Yoshio Shimono, age 4, of 26-7-E, is resting at the base hospital following a truck-pedestrian accident which occurred on the main road near block 26 on Thursday morning.

According to reports, two children were running on the road in the same direction as the truck. The truck stopped when one of the boys tried to cross in front of the truck. As the truck slowly started again, Shimono stepped in front of the truck and evidently fell down or was knocked down by the bumper.

He was brought in to the internal security headquarters where Lt. Harry Oguchi took the child to the hospital for examination. The hospital reports that Shimono is suffering from a break in the hip bone. His condition is reported as fair.

Irrigation Started In Blocks 10-44

At the present time, water is being delivered to Blks. 10 to 44. The pump designed to supply water to Blks. 1 to 8 is being repaired, and will be installed as soon as possible, stated William Maxey, Jr., irrigation engineer.

A rotation schedule for the delivery of block irrigation water has been set up for all the areas, and has been posted in each mess hall. Two block irrigators for each section have been assigned, and water may be turned out only by those men.

Last year, very little difficulty was experienced in properly satisfying the demands of all block residents, and it is hoped that the people will cooperate as well this year, Maxey said.

C. Katayama is foreman in charge of all block irrigators, and any suggestions for improvements of service should be brought to his attention. He may be contacted at his home, 18-5-D.

at the barren and twisted sagebrush and promise themselves they will rise above the common multitude.

They will follow the tumbleweed rolling along lonely and aimlessly and assure themselves that they will have aim and purpose and inner resolve.

They will see the flag catching the breeze and know love and loyalty.

They will see the shrunken old man standing on the rim of the hill and resolve that they shall keep their youth.

They will catch the cheering looks of their friends and know that they will never be lonely.

They will see the proud looks of their Dads and Moms and vow that they shall succeed—for them.

They will not wonder and they will not doubt. They will know—because they are Youth—and Youth is eternal.

Our Delinquency Problems . . .

Today, one of the nation's major problems is juvenile delinquency.

While there may not be many cases of major delinquencies, the cigarette butts that still lie around out of bounds of the high school campus in spite of the student council's commendable action, the indiscriminate use of lipstick and smeared powder by 12 and 13 year olds offer proof of the sad lack of correct family life and diverting activities.

Fifteen and sixteen year olds puffing away on "weeds" and pipes with a cocky slump of their lips are not an inspiring sight. Gangs of boys and girls crashing parties, screaming at movies, making too many cracks at talent shows would ordinarily be bounced out in pre-center days.

This does not mean that all of our young people are delinquent. Most of them are earnestly trying to form good social clubs and athletic teams but they lack leadership.

Our Community Council have mooted the problem, and have set up a juvenile delinquency committee. The Community Activities is doing all they can with their limited staff and facilities.

Our large scale relocation has been pointed to as the stumbling block with all the leaders going out.

But Mt. Mountain, Granada, Topaz and others are all hitting relocation paces, and yet they have rec halls going full hours, activities, sports, and classes.

Plans were being formulated for a summer camp for young people to take care of some of the youths.

A youth center is being planned, but lack of equipment and personnel is pointed out as obstacles.

The solution may lie in volunteer leaders, or a Fund Campaign, or activities such as hikes, swimming parties, or hobby classes.

Whatever the solution, juvenile delinquency is a problem that is real, and the pressing need for action is immediate.

1944 Graduates . . .

Though the feeling will be mixed, the backdrop strange, and the garb unfamiliar, the emotions of the 286 students of the graduating class will be the eternal youth, hopeful, trusting, confident.

They will walk up to the makeshift stage, perhaps trip on their gowns, regain their poise, receive their diplomas, and realize that they are alumni. They will sing their song lustily, they will bow their heads in deep prayer, they will look around and see the friends they studied and worked with, and know that they have come to the end of another chapter.

They will look beyond the stage and see the twilight rays and know that theirs will never be the setting sun. They will glance

Fisher Urges Relocation From Coast

Last Year About This Time

June 1, 1943—Departures from the project for outside work and schools, boosted by the spurt in the WRA relocation program, totalled 801 for the month of April and 550 for May.

June 5, 1943—Both English and Japanese versions of the Minidoka charter for self-government will be presented to the center residents for their personal and study before it will be voted upon, Dick Kanaya, spokesman for the Organization Commission, stated today.

June 5, 1943—Residents must not use the big irrigation ditch for swimming purposes, according to a warning issued this week which mentioned that violators face arrest by the Internal Security.

Car Insurance Sold Residents interested in taking out insurance protection on their car may contact Elmer Nishimoto, insurance counselor at the Legal Aid division, 22-5-A.

"According to the legal angle, evacuees may return (eventually) to the West Coast, but it is bad policy to go back even if you can go. About half of all those who were on the Pacific Coast should remain away. Sociologically and psychologically, dispersed relocation is the best policy."

Thus summarizing the various aspects of conditions on the West Coast and the prospects of the evacuee's return there, Galen Fisher, well-known author and official of the Pacific Coast Committee of American Principles and Fair Play, spoke last Sunday evening to the residents at D. H. 24.

Fisher discussed the economic, social and legal situations insofar as the evacuees here were concerned.

He advocated resettlement of the evacuees east of the Sierra Nevada, and advised residents to keep in contact with West Coast Caucasian friends.

"Rescinding of the exclusion order of persons of Japanese ancestry from the West Coast will be based on the military and domestic unity viewpoint," Fisher said. "On the other hand, it is just as important to seek opportunities

and begin to lay plans for the future."

Roy Akiyama was the chairman of the meeting, and he extended greetings in behalf of the community to the speaker. Elmer Smith, community analyst, introduced Fisher. Yoshito Fujii, president of the community council, acted as interpreter.

Fisher is the founder of the CAPFP, and is the author of "A Balance Sheet of Japanese Evacuation." He has spent 21 years in Japan as a secretary of the International Committee of the YMCA.

Need for Justice, Mercy Cited In Letter To Forum

To the Open Forum: In the Open Forum of March 19, C. A. Pearson wrote: "The Nazis are a band of inhuman baby-killers and I believe they should be wiped off the earth." And C. W. Varnum, exhorts us to "firmly resolve" that "our blessed Americas shall be swept clean of Japanese

as MacArthur and Nimitz are sweeping them out of the Pacific. Let us deport every one here and then see to it that never again shall any Japanese live on American soil."

Here are "superior race" sentiments with a vengeance. We condemn the Nazis and Japanese for claiming superiority of race only because we think ourselves superior and wherein does superiority consist? Is it in the keenness of wit and the might of physical force whereby all inferior races shall be utterly destroyed and swept from the face of the earth? That kind of superiority may be all right for brutes, but for the genius "homo sapiens" it will not work. There is within man a still small voice calling him to be merciful. To be merciful means, "disposed to pity and forgive." Perhaps the superior race, if such there be, is the one most disposed to pity and forgive.

There is need for justice; there is equal need for mercy. I do not think the Americans and British any more qualified than other people to administer these opposites with a proper degree of balance. /S/ E. H. HARTMAN, From Denver Post.

Soldiers on Furlough Take Hunt Scenes Back to Army

One of Three Brothers In Army Visits Here

"The Army is to me a higher education; the experience alone is priceless. You meet fellows of all walks of life and as for buddies you meet 'the best," commented Sgt. Sho Higashi who was here on his seventh furlough. He is one of the three Higashi brothers serving in the armed forces.

Sgt. Higashi who was here from May 26 to June 1, spent his furlough with his parents, Mr. and Mrs. M. Higashi at 19-3-C. He is attached to the D. E. M. L. at Camp Wolters, Texas, and has just completed one month of detached service at Edgewood Arsenal, Maryland, before his visit here.

He received his promotion last July. Sgt. Higashi was inducted into the Army at Fort Lewis, Washington, on April 4, 1941, and was stationed at Fort Ord, California, before his transfer to Camp Wolters.

An ex-Washingtonian, he lived in Wenatchee, and graduated from Wenatchee high in 1937. From there he moved to Seattle and was proprietor of a service station.

One of the few listed stationed at Cat Island, War Dog R. T. C. in Gulfport, Mississippi, S/Sgt. Robert Y. Urata visited his parents, Mr. and Mrs. R. Urata of 4-6-A recently. He was inducted on January 15, 1942, at Chikoot Barracks, Haines, Alaska, and was stationed at Fort Sheridan, Illinois, prior to his transfer to Cat Island.

A former milk farmer in Wrangell, Alaska, he graduated from Wrangell high school with the class of '38. S/Sgt. Urata attended the University of Washington, school of engineering, for three years before his induction into the Army. He received his S/Sgt. rating in August, 1943.

Cpl. Roy E. Nakatani, of Camp Forrest, Tennessee, arrived here on the project to spend his furlough with his parents, Mr. and Mrs. U. Nakatani at 29-3-E last Tuesday. Accompanying him on his visit here was his wife.

He graduated from Franklin High, Seattle, in 1936 and attended the University of Washington from 1938 to 1941, attending the college of fisheries there. Cpl. Nakatani was inducted on July 8, 1941 and has been transferred from the 28th Infantry to Fort Leonard Wood, Missouri. He received ASTP training at the University of Minnesota before being assigned to Fort Forrest.

T/Sgt. Seto Visits Mother on Furlough

Modestly showing a good conduct ribbon pinned on his uniform, T/Sgt. Paul T. Seto readily gave answer to questions asked by the soldier news editor when interviewed on his visit here last week. On his fourth furlough from Camp Barkley, Texas, he visited his mother, Mrs. Kiyo Seto, and his sister, Grace, of 40-6-A.

After being inducted into the army on August 4, 1941, at Fort Lewis, Washington, Sgt. Seto has been transferred many times. He was first stationed at Camp Grant, Illinois, moved to Fort McCallan, Alabama, and then stationed at the Hurt General Hospital in Santa Barbara, California, from November, 1941, to March, 1942. From there he was assigned to Camp Crowder, Missouri, until earlier this year when he was sent to Camp Barkley.

Feminidoka Okawa-Furukawa Exchange Vows

The trouble with camp life, commented a visitor, himself a former Minidokan, is that one procrastinates so much and minds get lazy.

Being a procrastinator delude ourselves we heartily agreed. Gingly unearthing the guilty recesses of our memory we recalled our intent formed two weeks ago to write that letter, our resolve made a month ago to mail that form, our vow made since early spring to give the apartment a thorough cleaning, and innumerable other putting-offs till tomorrow—the tomorrow that never seem to develop into today.

One day blends into another, till one and all are the same. Little else but the closing of the canteen serves to mark the advent of the Sabbath or a holiday. The sands of Time loses its precious value, and slips through uncaring fingers with the speed of indifference.

Pertinent is it to observe that a hidebound centerite when seeing friend relocate back for a visit says, "My goodness, have you been gone for that long, it doesn't seem like a year!" In contrast, the relocatee, who has done and seen and accomplished things within that time and sees the interim in its proper perspective, feels that, "Gee, it's been a long time since I've seen the old camp."

With the competitive spirit and the incentive to think and strive ahead forgotten, sluggishness and mental laziness take over, and after two years of center existence, all too predominant is the Scarlett O'Hara way of reasoning, "I'll worry about that tomorrow" . . . and tomorrow remains always tomorrow.

Now that so many

of our boys are over there, even more aware is the feminidokan that her brother, her friend, or her fiancé doesn't deserve the bitter disappointment of a letterless mail call as long as it is within her power to prevent it. And it's just same girl who uses V-mail as the safest and speediest way to thwart any lowering of morale.

We sent some V-mail ourselves, but we weren't sure about postage rates. So to the initiate we pass along the info that the regular rate of three cents is sufficient, while air mail for V-mail needs a six cent stamp—two cents cheaper than air mail rates within the country.

Somewhere we remember reading that a huge figure of V-mail had been piling up for some great length of time, delayed from shipping merely because the sender had carelessly neglected to put the address on the inside as well as the outside.

Ambiguously stated, we realize, but the idea we wish to convey is that to make the most of the advantages offered in V-mail, one must follow instructions explicitly. Let's keep the outgoing mail up to the tempo of "outgoing mail."

A popular member of the Lotus Asokas in Seattle, Cadet Baba graduated from Garfield High School in 1942 and prior to her relocation was employed as a nurse's aide at the local hospital. She made favorable comments on the cadet nurses uniform and added that there are six other nurse cadets at Colorado Springs.

April "Fortune" Now at Libraries

Of special interest to all the residents is the April issue of "Fortune Magazine" which is entirely devoted to Japan and the problems of the Japanese people. This magazine is now available at both the high school and the community libraries, according to Miss Tordis Heyerdahl, project librarian.

Three small books on drawing by specialists in the field will be helpful for potential artists. "How to Draw Portraits" by Charles Wood; "How to Draw Dogs" by Diana Thorne; and "Drawing Cats" by Clare Newberry, are recent arrivals in the High School Library.

"This Man Ribbentrop" by Paul Schwarz reveals the mysterious rise of the ex-wine merchant to Nazi Foreign Minister. It is a book packed with all the intrigue, scandal and horror of Hitler's world.

"The End of the Beginning" is a collection of Winston Churchill's war speeches. They provide an illuminating running account of the war on all fronts.

Baseball fans will welcome another of the popular stories by John R. Tunia, "Rookie of the Year." And girls have a treat in "Jane Hope," a new story by Elizabeth Janet Gray.

"Reading is not rationed so make use of your libraries," encourages Miss Heyerdahl.

Milwaukee Coed Speaks Over Air

MILWAUKEE, Wis.—Miss Yoshiko Uchiyama, daughter of Mr. and Mrs. H. Uchiyama of 15-11-H, was one of three students of Milwaukee-Dowder College participating in an impromptu discussion on "After College—What?" over Station WTMJ on May 20. In response to a question from Nancy Gray, who conducted the program, she said she would be employed at Mt. Sinai Hospital during the summer to obtain practical training in dietetics.

Miss Uchiyama was employed at the project hospital while here.

Palmer Now At Twin Falls Office

TWIN FALLS, Idaho.—Ernest J. Palmer, former WRA official in the Burley area, will succeed Chester L. Mink as WRA field officer in Twin Falls, reported Otis Peterson, WRA supervisor at Salt Lake City.

Mink was instrumental in supervising the placement of some 2,000 evacuees in southern Idaho in 1943, and has part of the 1944 program outlined. He resigned to become livestock buyer for Safeway stores in the intermountain area, and left May 17 for Oakland, Calif.

Palmer worked with Mink in handling the farm labor in this area last year, Peterson stated.

Only about half of the 12,000 evacuee workers from the center last year will be available this summer, Peterson estimated, since a large percentage of them have been permanently relocated and a number gone into the armed service.

The Ten Thousand

Subduing the sultry humidity of camp, a group of Bk. 37 YPC members had the time of their lives at a weiner roast along the canal about two miles from the center last Sunday. Imagining pre-evacuation outings, games of cards, Chinese checkers, badminton and quiet and peaceful rest proved interesting. Headed by Hanji Akiyama as refreshment chairman, delicious food was devoured by the entire group. In the evening, climaxing a hilarious and happy day, a dance was held at Rec. 37.

"The camp is a small place, Bk. 26 is smaller, but the world is a small place too, and so we shall meet again soon," were the words expressed by Kintyu Itodal, president, on the disbanding of Bk. 26 Young People's Club. A gay social honoring the disbandment of the very active YPC was held last Wednesday night at D. H. 26. Especially honored were six popular Umbrigos: Fleary Okazaki, Nobs Akada, Tessa Tada, Sam Nakatsu, Sadanobu Mizuki and Bill Nakagaki, who left the center Thursday for the Eastern states.

In honor of Katherine Sawada, who left for Indianapolis, Ind., Wednesday, a hamburger party was held by a small group of Bk. 6 girls last Monday evening at the home of Mrs. Y. Shimomura, 6-6-F. An enjoyable time was had by all who attended.

To bid "Godspeed and good luck" to many relocating members of the Episcopal Church, a farewell party will be held in their honor tomorrow from 2 to 4 p. m. at Rec. 22. The honored guests are Dr. and Mrs. Paul Shigaya who are relocating to Spokane; Dr. Henry S. Ishibashi, who will make his home in Chicago; Kikue Kikuchi and Florence Kimura, relocating in Pennsylvania, and the Tazuda family leaving the center for Chicago.

Losing three of its active members this week through relocation of the Nakamura family, the young people's club of Bk. 28 tendered a farewell party to Nobuko, Toshi and Kimi, last Tuesday evening at S. H. 28.

Games were joined in by all members with hilarity and a weiner feed topped off the evening.
