

WAAC ACCEPTANCE DEPENDS ON RESPONSE, SAYS LIEUTENANT

PURPOSE RELATED BY LIEUT. HORAK

That the War Department's decision to accept Japanese-American women for volunteers in the Women's Army Auxiliary Corps would depend a great deal on the evacuees' response, was the essence of the message Lieutenant Henriette Horak brought to the girls at two meetings held Wednesday morning and afternoon at 1-14.

The WAAC officer specifically stated that she was not here for recruiting but only to explain the purposes, functions and requirements of the Women's Army.

Introduced by Project Director Ralph P. Merritt, the Lieutenant began by saying that she was delighted with Manzanar and the warm reception she received. She stated that the WAAC is not open at the present time for Japanese-Americans but believes that it will be within a few weeks.

QUALIFICATIONS CITED

In order to qualify, a volunteer must be a citizen between 21 and 45 years of age inclusive, good health, with character references. She must pass the mental alertness test, physical examination and interview with an Army or WAAC officer. After she is accepted, she reports to one of the four training centers: Ft. Des Moines, Ia., Ft. Oglethorpe, Ga., Ft. Devens, Mass., or Daytona Beach, Fla., where she undergoes a five-week basic training. On conclusion of the course, she may choose to accept active duty, entrance to Specialty School or Officers' Training School. College education or special skill is not a requisite but they would be more advantageous.

Address Changes Cleared by Ennis

CHANGE OF ADDRESS NOTICES NEEDED ON RESETTLEMENT

Edward J. Ennis, Director of the Army Alien Control Unit of the Department of Justice, announced that the original evacuation of persons of Japanese ancestry from the West Coast, or their removal from an assembly center to a relocation center, does not constitute a permanent change of address. Therefore, change of address notices need not be filed by aliens under the regulations of the Department of Justice to cover those two moves.

Japanese aliens need not file the notices of change of address upon their arrival at a relocation center. The three notices of change of address were to the United States Attorneys, the Immigration and Naturalization Service, and the Federal Bureau of Investigation. Such notices will need to be given when aliens depart from a relocation center pursuant to indefinite leave.

Small Apartments For Young Couples A Reality Soon

The long-awaited program to facilitate small families and young couples in smaller apartments may become a reality soon, Edward Chester, head of housing announced. With the approval from the War Relocation Board, plans for an order of lumber and nails to be used for such division has gone out. The housing division, however, requests the patience of the residents.

The present plan includes the division of certain apartments in Block 3 which will remain empty until the work is done, and certain apartments in other blocks as the need requires.

All residential problems may be taken directly to the housing division which, despite difficulties, is eager to help solve housing problems.

Truck Uses Cut

To eliminate any misunderstanding over the use of government owned vehicles, the administration announces that trucks and cars can be obtained only for legitimate governmental use.

Requests for motor transportation must be signed and justified by appointed personnel division heads. Trucks are not available for excursions to the farm area under these regulations it was announced.

Hooper, Boczkiewicz Return From Personnel Conference

Returning from Procurement and Accounting Conference held February 26 to March 6, at Denver, Colo., was Edwin H. Hooper, senior administrative officer; Ransom C. Boczkiewicz, principal fiscal accountant. The conference was attended by senior administrative officers from every project except two which had other officers to represent them.

These conferences were held as a preliminary to drawing up new Personnel and Accounting manuals which are to be adopted in the near future. A more uniform system of fiscal reports will result from the new accounting system, putting all centers on a more or less comparable basis as

Transportation, Storage To be Provided by WRA

WAREHOUSE AT CONVENIENT POINTS FOR FREE STORAGE BEING ARRANGED

Transportation and storage of personal property will be provided by the WRA through the Evacuee Property Office, it was announced today by Project Director Ralph P. Merritt. The establishment and operation of warehouses at convenient points for the free storage of evacuee property is being arranged by Russel T. Robinson, chief of the Evacuee Property office.

Residents of Manzanar who desire their property transferred from private to government storage should make application to the project director. An evacuee on indefinite leave may also file such a request with the project director or by writing to the Evacuee Property Office at San Francisco.

Household and personal effects may also be shipped to the relocation center from the resident's former home or private storage, provided there is available storage space here. Applications for such shipments should be made to the project director and if approved will be handled by the Evacuee Property Office. Shipments to the projects will not be made in individual lots but in carload lots by lumping together several approved applications to make up a car shipment, it was stated.

Only one shipment of household goods and personal effects will be provided by the WRA from the evacuee's place of former residence or place of storage to a point outside a relocation center. He cannot however, have goods moved to government storage and then to a project and then again moved to an outside point at government expense. The transportation section of the Evacuee Property office, however, will give traffic information and assistance, without cost to any evacuee who wants to arrange for transportation and

300 VOLUNTEERS AT MINIDOKA FOR COMBAT UNIT

WASHINGTON, D.C., March 8.—(By Wire)—A total of 300 American citizens of Japanese ancestry at the Minidoka Relocation Center at Hunt, Idaho, have volunteered for service in the United States Army, the War Relocation Authority announced today.

Volunteers represent 19 percent of those eligible for Army service at Minidoka. As was announced on Jan. 28, by Secretary of War Stimson, those meeting requirements for Army service will be assigned to duty in this special Japanese-American combat team.

Forty-one men who are married, and 24 with children, and 11 Japan-born men who are not eligible for the service at the present time offered themselves as volunteers.

Registration and acceptance of volunteers was expected to close at all 10 of the relocation centers on March 10.

NEW PERSONNEL IN POLICE FORCE

The Police department announced today new personnel. Chief of Police is Kiwoshi Higashi; assistant chief Yo Ishida; captain, Harry Okamura; lieutenants, Dick Tani, George Endow, Kojiro Fukushima, Thomas Takeyama; desk sergeants, Clarence Miura, Fred Harada, Jack Kurokawa; and policewoman, Kiiko Natsume.

The department declared that too many persons are using the school block 7 for thoroughfare. They request that all persons not requiring the use of the block stay away. All car drivers are urged to be more careful and prevent unnecessary accidents.

Girl Fire Fighter Formation Planned

Manzanar may have women "smoke-eaters." With the majority of manpower leaving camp, this may become a realization. Chief Robert Kubota said in announcing tentative plans to start a fire fighting unit composed of girls. A class in instructing women to learn the techniques of handling the various equipment and apparatus is now in the making. Until the formation of the new equipment, however, this unit is not definite.

Clothing Allowance WRA Responsibility Declares DeWitt

General J. L. DeWitt, Commanding General of the Western Defense Command and Fourth Army, in a letter to D. S. Myer, WRA Director, called to the attention the fact that the headquarters of the Western Defense Command is receiving numerous inquiries from Japanese evacuees now residing in War Relocation Authority centers concerning the Wartime Civil Control Administration clothing allowance program.

Since the Wartime Civil Control Administration has no further responsibility in this connection, evacuees are advised that the issuance of clothing is the responsibility of the War Relocation Authority and correspondence with the headquarters of the Western Defense Command must be discontinued.

This is especially urgent in view of the fact that the policy of this authority made clothing allowances retroactive to July 1.

3500 Shoe Cards Issued Here

That more than 3500 shoe ration cards have been distributed was disclosed by Mrs. Ruth Maresch, appointed by the Lone Pine Ration Board to supervise emergency shoe rationing here.

Retracting previous orders, Mrs. Maresch stated that from now on orders for shoes must be okayed by the block leaders. She added that 10 persons can come to the office for ration cards from each block per day, but applications will not be accepted after 3 p.m.

Special Message For Ex-Arizonians

WASHINGTON, D.C., March 10.—(Special)—To inform former residents of Arizona living in relocation centers on state income tax. Solicitor Philip M. Glick, wired the following telegram to R. B. Throckmorton, project attorney: Arizona State Tax Commission has officially advised that persons evacuated from Arizona and living in relocation centers remain Arizona residents for state income tax purposes until they have obtained WRA permission to depart and establish residence elsewhere.

Local Women Impressed by Pert WAAC Representative

Trim and immaculate in her olive-drab uniform of the Women's Army Auxiliary Corps, Lieut. Henriette Horak impressed and was enthusiastically received by eligible and interested young girls and women of Manzanar during her two-day stay here.

Born in Prague, Czechoslovakia, she is an American citizen by naturalization. Relating the experiences of her civilian life, she told of coming to the United States when she was 15 and attending American schools. The first words she learned were "Please give me a pitcher of ice water," taught her while she was on board a ship bound for America. She majored in journalism and sociology in the University of Oregon, graduating with a B. A. degree. Her former jobs were: report-

er on the San Francisco Chronicle, publicity worker for the San Francisco Golden Gate International Exposition and advertising manager for the California Dry Fruits Co. With the establishment of the WAAC in July, 1941, she was among the first to volunteer her services and skill to the country of her adoption. After basic training she was selected for Officers Training school and graduated with second lieutenant bars. She definitely stated that Army life was not an adventure, not a glamorous job but a hard and satisfying one. "I wanted to help my country," she said simply, when asked to explain why she volunteered. "I also have a personal grudge. My father died as a result of the last World War."

Galen M. Fisher Writes an Open Letter to Nisei on Registration

(Galen M. Fisher, of 11 El Sueño, Orinda, Calif., is serving on the West Coast Committee of the National Student Relocation Council.—Ed. Note)

Dear Fellow-Citizens of Japanese Ancestry:

Letters asking counsel on registration and the Combat Unit have come lately from several centers. Instead of simply replying to the individual inquiries, I am going to be bold enough to write this open letter to all Nisei, not to give unasked advice, but to report how the issues look to me and all other genuine friends with whom I have talked. By "genuine friends" I mean Caucasians who are fighting to protect the constitutional rights of all minorities, especially of Japanese-Americans.

Let me say right off that all of us, without exception, feel it would be a serious mistake for you not to register and to cooperate whole-heartedly with the War Department and the WRA in forming the Combat Unit, as well as in applying for release for free resettlement, unless family conditions prevent.

GRIEVANCES MUST NOT BLIND

We know that you have been cut to the quick by the tough experiences of the last year—not so much for the physical hardships, as the denial of a chance to prove your loyalty and make your utmost contribution to the war effort. Many of us have shared your sense of grievance on this account, and have worked persistently to bring about a change in government and in the public mind. But most of you have swallowed your grievances and endured the "slings and arrows of outrageous fortune" with marvelous patience, in the spirit of patriots ready to serve the country to the limit. Knowing as I do the tragedies of which you and your loved ones have been a part, my heart bleeds for you. But all this makes me and your other steadfast friends all the more anxious that you do now let objections to the manner of the registration or pent-up resentment over past treatment make you flout the Government's offer.

As to the Combat Unit, high officials labored for months to bring it about. Those who now refuse to cooperate with the War Department will be throwing down, not only the liberal Army officials, but also the President, for on February 1st he wrote to Secretary Stimson endorsing the plan and testifying to its high purpose in these words: "I am glad to observe that the War Department, the Navy Department, the War Manpower Commission, the Department of Justice, and the War Relocation Authority are collaborating in a program which will assure the opportunity for all loyal Americans, including Americans of Japanese ancestry, to serve their country at a time when the fullest and wisest use of our manpower is all-important to the war effort."

REFUSAL WILL FEED AXIS PROPAGANDA

Refusal to cooperate will also poison the public mind against all evacuees, for the anti-Oriental reactionaries could say, "We told you so; they were disloyal all along, and now their true colors have come out." It would give a most effective item of propaganda to the Axis. And it would hamstring groups like the Fair Play Committees that are working to preserve the democratic rights of Nisei and all minority groups.

BIG NAMES AMONG FRIENDS

Right now the Committee on American Principles and Fair Play is being formed to carry on that fight. President Sproul of U.C. is Honorary Chairman, Maurice Harrison is the head of the Advisory Board, Dr. A. C. McGiffert is Executive Committee Chairman, and Mrs. Harry Kingman is Executive Secretary. General Barrows, Dr. Henry Grade, Dr. Robert Millikan, Dr. Ray Lyman Wilbur and many other leaders over the West Coast are backing it.

I feel sure that you won't let them down, but will continue to hold fast to the ideal America, even though the real America, under wartime pressure, has fallen far short of her ideals.

Very sincerely yours,
Galen M. Fisher (signed)

storage of effects at his own expense.

Five hundred pounds of personal effects will be shipped free for residents going on indefinite leave in addition to the baggage transportation to which each person is entitled in connection with the purchase of railroad tickets. In order to qualify for this additional freight shipping service, it is necessary that the evacuee going on indefinite leave take full advantage of the baggage shipping privileges, it was pointed out.

There are certain exceptions in the shipping of personal belongings. No perishable goods will be shipped by the WRA; no commercial goods, except to a project when the shipment has been approved by the project director and no goods will be shipped when in the opinion of the officials of the Evacuee Property office the value or its location would not warrant the cost involved.

gashi, Taeko Yatsukura, Mrs. Yukawa, Nobuko Tanaka, Daisy Yamada and Nancy Kanegal. Kay Murakami entertained with her hula dancing.

100 pounds. The qualifications may have to be adjusted for Japanese, the lieutenant smilingly added. A new bill in Congress, if passed, which would make the WAAC a part of the Army may result in lowering the age limit to 18 years. It would also mean that WAAC members must be in uniforms at all times, while the present ruling permits them to wear civilian clothes when off duty.

OTHER REQUIREMENTS

Among other requirements, a volunteer must not have dependents, or if married, no children under 14 years of age. Overseas duty is optional, although a unit of 50 or more members may be assigned to non-combatant duties wherever the Army serves.

There are 632 jobs that a woman may fill and thereby release a soldier for combat duty. There is a great demand for linguists, she remarked, adding that the WAACS serving now in Africa spoke fluent French. Some of the positions are drivers, telephone operators, cooks, entertainers, x-ray technicians, hospital assistants, stenographers and secretaries.

"As far as I know, there will be no segregation," Lieut. Horak answered when asked if Japanese girls will form a separate unit should they be accepted.

In dismissing the assemblage, the officer voiced a desire to recruit the volunteers and thanked everyone for their attendance. The enthusiasm was far more than her greatest expectations, she concluded.

SHARED SURPRISE . . .

Did we say something? It keeps us guessing and the surprise is mutual—the true co-op way. "Your joke is my joke," might have been anticipated, for what headgear we have must do for the duration; no splurging. So that trims down the Saturday sermon into a thought or two . . . later.

Evidently what the page compositor or someone filled out the column which led to a hasty mis-conclusion. To clear the confusion the Co-op class is still being taught by Wm. J. Bruce and Lee C. Poole on Tuesday evenings from 7 to 9 at 7-3-1.

Although the present class discussion concerns events that took place midway back in the last century, those particular trends were ahead of other better known facts. The study of their development offers very apt parallels that tie in with the present scene.

That "So You're Going Out, Huh!" clamabake takes place at 7-11-3, Mondays and Thursdays; 6:30 to 8 p.m. Six lessons and you're recommended as responsible and fit to go out.

COBBLING QUERIES . . .

If there's a busier place in town than block 3 ironing room, we'd like to know. Of course there are sporadic canteen counter scrambles when the grapevine buzzes an alluring report, but for consistent industry the shoe repair staff is a main contender.

In between yanking off worn heels and soles, gluing, shaping, nailing and sewing refurbishments, there aren't many moments for coasting or chatter.

Sammy, the counterman, would be checking the shoes brought in and looking for those repaired—more often than not having to hurdle other piles to find them. You wouldn't know Harry was the manager with the nails in his mouth working with the rest. Kaz methodically mends away salvaging precious shoes.

Heretofore the men have been working all day Saturdays; we're all for giving them a half day's rest and to keep them from being completely swamped, won't you do your part by not bringing in your shoes on Saturdays?

It would help in keeping the right sequence to facilitate their work if those given repair cards use them on the date stamped on the back. And please don't ask to have repair work done without the card—out of turn. It's hard to turn you down, but it obviously must be done.

As for the January quotation you recall that was the first month of operation and not quite three weeks of it. This figure was necessarily an estimate and could not include the stock inventory. However the accounts for February take that into consideration and the bookkeeping is out of the red—just barely, but that's enough.

PARTING PENSEE . . .

When Mr. Ralph Merritt built his graduation night talk around George Washington, we couldn't help but visualize the Continental Army at Valley Forge, ragged of clothing, the frozen snow stained with blood from their bare or shrededly covered feet. Then we thought of the local rush to persuade the powers that be that "baby" must have shoes. Finally our thoughts were crowded with blistered, wounded feet that are dragged across the world's battlefields and blacked out with the sight of those boys and men whose stubby legs could no longer wear shoes . . .

Merritt to Speak At YP Fellowship

Project Director Ralph P. Merritt will be the guest speaker at the Young People's Fellowship this Sunday night from 6:30 at 15-15. He will speak on the subject "Youth Looks Ahead."

All persons, regardless of religious affiliation are invited to attend this Fellowship Hour. Elmer Uchida will be the chairman, while Takuo Hohri will lead a short singspiration preceding the talk.

YWA Confab to Hear Breisemeister

Lady Fire Inspector May Add to Staff

Commending the Fire department and the residents for excellent work in fire prevention, William E. Hoffman, Fire Protection advisor from Washington WRA office, stated that Manzanar has had a low fire loss considering fire hazards.

Stressing the importance of renewed vigil, he said that material for rebuilding is almost impossible to obtain if once lost by fire. Hoffman added that some sort of reward will be given to the center with the smallest fire loss at the end of the camp year.

Expecting to hire a lady fire inspector, Frank Hon, Fire Protection officer, says that anyone interested may contact the fire-department in Block 13.

Hoffman, on a routine inspection tour of the camps, will leave today, for Tulelake WRA center.

Typists, Steno Jobs Open

Shortage of typists and stenographers in almost all of the departments was announced by Arthur Miller of the Employment Office. He added that persons from 18 years of age and over without limitation on age are acceptable.

Bookkeepers, accountants, and irrigation laborers are needed, while orderlies and nurses' aids are in demand at the hospital.

Anyone interested in applying for these jobs should go to the Employment Office in 1-5-4.

'31'ers' to Hold Installation Dance

The "31'ers," a new organization composed of the young people of the block, will present an installation dance on Saturday, March 20, at 7 p.m. This affair will be staged at mess hall 31 and bids may be had at 35c per couple.

With the anticipated arrival of Miss Esther Breisemeister on Tuesday, March 16, a busy schedule of events has been released by the local YWA. Since Miss Breisemeister has visited many of our former Manzanar residents in the mid-west as well as the other relocation centers, the YW staff believes that there will be much discussion on the subject of resettlement which can be shared by the various organizations of the community.

Miss Breisemeister's tentative schedule follows:

Wednesday, March 17: 9 a.m., Mrs. Dille's staff meeting, conferences with Project Director Ralph Merritt and administration officials: 6:30 to 7:30 p.m., meeting with dormitory girls: 7:30 p.m., YM stunt night, 19-15.

Sporting HANDS

by YO HARA

That brain-racking task of selecting All-Star teams is just around the corner. Picking only five outstanding players from each league out of a large group of talented cagers is going to be anything but a mild job.

AA STAR-JAMMED LOOP

Looking over the double Aye circuit, the first four teams in the league standings include the Gophers, Zeros, Golden Aces, and the Oilers seem to have most of the All-Star candidates in their rosters. The Gophers, until they lost the services of Tak Goto, Danny Fukushima and Hiro Kayasuga, had three key men and prospective choices for the mythical five. Ray Goto and Moto Shimizu, however, have been playing fine ball and are good bets for the guard positions.

The Zeros are in Mas and Weesh Takahashi, two of the finest forwards in the loop. Yuichi Hirata and Tak Isozaki are their offerings for the guard berths. The Golden Aces' bid are Walt Okamoto, guard, Tak Taketomo, center, and Hara, forward. Tachi Ukita and Dick Sakamoto have been the Oliver mainstays and can't be left out among the selections. Els Hochi of the Manzknights and Padres' George Hattori are other sure possibilities. Both cover the forward stations.

AYE HAS TOP SCORERS

The Buc Babes, Buccaneers and Broncos will probably all place men in the Aye category. Babes' high scorer Toru Shimizu and Duke Murata are guards. The Bucs offer Nob Murakami, a sharpshooting forward. Roy Ishihara, guardian of the pivot post has been the outstanding Bronco player. John Hanamura, another center, has kept the Mailmen out of the scoring. Dar-U-Gars, Geo. Izumi and Vols' Kaz Hara have been scoring threats for their respective forces with both playing from the forward angle.

BB HAS 'EM TOO

The BB brigades also have their share of the distinctive cagers. Sears have Tad Mukai, guard, and Ich Satō, center. The Bel Aires have a sure bet in George Okumuro, league scoring artist and scrappy center Yosh Yasuda. Min Imai, forward, and Harry Kikuta, tip-off man, are the Knights' prospects, while George Sugawara, versatile guard, and George Tamura are the Toppers' top hoopers.

The Bee and Cee leagues also have more than their share of the bright performers which is one reason why it is going to take a little of that sharp thinking before the All-Star positions are properly filled.

MYOSE RIDES EASY IN B

Riding comfortably in the lead with a 43-point margin ahead of his closest competitor, Vandals' vanguard, and prize package, Sus Myose heads the single B scoring parade with 109 points compiled in 5 games. Being considered one of the most consistent players, he nevertheless led net honors when

Improved Volmen Tackle Broncos

Coming down the home stretch in the Aye league casaba schedule, the once defeated Broncos meet the Vols at court 9 tomorrow following the Oiler-Dingle-hooper battle on the same grounds.

If the Broncos come home with the win, they will tangle with the loser of the Babe-Buc clash being played today to determine the crown holder and who's who in the second spot.

The Vols however, have been victorious in their last two tussles and will be in full regalia for the Broncos.

TOP FLIGHT CASABA TOSSERS TO SEE ACTION IN TOURNEY

Basketball will not dim out with a final golden finish. This was evident as a big four league elimination tournament is in preparation and being sponsored by the Athletic department. Three top-flight fives from four of the respective leagues will vie for tourney honors. Gophers, Zeros and Aces will make up the double Ayers, who will be paired up with the Bucs, Buc Babes and Broncos from the A loop.

In all probability the Sears, Bel Aires, Manzknights, Toppers will be the guests from the BB. Four teams were chosen due to the Bee teams' incompetent ability to provide competition. Vandals and Vikings were chosen to represent the Bees.

"Due to unforeseen incidents apt to occur in the coming weekends, the date will be announced later. However, it will be after the completion of the leagues has died down," states "Kow" Maruki of the athletic force.

With the minor leagues providing preliminary matches, the dates slated were: Thursday, 6:30-8:30 p.m.; Saturday and Sunday afternoons from the usual time, 1:15 to 4. Site will be at 9.

Although this is an elimination affair, the finalists will play-off twice.

It was also to be made clear that teams participating will not be permitted to pick up players other than their original roster members.

BB POT AT STAKE; KNIGHTS-CV MEET

With the BB cage crown pretty well in the bag for the Sears outfit, four teams, namely the Knights, Villagers, Bel Aires and Toppers, will fight it out for second place.

Playing the first of the double billing will be the Manzknights attempting to knock over the Villagers at rec. court 2 today, while the Toppers and Bel Aires take over the last of the bill on the same court.

For their four wins, Knights drubbed the Bel Aires, Irregulars, C. V. and Sears while the Aires bumped the Mice, Villagers, Irregulars and Toppers. The Villagers have come to tie both teams with three forfeits over the Irregulars, Spartans and most recently the Mice. They each have 4 wins and 3 losses.

SECOND CHILDHOOD—Tracking down to the canteen to purchase tops the other day... yes, I said tops... were Aces Pete Takeuchi, Ich Matsuzawa and Isoo Hara and Haruo Horii... although a little awkward at it at first, they got the string of it later on... maybe that explains all those dug-up holes on the Blk. 12 casaba court... MUST BE THE MIXTURE—on the surface of the Rec. Cr. 1 basketball court that's causing the players, including their faces, to emerge half white and half black after a hard cage battle... Yoder Kishi of the Bel Aires was a fine example recently when he had on the "mixture" from head to toe after a game... but alas, the victory smile showed convincingly on his doily pan...

GIRLS' NOTICE—Received notice that a GAA meeting will be held at the YMA, 19-15, next Sunday, March 14... time, 2 p.m. MIDGETS HAVE THEIR OWN—Too young for a dance, so the Midget leaguers will be singing their own victory party March 27, Saturday... awards for champions, sportsmanship and high scorers will be presented to these young heroes... STILL LOST—Appreciation would be greatly shown by the responsible recreation parties, if the long called lost casaba pills would come rolling home...
