

Block 3 Group May Leave for Minidoka Center

BAINBRIDGE ISLAND COMPRISE MAJORITY

Tentatively set to depart from here to the Hunt WRA center in Twin Falls, Ida., next Wednesday are 204 residents from Block 3, the vast majority of them Bainbridge Island, Wash., evacuees, with the WRA bearing the transportation cost.

This action was requested through E. R. Fryer, former regional director in San Francisco, and present director of the national WRA headquarters. The group will join their friends, relatives and other Seattle people in Hunt.

Their tentative routes may be one of the following: from Los Angeles via the Union Pacific; by way of Reno, or by way of Mojave. As accommodations are limited, no more can be taken. The miniature "evacuation" okayed by the Hunt project will leave Block 3 almost vacant with the exception of 4 families.

AUTHORITIES ON FILING INCOME TAX PAPERS HERE

To help the residents in filing income tax papers and to assist in other similar legal problems Deputy Collectors Alex Feramisco from the Fresno zone office, Bernard Brady of the San Francisco office and State Franchise Commissioner Lloyd W. Kiggins also from Fresno, are here since Wednesday. They are located in the Administration Bldg., across the hall from the Legal Aid office.

Kiggins and Feramisco were scheduled to leave this morning for Independence, Bishop, Bridgeport and other valley points to complete their trip itinerary before returning to their headquarters. Brady, however, will stay here until March 15 to complete the tax filing.

When asked whether those who filed returns previously but whose income was insufficient for filing at present were required to file, Tsurutani explained that all income tax returns are based on earnings for that specific year and that previous filings had no connection. However, he urged all those in doubt to inquire at the office. All returns for Federal tax must be filed before March 15 and State by April 15, he said.

Federal tax returns must be filed by all persons who are in the following categories: (1) Any single individual and any married person who is not living with wife or husband whose gross income for 1942 was \$500 or over. (2) If married and living with wife or husband whose gross income was \$1,200 or over.

For State: (1) Any single person whose gross income was \$5,000 or more or net income was \$1,000 or more. (2) Married person not living with husband or wife with gross income of \$5,000 or net income of \$1,000. (3) Married person living with husband or wife with net income of \$2,500 or more or combined gross income of \$5,000 or more.

NEW ORDER CUTS SUPPLY OF PAPER

EQUAL DISTRIBUTION TO BEGIN TOMORROW

Federal restrictions affecting production of newspaper was the order behind the reduction of Sunday newspapers in the center it was disclosed by George Yamashita, manager of the magazine and newspaper department of the Cooperative.

Answering many complaints from the residents on the sudden curtailment of the newspapers on Sunday Yamashita explained that the reduction in the number delivered to him was as sudden and surprising to him as to anyone else. That was the reason why the distribution was unequal in all the blocks, he said, beginning tomorrow every block will have its fair share of papers available.

Yamashita produced a letter from the circulation department of the Los Angeles Examiner which explained the situation. The letter reads in part:

"Due to Federal restrictions affecting production of newspaper this (Examiner) newspaper finds it necessary to reduce a percentage of circulation for conservation. We regret that it becomes necessary to reduce your order."

Although no definite word has been received from other papers yet Yamashita believes that the order will affect others.

LT. BOGARD RECEIVES STATEMENT FROM AIDE TO SECRETARY OF WAR

In reply to the question that has arisen most frequently "Why is a segregated unit being formed and will the combat team fight in the same battle areas with Caucasian troops?" Lieut. Eugene D. Bogard, head of the Army registration team, received a wire from Colonel Scooby, aide to Secretary of War, in Washington, D.C., last Thursday.

REPORT ON LAND OWNED BY MINORS OF ALIEN PARENTS

On the subject of land owned by minor children of alien parents, Russell T. Robinson, chief of evacuee property office, has sent information to the local project attorney's office.

Robinson stated, "It has been called to our attention that a number of evacuees who are not American citizens have been named as guardians of their minor children by California courts. No doubt, there are in addition, evacuees who are American citizens who have been acting as guardians of minor children of foreign-born parents. As such they are obligated to file their report not later than Jan. 31 of each year."

"The California statutes provide a severe penalty (fine or imprisonment) for failure to do so. There are similar statutes in Arizona and Oregon. For the most part, those who are guardians have not been represented by counsel and advised of their obligation in this respect, and have perhaps filed the necessary report."

He also stated that to those evacuees who, are known to be guardians have already been advised, but that there are undoubtedly a substantial number of others not yet informed. Although the time has elapsed for filing such reports, it is extremely unlikely that any penalty will be imposed if the reports are filed within a reasonable time, he added.

Additional information may be secured at the attorney's office in the Administration office.

FISHING STARTS ON GREAT LAKES

Seamen who have been impatiently waiting for an opportunity for resettlement from Manzanar and chance to get work on the water, received hope in a letter from Elmer Shirrell, chief of the Chicago WRA office, stated Walter A. Heath, project relocation head.

Shirrell indicated "that there may be openings for galley cooks, seamen, fishermen, merchant fishermen on the Great Lakes." He further stated that the season on the Great Lakes would open in 30 days and that interested parties should immediately take necessary steps to obtain indefinite leave.

Heath advises all qualified persons, who are interested, to come to his office this coming Monday or Tuesday at 1-2-3.

Locale Changes

Due to the Army registration, the adult education department has temporary relocation to Room 11. The education department, business office, has moved to 1-3-1, while the superintendent of education has moved to 1-4-2.

Secretary of War Henry L. Stimson has released the following statement through the colonel: "It is only because the War Department desires to aid the loyal Japanese-Americans that a separate unit is being formed. Millions of people are not familiar with the Japanese-Americans."

"By forming an all Japanese-American combat team on a voluntary basis the American people will be presented with incontrovertible facts that there are loyal Japanese-Americans who are willing to fight for the United States. If the volunteers were spread throughout the Army, their enlistment would attract little attention but the formation of all Japanese-American combat team composed entirely of volunteers will help tremendously to convince those who oppose the Japanese-American."

"It is hoped that the Japanese-American combat team will become one of the outstanding units of the American Army. This combat team will fight with and as a part of a Caucasian force. The War Department has faith in the loyal Japanese-Americans."

"This is a splendid opportunity to demonstrate to the American people and to the War Department that Japanese-Americans have faith in America. The success of the program and the voluntary feature of induction will be a great step forward in the rehabilitation plans for Japanese-Americans."

4-Months Clothing Allowance to Begin

With completion of July, August, and September clothing allowance payment to over 9,000 residents, the fiscal department announced that \$94,000 was paid out in the following manner: \$22.25 to the one to seven-year-old group, \$32.25 to the eight to 15-year-old group, and \$37.50 to those 16 years and over.

The next payment will be given for the four months from October through January according to the I. D. number. This will enable all families to receive payments in family units, whereas the alphabetical method caused splits in families where names were similar. The person with I.D. No. 1 will be the first to receive clothing allowance for the October through January period. The payments will be made as soon as January earnings are posted.

THE GIST OF IT

The old adage that it is impossible to please everyone is proving true in regards to the Peace Committee. In the wake of such criticism that it is "a watchman for the dance hall" or that "the committee, behind the name of justice, expelled the 'dogs' and now is trying to remove certain groups of kibels from this center" are barks that may prove worse than the actual bite, or vice-versa.

Because there has been consistent criticism on the nature of the Peace Committee, the Manzanar Police Department, wishing to emphasize the good work of this committee, has voiced its cooperation. In order to establish and maintain peace, this union between leadership and residents was pursued through the formation of the Peace Committee.

Destructive criticism as such cannot by itself rectify the elements that breed disfavor unless it is followed by suggestions for a constructive program in which the ailing parts can be assimilated and dissolved.

The administration and the Peace Committee, which was formed at the request of the residents, is the core of Manzanar. The coordinated action of the two groups is an endeavor to add a positive note in the administration of peace and order in Manzanar.

To participate in the political responsibility that governs Manzanar is an act that residents may engage in through various methods, among which is the continued support of the Peace Committee.

Telegram Stresses Volunteering Symbol; Affect on Doctors, Dentists Limited

Lieut. Eugene D. Bogard, head of the local Army registration team, received the following telegram:

"Although the present program is voluntary, the combat team will be raised if necessary by draft. However you should make every effort to obtain your quota of volunteers since the advantage of the voluntary program to the Japanese-Americans cannot be over emphasized. They must realize that a voluntary combat team constitutes a symbol of their loyalty which can be displayed to the American public and to those who oppose the Japanese-Americans. Involuntary induction by means of draft great-

ly detracts from the symbol. "Colonel Sobey, "Aide to Secretary of War."

"Qualified doctors and dentists may answer Question 27 on Form 304A as follows: 'Yes, if I am commissioned.' Every effort will be made to obtain commissions for them although the medical personnel of the combat team will be limited because of its size and for that reason not all of them may be taken initially. Doctors and dentists should also execute form OPB2 which is being mailed to you."

INFORMATION ON ROCHDALE INSTITUTE

A letter was received by the Consumer Enterprises Division office announcing the training course of those who are interested in Cooperative at the Rochdale Institute.

Because of increasing interest in Consumers Cooperative in all of the War Relocation centers, both the Army and Navy have approved Rochdale Institute, national training school in Consumers Cooperation, as an acceptable school for student relocation. This was announced in the War Relocation Authority Information Digest, No. 30 of Jan. 2, 1943.

Students have already enrolled for the Institute's spring training program, beginning on March 8, from Poston and Tulelake. Rochdale Institute offers basic training in organization and administration of Consumers Cooperative Enterprises. These courses, directed to actual employment opportunities of Cooperative, may be of special assistance to students who wish to serve both in Cooperative organizations over the United States and in the War Relocation centers.

Persons who are interested in the Rochdale Cooperative training course are requested to contact Dr. William J. Bruce, Superintendent of the Consumer Enterprises Division in the Administration building.

SAVE YOUR SOAPS

The purchase of facial and washing soap has become a problem to the Cooperative, as well as to the WRA administration. The Cooperative was fortunate in purchasing 10,000 bars of soap, which are being distributed to the residents at 4 cents a cake. Mr. S. Sugimoto, assistant general manager, announces that another large shipment is expected in the near future, and that the residents be reminded to conserve their soap as much as possible.

REBATES ARE BEING PAID

On Feb. 16 and 17, the residents of Blocks 1 to 6, inclusive, were being paid their rebates by the Manzanar Cooperative. Split-ups in the midst of the pennant chase are very costly at present, but that's what's happening. The Gophers have come thru with 4 wins, but the next game could very likely be another story, what with the Gophers chinning two more losses in Rabbit Kaysauga and Daniel Fukushima. Both of them were among the outboard trailers this week. Rabbit to reunite with his family in Jerome while Dahnny heads Poston way.

"I hate to go," was all the lilt gent was able to say. When inquired about his intentions, sez he, "Guess I'm gonna be huttin' but a bum. I do wish to thank all my friends who saw me off and I'll really miss 'em. Sure is heck to leave a year of acquaintance behind."

Hiro, but "Rabbit" to all, is an all-out Gopher player, utilizing his ability in any field and dangerous too. His record shows him to be 19, 4 or 5 feet sumptin' and has obtained his all-around training in football baseball and track, since his frosh days. Being cross-town rivals, I member him to be cap of his hoop squad his first year.

HIS MEAT
His favorite sport, of course, is the cage game. Four years ago, his team hit the winning streak and what do you know...JAU championship, and the lil man was chosen as All-Forward with it.

Now that he's gone, we'll reveal his A-1 hobby—likes to have a skirt around every block.

DANIEL FUKUSHIMA TOO
Now there'll be a tall vacancy left in the Gopher center spot. Danny also left with a sad heart...we think. Like all his mates, basketball comes first on the list.

...must have been, for he never donned anything but hoop shorts throughout his high career and made off with the honor of being captain for two successive years. Danny, like all the Montebello stars, is a dynamo on the hardwood, leading the Gopher quiet through for a champ ribbon in '39 and was high scoring center for that year. Entering AA competition the next year for the first time, he wangled and hurraied his way, to make the AA All-Star with high scoring power.

You've heard of rich men, poor men, beggars and thieves, but this Danny boy is the son of a banker and publisher. We might further add that he has some pretty serious ideas of becoming a history and political science instructor, having attended Jaysees in Fullerton and Pasadena, but abandoned the idea of proceeding to UCLA, due to evacuation.

HATS OFF
Our hats are off...as we bid farewell to these two pillars of Manzanar's Sports Hall of Fame...Mr. Hiro Kaysauga...Mr. Danny Fukushima.

The Spartans' defeatless pipe dream was thrown for a loop when the victory hungry Toppers sent the hi-ridin' Island squad for its first hoop loss, 34-15 in a postponed BB league.

MAS TAKAHASHI LEADS AA LEAGUE

Mr. Public Speaks . . .

Since publishing the last letter, we received another of similar nature. People have become conscious of fights and violent conduct in more recent games. Their complaints come directly to this dept. We can do no more than write the usual bla-bla about clean sport. We both, but we're tired of writing and you're tired of listening. So we'll both listen to what Mr. Public has to say on the subject.

Dear Sports Ed.

I read in the Free Press about this fellow's letter concerning officials and wondered if I might be able to add my two cents worth into this. An interesting thing to note is, top refs get about \$175 per game, plus all expenses, which is a lot of money. Fellows who officiate games shouldn't let the taunts and cracks get under their skins. Member, just as soon as they begin to pass up the ruff stuff, that's their downfall.

Can't there be an officials' class here in Manzanar? Maybe the rec. dept. can get older experienced fellows to teach them the more complicated rulings. Will gladly help out with what little experience I've had . . .

H.K.

Olivers Rally to Beat Padres in Tie Playoff

A Padre, an Oliver team, mix together in the double Aye postponed tie at court 15 and the cream comes to the top...thus we judge the Oliver cagers as they eke out a bucket margin on 26-24 over the Padres, Friday evening.

With both fives raiding the other's net for a heavy spree the Olivers panted over a high scoring 22-21 half count.

Conservative playing on the part of the rivals is partly the result for the low scoring in the last half. Olivers' H. Ukita and D. Sakamoto supplied a bucket apiece while the losers' Hattori made the only, plus Tashima's gift throw.

Dick Sakamoto In Second Place

The smooth and elusive Mas Takahashi, representing the league contending Zeros, tops the AA cusaba scoring honors this week with 57 digits in four games giving him a sweet 14 point average. Mas is the reason why the Zeros are still undefeated.

The tricky fugitive from the Olivers riding high in second place with 53 points is forward Dick Sakamoto. In the third spot is Yuichi Hirata, Zeros, with 41 markers, while Danny Fukushima is leading the Gophers with 37 pointers.
