

Family Interviewing Survey Starts May 16

Three Counselors Will Conduct Program; First Day Covers Blks. 1-4

Due to the fact that there is a lack of concrete information concerning the hopes, fears and desires affecting the plans of the majority of the families in the center, it was determined by the Washington office of the relocation division that it is necessary to carry on a complete family interviewing program. The basic family information survey will make possible the planning of the over-all relocation program, according to Joseph Beeson, relocation program officer.

Three qualified counselors and three evacuee assistants will reach every family in the center for a frank discussion of their future plans. At this interview full attention will be given to all factors affecting the family plan. The program will provide WRA with much social data necessary for program planning. The scope of the interviews will be broad enough to permit the individual to express his anxieties and resentments and thus mitigate his psychic barriers to planning the future.

This interview will enable the evacuee to discuss factors which have influenced his attitude. Among such factors are: Standards of living prior to evacuation; health of each family member; ages of family members; educational and social opportunities desirable for children; property loss or encumbered property; debts and other financial consideration and fear of discrimination.

The interviewer will also be prepared to inform the family of the types of resettlement and what special arrangements can be made whereby public assistance is available to them in all the states but one in the event of sickness or other emergency.

This family interviewing program is not intended to urge residents to relocate if they have reasons on which they base their intention to remain in the centers. However, if an evacuee wishes to relocate but are confronted with certain factors which prevent their relocating, this survey will enable the proper authorities to aid him in his desire to relocate, Beeson explained.

Experienced interviewers have been detailed to the project by the Washington office to assist in the interviewing program. Each of these interviewers will be provided an evacuee assistant.

This interviewing program will begin from Blk. 1 to 4 on Tuesday, May 16. The next day this schedule will be alternated and the program will begin from Blk. 44.

The three interviewers are: Miss Thelma Schoonover, Columbus, Ohio; Miss Bertha Stenson, Chicago, Illinois; and George W. Anderson, Ogden, Utah.

"This is not a registration program or a program designed to stimulate relocation. The whole intent of the program is to develop basic family information," Beeson concluded.

Ration Rules For WFA Workers

Ration books for residents leaving the center on seasonal agricultural leave to the WFA camps in southern Idaho or eastern Oregon will be mailed by the Ration Board to the Supervisor of the WFA Labor Camps where the worker is reporting, according to a memorandum issued by H. L. Stafford, project director.

The local ration board will issue ration books prior to their departure only to those residents planning to "batch" at the WFA camps.

Improvements On Local Cemetery Asked By Board

Seeking improvements in and around the project cemetery, several recommendations were presented to R. A. Pomeroy, Assistant Project Director in charge of community management, by Shigeru Osawa, chairman of the cemetery board, this week.

Recommendations made include: Improvement of the road leading to the cemetery; gravel and sand to be put on the inside road of the cemetery grounds; trees to be planted just outside the cemetery grounds; uniform permanent grave markers and water pipe from the project to the cemetery.

Work which must be done by volunteer evacuee labor include the building of fences and posts and the planting of the trees and others.

Plans were worked out by the cemetery committee whereby residents in different blocks may volunteer their services. It is the plan of the committee to finish this work in and around the cemetery before Memorial Day.

The schedule whereby residents may offer their services follows: May 13, Sec. I, Blks. 1-5, afternoon; May 14, Sec. II, Blks. 6-12, morning; Blks. 13, 14, afternoon; May 20, Sec. IV, Blks. 21-28, afternoon; May 21, Sec. V, Blks. 29-32, afternoon; May 27, Sec. VI, Blks. 34-38, afternoon; May 28, Sec. VII, Blks. 39-44, afternoon.

Marine Officer Praises Nisei Soldiers in Pacific

Lt. Robert J. Newell of the U. S. Marines was interviewed by the Chicago Daily News recently with regard to his 14 months of service in the South Pacific with a unit of Marine Corps, combat military police. Lt. Newell, a Chicagoan, is quoted by the Daily News as saying:

"Yes—there are some Japanese who have not only the respect and admiration of U. S. Marines, but are even their buddies.

"But these Japanese are Americans—American-born nisei and soldiers in the U. S. Army, who have been serving with Marine detachments in the Pacific islands as interpreters and otherwise providing the leatherneck fighters with the benefit of their knowledge of enemy ways.

"They have the respect of the Marines because they are good American soldiers and we realized the risks they are exposed to, in event they are captured by the enemy," said Lt. Newell, who left the study of law at Marquette University in 1941 to enlist in the Marine Corps.

"As it was, these had a tough time of it," recalls Lt. Newell with a laugh. "Each one of them has been captured eight or nine times

5 Men Named By Council to Judicial Body

Five men were appointed to serve on the judicial commission by the community council last Tuesday, according to Yoshito Fujii, chairman of the council. The five are: Iwao Matsushita, Yorisada Matsui, Keizo Itoi, Chusaburo Ito and Dr. Matsusaburo Kuki.

Under the charter, the judicial commission shall hear all law and order cases referred to it by the Project Director and make recommendations with respect to the disposition of such cases. The commission shall also recommend to the community council appropriate measures for the maintenance of law and order within the center.

The members of the judicial body shall serve for a term of six months.

The appointment of the 5 men will become final upon approval by H. L. Stafford, project director.

File TFR 500 By June 15

Residents who have foreign bonds, foreign securities, bank deposits in foreign country, or possess any other foreign property must contact the Project Attorney at the Legal Aid Office in 22-5-A to file a report on Treasury Department Form TFR-500, according to the Legal division.

This ruling does not apply to those who have already reported on the form and those who are exempt from reporting. Form TFR-500 must be filed not later than June 15.

Any person otherwise required to report is exempt if his foreign property on May 31, 1943, had a total value of less than \$10,000, measured by "cost or face value" or "market or estimated value," whichever is higher, but the exemption does not apply to foreign bonds payable in United States dollars, which must be reported regardless of value.

This form is not to be confused with Form TFR-300 which many persons filed about two years ago.

—by our men. One day two of them were seized while standing in a marine chow line, in their dungarees.

"It got to the point where finally, for their own protection, we had to detail a marine to accompany them wherever they went. The men took it in good spirit."

Pomeroy Attends Parley

R. A. Pomeroy, assistant project director in charge of community management, left last week for a community management conference of all relocation centers in Denver, Colorado.

Miss A. Liddle Fite, senior counselor, will temporarily take over Pomeroy's position until his return.

Trees Given To Center

Several hundred trees have been received from individuals in Jerome and Twin Falls, according to R. S. Davidson, assistant project director in charge of operations.

Shrubs are being planted around the administrative area, front gate and the hospital grounds. Trees and shrubs are also being planted around the cemetery before Memorial Day by the landscaping crew.

Nakano, Zakoji Commencement Speakers, June 9

With commencement exercises to be held for approximately 200 Hunt high school students on June 9, two seniors were chosen by the students and teachers to speak at the exercises. The students are: Suzanne Nakano and Hiroto Zakoji.

Seniors who attain a certain average in scholarship, leadership, exemplification of the school ideals and particular confidence in certain subjects will be honored at this time, Jerome T. Light, high school principal, stated this week.

Although it is not yet definite, the principal speaker, at the commencement exercises will be Project Director H. L. Stafford.

Co-op To Lose Superintendent

Beginning June 1, each WRA center Co-op will lose the superintendent of business enterprises from the WRA staff, according to an announcement by General Richardson, WRA representative.

In place of the superintendents, four specialists will be engaged by the WRA to make rounds of the various center Co-ops. The reasons given for relinquishing the superintendents are: the Co-ops are able to stand by themselves divorced from WRA supervision and several of the superintendents have been drafted by the Army.

The only exception to this announcement applies to Tule Lake Center where they will retain their superintendents and will also be given assistance from the specialists.

Clothing Unit States Rules

Under the present ruling, an employable person who has applied for employment at the Placement Office and for whom no job is available, clothing allowance will be granted him if someone in the family has worked 15 days or more of that particular month, according to Floyd Tokuda, clothing allowance supervisor.

A person who has refused a suitable job will not be considered a dependent. Job seekers are asked to contact the Placement Office every month.

This ruling applies only when someone in the applicant's family has worked 15 days or more of that month. In case no one in the applicant's family is working, the above ruling is void.

17-Year-Olds Must Register Now

All residents who have reached the age of 17 must register at the leave office for leave clearance, V. V. McLaughlin, assistant relocation program officer, announced this week.

"This must be done before leave of any kind can be issued," McLaughlin said.

Captain Kawasaki Tells Of Heroic 100th In Italy

News of the heroic 100th Infantry now serving on the Italian front were brought back to America recently by Captain Isaac A. Kawasaki, medical corps, who was surgeon for the battalion until a leg wound necessitated his evacuation.

"The Japanese Americans now fighting in Italy are a deadly bunch," he asserted. "Most of them were born in Hawaii and have never seen Japan. Many lost members of their families in the Pearl Harbor attack and their feelings toward Japan are the same as the feelings of any other American."

Besides being loyal Americans citizens, they fully realize the suspicion with which all Japanese in this country are regarded since the Pearl Harbor attack. They are out to fight for their country, which is America, and to prove themselves to their fellow citizens. They are doing it.

"The Japanese American outfit in Italy is highly respected by other American troops. This bunch wanted to fight the Japs and was keenly disappointed when they learned that they

Many Evacuees Now Relocated

Statistics from the Leaves Section of the project show that 2,359 evacuees have relocated from Minidoka on indefinite leave during the year period from May, 1943, to April, 1944. Averaging 197 in indefinite leave per month, these tabulations includes indefinites for: initial departure from project; change in status from seasonal leaves; change in status from short term leaves; evacuees who departed from assembly centers and wished permanent leaves; volunteers and draftees of the armed forces.

January had the least departures with 110 indefinites, while April with 301 had the most number of indefinites leaves issued. Tabulations for the other months are as follows: May, 1943, 277; June, 219; July, 182; August, 230; September, 142; October, 149; November, 137; December, 177; January, 194, 110; February, 139; March, 296; April, 301.

Thirty-seven Hunt men who passed their pre-physical examination in March and April will leave the project Wednesday, May 17, for their final induction examination at Ft. Douglas, Utah, according to V. V. McLaughlin, assistant relocation program officer in charge of selective service.

The buses which will take the men to Twin Falls will leave the main gate at 7:45 p. m. From Twin Falls the men will entrain for Ft. Douglas.

Whether these men will be placed on the enlisted reserve after passing their final induction physicals is not known, McLaughlin stated.

The following are the men who will report for their final physicals: Carl K. Asanuma, Frank N. Bunya, Masaki Fujiwara, Robert Y. Handa, Hashiro Hashiguchi, Tsutomu H. Horiuchi, Mickey H. Hiro, Tsutomu Kajimura, George Kaminishi, John M. Kanda, Tsutomu Kanazaki, Kiyoshi Kinoshita, Susuma Kashiwagi, Yasura Kawashima, Kazuya Kimura, Tadao Kusunose, Noboru Kyono, George Morihoro.

In conjunction with the National Junior Safety Patrol Day, the Huntville P. T. A. is conducting a house-to-house tag sale, the proceeds of which will be used to award merit certificates to the junior patrol officers, according to Mrs. Mary Watanabe, president.

The tag sale will be held today and tomorrow, and the generous cooperation of the residents toward putting this drive over is asked by the Huntville P. T. A.

Two Men Leave For Camp Savage

Joe Chihara and Sadayoshi Omoto have received calls to report for induction at Camp Savage, Minnesota. These two will leave the project on May 15, according to V. V. McLaughlin, assistant relocation program officer.

Gov. Bricker Answers Ickes

COLUMBUS, Ohio — Governor John W. Bricker of Ohio, accused Secretary of the Interior Harold L. Ickes of creating a "smokescreen" to keep the country's attention from the government's "mismanagement of Japanese relocation camps," according to the International News Service.

The accusations were contained in a statement which the prominent Ohio Republican issued in answer to Ickes' charge that Bricker was "stirring up race prejudices." The Ickes blast was also aimed at Gov. Walter Edge of New Jersey and Mayor Fiorella LaGuardia of New York.

"The New Dealers do not understand the Jap now any more than they did in the pre-Pearl Harbor days, when the New Deal tried a program of appeasement to handle the Jap situation," Bricker said.

"They permitted the Jap to fortify the mandated islands in violation of treaties, and failed to take notice of the Japanese plans which led to the disgraceful attack on Pearl Harbor. They took no steps to protect themselves.

"Mr. Ickes cannot by his person abuse or divert the attention of the country from the poor handling of the Japanese situation in the country since that time.

"He evidently does not appreciate the fact that we are at war with Japan. He expresses the typical New Deal philosophy that local communities and the states should be ridden down regardless of their opinions by bureaucratic Washington."

Leupp, Ariz., Center To Open May 15

Plans of the WRA to reopen the Leupp Center near Winslow, Arizona, about May 15, were announced by Secretary of the Interior Harold L. Ickes recently. The Leupp Center is being reopened to take care of those evacuees who have been agitators or trouble-makers at the Tule Lake segregation center. It will be operated under the administration of Tule Lake Project Director Ray R. Best.

Approximately 100 men, the majority of them American citizens, who were arrested after taking part in a disturbance at the Tule Lake center last November 4, will be sent to Leupp. Since the November disturbance they have been confined in a stockade in the Tule Lake center. Some of the aliens who took part in the incident have been transferred to internment camps for enemy aliens, under jurisdiction of the Department of Justice.

The supervision officer of the Leupp center will be designated by Best, who was the director of Leupp center before being appointed to his present position.

Mother's Day

Tomorrow is Mother's Day. This year we shall pay tribute to the mothers in the midst of a war-torn world. The thousands of mothers in the relocation centers will on this day wonder what the future may hold for their families, their children, their boys who are on far flung fronts, both at home and abroad.

From the smallest and most trivial aches and pains we run to our mothers and expect and receive comfort and loving care. In the palms of our mothers lie the future character and ideals of the younger generation.

This day mothers all over the world will be thinking of their loved ones at home and on the battlefields.

As we pause in honor of these brave, intrepid, patient and uncomplaining souls let us too, pray for a peaceful, better day to come so that all the mothers may enjoy the one day set aside in their honor with no regrets, sorrow—only happiness and peace in their hearts.

Our Junior Safety Patrol

Today is National Junior Safety Patrol Day. For the past year and a half, over 350 junior safety patrol officers of Huntville and Stafford schools have been doing praiseworthy service. There were times when wind, rain and snow made the residents complain about going out in the adverse weather. These young patrol officers stand at their posts irrespective of the weather to direct traffic at every intersection near the two schools.

These safety patrol officers are rendering invaluable civic service in protecting school children from the hazards of traffic. The residents should pause and pay due Today all over the nation, school patrol

officers wearing the white Sam Browne belts will be honored. In our community a tag sale is being sponsored by the P. T. A. today and tomorrow. The residents should support this drive since the proceeds are to be used to award merit certificates to these young school children for their invaluable service.

Two Years Ago...

This month of May will recall in the minds of all evacuees the terrible days of evacuation when we were trundled away to the assembly centers that dotted the west coast.

Those terrible, uncertain days seem far away in retrospect, yet a word, a chance meeting will awaken many memories that we experienced in those bewildering days.

To have our wings of freedom clipped so suddenly and at that time with such an air of finality made many of us bitter. Some of us are beginning to recover from that awful shock, but there are still many who will never be quite the same again.

Physically, we are not marked, but the mental attitude of the evacuees has undergone many changes.

Living under regulations and in uniform barracks and other methods of communal existence, has taken some of the fight and initiative we used to have.

But looking back never helps. We must peer into the future and see what we can do to cope with the problems and opportunities that May, 1944 and all the years that will follow offers to us. We must become self-reliant and confident again. To do this, we must not dwell on the bitterness and frustrated hopes of the past.

As we go on, let us look to the future. Let us have more confidence in the people on the outside who are extending a helping hand to us. Let us have a little more faith in what America offers us. We, who remain in relocation centers have made a significant step. When we chose the American way of living to that offered by the enemy, we should stick to that choice. It takes two parts to make a whole. Only when we fully convince all the doubting Thomases of our true thoughts and intentions can we be fully accepted. We are being offered a fighting chance by the many people of America so let us either forget or ignore the pettiness of those who are begrudging us fair play.

Two years ago, we were a frightened and bewildered people, but we still had a mind of our own. Let us dig down deep beneath the mental lethargy and complacency that now envelops us and find our former alert and active selves again. Only then can we once again find our rightful places in the American way of life.

George Sokolosky Writes Views on Fortune Stories

Under the title, "Know The Enemy," which appeared in the April 24 issue of the Seattle Post Intelligencer, George E. Sokolosky says:

So little is known in this country about Japan and the Japanese that I wish to call particular attention to the April issue of Fortune Magazine, which is devoted entirely to that subject. The editors of Fortune have unfortunately chosen not to permit the signing of articles by the authors, a habit which often leaves the reader in doubt as to the authenticity of the material.

Whoever wrote the article, "The Way of the Gods," deserves a better fate for his work, as this is the most understanding and courageous introduction of Japanese psychology that I have read in a quarter century of interest in that country.

Americans are too ready to believe that because they do not like a people, there is nothing to them. I have seen these little men drunk and sober, at home, in business, in restaurants. I have danced with their wives (in China rather than in Japan) and have flirted with their geisha girls. But I have never known one of them not to be tense, not be all wound up tight like a top that is about to spin.

Further Restrictions on Return of Japanese Decried by Fortune Magazine

Devoting its entire April issue to Japan, the Fortune magazine in one article, "Israel, Nisei, Kibel," declares, "The longer the Army permits California and the rest of the Pacific coast to be closed to every-one of Japanese descent the more time is given the Hearst papers and their allies to convince Californians that they will indeed yield to lawlessness if the unwanted minority is permitted to return."

It was the war, the article declares, that made possible what California had clearly wanted for decades—to get rid of its minority. "The American Legion, since its founding in 1919, has never once failed to pass an annual resolution against the Japanese Americans. The Associated Farmers in California had competitive reasons for wanting to get rid of Japanese Americans who grew vegetables at a low cost on 70 million dollars' worth of California land. California's land laws could not prevent the citizen-sons of the Japanese alien from buying or renting the land. In the cities, a sizable

I was particularly grateful that the Fortune articles avoid all the silly racial ideas which usually creep into discussions of Orientals. I glimpsed the present emperor of Japan twice. And, of course, it was difficult to understand the to know too much about other people, religious respect that his people. Yet, we need to know the Japanese. We need to know them well, for we are just really beginning to fight them.

There is a piece in this issue entitled "The Control of H. Fujino." As I read it, I could conjure up the image of him—for I knew this Fujino, by whatever name he went, in the period nearly 10 years before this war came to us. I knew him when he belonged to a political party, believed in a parliament and thought that he was something of a democrat. I knew him when he was happy to speak English and to think well of America, but yet was doubtful of Uncle Sam's intentions.

I have not seen him in the years that led up to the war, but the anonymous author of this article has seen him and knows him and understands him.

The Fortune survey shows that Americans know hardly anything about Japan and the Japanese people and even guess badly about them. I am sure that a similar survey in Japan about the United States would bring a contrary result. It is useful and even necessary to know the enemy and, therefore, I suggest this April issue of Fortune to those who are willing to know.

commercial business came into Japanese American hands. It did not require a war to make the farmers, the Legion, the Native Sons and Daughters of the Golden West, and the politicians resent and hate the Japanese Americans. The records of legislation and press for many years indicate that the antagonism was there and growing."

The WRA, says Fortune, and especially Mr. Myer, has been charged with pampering the Nisei. Declaring that "irresponsible yaras" are being circulated with faithful regularity about the daily fare of evacuees, the article states that the food cost per day is held below 45 cents per person, and that since nearly a third of the food requirements are grown on the project field, the actual cash outlay for food is 31 cents daily.

The problem of relocation is still the main problem of the WRA, it stated. "If the war lasts two more years, and if WRA has succeeded in finding places for 25,000 more Nisei in the next twenty-four months, it will be a job well done."

Chicago Offers Opportunity For Evacuees

CHICAGO, Ill.—(Special)—The Chicago district office of the WRA still hears occasionally from individuals that quite a few evacuees think that it is necessary to have a specific job offer before indefinite leave can be granted to relocate in Chicago. For a period of many months, the Chicago office has attempted to impress on the center population the knowledge that there are many job openings for any employable person in Chicago and the surrounding areas.

Among the more than 5,000 job openings now on file in the Chicago district office, there is a wide selection for almost every type of worker with only a few professional classifications where licensing is a factor requiring any preliminary correspondence or presenting any difficulty in effecting proper and quick placement.

W. W. Lessing, acting district manager in the Chicago office, extends an open invitation to any individual, who feels himself to be at all employable, to come to Chicago for placement after arrival. Although housing is a problem for the resettler, it is a problem only in a sense of finding the exact type of housing preferred by the individual. Adequate shelter in reasonably good surroundings can be assured to all types of individuals and family groups.

Second Furlough Spent Here by Cpl. Ben Ito

Cpl. Ben Ito, formerly of Portland, Oregon, and a '36 graduate of Benson Polytechnic in his home town, arrived here on May 7 to spend his second furlough with his brother and sister, Henry and Yoshie Ito, and Mr. and Mrs. K. Namba and family. He is stationed with the HQ and Supply Section at Fort Harrison, Indiana.

Cpl. Ito was inducted into the army at Camp Robinson, Ark., on March 13, 1942, and has been transferred to Fort Harrison since then. Back in Portland he operated a barber shop.

In Honor of Our Mothers

Times Comments on Hero

T/Sgt. Ben Kuroki's visit to Hunt last week brought editorial comments from the neighboring Twin Falls Times-News on May 11.

The editorial said in part: "For those at the relocation center, it was a gala event highlighted by a parade, reception, speeches, a banquet, baseball games, queen coronation, and numerous dances."

"The type of reception that the No. 1 Japanese American war hero got in Hunt was the same type or reception any American community would give any American hero in recognition of distinguished service, the editorial stated.

"If it is true, as Project Director Stafford points out, that 'Sergeant Kuroki typifies and demonstrates the Japanese-American citizen,' then it is also true that these people have suffered many an injustice.

"Sergeant Kuroki wasn't fooling his military superiors when he won all those medals. They knew he was in there pitching for all he was worth; that he wants to continue pitching like other loyal Americans."

"The spontaneous enthusiasms displayed by this Japanese American hero by the residents at Hunt camp wouldn't be possible unless they felt that his heroism represented something they held in common.

"There's one more thought to be added. Those enemy fighters who have gone down before Sergeant Kuroki's blazing gun are fighters who might otherwise remain to kill other Americans—Caucasian-Americans, Japanese Americans, German-Americans, Negro-Americans, or any of the other Americans who make up our great melting pot; perhaps, by chance, even some of our loved ones from Magic Valley."

Random WHIRLIGIG

Little five-year-old Nobuo across the breakfast table pointed to his Hi-Yo Silver sweatshirt and said, "See, today my name isn't Nobuo. It's Hi-Yo."

"Oh," said six-year-old Margaret across the table, "is that why you say 'Hi-Yo gozaimasu' in the mornings?"

"No," was the snappy comeback. "It stands for 'Hi-yo, Hitler!'"

Ready wit like that isn't found too often in adults, but of course, as one friend put it, those children have brains.

Recently we printed the story of the Mama Cat and her four kittens, custody of the Leaves and Furloughs Office, under the personal wings of "Mac" McLaughlin and his staff. We thought that was one of those beautiful "and they lived happily ever after" stories. But it seems it wasn't.

Because last Saturday, Mama Cat disappeared. Just went.

The babies, their eyes hardly opened, squealed and mewled. The foster parents went frantic trying to feed the two-weeks old kittens. They soaked bread in milk. They raked their brains, but the kittens, Dewey, Louey, Huey and Foey, couldn't feed themselves. Oh but they wanted Mama.

Meanwhile a frenzied call was sent through every patron of the office. "Have you seen a black cat? Kinda small, all black, and whiskers? Haven't you? Huh?" But no dice. So D. L. H. and F. scrambled over each other in search for nourishment, while bowls of cream, milk and bread stood only a few feet from their box. Ironie Fate had lured away Mama just before the kittens would reach the stage of feeding themselves.

And the babies starved. Saturday noon, all day Sunday, Monday morning.

On Monday afternoon a prospective relocatee sauntered up to the Leaves counter. What shall I do with my baggage? Laundry room? Oh, thanks. What? A black cat? I saw one in the Blk. 16 laundry room. Sure, sure, I'll bring it up.

It was driving rain that day, but here Takeo Kusumoto of Blk. 12, carried up the cat. As soon as that feline set paws on the floor, she flew, straight and true as an arrow to her kittens. She settled down, her babies nestled down, and for a time the only thing that disturbed the Leaves Office atmosphere was the contented purring of Mama Cat and the heavy peace of Dewey, Huey, Louey, and Foey.

Flash! Last minute wireless reports show that Mama Kitty has run away again, and the babies have been transferred to the warehouse. The end.

Speaking of having common names, petite Setsuko Okita reports that in her Home Ec class there are Betty and Sets Okita, Mary and Martha Kondo, Jane and Pearl Akiyama, Sue and Sumiko Tanaka, Amy and Yuki Sato, and Sueko and Ruth Nakamura.

And none of them are even distantly related to each other.

And best wishes and lots of luck and happiness to Nobi, Billy, and Sets, from all of us. Take good care of them, George and Cincl.

FOCUSING... the SPORTSLIGHT

"So long Benny." With these words I bade farewell to Benny "Foto Chats" Matsumoto and found myself as sports reporter with another assignment. Now with twice the burden as before I must meet the weekly deadline with the sports stories plus "Focusing the Sportslight." And so "Focusing the Sportslight" makes a debut on the sports page of the IRRIGATOR.

Orchids to the Hunt High School Wolverines for their splendid record and super performances they gave the Minidoka sport fans. Tak Akiyama is really doing a swell job of managing the Wolverines. And a pat on the back to Coach Morris "Morrie" Roth, physical education director, for the excellent job he is doing at the high school.

The sports department of Community Activities deserve credit for providing sports aplenty for the sportsmen and sportswomen of Hunt. These basketball leagues are uncovering a lot of hidden talented hoopers. If the weather condition is "okay" the "A" softball tournament should go over with a bang.

Speaking about the "A" tourney, the '43 championship winners, the Otees are seeded the No. 1 team, and the "team to beat" to claim the championship. Boasting virtually the same team as before, the Otees are out for another championship. The probable battery for the Otees looks like Tom Nakayama, chucker of '43 winners and ace pitcher for the Section I Reds who took the sectional league title, as ace moundman for the Otees with George Tanabe, catching again. George, Harding and Tomio Akimoto, Popcorn Hosokawa, Suki Hachiya, Mits Ando and Jinks Ikeda are back from last year. Tak Akiyama, ex-Garfield star second baseman and Coach of the Hunt High Wolverines, "Baro" Tanbara formerly of Gresham, Mas Kawako from last year's "B" champs, Susie Kashiwagi and Edo Sasaki are the other players added to the squad.

With the Otees rated favorites, various sources seed the No Names and Jokers to land second and third respectively. But others have different ideas about who's going to be champs. Just ask the players playing for the Buck Privates, Umbriagos, All Shots, Cubs and Wasps. Good luck fellows! The boys aren't having all of the sports by no means. Just watch the Girls' P. E. classes at Hunt High go to town throwing the horseshoe, discus, 8 lb. shot put, etc. Congrats to Kazuko Suzuki, Mary Tanabe, Toshi Tamiyasu, Susie Tamiyasu, Ruth Kamaya, Jessie Furukawa and Toshie Heyamoto for having the championship basketball teams in their respective P. E. classes. There'll be a school wide tourney to determine the championship feminine casaba team... y. h.

Hi-Pockets Remain On Top; Lancers Pace Area B Seniors

The undefeated Hi-Pockets took sole possession of first place in the Area A Basketball league by adding two more wins to their credit last week. The league leaders now have six victories and no defeats recorded on the league standings. Tak Yagi with 10 points and Rupert Arai with 9 points paced the Hi-Pockets as they defeated the Deuces, 37-17. Mack Kiyono led the losers with 9 tallies. In a wild scoring game, the Hi-Pockets led by Tak Hiya with 18 points, outscored the Ziros, 50-39. Johnny Okamoto potted 18 points for the losing Ziros.

Hunt Wolverines Meet All-Stars Tomorrow at 2

With two more games left on their schedule for the 1944 baseball season, the Hunt High Wolverines will play the Minidokans, a pick-up team of former Minidokans working on seasons outside of the project, tomorrow afternoon at Center Field, weather permitting. In all probability George "Joker" Shimizu, ace moundman, will have the pitching chores for the Wolverines.

Coach Tak Akiyama stated that Hunt will use the same line-up as before. The probable Hunt line-up is as follows: Shiki, centerfield; Ikeda or Kuga, leftfield; Matsubu, second base; Akimoto, rightfield; Hiya, first base; Yorit, third base; Okita, catcher; Shimizu, pitcher; and Hayashi, shortstop.

The Senior-Junior game will be played next week, according to Morris Roth, physical education director. Captain Tomio Akimoto of the Senior team and Captain Hank Matsubu of the Junior squad announced the following starting line-ups:
