CAMP SHELBY, Miss., July 17—Culminating a two-week drive, enlisted men and officers of the Japanese-American Combat Team collected over \$7000 to be sent to the Hawaii Poliomyelitis (Infantile Paralysis) Emergency Hospital Fund.

In accepting a check which he will forward to Honolulu as the Combat Team's donation, Col. C. W. Pence, Commanding Officer of the Combat Team, said: "It isn't only the amount that provides great satisfaction, but there is the additional outstanding fact that this money has been donated by soldiers who come from both the Mainland and Hawaii. That, I believe, is indicative of the spirit of teamwork which has become characteristic attribute of the Combat Team."

## Advisory Council Assists Students

College Council newly inaugurated student relocation counseling office, is holding counselling hours throughout the week at 1-4-4, and not at 7-15, as reported in the Free Press. With the reorganization of the defunct College Hall and Inter-collegiate Association still pending, the office at 1-4-4 is serving as clearing house for student relocation information.

It now houses bulletins, circulars, and catalogues of hundreds of midwest and eastern colleges which are open for student relocation. Information concerning art and fashion design schools, technical institutes are also available.

An advisory committee consisting of three evacuee teachers will advise high school graduates, and interested persons in selections of suitable schools, financial aid, etc.

## Hospital Group Formed Back East

With the increased number of employment opportunities being opened up in New England by Roger F. Clapp of the War Relocation Authority Office, a group of New England people have established a Hospitality Committee. Drawn from religious, cultural, educational and philanthropic organizations, this group is anxious to assist those coming into this area. Newcomers will be met, short-time hospitality in friendly homes provided, opportunities to meet other Japanese Americans arranged, and permanent housing located.

Meanwhile the committee also intends to work in creating a friendly public attitude. In an area where almost no Japanese have lived before, the prejudices of some other areas are not present and a genuine cordiality may be expected.

Another of its hopes is to assist Mr. Clapp in his work of securing more and more desirable employment offers. In States highly productive both industrially and agriculturally, the opportunities for interesting and worthwhile work are almost unlimited.

Members of the organizing committee will be glad to carry on correspondence with anyone seeking facts about life in New England. The members, who may be addressed at 1702 East Building, Boston 5, Mass., are Mrs. Martha Helen Elliott, Patricia Parmelee, Mrs. Edgar Seeler, Mr. C. C. Beasley and Rev. Francis G. Ricker.

## Pupils To Attend Make-Up Courses

About 450 Elementary School children will attend a six-week course of academic work to bring them up to grade, it was announced by Clyde Simpson, Principal of the Elementary School. Some 425 who were promoted on July 2 will take one or more courses in activity work such as art, drama, and music. He also stated that all elementary students must attend at least one summer session class unless excused by the Project Medical Officer.

School will be from 8 a.m. to 11:45 a.m. All pupils are asked to report to class on time Monday morning.

Nursery and kindergarten will continue through August 27.

Summer session for the Secondary School will also start on Monday, at 7:30 a.m.

## Merritt Discloses Release Of WRA Segregation Plan; New Hearings For Niseis

In a special meeting called by Mr. Merritt on last Tuesday for the Block Managers at Town Hall, the much discussed subject of segregation was explained by the Director to the Block Managers. The public as a whole, and many of the evacuees, Mr. Merritt explained, have been asking for some form of segregation so that people whose loyalties and sympathies are with the United States and who are eligible for relocation may be separated from those whose loyalty is to Japan.

"We all realize," Mr. Merritt said, "that this is a difficult thing to carry out, but public insistence has been great, and the Washington Headquarters of WRA has now announced a plan of segregation. It has been under consideration for many months and should be an important factor in the final solution of the Japanese-American problem in America."

## PEOPLE PREPARED

Mr. Merritt pointed out to the Block Managers that segregation has been talked about for a long time, and the plan is substantially the same as he reported on his return from Washington one month ago. Undoubtedly, he said, the people of Manzanar have known action would be taken eventually and they were to some extent prepared for it. He said that the move would be taken eventually and they were to some extent prepared for it. He assured them that the move would be made with utmost consideration for all parties involved, and no one should become unduly alarmed.

The plan should promote harmony in the center and increase confidence of the public in the relocation program of the Authority," he said.

All the details are not yet worked out, but fundamentally the plan according to a telegram from Washington which Mr. Merritt read to the Block Managers, is as follows:

1. One center, to be announced later, will be set aside for persons whose sympathies are more with Japan than with America.

## FOUR TYPES

2. The first group to be segregated will be those who applied for repatriation or expatriation and who did not cancel this application prior to June 1, 1943.

3. Other groups to be segregated will be those determined after an investigational hearing to be disloyal to the United States or unsympathetic to the cause of this country. The groups to be investigated will include:

a. Those with unfavorable record. (Continued on Page Three)

## Chester Mink Tells Facts on Furlough To Block Managers

Speaking before the Block Managers Assembly recently, Twin Falls District Relocation Officer Chester Mink disclosed that some evacuees out on furlough, have developed a habit of going into town almost every couple and sleeping late into the morning hours thereby creating a bad impression upon the farmers. He declared that public sentiment is bound to become worse unless the boys on furlough keep a good reputation.

Disclosing that Twin Falls' new prisoner of war camp for 3,000 prisoners should be ready for next spring's farm work, he remarked: "The public sentiment is bound to become worse unless the boys on furlough keep a good reputation."

He said that in all probability short term leave will almost be eliminated next year, because farmers in that district have established the Board and a number of workers needed will be requested through them.

## Friends United At Camp Chaffee

CAMP CHAFFEE, Ark., July 17—Two Japanese-American soldiers, Kazuo Numamoto of the 84th Armored Medical Battalion and Pvt. Shozo Saito of the 94th Armored Reconnaissance Battalion, friends in Los Angeles, joined the Army in the fall of 1941, lost sight of each other, and were reunited at Camp Chaffee by a coincidence recently at the transportation section.

Kazuo, or as he prefers to be called, Dick, and Shozo who prefers the name George, are both 22, both sons of Los Angeles fruit and vegetable gardeners, both nisei, or second generation Japanese-Americans.

Pearl Harbor found both Kazuo and Shozo in basic training, the former at Camp Grant, Illinois, the latter at Fort Warren, Wyoming. "The news of the tragedy shocked them far worse than any other soldier in their barracks."

Pvt. Saito's loyalty is perhaps best illustrated by the fact that his best buddy is a Chinese private now stationed with MacArthur's forces in Australia.

## CHICAGO NISEIS IN STREET BRAWL

A Los Angeles newspaper carries the following story:

"CHICAGO, July 17—A slighting remark about the United States Navy touched off a street fight last night between a group of American-born Japanese and 10 Filipino sailors," while Elmer Shirrell telegraphed the following:

"In order that you may have first hand information I quote herewith a press release I have given in newspapers today relative to a mild difficulty encountered by four evacuees in Chicago. I am somewhat fearful of the reaction inside your project, so after discussion with Mr. Holland decided to teletype this to you—FOUR NISEIS INVOLVED."

Preliminary investigation of the street fight which occurred at the corner of Clark and Division Streets last night reveals the following—

"Four Hawaiian-born Japanese, all American citizens and former sailors in the United States Merchant Marine, were involved. They are as follows: Masami Koga, on indefinite leave from the Minidoka Relocation Center, Hunt Idaho; Keiya Horibata, on indefinite leave from the Rohrer Relocation Center, Arkansas; Jimmie Ishibashi, on indefinite leave from Rohrer Relocation Center, Arkansas; and Frank Hokamura, on indefinite leave from Gila River Relocation Center, Arizona. They had come to Chicago to accept employment. James Ishibashi and Keiya Horibata live at 1219 North Clark Street and Frank Hokamura and Masami Koga live at 719 North Clark Street."

## STOPPED TO CHAT

"They had met and stopped to chat at the corner of Division and Clark Streets when they were pounced upon by approximately ten Filipinos dressed in United States Navy uniforms. Had it not been for the intervention of two detectives who were fortunately (Continued on Page Two)

## THE NEXT PLAN—

To upbraid isolationists today, seems almost to be an outdated thing to do, whether they professed this theory prior to Pearl Harbor and recanted thereafter, or whether a few still might believe in this theory as a principle.

Undersecretary of State Sumner Welles in his outline of American post-war policy in the recent issue of the American Federationist submits that America cannot "mind its own business" after the return of peace and let the rest of the world shift for itself. Purely American self-interest precludes this pre-war attitude.

Mr. Welles touches upon one or two points which are relevant to the evacuees—Japanese evacuees as well as the herds of evacuees throughout the rest of the world. During the transitional period immediately following the cessation of this war, he points out, the United Nations must maintain order and assume certain necessary function. Among these, Welles mentions, repatriation and the bringing together again of separated families and the physical rehabilitation of the evacuees. This thought speaks for us.

## EQUALITY OF INDIVIDUALS

As one of the cardinal principles he proposes as premises upon which any form of future international organization will need to function successfully, the secretary declares with optimistic conviction "in the kind of world for which we fight there must cease to exist any need for the use of that accursed term "racial or religious minority."

If the peoples of the earth are fighting and dying to preserve, and to secure, the liberty of individual under law, he asks, "is it conceivable that the peoples of the United Nations can consent to the reestablishment of any system where human beings will still be regarded as belonging to such "minorities?" The equality of individuals, like the equality of peoples, cannot in fact be granted by fiat. Equality depends on their own achievement and upon their own intrinsic worth, he correctly points out. But to equality of human rights and to equality of opportunity every human being is by divine right entitled. That is the essence of our democratic faith.

## Citizenship Status Of Wives Clarified By Throckmorton

A restatement of the Solicitor's Opinion No. 63, clarifying the status of citizenship of female United States citizens married to alien Japanese has been released by Project Attorney Robert B. Throckmorton.

According to the opinion, all nine women who married issei prior to March 3, 1931, lost their American citizenship whereas those marrying after this date retained their citizenship in this country unless they expressly renounced it.

## PROCEDURE FOR REHEARING OF INTERNEES GIVEN

Upon questioning the Welfare Department as to the process in order to obtain a rehearing for an internee, steps were given as follows: Have at least five letters of recommendation written by friends, preferable Caucasians, to be sent to Charles H. Carr, United States Attorney, Department of Justice, Post Office Building, Los Angeles, California. He, in turn, will send the documents to Edward J. Ennis, Director of the Alien Enemy Control, Department of Justice, in Washington, D.C., who is in charge of rehearings.

Any family of internee members who are interested in the status of their respective member and have petitioned for a rehearing in the past, should contact the Department of Justice in care of Mr. Ennis.

## WE, THE PEOPLE

By DENNIS SHIMIZU

(The following is a letter received in answer to my article of July 10.—D.S.)

Dear Mr. Shimizu,  
It was with pleasure that I perused your article of Saturday, July 10 in our Free Press.

From my personal contact with a few of the authorized persons of our own Co-op Enterprise: I must say that your article was mild concerning our own Co-op Enterprises' obvious policy of keeping things in the dark. For instance at the Congress meeting held sometime ago when our contract with Montgomery Ward and Co. was voted to be discarded, I asked why we did such an unreasonable thing. I was given a lot of "beating around the bush" by our own employed Co-op Enterprises' comptroller. Needless to say, it was an entirely unsatisfactory answer.

Doubtless more than 90% of our fellow members are unaware of the full import of such asinine business conduct. (Through our contract with Montgomery Ward we were given back without any strings attached whatsoever, fully 10% of the money we spent on whatever purchases we made from them thru their nationally advertised and priced catalogues. 10% REBATE

We were able to buy for ONLY \$9—the identical things for which anybody else in the United States had to pay \$10. A full 10% rebate! More than our own Co-op Enterprises are able to do considering our higher prices for the same or even more inferior quality goods.

It is a shameful pity that we are able to throw money away or to refuse help which kindly Americans are willing to give us in our straitened conditions.

Yet even no longer without the 10% discount, I personally am buying more from Montgomery Ward and Co. as I find their goods cheaper than the same goods sold at our own "vaunted" Co-ops. (Where, is the cooperation anyway?) But Lord, how I would appreciate that 10% discount, that our Board of Directors thought fit to refuse. Needless to say, it is only gentlemanly of the Board to give us an adequate explanation.

## EXPLANATION WANTED

Also concerning things held in the dark by our own Co-op officers, may I, as a fully paid up and participating member, ask an explanation of the week vacations and \$10.00 bonuses given, without even our notification, to our own Co-op employees who have been employed a year.

Personally, I have been employed by the WRA at my one

nearly, more serious consequences would have resulted. As it is, Ishibashi and Hokamura are in the Bridewell Hospital, Ishibashi with a wound in the groin and Hokamura in more critical condition with a wound in the abdomen.

"According to their statement, the only previous contacts which they have had with any sailors occurred the evening before in a tavern in the neighborhood when Ishibashi was called an insulting name by a Filipino in a sailor's uniform. He told the Filipino that he would not argue or fight with him because he respected the sailor's uniform. When the Filipino discovered that Ishibashi was an American citizen, he apologized,

## Letters from the Public

Dear Mr. Heath:

It's been almost six months since we left Manzanar to Chicago and we are doing better than we expected. I just couldn't get over this weather, but I suppose I'll get use to it soon. It's raining today; in fact the streets are flooded.

People are nice here that you can walk out in a street like any other American. We expected people to stare at us and make funny remarks, but as yet, I have not met anyone who is rude. In fact they are too good that I often wonder, maybe, we are mistaken with Chinese.

When we left camp, my husband was promised a forty dollars a week job but he is making double that with overtime, so we are doing swell. When he first worked with this company, there were only two Japanese employees but now they have more than

twenty working in the various departments. The boss is so pleased with the work that he is taking in more and more Japanese everyday.

The food is expensive, but with money you can get anything. In fact, I can buy all kinds of fruits. Meat is plentiful, and also various kinds of fresh vegetables. I have plenty of rationing points. In fact I cannot use all of it.

The rent is very reasonable but houses are hard to find. Especially with children, but people are managing to get by.

I'm glad I got out of camp, and often wish I got out sooner. I don't know what makes people stay in camp now when they have opportunities to get out. It's swell to be out and free again!

Many thanks for all the kindness and hospitality during our stay in camp.

Sincerely,  
Mrs. Bessie Yamanaka.

## Reporters Check Camp Condition

Arriving here last Monday morning at 11:30 a.m. to obtain facts about statements made about Manzanar by the press and investigating committees and explain to Californians the true situation, were Pat Barham, columnist and Sterling Trevor, photographer escorted by Captain Contreras of the Sheriff's Department in Los Angeles.

Miss Barham is the daughter of the publisher of the Los Angeles Herald and Express and the writer of the column "Seeing Thru the Eyes of a Gadabout". Mr. Trevor was here to take pictures of the center life.

## Clothing Allowance And Remainder Of June Pay Due Soon

Approximately 5,936 names were listed in the clothing allowance vouchers which were sent to Los Angeles Disbursement office on July 14, according to Budget and Finance Supervisor, R. C. Bozkiewicz.

Bozkiewicz added that the vouchers amounted to \$113,550 and said that they will be distributed through the Book Managers' offices upon their arrival. Bozkiewicz said that checks are usually received in ten days after the vouchers are sent out. However, due to the fact that other centers may be sending in theirs at the same time, this may be delayed a little, he said.

The Budget and Finance Supervisor asked the patience of residents who have not as yet

and only job for a year and a month and we are not to receive any vacation much less a bonus.

Yours for a more enlightened Co-op.

**Friends Restore Nisei Couple's Victory Garden**

NEW YORK, July 17—Vandals entered the Victory Garden of Toru Matsumoto, a Japanese of strong American sympathies and trampled and slashed every seedling on the lot of his home in Larchmont, New York. When the vandalism was discovered, village officials and club women were so angered by the action that they replanted the lot with seedlings from their own property and some offered to send gardeners to tend it.

Mr. Matsumoto and his wife who came to this country in 1935 from Japan, has toiled long hours to make the garden one of the best in Larchmont.

Mr. Matsumoto graduated from Union Theological Seminary in New York and will be ordained soon as a minister in the Reformed Church of America. He is a member of the staff of the International YMCA and is working for the Committee for Resettlement of Japanese-Americans under the sponsorship of the Federal Council of Churches of Christ in America. The Matsumotos have a son, Teddy, 4 years old.

**Lectures Given By Schauland**

Mary Schauland will present the first of the last set of lectures to be given this Summer to Nursery School Parents and teachers and other adults interested in the preschool child on Monday, July 19.

This new series will deal with relationship between Nursery Schools and the Elementary School Department. The lecture will be given in Messhall 10, from 7:30 to 9:00 o'clock.

Since July, Miss Schauland has been supervising Kindergarten in addition to her supervision of the Nursery Schools.

**CARNIVAL GROUP REVEALS PROFIT OF RECENT EVENT**

Gross Profit for the Fourth of July carnival was revealed at \$2,425.24, net \$1,407.67, Community Activities, \$454.22, and the clubs participating retained a total of \$938.46, according to reports from the Advisory Board Head, Aksel Nielsen.

The representatives from the various concessions, who participated in the recent carnival met with the Advisory Board to discuss financial statements last Monday.

The assembly agreed that the Boy Scout should be included to share in the \$519.47 Bingo net profit. Since the money has already been divided among nine clubs, the clubs will return a certain amount to the Boy Scouts.

The Advisory Board consisted of Bernice Silber, Hospital; Sally Kusayanagi, YWCA; Paul Ueyemura, YMCA; Rev. Jun Fujimori, Christian Church; Pete Mitsui, Buddhist Church; Kiyoshi Higashi, Police; and Kiyoharu Anzai, Town Hall.

**NOLLEENS HEAD LIST**  
The Nolleens, who ran the dibs concession, had a gross of \$321.17 but a running expense of \$19.30, and a one-third profit of \$100.63 to the Community Activities Fund, left a total net profit of \$201.25. Maryknoll retained \$149.48 with their wheel concession, and the Athletic Department's snow ball booth, turned in the third best and retained \$137.00. 2100 lbs. of ice was sold in the form of a snow ball to the ice hanger customers.

**Mayor Bowron Makes Short Visit Friday**

Manzanar was revelation to Mayor Fletcher Bowron of Los Angeles when he visited here for more than an hour last Friday, accompanied by a retinue of city councilmen and other escorts. They were enroute to the Mono basin water shed on an official inspection trip.

Curens, as any ordinary first-time visitor, the mayor asked Project Director Merritt many questions regarding operations of this camp.

**HEART MT., WYOMING**

A small, unidentified girl watched the approaching figure of Dr. Forrest E. LaViolette, social analyst.

"Hello," Dr. LaViolette greeted the child, "what are you doing out here by yourself?"

"I'm not doin' nuthin'," the child answered. "There's nuthin' to do. I had lots of fun at the assembly center, though. I had lots of toys there. I lived next door to a minister and his house was clear full of toys and I could play with them," she added.

"That must have been Rev. Toriumi," Dr. LaViolette said. (Rev. Toriumi is pastor of the Community Christian church.)

"Oh, yes, it was," the little girl said.

Reverend Toriumi lives-over in block 30 and he still has a great many toys. Why don't you go over there and play with them," Dr. LaViolette asked.

"Why that's 'way over on the other side of the camp," the child said, "and they're ratin'g those snow, didn't you know?"

**GILA, ARIZONA**

Negotiations have been partly completed for the transferral of the camouflage grounds from the Army to the WRA. The net grounds and buildings will be used by the motor pool, crowded administrative workers, and the warehouse divisions.

## SIDELINE

with Danny Iwata

With this fourth issue I'm editing, I'll introduce myself briefly. I've been working with the Free Press for almost a year, now, first starting out as a copy-boy, then a reporter for the Sports Department and now taking the chair as editor of the Sports temporarily until a better man is found to replace me, which I hope will be soon. I have been helping your former Sports editor, Tommy Yamada, since his induction until he left us recently, and have assisted him to my utmost, but my utmost would only compare as a trifle to the contribution.

Tommy Yamada has done a grand job in bringing to you the sport highlights of the week, together with his enjoyable column, "Warming-up with tom yamada. WHO NEXT??"

At first it was the well organized sport staff headed by Tommie Hashimoto with his able bodied writers as Yo Hara, Pete Oh-taki and Yuki Odahara to name a few. They have either relocated or have come back from the beet fields with intention of re-locating soon. With the air-raid fever hitting the Press, the Sports Department was almost helpless until Tommy came into the department to take the chair. A big gap was felt when Shiro Nomura and Yoro Shishido left our "dust-bowl" some weeks back after doing a swell job of writing.

And now one of the biggest setbacks was felt when Tommy Yamada said "so-long" to leave the Press with an attempt to balance the ration book on the outside. His grand job of writing will be missed sorely, but the outside offers an opportunity to put his two-cents in bettering the world. With a personality of his ability, he's bound to succeed. Best of luck to you Tommy.

The Recreation Department has been helping us a great deal in the past with side-line helps from Mr. Murakami, Timoshenko, Tom Nakagawa, the Golf Club, just to name a few, and I hope they'll continue to help us. With what sports writer remaining, Jimmy Yamaguchi, Yoshiaki Nakayama, Chickie Shiba and yours truly, we'll try our best to cover as much of the sport news we can to make the fourth-page worth while with your cooperation.

## Niners Tip Gremlins

The never-say-quit Gremlins met defeat at the hands of the Gay Niners in a previously postponed game, 3-2.

The green-clad gals collected an equal number of hits, but the Niners managed to squeeze out one more run which won the game and a tie for second place on the league ladder.

The Niners hung up their share of runs in the third, as H. Hamamoto, J. Namba, and Y. Ishibashi crossed the plate.

Determined, the Gremlins unleashed an attack of their own in the fourth, but fell short. K. Ishikawa is credited with a double to right field, chasing in M. Uchiyama and K. Mio.

Gay Niners ..... 003 0x-3

## KNIGHT BEES FALL BEFORE MYSTERY 9

With two runs in the second as against one for the Manzknight "B" team, the Mystery 9 went on to win handily, 13-5.

Seven runs were recorded in the third, all by the Niners. The fourth and fifth frames saw no run registered.

Only one run was hung up in the sixth; a homer by M. Imai of the Knights.

In the first half of the final stanza, the 9's pushed over another three runs. Not to be out-pointed, the Manzknight tallied three more; G. Nishida, G. Hirooka and M. Imai got life on passes and all came in on H. Sakai's line drive over third which was good for a triple.

# BEENS IN 1st WIN; SEARS VICTIMS

## WAT OKAMOTO TOSSES FOUR HITTER

The Sears fell back for the second defeat in the "AA" League ladder when the Has Beens scored a 4-1 victory over them in Monday eve's encounter. Sears' 1st batter Kusaba got on as a result of an error to die at 2nd sack when the following batter tapped the hide weakly for a "FC," who himself, was forced out on 2nd base. Sears' M. Murata was forced out at 3rd when his mate, again made a "FC."

Has Beens' B. Yoshiwara was credited with a hit in the 1st inning with two down, but failed to score when his mate went via the "K" route.

Two hits along with 2 runs were scored by the Beens in the 2nd frame when F. Kunitomi and S. Hasegawa scored after obtaining a hit apiece.

3rd inning found a lone tally being made by Sears' T. Ohara when chucker, W. Okamoto released a walk, to be hit in by S. Seko.

The Has Beens made sure to win when 2 more digits were mustered, garnered with 2 hits in the 3rd round of the tiff. First batter M. Matsuno swatted the pill to left field, followed by Yoshiwara who came across the plate to score for the 4th point after a walk.

Both aggregations failed to score after the 3rd stanza, with no hits been credited to the Beens after the 3rd, while the Sears' Kusaba binged to the center outpost in the 7th. In the final inning, G. Shiba

and Kusaba of the Sears got to 2nd and 3rd back but failed to score when the next batter flied out to end the fracas.

## Cougars Upset Zephyrs; Two 4 Run Rally Costly

Although the Zephyrs features two home runs profiting for 3 with more times at bat and hits, Cougars managed to win by walks given them aided by Lady-Luck as the Cougars hit several times with bases loaded to win 10-9 in the American Leaguer. Zephyrs' first man, P. Koyama, swatted the pill for a homer in the opener.

Cougars overtook the Zeph's in the 2nd when T. Arita connected for a 4-plyer driving J. Iwata home. Two more runs were annexed as V. Takemoto and T. Okamoto scored; scoring on passes issued by the chucker.

The Zeph's chalked up 2 in the 3rd when J. Morita slammed a triple, chiding in G. Nenashi and A. Kawamoto.

Fourth saw the Zeph's in a 6-4 lead; B. Takeda and T. Kawamoto tallying on hits by the latter and A. Urokoenti, respectively.

The block 3 lads tallied 4 to surge ahead in their 4th as the chucker walked in one, three scoring on a fielder's error.

Zeph's Takeda rapped out a homer in the 5th, recording 2 more.

## Zephyrettes Victor

In a closely fought battle, the Zephyrettes finally emerged victorious over the Twixteeners, 4-2 in the National Leaguer.

Both teams were fairly well matched throughout the entire fray, but taking advantage of chucker R. Okamura's wildness, the Zephyrettes were able to produce 4 runs on 3 hits.

As for the Twixteeners, they banded out 6 hits off I. Iwasaki, but the hits were scattered and only 2 runs were accounted.

## BABES WIN, 8-3

The Packer Babes shackled the Redbird outfit, 8-3, behind the six-hit pitching comb of M. Natsume and S. Nakagiri in the Tuesday eve American Leaguer.

First inning featured a homer, three strikeouts, a walk; the clout by Nakamura of the Birds brought, Ota in. The Babes were charged with two "K's," Nagai walked, Aisaka got life on an error, and both were chased in by Kawahara's double.

In the second, the Babes took the upper hand when T. Enomoto came in on Y. Furuta's 4-plyer.

No runs were recorded for either side in the 3rd and 4th. In the fifth, Ishuin of the Birds smashed out a double, but died on second when Kurosumi flied, and Ota and Okami fanned.

The run-hungry Redbirds again went without them in their half of the sixth, while the Packers annexed three; T. Enomoto's triple bringing in all three.

Birds' third and last run was registered in the final stanza when Ishuin scored on Kurosumi's fielder's choice to end the fracas.

## Barons Tripped, 15-12

In a wild scoring game that found the first seven Baron batters capitalizing on two hits, four walks, and an error in the opener, the Timbers went on to win regardless, 15-12. Unable to collect hits off the Baron pitcher, the Timbers managed to roll up two runs, nevertheless.

The 2nd and 3rd innings served as "rest periods" for the Barons, the Timbers, with fire in their eyes, blasted the pill for six hits and seven runs.

In the fourth, T. Kamiya, getting life on an error, came home on T. Hiraide's triple, but the latter died there on A. Mitsuchi's fly. The Timbers, no hit, no run.

In the fifth frame, it was T. Kamiya who did the damage, determined to outdo his mate, slamming the horseshoe for a neat 4-juniorettes player with two on. The Timbers, in their half, registered two runs and a hit, aided by walks.

The Barons took another rest in the 6th, but the Timbers, taking advantage, ring up four runs. Not content with one mealy bingle to his credit, B. Watanabe met the apple for a circuit clout in the finale.
