Advisory Board Election Reaches Half-Way Mark

Completion of elections for Advisory Board council members of four Areas was announced this week by Town Hall. Areas which held elections were Area A (Blocks 2 and 8), Noritatsu Nakai of Block 8 elected; Area D (Blocks 13, 14, 19 and 20), George Ikari of Block 14; Area E (Blocks 21, 22, 15 and 16), H. Nakamura of Block 21; and Area I (Hospital area, Blocks 29, 34, 35 and 36), F. Nishimura of Block 29.

SIX MORE AREAS

Other six areas which held their elections last night are Area B (Blocks 3, 9, 4, and 10) at Block Office 10; Area C (Blocks 5, 6, 11 and 12) at block 12; Area F (Blocks 17, 23, 18, and 24) at 24; Area G (Blocks 25, 30, 26, and 31) at 31; and Area H (Blocks 27, 22, 28 and 33) at 33.

From the Nation's Press

MRS. ROOSEVELT AT GILA

On receiving numerous letters about conditions in the relocation centers, Mrs. Eleanor Roosevelt decided to see for herself what the camps are like. She made a one-day visit to the Gila Relocation Center where she talked to many evacuees.

"The sooner we get the young Japanese out of these camps the better... The 13,000 Japanese people in the camp are living in conditions that certainly are not luxurious as some report. Neither can it be said that they are not decent, though I wouldn't like to live that way. They are in barracks something like those we built for migratory workers. There are no partitions and they have rigged up canvas and matting to give each family some privacy..."—Los Angeles Times.

REPERCUSSION

CHICAGO, April 25—Three Japanese-Americans who were employed by the Curtiss Candy Co. on its Marengo (Ill.) farm are now unemployed as a result of public protests which forced their withdrawal from the district. Otto Schnering, president of the company, said.

The resentment existing among city officials and servicemen's families against the presence of American-born Japanese after (Continued on Page Three)

Speech by Ralph Merritt Climaxes Parade of Band

Last Friday school was dismissed so that the students could participate in the Boys and Girls Week parade.

Nothing could stop the parade, not even the dust. As the parade reached the Administration building, the spectators witnessed an amusing sight, for both teachers and pupils came marching down the street with angry faces.

After everyone had taken his place, the program commenced with the singing of the "Star Spangled Banner."

Project Director Ralph Merritt gave tribute to the students. He spoke about loyalty and gave as his example P. T. Barnum, who

ADULT EDUCATION OFFERS COURSE IN ECONOMICS

By an arrangement made with the Henry George School of Social Science, the Adult Education Department will offer a free correspondence course in economic philosophy. There is no tuition fee or charge of any kind, but students must buy a textbook which costs \$1.00.

The course, Fundamental Economics and Social Philosophy, starts with the premise that poverty and the fear of poverty are the primary causes of social maladjustments—such as crime, prostitution, war, industrial disputes, race prejudices, and so on. The basic course of the school's curriculum is an inquiry into economic principles; what is wealth, how it is produced, how it is distributed and why there does not seem to be enough to go around.

The course is open for 10 weeks or less, on a more assignments a week, depending upon the progress made by the students. The textbook, "Progress and Poverty," written by Henry George, one of the world's greatest social philosophers. The school is chartered by the Board of Regents of the University of the State of New York. Registration for the course will be taken at the Adult Education office at 1-3-2 until May 12.

Bovenkerk Speaks At Church Meeting

The Buddhist church had Rev. Bovenkerk as its speaker at the regular 10 o'clock service. He spoke on his stay in Japan.

Rev. Goldwater of the Nishi Hongwanji spoke in the afternoon and evening service. He spoke on his visits to other centers.

The Buddhist church Mothers' Day preparatory committee are meeting Friday night, May 7, at 7 p.m.

Project Director Clarifies Return Of Resettlers

Residents who take indefinite leave from Manzanar will be allowed by the Western Defense Command to return to California and hence to Manzanar in the event that they are unable to establish themselves and their families in the various states outside of the Western Defense Area. It was learned today from Project Director Ralph P. Merritt.

Merritt declared that although permission to return to this center will be granted by him after he is satisfied that an honest attempt has been made by them in trying to establish themselves; those trying to obtain permits for an opportunity to visit former friends and relatives in this center will not be recognized.

Tailoring School Has 127 Graduates

Upon the completion of a seven-months course in tailoring, 127 students graduates from the Manzanar Tailoring School. The commencement took place at messhall 1 at 2:30 p.m. last Saturday.

Dr. G. Carter presented the diplomas. The class was represented by Mikio Tanabe who spoke in behalf of the class. The orchestra played a few numbers under the direction of Mrs. E. Nielsen.

The teachers of the school are K. Yamamoto, chief instructor, Tami Kiuchi and Yuri Suzuki, assistant instructors.

Guests present included Mrs. Lucy Adams, Dr. Velma Woods, and Charles Ferguson.

Two Groups to Hold Record Jam Session

"Swing Session" will be sponsored by the Manzanar Hep Cats tonight at 14-15 firebreak from 8 o'clock. Records of popular swing music by leading orchestras will be played.

Recorded music under the stars sponsored by the YMCA Friday night by Bair's creek will be dedicated to the high school student body.

All students and interested parties are urged to attend.

Colonel Pays Visit

Lieut. Col. Gould of the U. S. Army Intelligence Corps was here in Manzanar on May 2 and 3, to recruit volunteers for the Intelligence school. He was in Japan prior to the outbreak of the war, and returned to this country with Ambassador Joseph Grew.

Civil Service Jobs

All those who applied but were not able to take civil service examinations on May 1, will be able to do so on Friday, May 7, at 1:00 p.m. at 7-13-3. Examinations for stenographers, typists and clerks will be held every Saturday afternoon. Appointments should be made at the Relocation office, 1-2-3.

Farm Labor Wages Differ Throughout The Country

Wide variations were shown in the average wage rate paid for farm labor according to a release by the Bureau of Agricultural Economics of the U. S. Department of Agriculture. Difference in pay was due to different methods of payment in each state and the value of allowances received in addition to cash wages.

In regard to evacuee resettlement on farms, factors such as length of employment, community acceptance and cost of living must be taken into account. In areas east of the Mississippi river, wages may not compare with the Pacific Coast areas, but those significant factors more than make up for it.

RATES PER DAY

Farm wage rates per day without board in April, reveal the variation in different sections of the country. The Pacific Coast has the highest pay, \$6.00 in Washington to \$5.90 in California, \$5.50 in Oregon. The Rocky Mountain area then follows with an average of \$4.38 per day, this average seems to be the pay throughout the middlewest.

In the southern states, the wage scale is far below that of the West Coast, having an average of about \$2.50 per day. In the New England area, the farm labor wage scale is the same as that of the Rocky Mountain area.

Bathing Facilities Problem of Workers

The complaints of block 30 residents, requesting better bathing facilities for about 100 workers in Montana and Idaho, has been brought to the attention of the sugar companies by the WRA. Although these facilities are still inadequate in many places, the Almatamated Sugar Company is loaning money to the farmers for construction of more adequate quarters.

The Utah-Idaho Company has also assured the WRA, that they too, have encouraged the farmers to improve their housings.

Pre-School P-TA To Hold First Aid And Health Program

The public is invited to attend the Health program which is being sponsored by the Pre-school P-TA. It will be held in Mess hall 1 at 2:00 p.m., on May 8th. The speakers will be Dr. Yoshiye Togsasaki and Miss Moxley, school nurse.

All parents who are interested in First Aid are asked to come as there will be a demonstration and talk on that field.

VISIT OUR LIBRARY

Several new books have been placed in the various libraries throughout the center. The residents are welcome to make use of these books.

Resettlers Given Warm Welcome in Colorado

The following story was told to Walter Heath, leave officer, by Paul Sakawye, who left Manzanar about six months ago for residence and employment in Denver, Colorado.

His brother-in-law, Bob Tanaka drives a truck between Denver and Fairplay, Colorado. Several months ago, Tanaka stopped at a roadside drive-in cafe between Fairplay and Morrison for a sandwich. Upon entering, he found that there were many anti-F Hitler signs on the wall and also many anti-Japanese signs with such slogans as "No Japs allowed," "Open season on Japs," "Hunting license for Japs on sale here," and the like. Tanaka, however, remained for his lunch and

Housing Dept. Obtains Rice Straw For Mattresses

Approximately fifty per cent of the 29 tons of rice straws, which were recently secured from Imperial Valley has been distributed according to Edward Chester, head of the Housing Division.

He stated that about four barracks are being covered per day and that distributing crew is now in the vicinity of Block 26.

Residents who are to receive new mattresses are notified by the Housing Department a night before the actual distribution takes place and those who do not want new mattresses at that time must wait until the entire camp has been served before they can have another chance to receive their share, he announced. He continued to say that old mattresses which are collected in exchange for the new ones are sent to the cleaners before being re-used.

WORKERS NEEDED TO FILL JOBS

The employment department states that, due to the departure of many able workers, Manzanar has a great demand for capable people to fill the vacancies.

Departments offering positions Hospital, dental technician, skilled laboratory technician, stenographers, attendants, orderlies, and linen clerks. Fire department; Co-op; barbers; and full time messengers of either sex is wanted in the Administration.

Turn In Receipts Under One Name

The rebate department of the co-op wishes to announce that rebates will be coming within the near future; and that the Apr. receipts will be due by May the eighth.

The co-op requests that all receipts be made under one name of the family, so that clerical work will be simplified, and rebates can be returned to the residents that much sooner.

No comment was made of his presence. On a later occasion, Tanaka stopped in again at the same cafe for a cup of coffee. No remark as to his racial origin was made and he began to stop there quite frequently with friends of Japanese ancestry. As time went on, Tanaka and the proprietor of the cafe became quite friendly and Bob sometimes made small purchases for his proprietor in Denver. At the time this is being written, the anti-Japanese signs have been removed and the proprietor of the cafe is attempting to employ a Japanese-American couple to assist in the operation of his business.

Make Hay While the Sun Shines—

While the wrath of the country has been aroused against the Japanese execution, her "barbarity and savagery," complete consideration should be given the West Coast Japanese problem, writes Owen R. Stafford, M.D., in a Los Angeles Times editorial, May 3, 1943. We are tempted to question the logic of the statements based upon Stafford's recommendation to deport all Japanese, whether loyal or disloyal, to Japan when the war ends.

SEND THEM BACK

What if they are loyal, he asks. Take away their citizenship and send them back. If they have been indoctrinated with our way of life enough, through the thousands of dollars of public school money spent on their education, to want to retain them, they would make ideal teachers and missionaries in their own country.

Perhaps, he suggests, they will have better success in civilizing the Japanese than the American missionaries have had.

If they don't want to go back, they should be reminded that this would be easier and safer than what "our boys" are going through, "fighting and dying for the institutions we love and believe in."

After the war, it would be entirely unnecessary to trade with Japan as other markets will be open. As for farm and garden labor, Mexico, he feels sure, would be glad to help out by sending their people who would become good citizens . . .

We can't see much logic in Mr. Stafford's statements. We consider the spirit with which he speaks an insult to the American people who are engaged in the total war effort, to the precepts of democratic conduct as laid down in the Atlantic Charter, to the leaders of the United Nations. Tending to defeat the very purpose for which this war is being waged, Stafford and everyone of his ilk, no less than fifth columnists and saboteurs, exemplify the use of bald and sensational tactics, psychological tricks, and debasing tear-jerking methods to gain their ends.

We appeal to those who believe in the principles of fair play and justice for which loyal Japanese-Americans along with other Americans are fighting, and believe, "fighting and dying for the institutions we love and believe in."

IN APPRECIATION:

For the kindness of friends and neighbors, may we say "thank you" as we leave for Denver, Colorado.

VAGARIES . . .

Here in Manzanar, in the cop way we are endeavoring to achieve a modicum of adequacy and abundance under restricted circumstances. Abundance, in the ordinary sense of the word, there cannot be; and with the rest of the nation we are foregoing many things accessible during more peaceful times.

But we are learning a lesson and gaining experience in group unity and sharing. We eat the same food, patronize the same stores, and enjoy the same services. The pooling of our resources on a voluntary basis is a step toward a militant and practical democracy. It opens perspectives on an uncertain future, pointing the way, at least, for after war rehabilitation.

In our present hard-boiled society, the idea of sharability, although at first seems to be a dreamer's dream. But many are inclined to think and are quite positive that this idea of "all for one, and one for all" shall be the touchstone of a free society where the producer, distributor, and consumer shall be one.

SHAPE OF THINGS TO COME
Although isolated from the world of men and affairs, we in our little way dream of better things to come, when cooperation shall be the motivating force in the varied activities of life. We hear above the din of battle and cries of suffering humanity voices of protest against the moribund system of human exploitation.

We see portents and glimmerings of newer shapes. In England the common man is given his share of attention in post-war rehabilitation as shown in the much-discussed Beveridge plan.

More recently, in these United States, the National Resources Planning Board submitted its report to Congress on a planned post-war economy. The "New Bill of Rights" formulated by these planners is significant of the trend of thinking for a more perfect integration of life.

'NEW BILL OF RIGHTS' . . .

1. "The right of work, usefully and creatively through the productive years.
 2. "The right of fair play, adequate to command the necessities and amenities of life in exchange for work, ideas, thrift, and other socially valuable services.
 3. "The right to adequate food, clothing, shelter and medical care.
 4. "The right to security with freedom from fear of want, old age, dependency, sickness, unemployment and accident.
 5. "The right to live in a system of free enterprise, free from compulsory labor, irresponsible private power, arbitrary public authority, and unregulated monopolies.
 6. "The right to come and go, speak or be silent, free from the springs of secret political police.
 7. "The right to equality before the law, with equal access to justice in fact.
 8. "The right to education, for work, for citizenship, and for personal growth and happiness.
 9. "The right to rest, recreation and adventure. The opportunity to enjoy life and take part in an advancing civilization.
- Visions of tomorrow and the contemplation thereof are not wasted summer reveries or idle fireside dreams. They are the

Passage of Bill Has Active Backing Of Asiatic Groups

Various Asiatic groups, who have been ineligible for citizenship in the United States through naturalization, put forth a six-point program at a recent meeting to publicize and campaign for the passage of the Marcantonio Bill.

Introduced into Congress by Representative Vito Marcantonio of New York, the bill, if passed, will amend the present naturalization bill, giving Orientals eligibility for citizenship.

East Coast Chinese, Japanese, Indians, and Caucasian American groups have been meeting since the introduction of this bill. This group has the backing of the American Committee for the Protection of the Foreign Born.

The six-point program to be adopted soon, is as follows:

1. A petition will be circulated to obtain at least one million signatures of people favoring the bill.
 2. Endorsement of the bill will be obtained from prominent Americans.
 3. A mass meeting in which all Asiatic groups in America will be represented will be called in New York followed by like meetings in other sections of the country to educate all Americans to the importance of this bill and to enlist their active participation in the campaign.
 4. Pamphlets will be published to bring about a thorough understanding and to arouse interest in the problem of the whole relationship of the Asiatic people to the rest of the American people.
- hope and substance that give courage in the daily struggle for the ampler needs of life; they are the evidence of things, yet to be realized, for the body and spirit of the common man for a vast and uncommon future.

To Limit Shipment Of Household Goods

Although the Evacuee Property Office will approve one shipment of household goods and personal effects within the 500-pound limitation, all evacuees are cautioned that such shipments must not contain any commercial property.

Household goods and personal effects are limited to such items as clothing bedding, household furniture, kitchen equipment, cooking utensils, and etc. Commercial property is considered to include tools or equipment used in conducting a business or plying a trade.

Final Exams for JC To Be Held Soon

The time has come! What time? Haven't you heard the latest news about the JC? To those who have not as yet, announcement has been made that the much dreaded final exams for the JC students will be given next week, May 10-15. The schedule for the examination will be announced by the teachers.

5. A national broadcast is planned with Congressman Marcantonio as speaker.

6. Advertisements publicizing the bill will appear nationally in newspapers.

NEWS NUGGETS

JUNIOR GIRLS TO MEET

The Junior High Girl Reserve will meet for the first time to form a Jr. Girl Reserve council at the Y hall Friday, May 3, at 3:30 p.m.

The president, vice-president, and representative of the following clubs are expected to be at the meeting, Forget-Me-Not's, Phi Chi Lambda, and Twixteeners.

Other junior high clubs which are interested in becoming Girl Reserves are invited to attend.

TO EXHIBIT FLOWERS

May 7, 8, and 9 was set aside for an exhibition of flower arrangements at the Visual Education 8-15. The flower arrangement class under the direction of Mrs. Kousui Takata will exhibit various arrangements. There are over 150 students in this class.

FAREWELL PARTY

A farewell party was held for Maye Noma, dental assistant, and Dr. Yoshio Nakaji, on the picnic grounds on April 24.

Miss Noma and Dr. Nakaji are leaving on relocation. All dental workers, assistants and dentists were present at the affair.

CORRECTION ON STUDIO

The studio wishes to clarify the point that outside group pictures can be taken with landscapes. Crews of different departments can also be taken.

The Free Press wishes to recall the announcement made by the studio which said that appointments for Saturdays were cancelled. Appointments for Saturday mornings are still being kept by the studio.

MOTHERS MEETING

There will be a meeting of mothers next Friday, May 7th, at 23-15, 2:45 p.m. The transition group of mothers will hear Miss Mary Schauland speak.

DR. TOGASAKI SPEAKS

Dr. T. Togasaki spoke to the Y Girls Council Monday night, May 3, on "Preparations for Marriage." This meeting was sponsored by the PSK's with Terry Okamura in charge. Part of the meeting was also devoted to community singing.

Last month the Sierra Sues invited the Council girls to a square dance. Aksel Nielsen and his recreation leaders were the instructors.

GIRLS TO MAKE CORSAGES

Plans for the coming Girl Reserve Ring ceremony will be made at the monthly Inter-Y Council meeting Thursday, May 6, at the Y, at 3:30 p.m. A new president will be selected at this meeting.

The flower making project of the Girl Reserves is held every week. It was decided at the council meeting to have each club spend one Saturday afternoon in making corsages. The schedule for the month of May is: May 9, Stardusters and Sub-Debs; May 15, Twixteeners and Phi Chi Lambda; May 22, Forget-Me-Not's and GAC.

CAMPAIGN POSTERS

The students of the Senior Aye and Bee class are busy making campaign posters for the forthcoming election.

OUTSIDE JOBS

DOMESTIC

An offer from Cleveland, O., for a couple with no children. Woman does general housework and cooking and man works on small farm; but must be able to operate tractor and automobile. Wage will be \$125 plus full room and board.

A chance for a domestic female to earn \$18 per week. Very good offer from Western Springs, Ill.

MISCELLANEOUS

Hospital attendant at Children's Memorial Hospital, Chicago, Ill., an offer to have one male attendant. No experience necessary and wage \$60 per month plus full maintenance.

12 men—labor and printing apprentices, operating printing presses with the Printpack, Inc., at Chicago. Starting wage 55c per hour; 60c to 65c within three weeks. No experience necessary.

Mothers' Day Theme Feature at Forum

Mothers Day theme will be featured at the public meeting of the Young Adults Christian Forum Sunday, May 9, at the church 15-15 at 1:30 p.m.

"Is it Possible to Strengthen Family Life in Wartime?" is the topic for discussion, and experienced speakers on the particular subject will lead the meeting.

Local Nurses to Train Girls As Registered Attendants

Outside Jobs Open To Qualified Girls

A course in instructing girls and women to become attendants has become a reality after weeks of incessant planning by Gertrude Wetzel and Wanda Oliver.

It will be for a 12-month period, and upon completion of the course the girls, if eligible, will become registered attendants.

The requirements are; graduates of high school, an adequate knowledge of mathematics. These requirements are necessary, if the person is planning to obtain her R.A. But women who cannot meet the requirements are also welcome to attend the classes. Nutrition, dietetics, physiology, anatomy, hygiene, and nursing procedure will be taught.

Misses Wetzel, chief nurse, and Oliver, assistant chief nurse, will be the instructors in all subjects in the category of nursing and hygiene. Mrs. Mary Williams, dietitian, will instruct the girls on the subjects of nutrition and dietetics. Kabuyuki Takahashi, registrar, will cover the subjects of physiology and anatomy.

All necessary textbooks will be furnished by the education department.

The girls will have two hours of study per day and six hours of actual work in the wards. They will receive pay, and have a

the Japanese execution of American flyers was made known caused the withdrawal, Schnering stated.

SLANT OF THE HEART

(Letter to Time Magazine)

Sirs:

The photograph captioned "There Are Good Japs" (Time, March 29) together with a short article, I read with disgust. These so-called "Japs" are not Japs at all, but actually Americans, or what would be the reason for enlisting them into the U. S. Army? Surely one doesn't judge an American by the color of his skin or the slant of his eyes—it's the slant of the heart that counts.

It is high time we differentiated between American citizens, Japs, enemy aliens; etc.

Tom Yamashita,
Lincoln, Nebr.

(Reader Yamashita's slant is right, if not realistic. TIME hopes to see the day when it is both.—ED.)

week vacation. Miss Wetzel stated that the civilian demand for registered attendants is acute, and a position with an outside hospital is assured by the instructors for girls who successfully meet the requirements.

Knights in 4-3 Win Over Has Beens as 3 Homers Featured

Manzaknights' nine softballers won their first! Behind the power laden hickories of Kanemoto and Hoshi and with the able assistance of the wind as well as cheering commentator, Chiyo Sugimoto, they tipped a losing count in the early stanzas to a 4-3 headway in the 5th over the Has Beens last Sunday.

The Knights found a tough going in the losers, despite the Has Beens' last minute scramble organization, facing two of the center's mighty chucking machines in Hide Tochioka and Harry Tashima. Tak Kitaoka of the Knights will be another often heard who has allowed but 3 hits.

With one away in the 3rd, Kanemoto salted one over the perplexed right-fielder, "BC" Okabe, bringing in the first circuit poke. Following the same pattern, Hoshi packed another in the same direction giving the Knights a 2-0 lead for the time being.

The Has Beens, however, were by no means heartened and chalked in all their 3 runs in the late 3rd to move into a temporary one run edge. With H. Hino and Nakadaira advancing to threatening positions, Yamada walloped the last non-stop flighter, to bring in the day's earnings.

WINNING TWO
The winners' decisive runs came in a 5th frame succession when windmill deliverer Tashima relieved Tochioka. Maruki got on the easy; a Texas leaguer for Kanemoto pushed him in to tie it up at 3-all. Mr. K. safely denied home plate on Hoshi's centerfield drive.

Yogores in Victory

The Yogores tasted their first season win in a softball tiff by dropping the 7-11 club, 3-1.

Promising to be one of the strongest softball contenders, the Yogore outfit is bolstered with such players as Nob Murakami, Kosh Seko, Shig Nakagi and Geo. Shimizu to mention a few of them.

WEDNESDAY, MAY 5, 1943

Duster Softballers Tip Gremlins; Chick Vets Triumph Over TNT, 7-1

The Starduster softball regalia worked themselves into the semifinals in the girls' diamond tournament last Sunday afternoon by tipping the Gremlins by a 4-3 score.

Haru Hino was the one-woman dynamite in the Duster outfit by holding the opposition to 2 scattered hits and collecting 2 herself when it came to batting. One of them was a four-ply swat in the opening stanza which scored Y. Shimizu who had walked.

The Gremlins came back with one of them in the second when two free passes and a hit produced a run. Haru Hino went into a momentary wild spree in the 3rd when she allowed walks to Nakagawa, Mio, Uchiyama and Sakuma and a hit to Hamamoto which brought in 2 Gremlin runs putting them out in front, 3-2.

The 'Dusters, however, came back in the next frame to drive in their final 2 tallies as Hino and Uyeno tipped the plate.
The winner of the Modernaire-Wee Funster tiff will furnish the

opposition in the next Starduster clash.

Gremlins -----012 00-3 2 0
Stardusters -----200 2x-4 3 0
Y. Hamamoto and Sakuma; Hino and Hoshikai.

CHICKS BLAST TNT

The Dusty Chicks added another softball win to their victory column by taking an easy win over the TNT force last Sunday at the 14-15 diamond by a 7-1 score.

The Chicks started off the fireworks in rugged fashion with a first inning outburst of 4 runs as 3 hits with as many walks did the dirty work. Meanwhile Hurler H. Hamamoto who struck out 11 and limited the TNT gals to 1 hit did a beautiful job of pitching backed up by swell support by her mates. TNT finally dented the plate in the 4th as a walk to Kakita and Y. Hara's double brought in the lone run. Tats Uyeno did the chucking chores for the losers.
TNT -----000 10-1 1 1
Chicks -----410 2x-7 8 0
T. Uyeno and Kakita; Hamamoto and Maruki.

PEDRO RALLIES IN LATE FRAMES

Scoring 4 runs in the last two innings (fter being held scoreless the first four frames, the San Pedro Skippers made their softball debut last Sunday evening by edging the Northstar nine, 4-3.

Placing a well balanced team on the field led by Hurler Amos Hashimoto who held the enemy to just 4 bingles, the Skips overcame the early Northstar lead and came through the victory route.

KAWACHI SWATS 4-PLYER

The Stars tallied first in the 2nd as K. Nishikawa got line on a fielder's choice and scored on J. Tamaki's hit to left. The Pedroles went down with the goose-egg marks until the 5th when they scampered across two tallies to go out in front by a run. K. Kubota started it off by working off a walk followed by Lanky Kawachi's long round-tripper over left fielder Shig Okada's head.

STARS MAKE IT CLOSE

A walk to Y. Tatsumi and hits by A. Hashimoto and D. Murata produced the final Skipper runs in the 6th. The Stars made a final inning stand but found themselves shy of a run after the last put-out. B. Yoshiwara received a free pass and came in on Imamoto's safety to left who also scored on Tamaki's sacrifice hit but that was all as Tsukashima ended it all by lifting to right.

Northstars
LF Y. Tatsumi W. Fujioke, 3B
2B D. Murata S. Okada, LF
CF K. Kubota F. Imoto, C
C M. Shimizu Yoshiwara, SS
P A. Hashimoto Imamoto, CF
1B L. Kawachi Hasegawa, 1B
3B C. Miyaki Nishikawa, 2B
RF Y. Tatsumi J. Tamaki, RF
SS S. Hashimoto Tsukashima, P

A-Flight Tourney On 18-hole Fairway

With the completion of an 18-hole fairway and the beginning of a new month, the local golfers will be rounding into a regular scheduled A flight tournament this coming Sunday, May 9.

Beginning this contest henceforth, it was learned that all entries' names be turned in to starter S. Kinoshita at the clubhouse before Friday evening. All pairing parties and the respective starting time will be posted on the bulletin board Saturday. If pairing partners are preferred, the starter must be notified before Saturday.

It was emphasized that everyone must be present before starting time and those failing to abide by this rule will automatically be disqualified.

Prizes will be the tournament thing, trophy for the winner, and balls for consolations.

THANKS

"These were well over 200 who answered the call for assistance on the golf course and I want to thank all those people for their fine cooperative spirit on behalf of the club.

"As a result, the work that would have taken weeks was completed in one day," stated Director Inouye.

Netsters Attention!

Everyone interested in tennis and the use of the new courts is asked to report to Block 22 ironing room TOMORROW NIGHT, May 5, 7 p.m., for an important netsters' conference.

With so many players and so few courts, registrations and the problems of schedules will have to be coped with as soon as possible.

Only two of the four courts are completed, equipped with fence surroundings.
