

SUGAR AVAILABLE FOR PRESERVERS OF CANNED GOODS

Although Manzanar residents are unable to purchase canned goods due to nationwide rationing, they will be able to obtain sugar for home canning, the C-9 stipulated soon after the announcement was made by OPA, allowing one pound of sugar for four quarts of finished products, with a maximum of 25 pounds per person.

BASED ON FAMILIES

The matter was laid before the block managers meeting at town hall and it was determined that blocks will be canvassed by the managers to collect the following information: (1) number of families requesting sugar for home canning, (2) number of persons in these families, (3) approximate number of quarts of fruits and vegetables to be canned. On the basis of this information, the Cooperative will be able to obtain a sugar quota to supply the needs of the community. It was added that this is in addition to the one pound of sugar every five weeks received by each resident at the messhall.

CANNING IS WAR EFFORT

Prentiss Brown, Price Administrator of the OPA declared: "Every can of commercial packed foods saved by these folks through home canning is a direct and important contribution to the war effort. We can run the total into hundreds of cans. Let's do it."

FRUITS TO BE SOLD

It is expected that fruits will be sold by the Cooperative to accommodate residents visio to which to can preserves, jams and jellies. A plan is being considered to organize groups within each block to study proper methods of home canning and to utilize the available canning facilities for their maximum efficiency. The work will be part of the vocational training program at Manzanar.

Job Opportunities To Niseis Offered In Various Cities

Consolidated Publications, located in Chicago, offers the following jobs: One writer-researcher, one proof reader and one advertising layout person. Writer-researcher will work on encyclopedia, advertising layout person must have some years of experience and should submit samples of work. Offer is open to men or women and wage is \$27.50 per week to start.

MACHINE OPERATORS

The Consolidated Book Publishers Co. wants 1 case maker, 1 casing-in operator, 1 rounder and macker, 1 trimmer, 1 smashing operator, 4 book binding sewing machine operators. Wages are 75c hour, all except 60c an hour for sewing machine operators.

The Orrington Hotel would like to have 2 or 3 painters to do interior decorating work. One year of experience in painting is required and wages between \$140 (Continued on Page Two)

New York Church Group To Aid In Resettlement

With the opening of the Eastern Defense Command to evacuees and the prospect of increasing numbers of Japanese and Japanese Americans entering New York for indefinite leave, the New York church committee for Japanese work, has organized a special committee to help in resettlement.

The organization known as the New York City Advisory Committee for Japanese Americans, was approved by the WRA and the Committee on Resettlement of Japanese Americans. Its purpose is to furnish necessary information and guidance for those who are planning to resettle in

VOL. III, NO. 40

MANZANAR, CALIFORNIA WEDNESDAY, MAY 19, 1943

Housing Shortage In Salt Lake City

The WRA office in Salt Lake City, Utah, in a letter to Project Director Merritt, reveals that there is a severe shortage of housing available to evacuees in Salt Lake City, particularly to persons arriving on weekends.

All evacuees with permits to resettle in the area are advised to make rooming accommodations prior to departure and arrange so that they do not arrive on weekend nights.

CIGARETTE BUTTS CAUSE OF FIRES

Twenty-eight percent of the fires caused in Manzanar result from careless cigarette smokers throwing away their cigarettes and matches still lighted, it was revealed by Fire Protection Officer Frank Hon. He advises all residents to step on their cigarette butts and break matches in two after using.

The Fire Department baseball team will be out en masse on the diamond and they warn all baseball players to be on their toes.

SENIOR NURSES QUALIFY FOR R.N.s

Manzanar Hospital was notified by the State Board of Nursing Examiners that Senior Nurses Kazuko Nagahama, Aiko Hamaguchi, Mrs. Setsuko Shimizu and Mrs. Flora Komatsu have successfully passed their examinations and are qualified Registered Nurses.

The examinations were held April 21 at Hancock Auditorium on the University of Southern California campus.

Special arrangements were made by project nurse, Joy Barragrey Stuart, with the California State Board in order that the evacuees might complete their training at the local hospital.

Dispensary Service

The Manzanar hospital has started a dispensary service, due to the shortage of doctors, enabling the hospital to give the patients better service and release doctors for serious cases.

Nurses in charge has been authorized to issue prescriptions for refills.

Checks Received By 9 Departments

Distribution of pay checks for the month of April got under way Thursday with the issuance of 400 pay checks to workers of nine departments. Sections which were paid this week were the Home Welfare, Community Welfare department, Clothing Distribution, Education Textbook department, Kitchens 3, 5, 27, 28 and hospital kitchen. R. C. Boeckzinger disclosed that all the pay checks are expected to arrive some time during next week and that the remainder of the departments should receive them sometime near May 20. He also announced that clothing allowance checks for the period from March to June will be paid during the latter part of July. Back pay for the period of July to February will be paid out about the first of June, according to him.

No Definite Job Offer Needed For Resettlement

TRAVEL PERMITS ISSUED HERE, SPEED UP RESETTLEMENT PROGRAM

Moving in the direction of making resettlement procedures as simple and flexible as possible further steps were taken by the WRA headquarters in Washington, D.C., it was announced by Dillon Myer, national director. An extension of present procedures was planned as a result of relocation supervisors' advice, saying that they would be able to assist more evacuees to find jobs in their areas if the evacuees were on hand in the community for personal interviews with prospective employers. The evacuees would be the direct concern of the relocation staff and would be able to secure a definite job upon arrival. Authorization has already been given to the hostels and individuals' hospitality offers and this new plan is another advancement.

An additional number of people should be able to depart from the 10 centers without securing job offers although they may have indefinite leave.

INDEFINITE LEAVE

Project Director Ralph P. Merritt will issue indefinite leave to evacuees upon receipt of a letter from the relocation supervisor stating the number of evacuees who could be placed within a given time, information about the types of jobs available, wages, housing, cost of living and other information regarding employment and community acceptance.

PERMITS ISSUED HERE

The second relaxation of rules was released by Major Huga Fullerton of the Presidio in San Francisco. He disclosed that when travel permits are requested, Project officials will make the necessary entries plus the signatures of Project Director Merritt and Capt. Wayne A. Farrington who is replacing Capt. Martyn Hall of the Military Police unit. Formerly all permit requests were mailed to San Francisco and received from the Western Defense Command.

Procedures in obtaining permits into restricted areas remain unchanged, and must be received from San Francisco.

26 POLICEMEN AWARDED BADGES AND CERTIFICATES

Certificates and badges were awarded to the police last Saturday night at the policemen's ball held at messhall 1. Certificates were presented to 26 members who have passed a traffic accident investigation course taking three months to complete, while badges were granted to the newly elected chief, captains, lieutenants and sergeants.

Recipients were Kiyoshi Higashi, assistant chief; Tom Takeyama, captain; Yoshio Ishida, captain; Clarence Miura, desk sergeant; S. Abe, C. Kobayashi, T. Kobayashi, E. Ota, patrol sergeant; John Sato, W. Shimizu, J. Shusho, S. Sasaki, B. Suzuki, Ujje, Dick Tani, lieutenants; B. Ozone, Fred Harada, desk sergeants; N. Kubo, M. Santohigashi, T. Yamamoto, K. Harada, Matsumura, Omasa, Jim Kamachi, lieutenants; K. O. Fukushima and John Koike, sergeants.

Badges were awarded to Lts. Kamachi, Kuokawa, Tani; desk sergeants, Miura, Teramoto, Harada; patrol sergeants, Koike, Sake, Ota and Ujje.

Residents' Clothing Alterations Free

Transferred from Community Welfare division to Manufacturing on Jan. 7, alterations and repairs for residents' clothing without charge are made by this division. Approximately 350 articles of clothing had been altered during this quarter.

A total of about 6000 articles of clothing was made since January and over half of this number was hospital uniforms for Manzanar, Central Utah, Gila, Minidoka, Granada, Jerome, Rohwer and Heart Mountain relocation centers.

SAKANA ON MENU SHUNNED BY RESIDENTS

Feeding 10,000 people is no matter of recreation. But is on the contrary. So why protest when someone is trying to do the best he can.

Fish is the problem which is of concern to most residents. For your information, this is what Manzanites are being fed. Served in the messhall are various types of frozen and salted fish, which by name are known as rock cod, sardines, mackerel, shark and sea bass. Manzanita gets 7,000 pounds of fish a week and each messhall is allotted enough for two servings a week per person. Due to the shortage of men and fishing boats, seafood is lim-

QUESTIONS AND ANSWERS ON NYA ISSUE

1. How much will the NYA training course cost me?

Nothing! NYA will pay you \$15.90 per month with board and room plus medical care.

2. How long is the training period?

Six weeks to 3 months; one or two courses may take a little longer.

3. When is the last day on which I could sign up for the NYA training?

There is no deadline—however sign up as soon as possible so NYA can be advised of number wishing training.

4. If I register now, when will I be notified of my acceptance, and how soon will I be leaving for the training center?

As soon as possible. We will have more information soon on this.

5. Who will pay for my transportation to the training center? How much baggage am I allowed to take?

The WRA will pay transportation for those who are unable to pay for their own. You may take 100 pounds of baggage on your ticket in addition to that which you carry in your hand.

6. At present I am the only working member of the family. After I leave for the NYA training center, will my parents, who are unable to work, continue to be taken care of—will they, for example, receive clothing allowances?

Yes. Are we allowed freedom of movement in and out of the NYA training center—that is, would our movement be limited as it is in the relocation center?

There is no limitation imposed on all others at school. 8. Is there any racial discrimination at the NYA training center—that is, racial segregation in regard to type of training, living quarters, messhalls, wash-rooms and showers?

No. 9. If, after reaching the NYA training center, I find that the type of work is unsuited for me or that the conditions disagreeable and I want to return to Manzanar, will this be possible and will my expenses be paid by the WRA?

Persons who go to the NYA school are granted indefinite leave. The NYA and the WRA Relocation supervisor will make every effort to find employment for you that is to your liking. If it is impossible for you to make a satisfactory adjustment you may, if you wish, return to Manzanar. It is improbable that the WRA would pay your expenses unless you were unable to pay them.

10. After I complete my NYA training, am I assured of a job?

It is not guaranteed that a job can be found for you. No one could say. I want to return to those who are qualified to judge feel that there is no likelihood that you will have difficulty in (Continued on Page Three)

CHICAGO NEEDS STENOS, TYPISTS

Relocation Supervisor Elmer Shirrell of the Chicago area, has sent word that he will be able to place two stenographers and typists with government agencies in Chicago. The requirements are American citizenship, Civil Service Rating, of not less than 45 words per minute, civil service applications filled out in advance and sent to the Relocation office a week previous to arrival. The pay ranges from \$100, \$120 to \$145, and temporary housing will be arranged.

Other offers that have been brought to the relocation office are two domestics per week for Chicago. The pay is \$125 per month plus room and board for couples, and \$60 plus room and board, per month for single girls. Further information may be obtained at the relocation office.

ited in choice and type. It would be a different story if the 7,000 pounds were seven pounds. So "come on, now," either "take it or leave it."

TO BE REALISTIC—

If we are realistic, we must recognize that the mouthings of politicians and of selfish vested interests have been dinned into the ears of British Columbia so loudly and for so long that unquestionably they have created the "Japanese problem." True, unbiased sociological study has clearly proven that the "problem" did not actually exist, except in the minds of a people who had conjured up for them out of deliberate falsehood and ignorance the fantastic bogey that 25,000 of us would soon dominate and control a province of 750,000 people.

But the fact remains that we were established in the collective provincial mind as a "problem" that could only be solved by very drastic means. And until this Pacific province can solve the much greater and unhappy real psychological problem of its own racial hatreds (as our farsighted newspaper columnists strongly urge), those of us of Oriental origin will not escape the consequences of that mental affliction.—The New Canadian.

Facing the Situation—

"You must face the situation squarely. Certainly bitterness and resentment are not the means to the solution of the problem. It is not up to those who discriminate to correct the mistake but for those who are the victims of discrimination to correct those who cannot see the racial issues involved in a clear light."—From the talk by Arthur Gaeth before a Young Buddhist Association meeting.

Fickle Nature—

It was too good to last. The balmy Spring weather which nudged the pear and apple buds to blossoms in our orchard until a few days ago, suddenly withdrew like a coy maiden. And out blustered the cold north wind now howling down this valley from the snow-capped Sierras.

People in some of the apartments and officials in some of the offices who had their stoves removed just before the onrush of this cold weather, in anticipation of warmer days so soon, are regretting their rash acts. But this weather won't last too long. And when the hot months come upon us, we will be wishing for this invigorating weather which brought out the residents wrapped again in their G.I. coats.

IN APPRECIATION

To the nurses and doctors of the hospital and to my friends for their kindness during my convalescence, I take this means to express my sincere "thank you."

Isao Fukuyama

George Shima.

Dear Editor:

It was about a year since I last rode on a bus. Through the window I saw many leaning against the barbed-wire fence as the bus rolled away from the center. Some were waving handkerchiefs which were used for two purposes. I myself felt the dampness in my eyes as I thought of parting from the camp and reminiscing of memories of the past year. It left an empty feeling which I cannot express with mere words.

GAS CONSERVATION

The bus was packed without space to spare. Ann was offered a seat by a Caucasian lady, while the driver made a seat for Rosemary with a stack of newspapers. I now began to realize the seriousness of gas conservation.

As we approached Lake Crowley, a Caucasian lady passed a box of chocolates and related a story about the lakes. We were quite friendly by now and the uneasy atmosphere was soon forgotten.

THIRST!

The bus finally made a stop in front of a bar into which I made a dash for a drink. A refreshing glass of beer, which was foaming to the brim, was placed before me. "I was enjoyed to the very last drop. A toast... to the 10,000 Manzanites left behind."

We reached "Divorce City" (Reno) at 1:30 p.m. Since we had four hours to spare, Mr. Shiba and I decided to give the town the "once over." We were told that the city was lively at night, but quite the contrary during the day.

SEATS ARE SCARCE

Pullmans are impossible to obtain, thus we satisfied ourselves with the coach. We went in search for a vacant space in the coach, but were left standing. After a while, an elderly sailor shoved a few of his comrades off their seats and offered them to the girls, then provided seats for the rest of us.

My first thoughts were of how the sailors felt towards us, but now, I'm beginning to think that the fellows in uniform are the most thoughtful people in the United States.

"The Challenger" consisting of 14 Manzanites, began its run across the country. Looking out

Job Opportunities—

(Continued from Page One)

and \$145 month.

The following farm hands are needed in Wellington, Nev.: 1 mechanic, 1 cook, 3 tractor operators, 3 irrigators, 2 general farm hands. All these workers will work on the same farm and live together. Wages \$80 plus room and board.

UNSKILLED LABORERS

Downtown branch of YMCA in Detroit, Mich., offers employment to 8 porters at \$120 per month, 8 janitors at \$120 monthly, one assistant in laundry business at \$95 per month; eight hours daily, 6 days weekly. Monthly dues for AFL union \$1.25 and rooms available at the "Y." Desk man with knowledge of accounting and 1 storeroom clerk needed at same place.

Engineer and truck maintenance man with experience in dry cleaning plant at Oakpark, Ill. **WOMEN NEEDED**

Assistant x-ray technician, \$18 week plus meals and laundry, Chicago, Ill.; Operator for beam-press (male or couple; woman to operate sewing machine) man \$25 week to start, woman, piece-work 40c hour, Chicago, Ill.; Women to work in war industry (age 18-35) 45c-75c hour, Chicago; painters \$140-\$145 month to start, Evanston, Ill.

Press feeder operators (male) 50c hour to start, Cleveland, O.; Instructors for engineering drawing, descriptive geometry, college physics, mathematics, Crete, Neb.; Music counselor, \$75 for season, Detroit, Mich.; Bacteriologist, good salary, Detroit; house-keeper or couple, \$75-\$100 month, Rochester, Minn.; houseman, \$80 month, Bryn Mawr, Pa.; Registered nurses, \$88 month plus room and board, Crown Point, Ind.

NEWS NUGGETS

During the months of January, February and March \$205,153.26 in receipts were turned in. This is 98% of the total issued, the Co-op revealed. The refund for this at 10.191% amounts to \$20,317.16 from which 10% for general reserve and dues for membership will be deducted leaving \$18,578.70 payable to members. The refunds will be issued within the next two weeks.

Block 16 heads the block lists for largest amounts purchased with a total of \$7,924.99 amounting to \$807.95 in rebates.

At a recent Block Managers' Assembly at Town Hall, two representatives from the Buddhist church were present to reveal plans for the building of a memorial marker for the cemetery in memory of those who have died in Manzanar.

The cooperation of all the residents of Manzanar in the undertaking was asked for. Help in getting rocks for this memorial is being planned.

Those chosen on the committee were Kaoru Takahashi, Eizo Masuyama, Takeji Higashi and Joe Shikami.

BEAN SPROUTS

Bean sprouts grown here for the consumption of the messhalls total 1,600 pounds per week. Total delivery for the month of April totaled 6,408 pounds while the cost for production per pound came to about five cents, the report disclosed.

Well-Baby Clinic will be held on the following days and hours starting May 17: Tuesdays, Thursdays and Saturdays from 9 to 11 a.m. in Ward 5.

A Pacific Military Academy

In the window, we saw the Sierras and the familiar sagebrush which brought back memories of Manzanar.

SAILORS FRIENDLY

A friendly "Hello" was heard above me. I looked up to see one of the many sailors who filled the train. Seemed as though a drunken sailor had occupied his seat to use as a bunk. After an unsuccessful try in awakening his intoxicated colleague, he came towards us. The sailor borrowed leis from the girls and entertained them with his rendition of a hula dance. One sailor offered me a cigarette, while another a sip of whiskey. The girls now were being entertained by a job who brought forth an egg and went into a juggling act. In every respect, they acted as gentlemen. Julia Tanaka seemed to be the most popular in the group. She entertained the men in uniform with card games and also gave a lesson in knitting.

All in all, the trip was far better than I expected.

From
George Murakami,
former Blk. 34 Mgr.

IN APPRECIATION

May I take this means on behalf of my daughter, "Honey" Mitsue, to express our gratitude to friends and neighbors for their many kindnesses during her stay in Manzanar, and upon her departure for Washington, D.C.

From

Other Centers..

POSTON, ARIZ.

Manpower shortage at Camp Two in Poston was reported so severe that girls of the Agriculture department, Chizu Masuda, Mary Kato, and Mitsuho Sonoda, office workers, were reported contributing spare hours to chopping willows for fences, transplanting plants, and cutting carton boxes.

Residents of Poston's Block 36 were recently gratified to resume meals in their own messhall following a 35-day period of waiting rebuilding of the hall which had been destroyed by fire. Chief cook was Ted Ibe, formerly of L.A. and Alaska.

John Maeno, L. A. lawyer, recently left Poston's camp. Two to visit Gila and Amache relocation centers on a short-term leave.

DENSON, ARK.

Residents of the Denson center were reported in enthusiastic search for the "perfect girl" to reign as queen of the carnival now being planned.

Qualifications for the "perfect girl," to be selected by popular vote of residents over 16, were: she must be 18 to 22 years old, at least 5 feet in height, poised, have charm, possess personal personality and be single.

Furthermore, she must be sympathetic, be able to converse well, and have qualities of leadership.

Feature editor of the Denson Tribune is the irrepressible Ayako Noguchi, Visalain, and well-known to nisei through her column in a L. A. native-language newspaper.

A large-scale blaze was held in check at Jerome's cotton gin, it was reported recently, through the efforts of Hiroshi Mukai's fire boys.

MINIDOKA, IDA.

A major conflagration was held in check by the local fire boys when a fire broke out recently in a temporary storeroom southeast of the warehouse district. Careless smoking was blamed for the near disaster.

Two boys of teen age were arrested recently by local police for unauthorized driving of Ferguson tractors, which were damaged. They were taken to the Jerome county jail.

SPORTS

KITAOKA PITCHES FIRST SHUTOUT

KNIGHTS TAKE 5-0 WIN OVER 7-11'S

Stealing the limelight for all pre-season games was Kitaoka of the strong Knights turning in the first no-hit, no-run game by fanning the stubborn Pedro 7-11's to the tune of 5-0 in a twilight game Saturday.

Despite the biting north wind that kept the fans wrapped in their P-coats, he displayed rare early season form in disposing of 10 batters via the "K" route in an exciting five-inning tilt played on the losers' field.

The Knights drew first blood in the second inning when Terasawa, on a free pass, advanced to second on a wild pitch and scored on Kitaoka's single to right center. Again in the fourth stanza, Kanemoto on a walk gained second on Kitaoka's long fly to left field and scored on Smudge Maruki's sharp single over the third baseman's head. Kaji singled putting Maruki on third but died there when Hino went down swinging and Hoehi fled to left, retiring the side.

Taking advantage of pitcher Ohara's looseness in the fifth, the Knights scored three times, cinching the game. Although pitching a good game, striking out six batters, he was unable to stem the Knights' charge.

"Smudge" Maruki and "Harry James" Yamaguchi were the big stickers for the day, earning two hits with three tries at the plate.

—BITS—

Probably the most surprised, when Benny hit his circuit clout in the Has Been-Skipper game, was Benny himself. "Why Don't You Do This More Often?" streamlined Nob "Gestapo" Hino breaks news. A red "K" for him in the 7-11 game. Have you noticed the Mutt and Jeff comb of the Has Beens, Tashima and Miyazaki? We wonder how Kow was able to see the ball in the late Has Beens game with blood-shot eyes, rubber legs and a growling stomach. Liquids???

SAVE YOUR CO-OP RECEIPTS
REBATES ARE COMING!

Warming-up

with tom yamada

Practically all of the fellows who are leaving on furlough this year are making ready to do so unless they have already left. Their ability on the playing field has not, as yet, been felt, but as camp athletes wait for the going to commence competition on the baseball diamond and the cinder-path, their absence will be sorely felt.

OTHER CAMPS...

Arkansas... seems as tho' a little mo' than a week ago de two camps in Ahkshans, Jahrome, and Rohwah, had a cross-camp rivalry in the game of de cassa-ba and de hoop. Each camp played host to the other in a game series but, nevertheless, Rohwah was pinned to de low-a numbhs both times. De pow-ahful Jahrome five, scoring heavily, clinched the series, although Sat Oune and Hosen Oshita of de losing Rohwah quintet took scoring honahs in both tilts.

Baseball sea-son officially opened a week ago Saturday for the Arkansans when they played their first league game.

HEART MOUNTAIN... climaxing a successful hoop season, the Heart Mountain Athletic Division held a Basketball Award Dance Friday evening. Plaques were presented to the Zebras and the Lil' Yokums, winners of the men's and women's titles. Also awarded were certificates given to the athletes named on the all-star line-up.

Still with Heart Mt. we see that the game of the hickory stick and the horseshoe officially began Saturday afternoon. Approximately 30 teams are slated on their circuit, 8 of which are on the double A league...

GRANADA... king softball began his seasonal reign Sunday noon when two games were played. Current issues at this center is the use of spiked shoes of the baseball diamond. While they add to the speed and agility of the player, the opponent's safety is endangered... which is the more important!

AND MANZANAR... ah, yes, patience is the keyword folks. It will not be too long a wait before our league will begin... that is as soon as the team managers turn in their rosters. Heed, managers, if thou art casting thine eyes on this humble column, hand in these rosters so that our softball season may begin, otherwise we will be playing baseball with a pigskin and helmet...corn... nuff of this...

HAS BEENS CRATE PACKERS

Making their debut Sunday evening, the Venice Packers, erstwhile Tony's Alley, met a 9-0 defeat at the hands of the strong Has Been outfit.

Pitching for the winning team, Tashima allowed but three scattered bingles throughout the six innings. Aside from Tashima's beautiful pitching, a spectacular catch was executed in the fourth frame when second bagger, G. Yamashita of the Has Beens, stopped a sizzling line drive with one hand.

The Venice Packers managed to place men on third bag four times during the game but could not rally strong enough to make them a digit.

Although the Has Beens boasted of nine runs at the end of the six stanzas, they had 12 strikeouts against them, while nine Packers fell victim to Tashima's windmill change of pacers.

The Venice outfit bolstered with several new players this year, should prove to be a threat this coming season. In the chucker's box is a newcomer, M. Natsume, catching will be W. Okamoto of last year's Marlins, and at second base and shortstop will be G. Hattori and H. Tanaka, respectively, who-both saw action with the Royal Y's of the past season.

The Has Beens were trying out some new material in the names of I. Matsumoto and M. Matsumoto.

Softball Managers

The Men's Athletic Director, Joe "Snow White" Okabe, again requests that all softball rosters be turned in to him at the Recreation Department at 14-15 immediately. The softball season cannot start until all rosters have been handed in.
Let's all cooperate!

Tanaka Cops B-Flight Cup

STARS VS. PACKERS

North Star nine will clash against the Venice Packers to-night, 6:15 p.m., at firebreak 14-15.

Venice will have a new chucker, M. Natsume, while catching will be done by W. Okamoto, who performed for the Marlin outfit last season. Others who will see action will be G. Hattori, H. Tanaka from last year's Y's, T. Matsumoto, S. Yamauchi, H. Nakaya, Y. Furuta, S. Nagai, and T. Kamoto.

Stars will roster with G. Tsukashima, E. Oda, J. Tamaki, B. Yoshiwara, F. Imoto, T. Takayama, and M. Imamoto.

Furlough fever took Nakadaira, Fujioaka, and Okada from the Stars, but they'll plan to do their best without them.

Bee fighters took over the newly completed Manzanar 16-hole fairway Sunday morning, 6 a.m., to compete for their tournament.

Netting a low 62, Henry Tanaka took the president trophy, followed by Mits Nakagiri, who netted a 63.

Fourth place was knotted, as M. Honda and K. Okinaka both netted a 74.

1st—trophy, M. Tanaka, net 62.

2nd—5 balls, M. Nakagiri, net 62.

3rd—3 balls, T. Tanaka, net 70.

4th—2 balls, M. Honda, K. Okinaka, net 74.

5th—1 ball, T. Nakagiri, net 75.

That long awaited Cee flight tournament will be inaugurated Sunday, May 30. This Cee flight will give every golfer a chance, including beginners. Beginners are asked to see H. Inouye at the clubhouse located across block 5 to establish their handies before May 28.

Prizes will constitute a trophy for 1st place, 2nd, 5 balls; 3rd, 3 balls; 4th, 2 balls; and 5th, 1 ball.

Those interested in taking up golf are requested to go to the clubhouse. A nominal fee of \$1 will be charged.
