Sunday night

Dearest Frank.

Did you receive my letter last week? The one I wrote on Monday, telling you about the talk with Miss Appleby? I hope so.

Thank you for the power of attorney. I receive it the same day as your letter.

I met Mr Kawahara yesterday and told him that his son was in with you. He said he heard from ~~you~~ his son too and he is glad that all of the Heart Mt. boys are together.

I am glad to hear that you are alright. Your letter does seem so cheerful that every one I see I tell them ~~that~~ all the boys are well and high spirit.

Those two play well together. Kathy is getting older for Eric. She plays with mostly girls. Grant is sure liked by all those Boy about boys as I guess and others they all like him and when Grant among them he look ~~so~~ natural. He knows when I am going to carry him outside the house. Is he happy! Kid sure makes a very happy father.

Frank you remember the young women club we have here? Well last ^{last} Saturday not ~~the~~ yesterday one of them asked me if I am going to have it the next day. I was so surprised and have forgotten that I told them that you are a way so I won't have it at all. Well this week other one

Since the Social Welfare
will give me P. G. I am not
going to work. The kids need
me and they certainly could
take my time ^{up} and keep me
busy. Your folks told me
not to also. They gave me
\$15 to ~~give~~ buy winter clothes
for kids. Two days ago was
quite cold especially in the
night so they (Kids) really
will need some warm un-
derclothes. Specially Grant
~~is out growing all the old~~
unders of Kathys. Frank
~~even~~ when Grant is sitting
down next to Eric they are
just the same size. Naturally
when standing Eric is taller.
but Grant looks huskier.

tells me that when the trail
is this - I should have them.
That made me think that
since they all had their turn
that they want me to have
my share so I decided with
Tillie and thought that I
might as well invite them
and get it over with and
~~now~~ tell them that Tillie
and I will resign from it
so ^{we} could be out of it. Well
Frank I had it today. All
I served was tuna ^{cons} (the at
containers they have plenty now.
Shall I buy just a bit for
reserve?) sandwiches and
cola syrup ~~and~~ with ice water
and jello. I ~~told~~ told them
that I'm having it to get it
over with. Tillie laughs
because I tell them frankly.

They don't seem to mind it. In fact they were glad I had it. I guess they expected so they wanted one. Tillie did help a lot. She was glad just as I was when it was over. I feel free tonight. This week they made me feel in some sense, not by word, I owe them a turn.

Well Frank your garden is growing good. Your friend George is still here. Did you get your slippers? Please don't worry about us dear because we are all well and getting along fine. Our next door boy (Mr Kuwada) went to Camp Savage today. Shiozaki son's boy hasn't gone yet tho. Might be next week

I certainly appreciate your
folks giving us some to help
out. I told them that I
will be able to get some P.
G. from Social Welfare from Aug.
to hold for them to become
they will have to help in lots
of other ways.

Well Frank I will close
now until next time.

Yours always

Lone

P.S.

What about your under
wean? Did you have one

I get them?
