CO-OP MEET TO DRAW ESSENE TO SALT LAKE

Corresponding with Market Week, a conference will be held in Salt Lake City on February 15 and 16 by Co-op representatives from the various relocation centers, John Essene, Supt. of Community Enterprises, disclosed this week.

Two of the topics to be discussed at this meeting will be the problems of buying and education of the evacuees. Park Abbott, Manager of Associated Co-ops of Northern California, regional cooperative wholesale, Oakland, will also present plans for the establishment of a branch office to serve the relocation centers, Essene said.

Charles Beltt, former Supt. of Community Enterprises, now Chief Purchasing Officer in New York will be present at the meeting.

Representing the local Co-op at the conference will be Reno Yoshimura, Assistant Co-op Manager, Harry Nakagawa, Dry Goods Buyer, Keiji Saito, General Stores Buyer, Joe Yasumura, Nisei Co-op Educator and Essene.

OUTSIDE EMPLOYMENT AIDS ORGANIZED FOR EVACUEES

A network of relocation offices and field stations through the Middle West and Rocky Mountain region, to aid workers now resident in relocation centers in obtaining outside employment, is rapidly getting organized after a series of conferences in Chicago and Washington, from January 14 through January 30.

In attendance at the Chicago conferences, which were conducted under the leadership of Employment Chief Thomas Holland, were staff and field members of the WRA

D.H. 30 PLACES FIRST IN CLEANLINESS RACE

Dining hall 30 has been awarded first place in Hunt's monthly cleanliness contest and will hold a party-dance for its residents and kitchen personnel, Leon V. Krumanacker, Project Steward, disclosed yesterday at the weekly meeting of the stewards in D.H. 21.

A flip of a coin broke a tie between dining halls 31 and 32 which placed 32 in second place and 31 in third place, he further revealed.

Honorable mentions were awarded to dining halls 5, 7, 13, 15, 17, 19, 24, 29, 34, 35, 36, 37, and 40.

Despite the fact that the winners were all Portland blocks, Krumanacker was careful to remind any skeptical residents that the three judges were not Portlanders.

employment personnel, officials of the United States Employment Service, and representatives of various citizen committees and organizations cooperating with the WRA in its relocation program.

Five principal relocation offices have been opened in Salt Lake City, Denver, Kansas City, Chicago, and Cleveland, respectively, and each one is to be responsible for the establishment and operation of from 8 to 12 subsidiary field stations. These offices will have the dual function of seeking employment offers and answering the inquiries of prospective employers, and of aiding the workers to adjust themselves to conditions in the communities where they are placed.

Employment Chief Holland has announced a determination, on the part of the Employment Division, to find acceptable work opportunities for as many relocation center residents as can qualify for them.

"The action of the War Department in opening military service for draft-age nisei," he said, "has been our signal to make available to every loyal person in the centers an opportunity to serve the cause of American democracy, either in the Army or on the production front, and to prove his title to enjoy all the rights and privileges that America has to offer. We are not planning to find merely

No Return Of Japanese To Coast Yet - Asst. Secty. McCloy

SEATTLE--"At least for the time being," no return of any Japanese to Military Area No. 1 on the Pacific Coast is contemplated, the Northwest Oriental Evangelization Society of Seattle was advised in a recent letter from Assistant Secretary of War John McCloy.

McCloy wrote:

"There are vast areas elsewhere in the United States where they can get

employment, but the considerations which induced the initial evacuation from the strategic west coast areas still exist."

The Evangelization Society at its annual meeting last May had deplored the "wholesale evacuation of American citizens of Japanese ancestry from coastal areas," and urged the return of citizens to their former homes, the Rev. U. G. Murphy reported.

SECOND ARNOLD FEATURE ASKS,
ARE MINIDOKANS LOYAL?

Don't call us Japs-- they're who we're fighting, young Minidoka is quoted as saying in the second article in a series of three features on Minidoka by Mel Arnold in the latest Sunday Oregonian.

Intended to answer the question "how loyal are the Japanese evacuees?" the article, given graphic emphasis by descriptive photographs and art work by Minidokans, dwells on the "black gluey mud", the "powder-fine yellow dust of the hot dry summers", and in spite of exposure to them, the professed willingness of Minidoka's young manhood to take part in the war.

The youngsters, all Amer-

ican citizens, are still complaining about being given the same draft rating as enemy aliens, according to the sentiment Arnold met with during his visit here.

However there was little evidence of bitterness, Arnold adds.

"Every American has to make some sacrifices, and this is ours," Amy Mitamura, a high school senior, is quoted.

In the same issue of the Oregonian an editorial stated:

"Mr. Arnold.....covered his assignment with fidelity and understanding that commend the articles to all Americans who wish to form their opinions on information rather than prejudice.

"The Oregonian is proud of the sincerity and the instructiveness of the articles, and rightly considers them to be a most helpful contribution to the general understanding of a racial and national problem which, in its essence, will test in eventual solution the method, manner and validity of our democratic principles."

Arnold's Story:
Pro And Con

Widely diversified opinions were expressed by readers of The Sunday Oregonian on Mel Arnold's first of three articles on "The Wrong Ancestors" which appeared last Sunday in that paper.

Mrs. Edna Murphy of Aberdeen, Wash., wrote the editor of The Oregonian as follows:

"After reading Mel Arnold's article in your Sunday magazine on Jap internment I want you to know how I feel as a mother with two boys in service and one in New Guinea.

"I'm sure he would be more than pleased to exchange his surroundings for those of the Japs in Idaho. He would be happy to wade in mud only to shoe tops instead of fighting muck to his waist.

"There are millions of fathers and mothers that feel as I do. We could

ARE INVESTORS LOYAL? SECOND BAROQUE FEATURE ASKS

The question of investor loyalty is a complex one, involving a variety of factors. It is not simply a matter of whether investors are loyal or not, but of why they are or are not. The answer lies in the nature of the investment and the relationship between the investor and the investee.

Investors are often loyal because they have a long-term interest in the success of the investment. They are willing to wait for their return, and they are often willing to accept a lower return in the short run for a higher return in the long run.

Investors are also loyal because they are often loyal to the people they are investing in. They are often loyal to the management of the company, and they are often loyal to the company itself.

Investors are also loyal because they are often loyal to the market. They are often loyal to the market as a whole, and they are often loyal to the market in which they are investing.

Investors are also loyal because they are often loyal to the industry. They are often loyal to the industry as a whole, and they are often loyal to the industry in which they are investing.

Investors are also loyal because they are often loyal to the country. They are often loyal to the country as a whole, and they are often loyal to the country in which they are investing.

Investors are also loyal because they are often loyal to the world. They are often loyal to the world as a whole, and they are often loyal to the world in which they are investing.

Investors are also loyal because they are often loyal to the future. They are often loyal to the future as a whole, and they are often loyal to the future in which they are investing.

Investors are also loyal because they are often loyal to the past. They are often loyal to the past as a whole, and they are often loyal to the past in which they are investing.

Investors are also loyal because they are often loyal to the present. They are often loyal to the present as a whole, and they are often loyal to the present in which they are investing.

Investors are also loyal because they are often loyal to the future and the past. They are often loyal to the future and the past as a whole, and they are often loyal to the future and the past in which they are investing.

Investors are also loyal because they are often loyal to the present and the past. They are often loyal to the present and the past as a whole, and they are often loyal to the present and the past in which they are investing.

Investors are also loyal because they are often loyal to the future, the past, and the present. They are often loyal to the future, the past, and the present as a whole, and they are often loyal to the future, the past, and the present in which they are investing.

Investors are also loyal because they are often loyal to the world, the country, the industry, and the market. Winter programs for hospitalized patients are being expanded in many hospitals. These programs include providing patients with warm clothing, blankets, and other necessities to help them stay comfortable during the cold months.

Some blocks backing up their candidate with skyrocketed spirits brought out solid votes. Here and there it was evident that block turnout was the deciding factor in the sectional choice.

Block 36 Paces Co-op Drive

Although less than half of Blk. 36 has been canvassed, B.H. Yoshida, Co-op chairman of Sec. VII, has collected far more than his quota for that block as shown above.

Membership drive for the rest of the blocks will be started today and will be in full swing by the end of this week, Yoshimura said.

"I wish to thank those people who so generously

supported this initial drive. I hope the others do as well," Yoshimura stated. "It is absolutely necessary to take over the entire Co-op from the government in order to protect the interests of the people living here," Yoshimura added. "The younger people are urged to take more interest in this matter as this drive is as much a part of the nisei as well as of the issei."

Eventual Freedom Prophesied

Disclosing that 110,000 Japanese, both aliens and citizens, now in the relocation centers may all eventually go free into sections of the United States where there are no restrictions, Dillon Myer, WRA director, is quoted in an INS dispatch as saying:

"The relocation centers are not detention or internment camps. They are merely relocation centers and the Japanese-Americans will be released when and where it is feasible for them to be assimilated."

Commenting on the plans for schools in the centers, Myer announced that "construction work on several school projects in the centers has been halted because the original plan to transfer about 15,000 Japanese-Americans from Hawaii to the mainland has been abandoned on account of the shipping problem."

PLACEMENT OFFICE ISSUES CALL FOR SURVEY FORMS

The Placement Office has no means of finding out which persons are interested in what types of outside employment unless the relocation employment forms are turned in immediately. If you are at all interested in private relocation employment offers, turn in your forms immediately to your block manager's office or the Placement Office.

FORMING COMBAT UNITS OPPOSED BY REP. RANKIN

WASHINGTON,--Plans announced by Secretary of State Stimson for the organization of a Japanese combat unit in the American army were denounced last week by Representative John E. Rankin, Democrat, Mississippi, who declared that the United States must destroy Japan

or risk probable invasion of the Pacific Coast.

Rankin maintained instead that persons of Japanese ancestry who want to serve this country should be put into labor battalions "where each and every one of them could be watched at all times."

NISEI FARM ARID LOCALE IN WAR EFFORT

Leasing a 3800-acre ranch at Keetley, Utah, a group of Japanese American citizens have converted a mass of sagebrush into acres of well cultivated vegetables.

The group is under the direction of Fred Wada, Oakland, Calif., business man, according to George A. Fisher, who writes in the February issue of Survey Graphic magazine of the part these citizens are playing in the increasing of crop production for the war effort.

Most of the group is composed of Japanese American who are desirous to help win the war and are demonstrating this ambition in the agricultural field, Fisher explains.

RESIDENCE UNAFFECTED

SAN FRANCISCO, Feb. 6---Attorney General Robert Kenny in an opinion expressed last Saturday said that a Japanese alien who was a resident of California until his removal to a relocation center outside the state does not lose his residence because of his removal.

The opinion was asked by Matt Brady, San Francisco attorney. He wanted to know if such a person, in an out-of-state center, could file for divorce in California and submit his case through depositions.

Kenny said it was discretionary with the judge as to whether he should grant a decree on a deposition and in the absence of the complainant.

BLOCKS ORGANIZE

A number of live-wire blocks, scattered throughout the project, have organized themselves into individual block activities committee with elected officials at the helm.

Thus far, it has been reported that four blocks, 1, 3, 32, and 35, have organized in regular club form with elected officers. Not only are these individual block organizations participating and cooperating in community activities, but are also engaged in providing recreation and entertainment for the residents of the block.

Working hand and hand with the recreation department, the block clubs have played an active part in the "Sweetheart of Minidoka" quest, weekly public dances and other social functions. These block clubs, consisting entirely of volunteer membership, hold regular meetings to discuss recreation, entertainment and general block improvement.

It is also known that several other blocks are organized but as yet have not submitted the names

of their officers to Waka Mochizuki, supervisor of clubs.

stop-gap and emergency jobs for people who desire work, but employment of the highest order that they are qualified to fill. I sincerely hope and believe that every man and woman in the relocation centers, who can be properly qualified for outside employment, will cooperate with us in our effort to make this program an outstanding success."

As a step to expedite the program in the relocation centers, every man and woman, 17 years of age or older, will fill out a special WRA questionnaire to be used in clearance procedures and classification for outside employment. This registration has started and will be conducted simultaneously with the completing of military questionnaires by draft-eligible men.

Men eligible for military service will not be asked to answer the WRA questionnaire, since the military questionnaire will be used in clearing them for outside employment if they are not inducted into the army.

Clearances are to be speeded, both at the centers and in Washington, to amplify as rapidly as possible the register of workers qualified for indefinite leaves.

Another reader, J.S. Bishop of 3150 N.E. Sandy Blvd., Portland, commented:

"I wish to commend most heartily the article in today's Sunday Oregonian entitled 'The Wrong Ancestors.' A plain statement of facts, free from any argument except what they themselves furnish, is sadly needed in these parts. Racial prejudice, degenerated into unreasoning hate by the war in the case of the Japanese, will prove a serious obstacle to a durable peace, unless it can be offset by a calmer, truer judgment based on the statements of unbiased observers.

"I think that some of my associates look upon me as pro-Japanese because I insist that the great majority of them are not tricksters and scoundrels. It was my good fortune not long ago to visit a number of the countries of the world and in none did I receive more genuine, not just formal, courtesy, than in Japan."

With specialists from nearby Twin Falls and Jerome being hired as instructors, classes in elementary electricity, farm machinery, carpentry, tractor, truck, motors, and mechanics are scheduled to open on Monday, Feb. 15, the adult education department announced yesterday.

Although elementary electricity is the only class definitely set for 23-1-A & B on Monday nights starting at 7 p.m., all other classes will probably meet on Mon., Wed., and Fri. nights from 7 p.m. to 11 p.m., the department added.

Two instructors from the Idaho Power Co. in Twin Falls will teach elementary electricity; Homer Sisco of Jerome will teach farm machinery; carpentry will be taught by Henry Linke; and Mr. Herron, shop foreman at the North Side Auto Co. in Jerome will teach tractor, truck, motors, and mechanics, the department further disclosed.

All interested should enroll with the Adult Education Department in Rec. 23 at once.

口大統領領事翰全譯

余は、忠良なる日系米人を以て戦闘部隊を編成せんとする陸軍省の提案に、全幅的賛意を表す。現在既に我が軍隊に服役してゐる日系人の数は約五千に達して居るが、今後新たに組織せざるべし。此の戦闘部隊によつて、其の数は更に増大せざる事となり。今次の日系米人部隊編成計畫は、西部沿岸日本人を主とする結果、一時中絶せられて居る兵員徵募手續の復活実施への自然にして論理的なる第一歩を踏出したものである。米國の忠良なる市民たる者は、其の祖先の國籍如何に拘はらず、何人とも市民としての責任を遂行する民主主義的權利を拒否せざるべきではない。我が國、建國の原則であり、我が國が國政治運営の不變的

原則たる米國主義は國民の精神及び心情の問題であつて、過去に於ても現在に於ても決して人種又は祖先の國籍如何を云々するものではない。善良なる米國人とは此の國に忠誠であると共に、我々の信條たる自由と民主主義に忠實なる人の謂である。

最大の貢獻を爲し得る様、自己の最も適する所に從つて國家に奉仕する機会を與へらるべきである。余は陸軍省、海軍省、戦時人動員局、司法省、並に戦時轉住局等が、我々の有する凡ゆる人的資限を充分に具つて賢明に使用する事が必要とせらる。秋、日系米人を包含する總ての忠良なる米國人に對して、國家奉仕の機会を與ふる計畫の實施に協心戮力してあるを見て衷心欣幸とする者である。

昨年五月我が協会は其の年次大会に於て沿岸地域から日系市民を退かせる事に反対する旨の決議を採擇し、これをロスウエルト大統領に送達したが、大統領は此の決議を直にスラムの陸軍長官の手許に回した。仍マスケムン長官と協会側との間に此の問題に關して教次書信の交換が行はれたが結局協会側ではスケムン長官に對して加州より遠く離れ加州の影響を及ぼす西北部に於て軍當局と会談を行ひ得る採取計は行はれず、其の結果、スケムン長官はスケムン

仕事口の探せりと雇主の調査、更に轉住先の土地柄に馴れる、萬金の力を注ぐ苦である。シカゴの右会議に出席中なりし WRA 本部産産備部長、クマス、ハラド氏は語る。陸軍省が適齡二世に兵役服務の道を拓いた事は、我々にとつても大きな刺激で、社内居住者の忠誠なる者、對しては一人残らず米國民主主義の爲に力を盡す機会を與へ、兵務に又軍需生産に夫々出動せしめ、米市民としての特權を享受し得るに恥しくない腕を振はせしめるべきである。この轉住プログラを一大成功たらしめるべく所内の男女諸氏が充分協力されん事を希望して已まない。
