VOL. III, NO. 63

MANZANAR, CALIFORNIA SATURDAY, AUGUST 7, 1943

## Hospital Staff Augmented As Doctor Arrives

Manzanar hospital's medical staff was augmented with the arrival of Dr. Wilfred Hanaoka, M.D., and Mrs. Elaine Hanaoka, R.N., from Heart Mountain relocation center arriving in Manzanar on Thursday.

Dr. Hanaoka was the first evacuee physician at Heart Mountain, and has lived in that center for almost a year. Prior to his transfer, he was the senior medical officer at the Heart Mountain center.

### PRACTICED IN L.A.

Dr. Hanaoka practiced for five and a half years in Los Angeles prior to evacuation, and graduated from the College of Medical Evangelists in Loma Linda. Mrs. Hanaoka received her registered nurse's degree at the Queens Hospital in Honolulu, Hawaii.

### BEAUTIFUL CENTER

On answering to question of "what is your first view of Manzanar?" both emphatically replied that Manzanar is the most beautiful center. "The green grass, trees, make you feel right at home. All we saw at Heart Mountain was desert!"

Project director of Heart Mountain, Guy Robertson, commenting to the Sentinel on the transfer of Dr. Hanaoka to Manzanar said, "the hospital can ill afford to lose Dr. Hanaoka's valuable service but we appreciate the fact that Manzanar's needs are more urgent than ours."

## Saks Replaces Throckmorton As Project Attorney

Hailing directly from the nation's capitol in Washington, D.C., J. Benson Saks replaced Robert Throckmorton as Manzanar's project attorney last Tuesday. Throckmorton answered the call of old glory by joining the U. S. Navy.

Employed previously with the OPA, Saks also revealed affiliations with the Department of Justice, the NLRB and the SEC. Educationally speaking, the new project attorney is credited with an AB and a PH.D. from Johns Hopkins university along with a LL.B. degree from the University of Maryland. He was also a Sterling Fellow at the Yale law school.

Although acquainted with camp life for but a few days, Saks expressed sincere liking for the whole set-up, (climate and all.)

## Insecticides Next Topic For Lecture

Next of the series of Adult Education's popular chemistry lectures will be devoted to the chemistry and manufacturing of insecticides. These lectures, in English and Japanese, are given by Frank K. Shimoda, who holds a Master of Arts degree in chemistry from the University of Michigan.

All those interested are invited to attend this Tuesday from 7:00 to 8:00 p.m. at 7-9-4.

## Call To Colors Answered

Privilege of being the first Manzanar resident to be called for duty from the Enlisted Reserves went to Private First Class Makio Akiyama who is the present Assistant Superintendent of the Manufacturing Division, according to the Project Director's office.

Akiyama was ordered to active duty on Monday, August 9, from the headquarters of 9th Service Command and will depart from the center to Reno, Nevada, where he will board a train to Fort Douglas, Utah. After necessary processing, he will be sent to Camp Shelby, Mississippi for assignment with the 442nd Combat Team.

Born in Eastport, Idaho in May, 1916, he traveled for awhile and settled in Gardena where he attended an graduated Gardena High School. Later, he attended Woodbury College in Los Angeles until 1939, when he obtained a position of manager at Kurata Department store in Gardena.

In February, 1941, he was inducted into the United States Army and was transferred a year later to the Enlisted Reserve Corps and returned to civilian status. His rank during the service was that of Private First Class and he has been working as a regimental clerk.

While visiting his mother and brother at Spokane, Washington, rumors of evacuation were spreading. He returned to California and was evacuated to Manzanar on April 2, 1942.

He became a personnel clerk here for the Employment and Personnel Division and held that position until June when he transferred to the Industrial Division. Starting as a personnel clerk at the Camouflage section, he was promoted to Head Senior Clerk for the Industrial Division upon the termination of the camouflage section. On January, 1943, he held the position of assistant superintendent until the present day.

Akiyama leaves a wife, the former Mary Uyeda of Gardena and a six months old daughter, Mariko Ann who resides at 5-11-1. His favorite pastime includes personnel data research, display arts and sports such as baseball, swimming and basketball. Although their plans for relocating at the end of this month were shattered by the call, Mrs. Akiyama is reported to have taken the news as any loyal army wife would.

## Merritt Speaks On Segregation Plans

Returning from the Denver conference on segregation attended by project directors and administrative heads of all ten centers, Project Director Ralph P. Merritt spoke before the Block Managers' Assembly held in Town Hall last week.

### AMERICANIZATION STRESSED

He declared that Americanization was stressed at the conference and if the Japanese problem is to be settled once and for all, it is up to the residents to see that segregation goes through in the right way. He added that if it is done in the right way, the American people will be satisfied, as well as the Japanese, but if it goes wrong, everyone will be confused about the whole problem.

"This is the most important thing that has ever come up for the people of Japanese ancestry. There has been a great deal of confusion as to the loyalty of the Germans and Italians, with investigations being made as to the Bund, but there should be no misunderstanding of the loyalty of the Japanese people in this country after this segregation plan is through. It is the most satisfactory way of working that problem out," said the administrator.

### PROGRAM DECIDED

He emphatically stated that "We have decided on this program, and we have authority to carry it out." There will be people who will try to start something by spreading rumors, but he said, everything in his power will be done to carry the plan out successfully. There will be ways of handling people who try to test the authority.

### PROPER RELATIONSHIP

In conclusion, Mr. Merritt said: "I think that in the United States the most important problem that can be properly settled at this time inside this country, is the proper relationship of all the people. That means the right and just

(Continued on Page Two)

## RESIDENTS TASTE HOME-MADE TOFU

Tofu, the first to be manufactured here, was distributed and served at the first five blocks on Wednesday, the Industrial Division announced. The tofu is being distributed on the block by block basis so that everyone may have his share, the division revealed.

Alteration of the shoyu plant is now under way and the division hopes to get production started by the end of the week.

The Division also announced that Assistant Superintendent of Manufacturing, Makio Akiyama, has been called back to army service from the Reserves and will leave Monday for training at Camp Shelby, Mississippi. As yet, no one has been appointed to replace him, the division said.

## Death Overtakes Former Resident

Nakashiro Hara, 63, died at the Los Angeles General Hospital Monday from diabetes. He was removed from Manzanar to the Los Angeles hospital on May 20. Surviving him are his wife, Haya, and his daughter and son-in-law, Mr. and Mrs. Tadashi Toki. Funeral arrangements are pending.

## Execution Of Forms Urged Of Evacuees

Reverend Jitei Ishihara of the Nichiren Buddhist Temple, located at 2600 East Third Street, has requested the evacuee property offices of the relocation centers to notify all evacuees who stored household goods and personal effects in the Nichiren Temple, to immediately execute forms WRA-155 or WRA-156 so that their property can be taken into government warehouse for protection.

Reverend Ishihara states that the church has been entered and shows signs of vandalism. He will hire a patrol to guard the premises for a short time only; therefore, residents of Manzanar are advised to go to Warehouse 23 and execute the forms as requested by Reverend Ishihara.

## Anti-Japanese Law Is Unconstitutional

PHOENIX, Ariz., Aug. 7—A recent state law regulating business with "restricted" persons aimed at Japanese Americans has been declared unconstitutional by the Arizona Superior Court. In voiding the law, the court pointed out that its loose wording, aimed at freeing all persons of Japanese ancestry from business in Arizona, could be interpreted to cover men in the armed forces, since their movements are also "restricted." The court pointed out that the law was equal applicable to Chinese, who are also not eligible for citizenship.

The Superior Court decision came as a result of a test case made Tsutomu Ikeda of Mesa, Arizona, on the ground that the law prevented him from buying seed and fertilizer.

Signed by Governor Sidney P. Osborn of Arizona on March 23, 1943, the law required public notice and a report to the secretary of state of any commercial transaction undertaken by anyone with a "person whose movements are restricted" by operation of law or by an executive or other order authorized by law "or with a person "who is not eligible to citizenship."

## Watanabe Assists

Walter Watanabe is now assisting Walter Heath of the Relocation office, especially to aid issues and kibei in relocation.

He will be in at 1-2-3 in the mornings and will call on families contemplating resettlement, and those seeking information are urged to see him.

## Project Director Given Authority To Impose Fines

Authority to impose fines on violators of community ordinances or WRA regulations was granted judicial commissions and project directors in an administrative instruction approved by Director Dillon Myer recently.

The order reads that a defendant may be ordered to pay a fine of a fixed sum not to exceed \$500 as an alternative to serving a fixed period of imprisonment. In other words, an offender against the community law and order may not be required by the project courts both to pay a fine and serve a jail term for the same offense.

### MISCELLANEOUS RECEIPTS

All money received as a result of such sentences will be paid into the miscellaneous receipts fund of the United States Treasury in accordance with Federal law, the order says.

WRA states that both project directors and judicial commission members at a number of centers have found that limiting punishment to imprisonment or the withdrawal of privileges was a weakness in the project penal procedure and have recommended that project courts be permitted to follow the customary American sentencing procedure of fining certain types of offenders.

## MOVIE MENU FOR AUGUST RELEASED

"Swiss Family Robinson" which was previewed last night and will be shown again tonight, is a picture full of thrills. Taken from one of the world's best seller books, it relates scenes of the shipwreck, the escape to an uncharted tropic isle on raft of barrels, living in the tree tops, and many others.

### "IT AIN'T HAY"

Romance and music will be featured in the new film, "It Ain't Hay," is shown on the screen on August 13 and 14. Once again Abbott and Costello will capture the hearts of the audience and split the sides of many with their songs and actions.

### "DEAD MEN TELL"

Do you like murder mysteries? If you do, just wait until August 20 and 21 when "Dead Men Tell" with Sydney Toler, Charlie Chan, Sheila Ryan and Robert Welton go into action in solving the mystery of the South Sea buried treasure.

### "IN OLD CHICAGO"

Now you will have the opportunity to see and hear about the Chicago fire when "In Old Chicago" featuring Tyrone Power, Alice Faye and Don Ameche takes the spotlight on the screen August 27 and 28. You can't miss this thrilling drama of the O'Leary family and the spectacular scenes of the famous fire.

## Quincy College To Enroll 50 Niseis

Quincy College at Quincy, Illinois, conducted by the Franciscan Fathers, has offered to accept and enroll fifty nisei girls interested in furthering their education, according to a letter received here this week from Markno Father Hugh Lavery of Los Angeles.

Total cost of tuition, board and room is \$460.00 per year while they are residents at this college, the letter declared.

Father Lavery revealed that the college has a wide variety of courses available, including nursing courses. Anyone interested is asked to contact Father Lavery in care of 222 South Hewitt Street, Los Angeles, California.

## On Rookie's Furlough

A rookie's furlough such as ours belongs to a different category from the usual run of military leaves. Not a respite from a period of active duty, it is rather a period of confused suspension between civilian and military life. We have our uniform and feel the weight of special obligations that go with our new clothes, but most of our instincts and behavior habits are still those of the ordinary man in the street. The new garb sits awkwardly on our frame, and we advertise the unaccustomed weight and bulk of our GI shoes by a self-conscious compromise between prescribed Army briskness and habitual civilian shuffle in our walk.

### A PLEASANT FELLOW

The most pleasant fellow we met on our trip was a young sergeant just invalided home from Guadalcanal after being there during the whole bitter business of clearing the enemy off that island. Despite his long and arduous contact with the unlovely aspects of fighting an unlovely foe, he evinced no trace of racial animosity or bigotry in his descriptions of that fighting. As one American talking to another American, he gave us vivid humorous, terrifying sightsees on the operations in that jungle area. But like most U. S. soldiers and sailors on furlough, his talking and thinking embraced non-military matters as much as the war experiences so fresh in his memory—the virtues of Cincinnati, his hometown, the undoubtedly even at that moment of all, the past, present and future fortunes of the Cincinnati Reds ball club.

### BRIEF CONTACT

Our brief contact with this sergeant and with the other assorted members of our fighting forces cemented our long held belief that in this country we shall never see or hear grim-lipped hard-eyed legions heeling or banzai-ing any Hitler or Tojo. Not so long as our young men can return from kicking hell out of the enemy and still talk lovingly of matters that have nothing to do with war directly but have everything to do with the spirit of democratic men everywhere. We like to think that this country is waging this war so that the Cincinnati sergeant can once more return to a leisurely contemplation of the exploits of his beloved Reds.—Pvt. Taro Katayama in Topaz Trek magazine.

## Mental Stagnation

"Mental stagnation," a malady sweeping over this camp and other relocation centers, is creating havoc with the nisei here. This "disease" is common to institutions of confinement and is one of the factors that is contributing to the decline of prestige of relocating niseis among the outside public.

Lack of interest in the activities of the outside world just because we have little contact with them and the "I don't care" attitude in the ambitions, hopes, and desires common to young people is increasing alarmingly. Never before have we had so much spare time, so much leisure that we could spend doing things worth while. Prospective relocatees should keep up with the times so that they will not encounter difficulty in tackling all the confusing government forms and adapting themselves to the abnormal conditions of the United States at war. Little do we realize that after the war ends we will have to face greater competition for obtaining jobs than we do now. If one doesn't intend to relocate before that time he will have to face the competition of the fellows coming home from the army. If your qualities and abilities just equal that of the soldier, he will naturally get the employment preference.

Let us spend all possible leisure time in improving ourselves culturally and intellectually with some of the many facilities available here in Manzanar. Issues too should take advantage of their free time. A few adult education classes are conducted in Japanese especially for their benefit. The local libraries have many good books in Japanese as well as English which may benefit evacuees in the years to come.

This disease cannot be cured by doctors but is cured by the initiative and determination of one's self. Let's cut the toll of this invisible enemy before it threatens to demoralize the camp and make the residents "loose fight" before the real struggle has begun.

### THANK YOU:

In leaving for relocation to Cincinnati, Ohio, may we take this means to express our sincere appreciation to our many friends and neighbors for their many kindnesses during our stay in Manzanar.

Lillian, Norman and Nelson Nakaji  
34-2-3

## WRA Policies Given In Myer's Broadcast

Speaking over the National Broadcasting Company network on July 15, Dillon S. Myer, director of the WRA explained WRA policies and gave out true and definite information of the Japanese to the American people.

He reviewed the evacuation program and stated that the very nature of the program was a precautionary move taken for national security; that the evacuees were not charged with any crime or subversive intentions.

He went on to describe the daily life of 10,000 people in a community surrounded by a barb-wire fence, armed sentries and searchlights.

"But, in spite of those discouraging surroundings, Americanism is predominant in the centers. It is taught in the schools, in the adult education classes, and through organizations. It isn't the American way to have children grow up behind barbed wire. It may be possible to make good Americans out of them but the very surroundings make a mockery out of principles we have always cherished," the national director declared.

Mr. Myer concluded with "We believe that it is possible to distinguish between the loyal and the disloyal people of Japanese ancestry, as well as with other national and racial groups, to a degree which will insure the national security."

He emphasized that "the manner in which the WRA conducts its relocation program is of concern to all the people in the United States" and "it has a significance because other countries are watching our actions to see if we mean what we say when we talk about racial equality."

## —Merritt Speaks

(Continued from Page One)

decision to minority groups, and the one that stands out right now for the people of Japanese ancestry. I am going out to talk to a lot of people on the outside. Mrs. Adams and others of us have good reputations among people on the outside and we don't want to lose them but we are going out to talk for you. We are going to fight for you so that you can solve your own problems and be accepted. The people of Japanese ancestry are going to help solve the problem. The problem will be solved and you and I and everyone will have had a part in working out the solution to the most important problem there is today.

### RIGHTS CONSIDERED

Assistant Project Director Lucy Adams in charge of Community Management stressed that the rights of every alien and citizen alike are being considered and family obligations and ties are being recognized. No pressure will be brought on anyone to change his mind and it is a matter of choice as to his decision, she added.

## Introducing

Elmer L. Shirrell, former Tule Lake project director, who has had an active part in the relocation program from the beginning now holds the title of Chicago Area Relocation Supervisor.

A native Californian, he was born at Santa Barbara, graduated from the University of California with A.B. and M.A. degrees. After taking additional post-graduate work at Stanford University, he became an instructor of Political Science in the high schools of the state.

Going overseas as a sergeant in some of the hardest fighting of the war. Returning to the United States, Mr. Shirrell took a position with the Veteran's Administration in California and later became West Coast representative of the publishing house of Doubleday-Doran.

At the opening of the relocation center at Tule Lake, Cali-

## Newly Formed Cooperatives Association Reveals Aims

To plan and to obtain for its recreational membership entertainment, sports, and other leisure time activities suitable for Manzanar; to collect and to disburse such funds as membership shall direct; and to establish a satisfactory bookkeeping and accounting system for the association are the purposes of the Manzanar Community Activity Cooperative Association organized recently.

### BOARD OF DIRECTORS

Management of the Cooperative is invested in a Board of Directors, consisting of ten directors and five supervisors, one from each community activities division, who will be ex officio advisors to the Board, but shall not be entitled to any vote in its deliberations.

The Board of Directors consist of Dick K. Shiroyama, T. Higashi, Dick Izuno, Ben Adachi, G. Ikari, Dr. Y. Nakamura, F. Yabuki, T. Kubota, T. Shiba, and H. Nakamura; while the supervisors are J. Kohigashi, sports; M. Ichien, arts and craft; M. Shozaki, music; S. Ishii, social, and M. Tanaka, victory garden.

### FIRST MEETING

At the first meeting, July 31 in community activities office, Dick Izuno was elected chairman; D. Shiroyama and T. Higashi, treasurers; and Dr. Nakamura, By-Laws committee. Miyako Sakai is acting as secretary pro tem.

## Chinese Blood Bank Receives Nisei Blood

NEW YORK, August 7—A Japanese American girl walked into the Chinese Blood Bank in New York City last week and gave a pint of her blood for the fighting soldiers of Free China. The New York Times reported that the girl was Kathleen Iseri who smiled quietly when the deeply touched Chinese doctors and nurses thanked her, it was announced in the Pacific Citizen recently.

Miss Iseri, a 22 year old girl from Oakland left Rivers WRA center to work in Washington where she "learned to live in one room with six other people." Two months ago she left for New York City and is employed by WRA at the Empire State Building. Her brother is working as translator for the Federal Communications Commission.

About her blood gift to the fighting Chinese, Miss Iseri said that she had given it "as an American."

"I imagined it would mean at least a day in bed to recover,"

Shirrell accepted an appointment as Project Director and served in that capacity until January 1 of this year when he was appointed Relocation Supervisor for the Chicago area, serving five states.

### THANK YOU:

To doctors and nurses for their kindness and to all my friends for their sympathy, during my recent illness.

Seizo Teraoka

## Travel Exhibit

7,000 visitors went to see the unique Traveling Exhibit that terminated last Saturday. Caucasians from the outside were amazed at how the residents made such useful articles from practically nothing.

The traveling exhibit is preparing to travel through various states with a series of lectures in the near future.

## Urge Resettlement In Rural Districts

The Relocation Office in a report urged relocatees with families to resettle in rural areas. Although the large metropolitan areas would absorb more Japanese, the crowded conditions prevailing in the cities where war industries predominate is doubtful as suitable for rearing a family. Evacuees are expected to attract considerably more attention in the small communities than the large, but when they are once accepted in smaller communities, their station in that community will be quite satisfactory.

For those wishing to relocate to a farm, the northeastern states offer positions to vegetable, fruit, poultry, and livestock workers. Also are opportunities for gardeners, caretakers and greenhouse and nursery workers. These areas have the advantage of nearby markets and great manpower needs.

Job offers in the Great Plains and Corn Belt states are likely to be scattered and be of varied nature such as for livestock feeders, workers on food processing plants, dairy farms, poultry farms, nurseries, greenhouses, produce warehouses, grain elevators, etc.

The Rocky Mountain States excepts a lull in the seasonal work until late in September. Jobs such as hay-hands or cooks on ranches are advised.

## Funeral

Toichi Shirakawa, 21-2-5, passed away Aug. 1 at Manzanar hospital. Funeral and Otsuya services will be announced later.

### REMEMBER THE RED CROSS!

she said, "but actually it was not a bad experience at all."

The blood will be processed and the dried plasma flown to Chinese armies where death from wounds are abnormally high because of the lack of blood transfusions, it was stated.

Reservations are still available for the

## Letters from the Public

In California and the West Coast a rabid element has started a "sunkist hysteria" against American-born Japanese. This deadly wave of race prejudice is like a malignant forest fire that starts in dry grass and burns the green with it.

I lived among these Japanese, native Americans and aliens for the past 12 years. I have never seen anything wrong. They were always good neighbors, friendly, industrious and willing to help out in an emergency. They were honest and trustworthy and their loss was distinctly felt everywhere. I witnessed that orderly evacuation, their quiet proud behavior, the neat bundles and the lack of emotion so studiously held to.

Nobody out here says anything about the mishandling of the Japanese before they were interned. How they were ordered to plant "crops as usual." How they spent thousands of dollars planting great fields of rice and tomatoes, and then they were forced to either sell on a two-weeks' notice at great sacrifice or leave everything behind. Hitler could not have done better toward this minority.

Jo Allyn Clark,  
Palermo, California.

From: St. Louis, Mo., Post Dispatch, July 15, 1943

Taft, British Columbia, Canada

Dear Sir:

Have you a corner in your paper for a lonely boy, with a plea and more pleas for pen pals?

I am nineteen years of age, five feet six and a half inches tall, with wavy hair, I would like to exchange letters with pen pals in Manzanar. I am very ambitious to get pen pals anywhere in the States, no matter what creed or religion. Would like especially to hear from girls between the ages of 17 and 19. Will exchange snaps if favorable. It's yours for the asking. Come on girls. Thank you.

Yours truly,  
Tommy Uchiyama

### Smith Featured In "Events" Meeting

Roy Smith, who had been residing in Japan for forty years, spoke at the last meeting of the Current Events class. The discussion on the historical background the nature, and the purposes of fascism was postponed until this Tuesday, August 10, when there also will be a review of the current events of the past week.

All those interested are invited to attend at mess hall 21 from 7:30 p.m.

### Nationals' Exchange Site Agreed Upon

WASHINGTON, D.C., Aug. 7.—The American and Japanese governments have agreed on Marmagao, Portuguese India, as the locality for the proposed second exchange of nationals which is expected to be held this fall, it was learned today.

Marmagao is the port of Goa, the Portuguese colony south of Bombay to which St. Francis Xavier was returning from the Far East when he died in the 16th century.

### Around the BLOCKS

#### BLOCK 14...

The block office will be used by the mail distribution department to sort out the mails for Blocks 13, 14, 19 and 20.

#### BLOCK 16...

This block's old men team defeated the Education team by the close score of 12 to 11.

#### BLOCK 19...

George Kato succeeded block manager Ted Igasaki who left for Idaho.

#### BLOCK 22...

Young people of this block recently had a picnic outside the area.

#### BLOCK 25...

"All Zero," old men baseball team recently defeated the all star team of block 30.

### San Pedro Yogores Sponsor Obon Dance

Obon Festival marks an eventful day which will be celebrated with an Ono and a dance sponsored by the San Pedro Yogores. Admittance fee is 15c per couple and 20c stag. Proceeds are to be used in securing baseball equipment for the club.

Tickets are available through members. The dance will be held on August 14th, 8 p.m., at Kitchen 8.

### Movies Attract 4,000 Fans Weekly

Approximately 11,670 residents attend one or more meetings within one week, the weekly report revealed. Churches claim about 5,090; co-op sponsored movies attract 4,000 and block meetings, 480. The Manzanar Community Military Band concert held last Sunday claimed 2,000 music lovers while 300 celebrated the first anniversary of the YWCA.

An unknown number of odo-enthusiasts gather every night to rehearse for the Obon festival to be held in August.

Remember the Red Cross!

## Imoris Represent Typical Japanese Ancestry Family

Mr. and Mrs. Seiji Imori and daughter, May represent a typical family of Japanese ancestry evacuated from the Pacific coast military zone after the attack on Pearl Harbor.

All three members of this family now living in Cleveland are employed by a wholesale lumber company. The service flag in the picture indicate two sons serving with the United States Army. There is one other son at the Minidoka Relocation Center in southern Idaho. He has applied for service as a seaman with the maritime service and has high hopes of being accepted.

#### SON VOLUNTEERS

Henry Imori, the oldest son of the family, volunteered for the Army and was inducted prior to Pearl Harbor. He was originally assigned to the Air Corps but has been transferred and is now in training with an anti-tank outfit. Tom Imori was one of the more than 300 men who volunteered from the Minidoka Relocation Center for service with the all Japanese-American combat team. Before evacuation he was a registered pharmacist and operated his own drug store in Seattle. He is a graduate of the University of Washington and when inducted into the Army, he was assigned to the medical unit of the Japanese-American Combat team.

#### UNIVERSITY GRAD

May, the daughter, is also a graduate of the University of Washington in home economics. She is now working as a stenographer.

The War Relocation Authority has four field representatives in Ohio who may be consulted by persons interested in employing qualified workers from the relocation centers. They are: Harold S. Fistere, Union Commerce Building, Cleveland; E. L. Dakan, 3320 A. I. U. Building, Columbus; William Fluke, 618 Ohio Building, Toledo; and G. Raymond Booth, 322 Union Trust Building, Cincinnati.

### Fem-n'-On

By MASA KIMURA

Some girls got into a hen session and came upon this decision about boys that they cannot bother with. The most important thing that they would like the boys to take notice is their manners. If you have the above mentioned characteristic you are on the top list of the girls. Girls appreciate boys with good posture, good usage of language, hair neatly combed, clean nails and neat appearance. They dislike boys with pachoos. Don't put on an act and for heaven's sake don't be a show-off.

Boys can swear among boys, but please not when girls are around. It's not smart or in the groove. It's natural to put hair oil on but don't drip it on. Too much of the smell gives the girls an awful headache. If you smoke it's perfectly alright, but can't you chew on something sweet smelling afterwards? When your breath smells, the girls swoon and not your way either. Even if this is Manzanar, you won't be here for always.

#### GIRLS BE CAUTIOUS...

The boys got into a huddle for a bull session and came upon this conclusion. Natural beauty is the most becoming, though a few of the girls don't seem to realize this. Dress with simplicity, be neat and acquire some amount of poise.

These are some of the things that the boys dislike in girls. Too much make-up makes you look like a ghost who wants to frighten away the fellow they want. Sloppy hair-do is discouraged, eyebrows shouldn't be too extreme, neither lipstick. Mascara ruins your appearance to shreds. Boys hate it. Chewing gum in privacy is tolerable, but not in public. Girls who are on the plump side shouldn't wear stripes going across. So take heed, girls... and boys.

# Bulldogs Trounce S.P. Sears; Darkness Cuts Game to 5 Heats

Pounding the offerings of T. Ohara for 10 safeties, the Bulldogs walloped the youthful Sears contingent, 14-5, at the end of 6 innings, as darkness obscured the battlefield.

It seemed to be a bad day for the Sears, as they registered 7 costly errors that proved to have aided the Bulldogs tremendously. As for the Bulldogs, they were guilty of 2 errors.

**FIRST INNING** . . . Sears were put away without much trouble. Bulldogs started off with a bang and chalked up 3 runs before the side was retired.

**SECOND INNING** . . . Sears put men in scoring positions, but were unable to produce any runs. 3 more big runs checked in to give the Bulldogs a 6 run lead.

**THIRD INNING** . . . The first run was registered without a single hit.

3 seemed to be a lucky number for the Dogs, for in this inning 3 more runs cleated across the plate.

**FOURTH INNING** . . . Sears patted Okamura for 2 hits and 2 runs.

Bulldogs went down without a run or a hit.

**FIFTH INNING** . . . Bases were loaded by the Sears' lads, but were once again held scoreless.

2 more markers were claimed by the Dogs to lengthen their lead to 8 runs.

**SIXTH INNING** . . . On a very unusual play, Sears scored 2 runs in such terrific speed, the Bulldogs were completely caught by surprise. Kusada was on first base and Murata, the next batter, lifted a high pop fly by the pitcher's mound; the pitcher and the first baseman trying for the ball, but the ball fell safely and before they could retrieve the ball, 2 runs had scored.

After the Bulldogs had tallied 3 runs again with 2 outs, a discussion arose and the game was called off at this point; under the Manzanar ruling, the game goes to the Bulldogs at the end of 5 innings.

Sears . . . . . 001 20-3  
Bulldogs . . . . . 333 02-11

# YBA SUCCUMBS TO YOGORES, 6-4

## SPORTS

A 4 run uprising in the 5th inning gave the Yogores a close 6-4 victory over the YBA Monday eve.

The first inning was rather dull, as both teams went down without much trouble.

The Yogores broke the ice and showed across a run in the second stanza when Mitsui was unable to find the plate, walking three men.

The tide changed in the latter half of the third heat, as the YBA outfit went to work on Tashima and blasted him for 4 runs and 3 hits.

After a dull fourth inning, the Yogores came up to bat and pounded Mitsui for 4 big runs on as many hits that proved to be the downfall of the YBA. The score now reading 5-4 in favor of the Yogies.

It was after the third inning that "Mr. Skyscraper" settled down to business, limiting the hapless YBA bunch to only a single hit and that being a scratch hit to the second baseman.

The Yogores sixth and final run came in the final frame on bingles by Shimizu and Fujii and 3 walks.

**HIGHLIGHTS** . . . Rival chuckers, Tashima and Mitsui limited their foes to 4 hits and 7 hits respectively. Uragami and Fujii batting the pill for a neat 2-4. . . G. Sugawara getting his every game share of 2 hits at 4 times to the plate.

Yogores . . . . . 010 040 1-6  
YBA . . . . . 004 000 0-4

### —NOTICE—

A beautiful 18" trophy, donated by F. K. Kurahashi, Assistant General Manager of the Co-op, will be given to the winner of the present AA softball league. It is now displayed at 1-3-2.

## CLASS "C" TENNIS

With the Co-op sporting goods shop donating the trophies for winner and runner-up, a Class "C" consolation tournament will begin Monday. The schedule for the first round is:

Himoki vs. G. Ikari  
T. Ohara vs. Motoike  
H. Suzuki vs. I. Morishita  
Kikuchi vs. K. Matoba

The finals scheduled to be played this Sunday has been postponed one week due to the fact that the trophies for the tournament have not arrived. In place of the final matches, the Men's Doubles will begin play. All doubles entrants are requested to be at the courts Sunday morning to check their schedule for play.

## "A BIT OF HUMOR"

"Remember when Dorothy Lamour came out on the screen in her sarong—how quiet it was?"

"Yeh, you could hear the soldiers waiting for a pin to drop."  
—Bob Hope (NBC)

## STRIVING TO PLEASE

A woman driver stopped for a red light and failed to move when it turned green. When the green light came on for the 2nd time and she still showed no signs of moving, the traffic officer walked over and said politely, "What's the matter, lady, ain't we got no colors you like?"—Sid Ascher in Caravan.
