: "Pfc. Nobuichi Tanaka, Hunt, Idaho, . . . for heroic achievement on 31 October 1944, in the vicinity of La Houssiere, France. When two men were wounded by the enemy's treacherous fire on aid men, left his cover to attempt a rescue. Occasionally hitting the ground and moving ahead by crawling, he made his way for 100 yards until he reached one of the men who was wounded in a previous rescue attempt. When the injured man insisted that the soldier he had attempted to rescue be treated first, Pfc. Tanaka crawled 30 yards to the designated man, rendered first aid, then returned to treat the other man. After supervising their evacuation, he returned to his platoon."

2nd Lt. Jimmie T. Nakayama's citation reads:

" . . . for heroic achievement on 28 October 1944 in France. When two riflemen were seriously wounded at a road junction during a heavy enemy artillery barrage, Lt. Nakayama quickly gathered his litter bearers and dashed 100 yards to their aid. On approaching the road junction, he halted his men, and ordering them to seek cover from the enemy shells valiantly went forward alone. After having dressed the wounds of the injured men, he signalled his litter bearers to advance and directed the evacuation to the rear while the enemy continued to shell the area. Lt. Nakayama's courage, initiative and determination of purpose were exemplary and a credit to the armed forces of the United States."

## Spain Government Refuses to Represent Japan Nationals

Atrocities, Destruction to Spanish Interests in Philippines Cause

MADRID—The Spanish government announced last week that it had ordered all Spanish diplomatic missions abroad to cease representing Japanese interests because of the execution of Spanish nationals and destruction of Spanish property in the Philippines. It was reported in the Seattle Times.

Its communique said Spain also had sent an "energetic demand for satisfaction" to Tokyo in connection with the atrocities in the Philippines.

## Vandals Topple Gravestones In Fresno Cemetery

FRESNO—Vandals have toppled the stones from the graves of 16 persons of Japanese ancestry buried in the Mountain View Cemetery and have attempted to disturb the ashes of nearly 100 other Japanese. The section reported to the sheriff's office this week.

The section told the sheriff that the vandals attempted to batter open the door of a vault where ashes are held awaiting shipment to Japan but the stout door resisted their efforts.

## BUS SCHEDULE

A change in bus schedule beginning tomorrow, April 1, was announced by the management of the Sun Valley Stages. For new time in departures and arrivals of bus to Hunt, see schedule on Page 4.

## Cleveland to Give Welfare Help

Resettlement assistance for evacuees in Cleveland has been assured by action of the Cuyahoga County Commissioners this morning, reports Mrs. Dorothy Barber, district relocation officer.

The original difficulty arose when the county commissioners questioned their right to advance poor relief funds for the special resettlement assistance program. The attorney for the commissioners stated, "This is rehabilitation and not relief. I question the use of poor funds for this purpose. However, if federal funds can be advanced, there is no question of the ability of county authorities to provide the necessary services."

The matter was worked out when the Ohio Welfare Bureau requested an advance of funds from the regional Social Security Board for use by Ohio counties in the assistance program. This met the technicality and enabled the county commissioners to give the green light to the program. Several evacuee families whose applications for assistance in purchasing furniture had been approved, but had been held up pending this decision, will receive checks within a day or so, Mrs. Barber said.

## Bus Schedule for ERC Men Changes

Due to change in Union Pacific bus schedule, there will not be a special bus leaving the main gate at 8 p. m. Monday, to take the 20 men called for active duty to Twin Falls as stated in last week's IRRIGATOR, according to Mrs. J. Alexander, assistant relocation officer.

The 20 ERC men can leave here on either the 5 p. m. bus and leave Twin Falls on the 6:16 to Fort Douglas, or leave here on the 11:35 p. m. bus and leave Twin Falls at 12:36 a. m.

## Judge Grants Defense Motion For Trial in Fujimoto Case

OREGON CITY—Judge E. C. Latourette last week granted a defense motion for a new trial in the case of Masayuki Fujimoto, plaintiff, vs. Dale and Lorene Bergh, in which Fujimoto is seeking restoration of his property, under lease to the defendants, according to the Portland Oregonian.

In the earlier trial, Judge Latourette directed the jury to bring in a verdict for the plaintiff, Fujimoto, restoring his property to him. At that time, the court held

## Mrs. M. Clark Visits Amache

AMACHE—Mrs. Mark W. Clark, wife of Lieut. Gen. Mark W. Clark, commander-in-chief of the Allied forces in Italy made a last minute arrangement to visit Amache relocation center recently, it was revealed in the Grappler Pioneer.

Particularly interested in a relocation center set up and evacuated because of the impressive record made by the Nisei soldiers who fought under her husband's command in Italy, Mrs. Clark was favorably impressed with the hasty tour arranged by Project Director James Lindley, the Pioneer reported.

She paid a special visit to Mrs. C. Masakura, who had four sons in the army, one of whom, was killed in action.

Mrs. Clark expressed herself strongly on the importance of a good educational program and was quite pleased with the school system in Amache.

Lieut. Gen. Clark, it was revealed by Mrs. Clark, has been nominated to the rank of four star general by the President.

## Nisei Interpreter Helps Foil Pacific Enemy

MADIGAN GENERAL HOSPITAL, Tacoma.—The success of a Japanese American soldier in helping to foil a Japanese night attack on an American command post in the Camotes Islands was described by Major Cortez Kitchen of Sacramento, according to the Seattle Post Intelligence.

Americans were stationed behind trees in a square around the post when the Japanese massed in surrounding woods for an attack. Major Kitchen said. Just inside the defense perimeter the Nisei, listening to the Japanese commander instructing his men, translated the instructions to his American buddies.

Three times the Japanese tried to crash the defense square, hitting first one aide and then the other. Each attack was preceded by a command in Japanese, and each time the Nisei warned where to expect action. The attacks continued four hours. At dawn help came to the Americans and the Japanese fled, leaving 30 dead. There were eight casualties among the defenders including the major.

## Oversea Broadcast Of "Matinees" To Be Recorded

Adding another laurel to the many already accorded to Hunt, word was received here that the broadcasts of the next two Minidoka Matinees will be recorded and transmitted to overseas men.

For that reason, the program will be composed of repeat performances of the most requested songs.

Next week's broadcast will highlight the Unosawa sisters in "There'll Be a Hot Time in the Town of Berlin," Sachl Uyegaki in "God Bless America," and the orchestra in "Let the Beat of the Town Go By" and "Whispering."

Sharply defined against the patterned sky the Cross, symbol of faith, courage and suffering, stands proudly in this desert community. Built of wood and painted white, this Cross was erected for Easter services last year, and has been a center of focus since.

## 442nd COMBAT TEAM CONTRIBUTES MUCH ON FRANCE - ITALIAN BORDER

### 442nd Band Gives Recreation To Battle-Weary Men

6TH ARMY GROUP, France—Proud of its reputation of being a top-flight Army band, but prouder of the fact that it is part of the famous 442nd Combat Team, the 20th Army Ground Force Band is making music for combat-weary doughboys in rest centers along the French Riviera.

Headed by M/Sgt. Jun Yamamoto, Boise, Idaho, the band's personnel was selected from the infantry, artillery, and engineer units which comprise the Combat Team. Among the 50 members of the band, four are Japanese. They are: Sgt. Teruo T. Kumagai, Opl. Robert M. Nishimoto, Sgt. Howard Sakura and Pfc. Paul K. Kamakawa.

In Italy, the Nisei band was given the assignment of entertaining war-weary soldiers in reserve rest areas and camps, and in hospitals. The band men worked out a complete one-hour show which they called "Aloha Time," featuring the songs, dances and music of old and new Hawaii.

The men of the band stood ready to go into the lines as infantrymen or to serve as litter bearers during the rescue of the "Lost Battalion."

In Italy and France, the band has averaged almost two performances a day—usually a show in the afternoon and a dance at night.

### "Control Center" Vital Part of 442nd Combat Team

6TH ARMY GROUP, France—As the "control center" of the 442nd Infantry, the Headquarters and Headquarters Company of the Combat Team is responsible for its streamlined operations.

For combat efficiency, Headquarters is divided into administrative, intelligence, and plans and operations sections. Capt. Harry B. Farr, Union, S. C., claims that the average IQ of the men of the Combat Team is the highest in the Army; that they have established records for physical fitness and training.

Some of the most hazardous work in the Combat Team is done by the Intelligence and Reconnaissance platoon. Often in front of the infantry, it seeks out vital military information. It also must discover mine and booby traps, enemy emplacements and concentrations.

Another "front line" unit is the communication section, which lays wire from forward command posts to the Headquarters, sometimes under artillery and small-arms fire.

All men in Headquarters Company have earned the Combat Infantryman's Badge, attesting to their front-line duty under enemy fire.

Pfc. Tautomu Saito, M/Sgt. Kazuo Kimura, Pfc. Eira Nagasaka, T/Sgt. Kazuo Hinata and Pfc. Hideo H. Tomita, all of Hunt, belong to the Headquarters Company.

MAJOR PAUL TRIQUET, OF CANADA, OUTSIDE, IS THE FIRST LIVING FRENCH-CANADIAN TO WIN THE VICTORIA CROSS, WITH BUT TWO SERGEANTS AND 15 MEN LEFT OF HIS COMPANY HE HELD LAST BARRAGE ON THE ORONA FRONT IN ITALY UNTIL HELP CAME.

### 3rd Battalion Now In Fight In Alps; Many Awards Won

6TH ARMY GROUP, France—Still contributing to the impressive record of the 442nd Infantry Regiment, the 3rd Battalion of this Japanese American unit is now engaged in difficult warfare in the French Alps.

Along the France-Italian border, the battalion is demonstrating its ability in patrol tactics and all-around skill as a fighting unit. With many months of intense mountain fighting in Italy and the French Vosges behind it, the battalion augments that skill with experience.

Nineteen men from Hunt are with the 3rd Battalion. They include: S/Sgt. Wakaio Matsushita, S/Sgt. Shiro Kashino, Pfc. Victor Moriyasu, Pvt. Isaac I. Sakuma, Pfc. Kazuo Murakami, Pfc. Kay M. Sato, Pvt. Thomas T. Kuge, Opl. Samuel Y. Hokari, Pfc. Roy Sato, Pfc. Hifumi Matsui, Pfc. Sakae S. Aoyama, Pfc. Howard Y. Ueyehara, S/Sgt. Shigeo Koguchi, S/Sgt. Edward E. Kiyohara, Pfc. Roy K. Machi, Sgt. Pete Kozu, Sgt. Mitsuru Hayashi, Pvt. George Murakami and Pfc. Kazuya Kimura.

Previously, these Japanese Americans sparked an Allied drive which had bogged down after the Seventh Army's sensational sweep through Southern and Eastern France. The 3rd Battalion captured an important gate-way town in the Vosges Mountains. Later in this sector, it took part in the breaking of a fanatically defended German position, a stretch of railroad fronting a wooded hill. A task force, composed of two rifle companies of the 2nd and 3rd Battalions, swung around to an enemy flank and crept through 2 1/2 miles of enemy territory. At dawn, coordinating their surprise attack with a renewed frontal assault, they routed the Germans and broke a stalemate that threatened to hold up the entire American advance in that sector. Over 400 Germans were killed, 95 captured and large quantities of enemy material seized by the task force.

Among the many courageous actions of the 3rd Battalion is the dramatic rescue of the 36th Division's "Lost Battalion" which was first reached by elements of the 3rd.

Fifty awards, ranging from the Distinguished Service Cross to the Bronze Star, have been awarded members of the battalion, most of them from action in Italy. Over 200 such awards are pending for action in France. Four division citations have also been awarded.

Produce Unsold  
PORTLAND—Rukuta Taubota and his son, Satoshi, made a third vain try last week at selling their vegetables on the East Side farmers' wholesale market here, according to an Associated Press report.

The WRA reported that the Taubotas found only three persons willing to buy from them.

### Cannon Co. Gives Close Artillery Support to Infantry

6TH ARMY GROUP, France—Giving the front-line doughboys of the 442nd Japanese American Infantry Regiment close, continuous and mobile artillery support, a cannon company of that unit is directing fire against enemy positions in the Alps along the Franco-Italian border.

Among the members of the Cannon Company of the 442nd Infantry Regiment are the following men from Hunt:

Pfc. Frank S. Hidaka, Pfc. William T. Yamaguchi, Pfc. Jackson Akimoto, Opl. Arthur N. Doi, Pfc. Taduo Sato, Pfc. George E. Nakamura, Opl. Charles T. Hirakawa and Pfc. Arthur A. Susumi.

Part of Lt. Gen. Jacob L. Devers' 6th Army Group, the cannon company is participating in tough, mountain warfare by covering advancing patrols and disrupting enemy attempts to attack strategic outposts. Forward observers, the "eyes" of this artillery, often have to run the gauntlet of enemy fire in taking positions of advantage in the high, wind-swept crags.

Throughout the Italian campaign, the company's artillery was bad news for the Krauts. In one day of fighting, it knocked out six enemy 88 mm. and 75 mm. guns, the 105 mm. howitzers of the company played an important part in the 442nd's crossing of the Arno River, carving a path through enemy troops, and machine guns, mortar and artillery positions.

In France, the company gave constant support to Japanese American infantrymen spearheading the Seventh Army's drive toward Germany. Aiding in the rescue of World War II's famous "Lost Battalion," nine out of 13 of its men directly participating, were wounded.

## Olympia High School Favors Japanese Return to Coast

In a survey conducted by the students and faculty members of Olympia High School in Washington as to whether it is a wise decision for authorities to permit the Japanese to come back to their former places of habitation during the war period, all but a few answered in the affirmative, it was reported in the high school paper, "Olympus."

The "Olympus," compiled the following list of Japanese students who formerly attended Olympia High School: Jack Masuda '42, Henry Inori '38, Miyeko Ishihara '35, Tatsumi Yasui '35, George Kaku '41, George Yasui '39, Hideo Yasui '37, Kuniji Iwanuchi '37, Tom Inori '33, Matsuko Inori '36, Kumiko Ishihara '35, Miney Yasui '42, Shio Inori '41, Hatsu Kamauchi '39, June Hayami '39, Hiroe Hisata '42 and Toshi Tahara.

Here are some of the replies received by an Olympus reporter on the question of the Japanese returning:  
Gretchen Swazey, secretary of the student body, expressed the feeling that American-born Japanese have as much right to live in freedom as white Americans have.

Martin Miller, head of the social science department, replied: "There is no reason connected with the war for the Japs being barred from the Pacific coast region. I believe that American sense of justice and fair play will see that Japanese who are loyal to the United States receive fair treatment in most of our Pacific Coast region. Japanese of O. H. S. have always been good students and have been extremely cooperative."

Steve Ratliffe expressed much of the same feeling as majority of those interviewed: "They are making heroes of themselves in Europe and even in the South Pacific. If they have enough patriotism to fight for this country, they should be permitted to dwell in complete freedom."

One of the very few that was opposed to Japanese returning to the coast was Del Lewis. His reply when asked his opinion on the subject was: "They ought to be sent back to Japan. They should all be put on a boat and sent out in the Pacific Ocean and blown up. Let Roosevelt figure it out. He's supposed to be the master mind!"

Phil K. Erickson, journalism director, said: "Our attitude toward the returning of American-born Japanese offers a test case for the solution of the world's problems. In the eyes of God, in whom we profess to believe, no man is superior to another, regardless of race, color or creed. If we fail to grasp our responsibilities toward our fellow man now, then the whole cause of civilization may well be lost. I have traveled and lived among Oriental peoples, and have found them no different, basically, from our own race. The German leaders and their fanatically degraded followers in this war have been just as barbaric as the Jap militarists and their hate-indoctrinated hordes, but we don't seek to eliminate German Americans from the American scene. Obviously, then, it is only the matter of color of the skin that bothers some people, whether they recognize this or not. Many American-born boys have given their lives in defense of our kind of civilization and in the protection of American institutions, and many others are serving as nurses and in other capacities. By all means, let us bring them back and show our true Christianity by being kind and helpful to them."

### L. A. Times Says Evacuation Good

That a considerable number of the Japanese removed from the Pacific Coast and placed in relocation centers prefer staying there and are urging that the centers be kept running until the war is over and for some time thereafter is disclosed in Washington. This attitude will be shocking to some of the commentators who have been insisting that the removal was outrageous.

It sustains, however, the argument of most Pacific Coast people that the removal was as much in the interest of the Japanese as of anybody else. Secretary of the Interior Ickes and Relocation Director Dillon S. Myer are said to be unmoved by the pleas and insistent that the centers shall be closed this year.

The figures given by Rep. Engle, who says he has them from Attorney General Biddle, of the number of Japanese seeking to renounce any claim to American citizenship are enlightening. At Tulare Lake 6,000 out of 7,000 Japs of American birth over 17 years of age, and at other centers 150, have applied for renunciation petitions, and ask to be sent to Japan after the war. This is a considerable proportion of the American-born Japanese, in itself enough to justify the action the Army took to protect the national safety.—Editorial, Los Angeles Times, March 21, 1945.

### Easter Sunday

Once again it is Easter time and with it comes a feeling of lightness and a hint of happiness. Though in war time the competition in fashions is not so keen yet, the appearance of fresh and newly-worn clothes has a way of lifting up one's spirit and the coming season does not seem so drab and colorless.

Under present war time conditions, there is an ever present feeling and a prayer for the war to come to an end. And with the gay spring clothes and the appearance of those things that demurely masquerade under the prosaic term "hat" for milady there is mingled the feeling of the spiritual and the solemn, which is a feeling that is synonymous with Easter.

Sunday's services will attract many center-ites and the teachings of Easter and its full meaning will be absorbed by the throng and for many, the Easter message will have added significance in their personal lives, in their future planning for in all probability this will be the last services to be conducted amid such restricted conditions.

And so Easter with its Sunrise services, its egg hunts and bunny Hops as it is known in a relocation center will fade away and be preserved only in the musty pages of history that is being written by every one of us today.

### Buddhist Hostel to Open In Cal. City

The Buddhist Hostel at 1336 West 36th Place, Los Angeles, will be open to evacuees who might wish to use its facilities on or about April 7, according to a letter received here.

The Senshin Board of Directors consented to the use of their property in the best interest of the entire community. Buddhists and non-Buddhists may benefit through this plan.

The Buddhist Hostel is under the guidance of the Rev. and Mrs. K. Inamura, formerly of Gila River, and under the management of Arthur Takemoto.

"Accommodations are limited, but warm welcome will be assured everyone alike," the letter said. "Everyone is requested to bring their or his own sheets," the letter concluded.

### Room for Evacuees

A room large enough to accommodate two people is available to evacuees who wish to relocate to Spokane and need a place to live, until a job and home can be found, at the Fellowship Center, according to word received here from Helen Cleveland, Fellowship secretary. Those who wish to take advantage of this offer may contact the Fellowship Center (Hotel), 17 East Seventh Avenue, Spokane 10, Washington.

### Rice Appointed To Take Care Of Evacuee Goods

Due to the added load upon the Evacuee Property office created by the movement of evacuees from the center, the project administration this week detailed Louis E. Rice, Farm Superintendent, to take charge of the crating and the shipping of personal property belonging to the residents, according to William E. Rawlings, Coordinator of information.

According to the new set up which goes into effect April 1, residents will list the property they want shipped with Uncle Cox, Evacuee Property Officer, in the Administration Area. From that point Evacuee Property will collect the evacuee's belongings at the barracks and take them to Warehouse No. 2 for crating and boxing. Residents may or may not accompany the crew to warehouse No. 2, as they like. Rawlings said, though the administration prefers for the residents' protection that they do.

When crated and boxed a shipping crew is responsible for getting the property to the railroad. Rawlings emphasized that all residents' property must be packed by Evacuee Property because of the specifications and standards demanded by the railroads. These specification and standards vary according to the type of transportation, either freight or express, and Evacuee Property is making every effort to observe these specifications and standards in order that residents' belongings will reach their destination safely. Rawlings said.

Random Whirligig

Everyone who spends their last days in camp in retrospect, it seems to us like life among barracks and community laundry rooms have been ever so long. It seems like the routine existence of working, sleeping and an occasional dance at the mess hall has been our entire life.

The teen-ages are said to be the most important years in the development of the child into adulthood, and reflects time and again in the later years of the man. We, who spent three of those teen-ages within the confines of the fence, could feel for the bobby-soxers whose entire psychological make-up has been molded in a maze of gray barracks, with the sameness of everything in general seeping into their everyday life.

In their makeshift schoolrooms with their inadequate equipment, they have tried to reason out their existence. . . the why's and wherefores, and where-do-you-go-from-here?

To the young people whose center life was in suspended animation. Those whose Parental Objections gave no hope of escape, fell back to keeping the conviction that filial duty came before Self.

Wondering what life in Japan would be like. But to those whose Parental Confusion gave them nothing to lean on, life simply became a state of being, with no grander sense, drifting with the ebb tide. . . with the simple trust that the government will do "something."

When the little six-year-old pointed to the radiator in the hospital, and wanted mommy to tell him what it was, people smiled. But the smile was thin. And underneath their smile spread the realization that to those little ones, dinner gongs and rows of wash-basins formed their entire concept of life.

People wear G. I. clothes, eat with G. I. plates, sleep in G. I. cots. They ask for passes to go shopping in towns with sidewalks. They hold panel discussions, hen and bull sessions. They argue of light things in the boiler rooms, they chatter gaily while using adjoining laundry tubs.

But always, along with strong reasonings and weak defenses, there flows the eternal Why.

WE CURSED THE RHYME of living in close quarters. We saw the shift of opinions and the baring of individual frailties because of community living.

We learned to take the worth of human values for what they are. Some of us grew tolerant through our experiences; some of us became cantankerous and bitter. Some of us saw life in the camps as low tide, only to rise with the sun in a surging triumph some day. . . Others saw themselves riding high on the crest of a wave, sweeping over the land, only to see the rest of the sea fall away, and find themselves in a low of the beach, destined to atrophy and rot.

WE MADE A HOST of new friends and learned new meanings of friendship. We found a satisfaction in our work of finding and presenting news to fellow residents. We learned, too, the true value of the "freedom of the press."

We learned to tell the difference between sincere people who believed in us and tried to see our way of thinking; people who went beyond the simple boundaries of their job and offered their assistance; and those people whose jobs were just another job, and could not see the weight of their decisions in the evacuees' eyes.

We saw the genuine efforts and sincere trusts, as we saw the politics and "string-pulling."

WE SHALL NEVER FORGET what we learned here. We'll always remember each day as a lesson of life in general. Between books and work and sleepers, we'll remember the little things that made camp-life such a sociological study, and an incomparable experience.

Even as we board the bandwagon for a taste of life "out there," we'll be remembering Hunt as an invaluable addition to My Diary, 1942-1945.

## Within the ... SPORTS' FOCUS

During the past week your Ole Sports Scribe received an informative letter, in regard to a Nisei athletic star in basketball and football in the New England states, from a Japanese American GI stationed in that vicinity. Being so interesting as well as showing that the Nisei outside of the barbed-wire relocation centers are accepted by the people not for the skill in the sport but as a typical American boy; that your Ole Sports Scribe is publishing the letter in his column.

March 22nd, 1945

To the Irrigator Sports Editor:

Dear Sir:

This is the story of a Nisei sensation of the New England states. I have read in the previous editions of the Irrigator, concerning the many Nisei that are making a name for themselves in the various high schools and colleges all over the United States. With all that has been said of this Nisei lad here in the New England states, I thought surely that some one must have noticed it back there to give him credit in the Irrigator press for the stuff he's been putting out here.

The kid's name is Sammy Nakaso. Formerly of Alameda, California, and the Topaz center. He is now attending the Hillhouse high school in New Haven, Connecticut. Sammy is only a mere five feet one inch tall and tips the scale at about 135 pounds. Last fall he turned out for the high school football team and the coach almost discounted him for his size, but the determination and his skill at the game soon caught the eye of the coach. He finally made varsity team after an early season tragic death of the regular center. So at a 135 pounds he played one of the most spectacular games at center that the New Haven high schools ever saw. Defensively playing the position of the roaming center, he played a bang up game, but not satisfied with that, he established a near record for pass interceptions. After seeing him run back a few of the interceptions, I personally thought he was misplaced at center. He would have made a good back. His style of play reminded me both of Mike Hirschman and George Okamura of Garfield high school in Seattle.

Well, Sammy went on to make the Connecticut All-State basketball team. It seemed like a big joke, but soon proved to the coach that even though handicapped by his height that he could play a good ball handling game. Sammy played a steady game and most of the team's high scorers depended upon him to do most of the feeding. Hillhouse took the league championship this year, then progressed to the regional title and subsequently to the all New England basketball championship. The game was held in the famous Boston Gardens and the kid wowed the crowd with his tricky ball handling and his grandstand demonstration of dribbling. He was soon acclaimed a sensation of the New England states and was the subject of many of the well known sports writers' columns. He was chosen on the New England All-Star team besides receiving similar laurels in every sectional league he participated in.

Not only is he accepted by the people here for his skill in sports but as a typical American boy.

He will be turning out for baseball soon and no doubt will make a name for himself there. He is only seventeen years old.

So that's the story of Sammy Nakaso, the Nisei sensation here. I hope you can find space in your column for him. Personally I think your column is darn good and I hope you keep up the good work.

Yours very sincerely,  
/s/ Pvt. Henry Pope Yorozu

Here's a bit of information and a wild prediction written by one of the sports followers in regard to the recently held basketball tournaments. This article was written by an 8th grader in the local junior high school. It may be of interest to those that have been following the N.C.A.A. and the Invitational Basketball Tournaments.

"The championship between DePaul Blue Demons of the court; and both teams have good height the Oklahoma Aggies, the winner of the N. C. A. A. which was held at Kansas City, Kansas, and Madison Square Garden in New York. The Blue Demons got in the finals by defeating Bowling Green. The Blue Demons is sparked by 'Big' George Mikan who broke the scoring record in the National Invitational Basketball Tournament. The Aggies won the final by romping New York University. The Oklahoma was put in the finals by seven foot giant Bob Kurland.

"Both teams have good shooting from all corners of the court; and both teams have good height underneath the baskets. I predict that Oklahoma Aggies would be an underdog against DePaul. I say that, because DePaul is the stronger team in the United States. DePaul will be a favor because 'Big' Mikan might be on the loss of scoring again. If Kurland could check him good enough the Aggies might have a chance to win the game. I pick that the Blue Demons of DePaul to win by 20 points because before DePaul played Oklahoma and defeated them by 5 points in the starting of the basketball season. If you match Kurland to Mikan in scoring you would find that Mikan had scored about 40 points more than Kurland. I think the DePaul will be the champion because the crowd favors DePaul in all games played at Madison Square Garden."

### Is it the "Babe"?

No, it's not left-handed Babe Ruth taking a swing this time. Hunt has his own version of how wrong-handers should play golf and S. Tamayasu is our exhibit No. 1.

## Basketball Dominates Sports For the Week

Area "B" Teams Win Double Tilts;  
O'tees Defeat No-Names in Overtime

During the past week end basketball dominated the sport of this center with three games being played in both areas. In what proved to be a free scoring tilt, the Block 41 quintet sharpshooters outshot the Block 19 squad by 6 points to win their initial game by a score of 50-44. Takeuchi, forward of the Block 19 five, was on the score beam with 20 points and Natsuhara and Mukai with 15 and 16 points respectively shared the scoring laurels for the winners.

In an overtime thriller, the O'tees avenged their last defeat by handing the No-Names five a 26-24 defeat at Court 35.

The Yannigans composed of the younger members of the No-Names squad edged out the J. V.'s of Area "A", 23-19.

### O'TEES WIN THRILLER

After a very slow start, two quick baskets by Akimoto and Hirai gave the O'tees an early lead of 4-0 at the five-minute mark before the No-Names quintet could find the hoop. Then the No-Names came back with five consecutive baskets while holding their opponents scoreless to take the lead, 10-4. Thus the No-Names forged ahead to keep the lead in the first half of the game.

Tanabe with a one hander from the side lines and a charity shot cut the No-Names lead to 10-7. And the first half ended with Fukuyama ducking in a shot to cut the lead to only 7 points.

Throughout the remainder of the game both of the teams played heads up ball and the game remained a close race. With No-Names ahead, 24-22, in the last 30 seconds of play, Akimoto made a left hand lay in to tie the game as the game ended. In the overtime, the O'tees had several opportunities at the basket and one of them hit the pay dirt as Tanabe made a lay in. The O'tees held the No-Names scoreless to win the tilt, 26-24.

And a couple of charity shots, led the winners for high scoring honors; while Shiki who garnered a total of 7 points paced the losers.

### ANOTHER THRILLER

Yannigans paced by Captain Yoichi Kitayama with 8 points edged out the J. V.'s of Area "A", 19-23. Forging ahead in the first quarter, the Yannigans held the lead throughout the game, except in the latter part of the first half when Ozaki and Kawachi of J. V.'s put them on the long end of 10-7.

With five minutes left in the last quarter with the game tied at 17-17 the Yannigans again forged ahead with Kitayama dumping in five points while hold-

ing the opponents to only two counters.

Kiyomi Mizumoto flipped in two field goals and a charity shot to pace the loser with five points. Kitayama and Kaga with 8 and 6 points respectively shared the high scoring honors for the winner.

41 UPSETS 19  
Although trailing their opponents until the beginning of the fourth quarter, a sharpshooting Block 41 quintet took a 50-44 win over the Block 19 lads last Sunday at the Bk. 16 court.

Despite the fact that both teams were engaged in their first game of the year and were not too polished on team play, it was easy to see that the boys were practiced on their shooting. High scorers for the winners were Natsuhara and Mukai with 18 and 14 counters, respectively. High point man for both outfits, however, was Takeuchi of the losers who pumped the twine for 20 points, all field goals.

The game was unusually clean, only one personal foul being called. However, this charity throw was missed and the high scoring game was won on field goals alone.

The first quarter ended with both sides tied at 10 all. However, in the second quarter the 41 outfit pulled ahead by a 24-16 count. At the end of the third quarter, the victors were still trailing by two field goals with Takeuchi, center, potting 8 points for Block 19.

The final quarter saw Bk. 41 go on a scoring spree with Natsuhara alone making 6 field goals. At the end of the game, the 41 outfit was ahead by 6 points.
