WED., JAN. 13, 1943

BUS SERVICE TO TWIN FALLS OPENS JAN. 18

Inauguration of a regular bus service between Hunt and Twin Falls is set for Jan. 18, it was announced here early this week.

The runs will be timed to fall in with the schedules of the major lines which run in and out of Twin Falls, J. L. Schwinn of Twin Falls, operator of the line, said.

Twin Falls, Jerome, Eden and Hunt are included in the regular itinerary.

A full schedule will be printed in The IRIGATOR in the next issue.

DEC. WAGES TO BE PAID EARLY NEXT WEEK

Project workers will receive their December pay between January 18 and 20, Clarence H. Hurst, fiscal accountant, said today.

Five Will Be Picked For Radio Intelligence Work

With the arrival Saturday of Miss Mary J. Mueller, Assistant Chief Translator for the Federal Communications Commission at Washington, D.C., to interview and test Hunt applicants for the Foreign Broadcast Intelligence Service, more facts concerning the openings at Portland, Oregon were made known.

Five will be selected from the total number of applicants from the ten centers she will eventually visit. Those accepted will join the five now at Portland.

Already employed by the FBIS at Portland are Frank Yoshio Nakayama, Jun Oka-

REP. SHEPPARD SPIKES RUMORS OF WRA FOOD EXTRAVAGANCE

Personal investigation of three relocation camps showed that evacuees are receiving only "what foods were necessary," Representative Harry Sheppard (D), California, said Saturday following an introduction of a resolution by Representative F. Leroy Johnson (R), also of California, calling for a Congressional investigation of reports that scarce foodstuffs were made available in plenty to war relocation centers, according to a UP dispatch.

\$39,120 PAID FOR CLOTHING

Four blocks, 8, 10, 12, and 13, received their grants Tuesday morning and brought the total amount paid out in clothing grants to \$39,120.81, Walter J. Craig, paymaster, reported yesterday. Checks for the other blocks are expected soon and will be disbursed as soon as they arrive, added Craig.

All residents of Blks. 1 through 21, with the exception of 16 and 17, who have not claimed their checks, should do so immediately at the disbursement office, Craig advised.

"I personally investigated three relocation camps and found at that time they were receiving only what foods were necessary," Sheppard stated.

Johnson said that he had received "numerous reports and rumors" that huge shipments of scarce foods—including eggs, butter, sugar, coffee and meats—were furnished the camps. Residents of nearby areas had difficulty in obtaining their allotted amounts under the rationing program, he added.

The allegedly "elaborate system of education" contemplated for the relocation projects was also brought out by Johnson.

"We are told that teachers in these camps receive higher pay than teachers in the state public school system," he said, "and that extensive training in such non-essentials as art, dancing and rugmaking are being offered the confined Japs."

Sheppard, however, denied that the teachers' salaries were out of proportion, saying "I also doubt that salaries of teachers in the camps are out of proportion. I think these reports are baseless rumors, and I cannot go along with them."

Johnson said his resolution also would provide for investigation of allegedly immoral conditions at some of the camps, and

(Cont'd. on pg. 4)

zaki, Satoru Sugimura, Helen and Lois Nambara, it was announced.

Translators will begin at \$2,000 per year. After a short time they may become a monitor, a position which pays at the start \$2,600 a year and as much as \$2,900, the maximum pay it was reported.

Translations of subject matter written in Japanese and recorded broadcasts in Japanese were required of the applicants who had to pass stiff bi-lingual tests.

Miss Mueller, who left Sunday for the Heart Mountain Center, tested 16 applicants here Saturday and Sunday.

EDITORIAL:

ANOTHER REMINDER

A United Press dispatch with a Washington deadline, reporting a Congressional debate over a proposed investigation of war relocation centers (see news story on front page) is 1943's first reminder that our evacuated relatives and the WRA's supervision thereof are constantly being watched by certain politicians with a predilection for viewing with alarm.

Touching off the reported discussion in the Lower House was a resolution introduced by Rep. F. Leroy Johnson (Republican, Calif.). The resolution called for a sweeping investigation of "numerous reports and rumors" that the centers are being supplied, among other things, with excessive quantities of foods now being missed by American housewives, and that project teachers are receiving higher pay than teachers in the state public school systems. Also subject to the investigation demanded by Johnson would be allegedly immoral conditions and the activities of disloyal elements.

Most of the high-flying rumors causing so much trepidation in Rep. Johnson's heart hardly deserve the smiles of amusement they inspire. And Rep. Harry Sheppard's (Democrat, Calif.) reply dispelling the off-the-beam tales about food and teachers' pay is welcome assurance that it is not every Congressman who makes it a practice to chase every illusory straw in the wind.

But the moral for us remains. We in our unenviable situation constitute an almost helpless football exposed to the political kicks and whips of those in high places who regard us with a jaundiced eye. We still cannot afford mistakes.--Dyke M.

BELT MAKING CLASSES WILL BE CONDUCTED

ORCHESTRATO BE ORGANIZED, MEETING SAT.

The art of belt making from square knots with beltst cord will be introduced to Hunt's residents next week by Ronald Mihasato, who transferred recently from the Gila River Relocation Project.

Classes will begin Monday with the schedule to run as follows: Monday: D. H. 3 - 9-11 a.m. and 2-4 p.m. Tuesday: D.H. 8 - 9-11 a.m. and 2-4 p.m. Wednesday: D.H. 13 - 9-11 a.m. and 2-4 p.m. Thursday: D. H. 26 - 9-11 a.m.; D.H. 41 - 2-4 p.m. and 7-9 p.m. Friday: D.H. 26 - 2-4 p.m.; D.H. 32 - 7-9 p.m. Saturday: D.H. 35 - 9-11 a.m. and 2-4 p.m.

Further information pertaining to materials and tools may be secured from Mrs. Ishi Morishita at the Community Activities office.

An organizational meeting of the community orchestra will be held from 1:30 p.m. Saturday in Rec. 22.

All those interested in playing for the orchestra are invited to attend.

Instruments will not be necessary for the first meeting, said Mrs. I. Hara, music supervisor.

STEEL COTS UNAVAILABLE AT PRESENT

No steel cots are presently available, the housing office stressed this week. The original plan was to exchange all canvas cots for steel to those who desired. No further supply of steel cots will be arriving so this policy cannot be followed.

It was further explained that when colonists first moved into this center, there was an equal number of steel and canvas cots, but that during the induction of the last group to arrive, the supply of canvas cots had depleted and thus it was that steel cots were issued to the incoming residents.

The housing office announced that should steel cots become available, colonists requesting them will be given a rating and preference as follows:

- A. Dr. Neher Endorsment
- B. Pregnancy and Nursing;
- C. 60 years and older;
- D. 50-60 years;
- E. Couples with only steel cot;
- F. Small children;
- G. Ordinary requests.

GRAVEL WALKS Laid By Hospital, Civic Center

To aid the colonists during unfavorable weather, walks made of gravel are being laid at present in the areas surrounding the hospital, Huntville Elementary School, and the civic center in Blk. 23.

As soon as these projects are completed, similar gravel walks will be constructed in the vicinity of the Stafford Elementary School and the administration building.

Join Newlywed Circle

Four more couples joined the select newlywed circle when they exchanged nuptial vows here in the project and in Twin Falls during the past days.

Those married during this period are as follows: Hi-yokichi Yakushijin and Kameo Yamamoto, Jan. 4, in

RE-ENTRY PROCEDURE CLARIFIED FOR COLONISTS ON LEAVE

DINING HALLS 4, 6 NOW OPEN

Upon request of the residents, dining halls 4 and 6 began operation on Jan. 7 with Yoshio Teruo and Heijiro Saito as the respective chefs, Leon V. Krumenacker, project steward, disclosed this week.

Meanwhile, the opening of D.H. 44 will be delayed as no stoves are available at present, the steward announced.

LEAVE GRANTED NAMI SHIO

Nami K. Shio was granted an indefinite leave this week to accept employment in Salt Lake City, while four other leaves came through for persons who are already out. The leaves were for Atsuko Yano who is in Chicago, Ill., Kotko Yokoyama who is employed in Twin Falls, Mrs. Mitsuko Isoshima, who traveled to Ft. Harrison, Ind. to join her husband, and Shizuka Ikeda who is working in Salt Lake.

Leave clearances have been obtained for Frank Susumu Yanagimachi, Bill Yanagimachi, Marjorie Yamamura, and Hiromu Nomura, the Leave Section reported.

KATHLEEN MUKAI NOW HEADS BEAUTY SHOP

Kathleen Mukai has been appointed head beauty operator in the local beauty shop, replacing Tomoo Shimizu, former head, who has been released to Spokane, Ron Yoshimura, assistant manager of the Consumers' Co-op, said this week.

To clarify questions arising from those who leave the center on indefinite releases, it was stated by Supervisor of Leaves and Furloughs, Ten-Brock Williamson, that persons who leave relocation centers may re-enter and re-settle by a similar procedure as that followed upon their first entry.

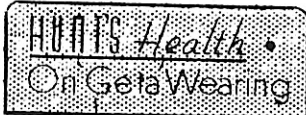

However, indefinite leaves granted expire automatically after re-relocation in a center and application for a leave must be made once again when one desires to go outside.

A re-entry for a stay of a maximum of one week may be made through a visitor's permit.

These conditions apply as well to all others who live outside of relocation centers and wish to enter to live there, Williamson added.

CHECKS CASHED 10 TO 12; 1 TO 3

Checks will be cashed at the Co-op office only during the hours of 10 to 12 in the morning and 1 to 3 o'clock in the afternoon.

In order to prevent possible infection from athlete's foot, residents are advised to wear individual "gotas" at all times when taking a shower, Dr. L.M. Neher, Sr. Medical Officer, recommended this week.

"Gotas" should not be loaned from person to person as this practice would nullify the precaution taken, but each person should wear his own, Dr. Neher said.

Dr. Recco M. Todicord, Principal Medical Officer arrived in Hunt Sunday from Wheeling, W. Va. in order to get acquainted with WRA problems before going on to Tule Lake.

Dr. Todicord will leave for Tule Lake today.

FIRE RULES VIOLATIONS NUMEROUS PASSES WILL BE AVAILABLE WORKERS TO EAT IN OTHER DINING HALLS

Finding an average of six apartments in each block violating the fire rules to a large extent, the fire inspection squad under Capt. Ichihara, completed the tour yesterday, it was reported.

"The residents were very cooperative on the whole, but there were minor violations in a few apartments," Ichihara said, "like clothes lines found too close to the stove, excessive kindling and coal by the stove, loose stovepipe connections, and the accumulation of soot in the pipes.

"If the people observe the rules, there is very little chance of first hazards," he concluded.

Job Openings Listed

Hiroshi Yanada, Placement Officer, issued a call for the following workers this week:

- 15 carpenters or carpenter's helpers
- 10 groundmen to clean up area around the project.
- 1 stencil cutter experienced in Japanese
- 50 coal sweepers
- 50 sanitation laborers

RECORD CONCERNS

Friday: Rec. 26 7:30 p.m. - Program of popular classical music.

All concerts in Sec. IV-V have been advanced from Saturday to Friday.

Record concert in Rec. 8 has been postponed due to the "Sagebrush Revue".

RUMORS SPIKED

(Cont'd. from pg. 1)
of activities of disloyal elements such as led to riots at the Manzanar camp recently.

Separation of the loyal and disloyal elements was suggested by Representative B.W. Gearhart (R), California.

"The loyal Japanese-Americans should receive sympathy and encouragement. The other group we should put behind barbed wires," Gearhart said.

Krumenacker Will Announce Winning Dining Hall, Feb. 1

First, second, and third place winners of the project-wide D.H. cleanliness contest will be announced by Feb. 1, L. V. Krumenacker, Project Steward, said this week.

The winning dining hall will hold a party-dance at which refreshments will be served.

Revue Pasteboards Available Now

Tickets for the festive all-nisei "Sagebrush Revue" are ready to be distributed to those who have not yet seen it, Community Activities announced today.

Residents are asked to go to their section coordinator's office situated in certain rec. halls to get their admission tickets. The offices will be open 9 a.m. to 5 p.m.

Sections 4, 5, and 6 will go to Recs. 21, 28, and 35, and section 7 to the block managers' office. As only 200 tickets were available for these sections, residents who have not yet seen the revue are asked to be prompt in claiming them. The offices will be open until 5 p.m. today.

800 tickets were distributed, 230 for each section, for Secs. 1, 2, and 3. They will be passed out in Recs. 5, 6, and 15, Wednesday through Saturday.

Residents are reminded that tickets are absolutely necessary.

The two night stand on Jan. 15-16, Rec. 8, will start at 6:30 and 8:15 p.m.

Outside Work Seekers Advised

Colonists who are interested in outside work should check periodically with the Placement Office for openings, Joseph Beason, Placement Officer, said early this week.

Definite information as to the kind of jobs wanted

Workers' applications for passes to eat in dining halls other than their own must be procured through the division head and approved by L. V. Krumenacker, the Project Steward's office announced this week.

Workers will be distributed equally so that the burden will not be carried by a few dining halls.

"Aa" workers will eat in D.H. 6, 7, 8, and 10.

Warehouse workers will eat in D.H. 21, 22, 24, 26, and 28, while those working in Blk. 23 will dine at D.H. 29, 30, 31, and 32.

Passes are being made out under the Steward's division so that workers may eat either their lunch or supper, or in some cases both lunch and supper, at specifically designated dining halls.

ICE CARNIVAL SET SATURDAY

Hunt's first winter event, the Ice Carnival, featuring exhibitions by local ice talents and skits by each of the seven sections, is billed from 1:30 p.m. Saturday.

The ice spectacle will mark the grand opening of the community ice rink north of Blk. 21.

"Chick" Uno, sports supervisor, indicated that the carnival will be carried on after dark for the benefit of those working during the day. If floodlights cannot be secured for the night session, the rink will be lighted up by bonfires, Uno said.

The athletic office, sponsor of the carnival, requested all skaters to keep off the ice until the time of the official opening Saturday afternoon.

should also be filled at the Placement Office, Beason added.

"Soon we hope to have a system worked out whereby we can notify the colonists, when openings are offered," Beason said.

STUDENTS ADVISED NOT TO GO OUT ON UNDERCUTTING JOBS

Schmoe, Townsend Address U.W. Men

At a meeting called last Friday night at D.H. 23 to bring former University of Washington students together, Floyd Schmoe of the American Friends Society and George L. Townsend, Community Activities Supervisor, cleared up questions arising out of relocation problems of students and ex-students now colonized at Hunt.

Schmoe reiterated his previous statements made since his arrival here about the particular importance of relocation as soon as possible.

Townsend, giving the WRA slant on the questions, advised the students not to go out on undercutting jobs.

"Low-paying jobs are what give you the stigma of being called economic threats to the so-called American standard of living. Your job should be no less than your ability and the pay should be no less than the prevailing wage," Townsend said.

The importance of spending time here profitably was also stressed.

"Take jobs here that are a challenge to you," Townsend counselled.

"The retraining program which is being shaped can be utilized for the benefit of many here. The steno-pool is one branch of this project. In a few weeks when machinery

arrives general electric, farm machinery, woodworking, and general metal shop classes will be inaugurated," Townsend revealed.

At the same meeting it was decided to have a special shelf reserved in the High School library for the books and magazines received by the students from the University of Washington and the University Bookstore.

Plans are pending to reserve the use of the library on certain nights for university student study purposes. Jerome T. Light, High School Principal, was asked to make the arrangements.

A social hour followed the discussions.

MISS SATTERFIELD JOINS HUNT STAFF

Miss Satterfield, physical education teacher, is the latest addition to the Hunt High School faculty, Jerome T. Light, high school principal said this week.

Miss Satterfield is a recent transferee from To-paz, Utah.

PIANOS NOT MOVABLE FROM R.H.

George Ishihara, general supervisor of community activities warned this week that pianos are not to be moved from any recreational halls under any circumstances.

ART ENTRIES MUST BE IN BY JANUARY 15

Local artists were reminded yesterday that all entries for the art exhibit scheduled for next week must be turned in at the Art Department in Rec. 15 or the IRRIGATOR office by Friday, Jan. 15.

The exhibit will be open to the public from Jan. 20 to 24 at a place to be announced within the next few days, and will display works in water color, oil, black and white, and charcoal, as well as pastel drawings.

All entries must have been drawn in this center or since entering assembly centers, according to Ei Tsutakawa of the Art Department, with any original work of project life, scenes and characters to be considered acceptable.

"Entries should be properly identified with names and addresses of entrants, and should be mounted, if possible," Tsutakawa said.

3 Released For Student Relocation

The following have been released for student relocation, Mrs. Hana Yamada, Student Relocation head, revealed this week: Roy Kumasaka to Scottsbluff Jr. College, Scottsbluff, Neb. Jack Ogami to Niagara U., Niagara, N.Y. Tadao Sunohara to U. of Utah, Salt Lake City, Utah.

The following schedule has been released by the Maryknoll Athletic Association.

Jan. 15—Friday—Study Club—23-1-C—7 p.m.

Jan. 16—Saturday—Boy Scouts—23-1-C—1 p.m. Confessions—23-1-C—3 and 7 p.m.

Vital Statistics

BIRTH:

SAKURAI—boy to Mr. and Mrs. Howard Sakurai, 17-5-F. Jan. 10.

DEATH:

TANIMOTO, Natsukichi, 70, 1-5-D, Jan. 8.

NEW POLICY ANNOUNCED FOR USE OF RECREATION HALLS

Under a new policy of the Community Activities Department, effective immediately, permission for the use of recreation halls must be cleared through the coordinators of each section, instead of through Abe Hagiwara of the Community Service office, George Ishihara, general supervisor, announced this week.

He also indicated that full cooperation will be given by coordinators to the residents for any block or sectional activi-

ties.

The respective coordinators, their office and home address were released as follows:

Sec. I - Jiro Aoki, Rec. 3 or 16-11-F.

Sec. II - Takeo Nogaki, Rec. 6 or 12-3-F.

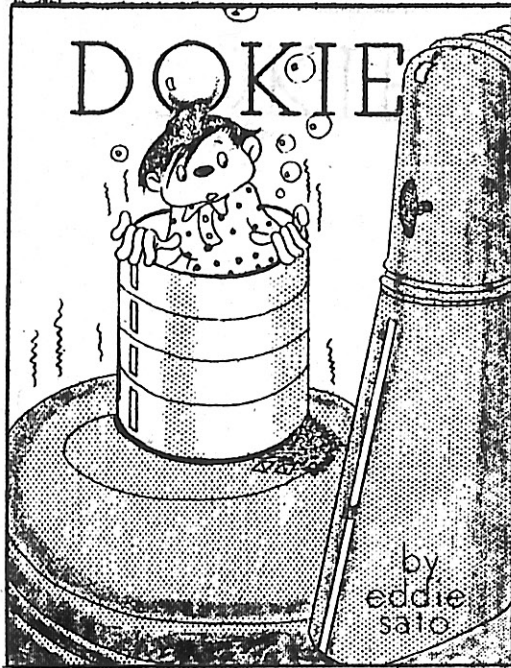

Sec. III - Roy Sakamoto, Rec. 15 or 16-5-E.

Sec. IV - Genya Oyo, Rec. 21 or 21-10-C.

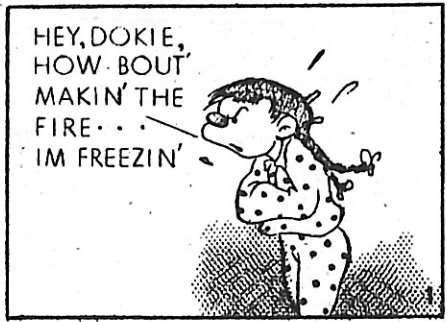

Sec. V - Kay Takeoka, Rec. 28 or 31-6-E.

Sec. VI - Tom Takouchi, Rec. 35 or 34-6-E.

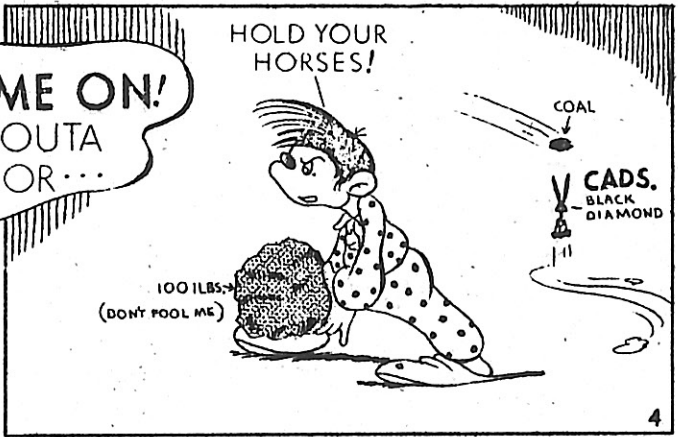

Sec. VII - Tod Hachiya, Rec. 41 or 37-4-E.

TRANSLATION OF JAPANESE SECTION, KEY NO. 1,
MINIDOKA IRRIGATOR, Vol, II, No. 4, January 13, 1943.

PROBE RELOCATION

The problems concerning the Japanese relocation centers were submitted to Congress for investigation by the congressmen from California.

According to the correspondence from United Press at Washington, D. C., Representative F. Leroy Johnson of California proposed to make investigations on the problems concerning Japanese relocation centers, especially on the matter of food and education. The brief content of his proposal is as follows: "According to the summary of information, and rumors from many sources concerning the situation in the Japanese relocation centers, a large quantity of eggs, butter, sugar, coffee, and meat is being received at these centers. On the contrary, the people who live in the nearby towns of these centers are not even receiving necessary portions for their own food supply. Besides, it has been said that the school teachers in these centers receive a higher salary than those who teach at other schools. Furthermore, the schools at the relocation centers teach such subjects as art, dancing, and carpet making which are not essential in this country during the present emergency. Thus, I propose to the House that the real situation in these relocation centers should be investigated."

Congressman Harry Shephard made a report on the same subject after having made inspection trips to three different relocation centers himself. His brief statement was: "The matters concerning the amount of food that the relocation centers should receive and the compensation for the school teachers at various centers should receive proper attention by the Congress."

In the proposal which Representative Johnson submitted to the House for investigation there were other points included for investigation, such as, the moral problems in the centers, and the riot at the Santa Anita Assembly Center, besides the aforementioned points.
