

# Carter Reveals School Program For Next Year

"Residents of Manzanar can look forward to a well-organized school program for the next year. We have adequate supplies, textbooks and library books on hand. We expect to complete recruiting for teachers and have all positions filled by the first of September. School year begins September 13," Dr. Genevieve Carter, superintendent of education stated recently.

## ELEMENTARY

Good school year may be anticipated in the elementary school since an experienced faculty of 19 plus a number of evacuee teachers will put their full efforts into making the semester's program broader, she declared. Kindergartens and nurseries will continue to operate.

## HIGH SCHOOL

Thoroughly checking all enrollment and records of pupils, Marian Potts, high school vice-principal, is making sure that all pupils have credits for grades in which they feel they should be registered and that the requested subjects for next semester are those pupils would take. Steps toward a revision of all courses of study are being taken by the teachers under the supervision of Leon High, principal.

## ADULT EDUCATION

Offering the same courses as last year, the Adult Education department expects to begin the second semester of Business College in the fall, stated Dr. Melvin Strong, supervisor. New classes such as fingerprinting and police training will begin about September 1. University of California Extension courses will be continued if sufficient number of enrollment can be made, he said.

## JULY PAY SHEETS LIST 3200 NAMES

Approximately 3200 names were listed on July pay check auditing sheets, which were sent to the Los Angeles Disbursing office up to Monday, according to Budget and Finance Head R. C. Boezkiewicz, who also disclosed that these checks amounted to about \$50,000.

Boezkiewicz, announced, that others are being audited and sent to the Los Angeles office during this week. Boezkiewicz said that the checks will probably arrive here within two weeks instead of one week as was customary.

Concerning the Unemployment Compensation, Boezkiewicz revealed that during the month of July, 27 persons were listed. Ninety days' extension was given for sick leave to a few. However, by the end of the month, there were only 14 residents listed and 13 were cancelled. Boezkiewicz said that vouchers for the unemployment list are now being prepared and will be sent to the Disbursing office within a few days.

## 'No Water Worries' Reports Surveyor

Man can go without water for two weeks in normal conditions and so can a center resident if he must. However such conditions will not be experienced in Manzanar according to Shig Nakamishi, surveyor for Public Works department.

Drinking water comes from the 540,000 gallon reservoir located a quarter of a mile northwest of the camp plus the subsidiary well which yields three cubic feet per second, located east of the highway.

Three other wells located in the project area plus water through irrigation ditches from George's creek supply water for the farms situated north and south of the camp.

## LEAVE DATES FOR TULELAKE GIVEN

Definite dates for the departure of segregees to Tulelake has been released by the national WRA headquarters in Washington.

In spite of rumors concerning early departure for Manzanar segregees, the date has been set for October 23; Manzanar being the last on the list.

Center	Date
Tulelake	September 10
Topaz	September 13
Jerome	September 13
Hart Mountain	September 14
Granada	September 15
Rohwer	September 21
Colorado River (Poston)	Oct. 3
Minidoka	October 7
Gila River	October 13
Manzanar	October 23

## Finger Print Course

A new course in fingerprinting given by Police Chief John Gilkey, and under the sponsorship of the Adult Education Department, will begin September 1.

This is a course for general information as well as being one of the requisites for police training. Classes will be held one night a week for a ten-week period. For further information, interested persons should inquire at the Adult Education office.

## Five Arrested

Five persons were arrested for being out of bounds in the picnic grounds by the Military Police and were turned over to the Police Department. Four persons were caught "with the goods" in a burglary, and one battery case was reported during last week on the police blotter.

## Thousand Chicks Slated To Arrive

One thousand day-old White Leghorn chicks are slated to be brought into Manzanar this week from Lancaster for the new poultry project located southwest of the center.

Purchased from Sears Roebuck & Co. the chicks will be raised in the ten new buildings erected for them. They include two warehouses for feed and supplies and eight chicken coops. In all, 12,000 chicks costing \$1,800 will be purchased, the remainder coming in 1,000 lots each week.

According to present plans local mess halls will have chicken fryers in about three months while stewing chickens will be had early next year.

## ODORI HIGHLITES 'OBON FESTIVAL'

Manzanar Buddhist Federation will observe "Obon Festival" on August 14 and 15, in conjunction with the Church anniversary, Nob Myose, director of church activities announced.

Scheduled on the two-day program are: anniversary program on Saturday from 7:30 p.m. at firebreak 7-13 with "obon odori" following.

"Obonye" service at the cemetery will be held on Sunday from 9:30 a.m. Evening service at the Buddhist Church, 13-15, and "Bon Odori" following at firebreak 7-13 will end the two day observance.

In preparation for the weekend festival, thousands of residents have been engaged in three weeks of nightly practices held in designated blocks. The final practice is slated for tomorrow night.

## Remind Relocates About Draft Boards

Male residents, leaving the centers, are reminded again that they are responsible for keeping in touch with their local draft boards and they must inform the board as to their new addresses and employment, according to Legal Aid Office.

All male residents between the ages of 18 and 65, must have in their possession at all times, their classification card, DSS Form No. 57. Local police and FBI officials will pick up all persons found without this card, the department warned.

## Pictorial Edition Reaches Printer

Completion of the much-delayed pictorial edition was announced by the editorial staff.

The 20-page edition is devoted entirely to the activities of this center. It describes center activities with over 60 pictures accompanied by descriptive articles.

Winter and summer graduates of Manzanar High, pictures of our little known reservoir, action pictures of judo and basketball, churches, and others too numerous to name are all presented in this edition.

The exact date of release is not known.

## Seniors To Re-Vote On Sample Sweaters

Seniors, there will be a meeting again this Friday from 6:30 p.m. at 7-15. The purpose of this meeting is to conduct a re-vote on selection of sample sweaters which recently arrived. A speaker will be present to discuss virgin wool sweaters which are available.

This meeting also is for the juniors who are going to summer school. Mike Minato, president of the senior class, emphasized the importance of the presence of all seniors.

## YOGORE DANCE

The Yogore "Obon" dance scheduled for this Saturday from 8 p.m. will be held at kitchen No. 8 instead of kitchen No. 9 as reported. The dance is being held in conjunction with the "Obon" festival sponsored by the Buddhist Church.

# Minnesota Post Against Nisei Deportation

NORTHFIELD, Minn., Aug. 11—Local post of the American Legion has taken a stand against any proposal for the wholesale deportation from the continental United States of American citizens of Japanese descent by "vigorously protesting" the publication of an article in the June, 1943, American Legion Magazine which advocates such a plan.

## RESOLUTION ADOPTED

A resolution by the Northfield post opposes the article "Japs in Our Yard" by Frederick G. Murray, M.D., for "advocating racial discrimination" and for its proposal to deport Japanese-Americans, "not as a military measure but as a social, political, and economic policy." It protests such action as being in violation of both the Legion constitution and the Constitution of the United States, and urges that the American Legion Magazine print a retraction of the article.

The measure was adopted at the American Legion district convention held in Fairbault, Minn.

## Stage Requisition

Request for the use of stage at 16-15 should be made directly at the Community Activities office at 1-3-2 one week in advance. A form must be filled out and signed Stage Manager Joe Sakai and approved by Aksel Nielsen.

## Our Officials Back From Conference

Meeting with Dillon Myer, national WRA chief, Robert Cozens, assistant field director and Dr. Carlyle Thompson, national medical officer, Project Director Merritt, Assistant Project Director in charge of Community Management Mrs. Lucy Adams and Senior Administrative Officer Edwin C. Hooper discussed Manzanar administrative, hospital and education matters in San Francisco last week.

They left last Tuesday for the Bay City, and returned Sunday.

## Temporary Milk Shortage Revealed

J. W. Winchester, chief steward revealed that due to milk shortage in the Los Angeles area, Manzanar's supply has been cut drastically temporarily. The quota up until the cut was approximately 2,000 quarts daily.

All old milk permits have been cancelled. Milk will be available to babies and only those who receive approval from the doctors or Head Dietician Mrs. Williams. It will be necessary to re-apply at the hospital for new milk permits.

## Over-Taxed Hospital Staff Augmented

Temporarily augmenting the local over-taxed hospital staff, Doctors Tetsuo Sugiyama and George Iki arrived Friday from Gila River relocation center to meet the critical doctor shortage here. Dr. Sugiyama who formerly lived in San Francisco specializes in surgery while Dr. Iki is a well-known expert in X-ray and tuberculosis. Dr. Iki also hails from San Francisco.

Both doctors have left their families in Rivers, Arizona, and will return soon after the local hospital can recruit more doctors.

## AN EDITORIAL

### Who, Me?

As we approach the segregation program, it is important for us to regard the matter and its conditioning factors realistically, honestly. It is prudent to realize, for instance, that certain newspapers (let's not mention their names here) are praying day and night for a WRA blunder in this program designed to help solve the Japanese-American problem.

It is well for us to be aware that certain groups of Americans, and certain political elements among state and federal departments, are hoping mightily for a miscarriage in this program; actually historic in the annals of America. A veritable grandstand of critical people are watching us.

In its final analysis, this is a plan to differentiate two general groups among our people according to their sympathetic inclinations; rather than on the strict basis of having, or not having, birthrights, concerns us rather than the WRA officials charged with the job of administering this plan. It largely determines, even in this time of uncertainties, where our destiny shall lie. Two-thirds of the evacuees are young people whose lives lie in the future.

Even more important; this program is a matter of personal integrity and honesty. By being honest with ourselves in making our decisions, we also shall facilitate the work of the hearing board. Who, me? Yes, it concerns me. It concerns us all.

Our project administrators have been working by day and by night to perfect the procedure for segregation, a not wholly suitable word for this purpose. The word, separation, may be the more suitable word. A decision of the hearing board, to a certain extent, is a matter of human equation involving two variable factors, the individual board member and the person whose case is to be heard. It is unreasonable to expect total elimination of errors in judgment, endowed as people are with all the virtues and failings of men.

How is the board to be certain whether the person it decides shall go to Tulelake, is the person who should go? And vice versa? A task of judgment worthy of Solomon.

The happy thing about our way, the American way of handling these jobs, is that the procedure permits correction of errors. In its final estimate, this is a primary virtue of our democratic process; the fact that those who conceived it foresaw the limits of human judgments, and the necessity for provisions to correct such administrative procedures.

If we would understand this idea, we will not anticipate in vain an orderly procedure of this program.

## A Consequence

One serious consequence of the violent propaganda currently being circulated against persons of the Japanese race on the basis of their race alone has not been sufficiently emphasized.

It is gumming up the works of the War Relocation Authority's Japanese-American resettlement program in the Middle West.

Feeling toward the Japanese-Americans has on the whole been of a much gentler nature in the Middle West than in the Far West. In evidence of this, it would be possible to quote editorial comment from Middle-Western newspapers highly sympathetic toward loyal Japanese-Americans and to reprint passages from letters of Japanese-Americans resettled and fully accepted in Middle Western communities.

However, the fulminations in the California press and the activities of such societies as the Order of the Eagles and the American Legion are scaring the daylight out of the Middle-Westerners. Communities that otherwise would willingly have accepted small numbers of resettled Americans of Japanese ancestry have been inspired with distrust of the Japanese as a race, and with fear of them as economic competitors.

The "slap-the-Jap" elements in the West Coast states are not particularly concerned with what happens to the Japs in the Middle-West. That doesn't affect their business interests. They just want to keep them out of the Pacific Coast, preferably, forever. But even if they do not intend to make resettlement of Japanese-Americans in the Middle-West impossible, their campaign is beginning to have that effect.

Unless it is stopped, resettlement of loyal Japanese-Americans and utilization of their man-power for the war effort may be impossible. And in order that it may be stopped, in order that this country may treat the Japanese-Americans within its borders in a fashion worthy of a democratic nation, it is essential that responsible citizens put up a courageous fight against propaganda attacking the Japanese on a purely racial basis. It is essential that they do the job the West Coast press has failed to do and bring the facts of the Japanese-American relocation and resettlement problem before the American people.

For these reasons we again urge interested students, together with other responsible and intelligent citizens, to support the activities of the Pacific Coast Committee on American Principles and Fair Play, the one organization we know of at the present time carrying on a counter-campaign against hate-the-Jap movements in the West.

And anyone who is skeptical about the wisdom or importance of their work, or who wants more information, or who is interested in lending the group a hand when he has a spare hour or two, may drop around to the local headquarters at 2234 Telegraph Avenue. He will be welcomed.

—The Daily Californian, July 30, 1943

## Mickey Finn Does Disappearing Act

There is never a "bull session" in Manzanar that does not include a discourse on some phase of alcoholic beverages; either in bemoaning the lack of it or in dreaming of what one will do with it ("bullers" do not seem to take into consideration what it will do to them) on release from this center.

It may be of interest to many that, taking all evidence into consideration, someone in this camp has taken a "Mickey Finn!" There it was, sitting in the Free Press office with no one paying much attention to it, and the next minute it was gone. Lost, strayed, or "spirited" away. (note pun) Carl Kondo who left it at the Free Press says, he cannot take the responsibility for effects it may have on the taker. He describes it as having "Mickey Finn" written right on the front. "A darn good detective story," he added, "by Elliot Paul."

## Yasuda Back From Ten Weeks' Visit

Frank Yasuda, former manager of block 22 and executive secretary of Town Hall, returned Thursday morning after a 10-week trip through the Mississippi Valley and the Intermountain states.

"If you want to make good on relocation, you've got to meet discrimination problems squarely and vow to succeed. And likely as not, discrimination against you will dissipate. Next time you're in the face of discrimination," he suggested, "if you feel that you 'can't take it,' don't relocate."

While his own plans are still in the formative stage, he expects to relocate to Omaha, Nebraska.

While he was in Chicago, he met John Aono, former chairman of Town Hall. Frank Yasuda said Aono is happy and is now working in a machine shop.

## Barons Receive Disney Emblem

In response to an early request for an original cartoon emblem for the club, the Barons recently received a specially designed club insignia from Walt Disney. A colored photographed copy of Jimmy Cricket posed with a red umbrella and a top hat and puffing on a cigar with smoke forming the word "Barons" was drawn by the famed Disney himself.

## Hike Enjoyed By Boy Scout Troop

Troop 145 of the Manzanar Boy Scouts hiked to Shepherd's creek and to the reservoir last Saturday. Troop 726 is planning a hike this Saturday.

Future plan of the scouts is to visit the Military Police camp for a flag lowering ceremony, at which time Capt. Donald Nail will speak.

## INTRODUCING

Harold S. "Hal" Choate was born in Chicago and educated in the University of California. His experiences embrace several years of employment by the Pacific Coast Labor Bureau as a Junior Executive, and two years just previous to joining the WRA, as Deputy State Labor Commissioner for California, with his headquarters in Oakland. He became a member of the WRA staff October 12, 1942, and was first attached to the San Francisco Regional office as Assistant Chief of Outside Employment. On February 16, 1942, he took up his present duties as Relocation Supervisor for the Denver area. He has a wife and two children living in Denver.

## 32 Judo Students Promoted In Rank By Yudan-Sha Kai

By showing improvement in their study of Judo, the following students were promoted in ranks by the Manzanar Judo Yudan-Sha Kai.

In the Yudan-Sha group, Kazumaro Sakata, Toshikazu Sakaguchi, Tadao Shoji, Ichiro Okumura, Kanichi Suzuki, Shigeo Tanaka and Tom Takahashi.

**SEINEN GROUP**

In the Seinen group, Tadao Kawashima, Masao Koyanagi, Masao Komoto, Eddie Nagao, Noboru Hino, Masami Sanada, Geo Maruki, Isamu Koyama, Toshio Koyama, Paul Mito, Rokuro Kurihara, Takashi Yamashita, and Sachio Shintani.

**SHONEN DIVISION**

Shonen division is Hisako Kashiwa, Saburo Watanabe, Kazuya Ando, Roy Matsumoto, Isamu Nakamura, Toshio Sawai, Ben Maye, Kinuya Tatsumi and Yasuo Suzuki.

**YONENS**

Among the Yonens, Susumu Tanimura, Masatsugu Nakajo, Shuichi Murakami, Tadao Okamoto, Yoshikazu Sakuma, and Fred Matsumoto.

All those promoted in the Yudan-Sha Kai and Seinen divisions will receive certificates of promotion. Those wishing to register for judo classes are asked to do so at Block 14 ironing room office.

## Local Lad Returns For Brief Vacation

Here on vacation and enjoying Manzanar's food, water, climate and "just loafing" is Phillip Nagao who left the center last October for student relocation to attend Loyola University in Chicago.

Speaking of the "windy city," Phil disclosed some very interesting facts. He does not know how the situation is with the ones who went out for relocation but from relocated students' points of view, things are very good. There has never been any case of discrimination at Loyola University where there are only three Japanese students. Caucasians are becoming conscious of the increasing number of Japanese and the general attitude of the people as a whole is good, he said. Should there be occasions when some might turn to stare, it is more from curiosity than preju-

## YMCA Leader's Arrival Expected

Masao Satow, member of the National Young Men's Christian Association Board, Japanese secretary of the National YMCA, and organizer of all "Y" activities for the 10 relocation centers, was expected in Manzanar today for a 5-day visit.

In his letter to Paul Uyemura, head of the local YMCA, Mr. Satow states, "My main concern is of course the 'Y.' I should like to meet with the board, leaders and key fellows of the Manzanar YMCA."

Friends wishing to meet Mr. Satow or, would like to have him speak to their organization, should see Paul Uyemura at 14-15 for further information. Mr. Satow is now attending the Pacific Southwest YMCA summer school, Zephyr Point, Zephyr Cove, Nevada.

## Enrollment Limited In Business Courses

Ninth and tenth graders who signed for business subjects are requested to go to the high school office and select their electives since business courses are to be limited to eleventh and twelfth graders and adults, the Education department announced.

## Judo Tournament Pictures Available

Enlarged prints of the judo group picture taken during the May Judo Tournament have arrived and are now on sale at the Judo Office in Block 14. Price is 75 cents.

All interested persons are urged to contact Mr. Yamabe at the judo office immediately, for only a limited quantity is available.

However, one must also expect some unpleasantness as was the case even in pre-war time, he added.

Living cost for individuals is high whereas rooming with three or four is much cheaper. Things can be bought though costs are high.

Asked what he missed most, Phil replied: "osashimi!" He never realized that Manzanar's water was good until he went to Chicago, he remarked, where the water has too much chlorine in it. He will be returning to class in a month.

### Visual Education To Sponsor World Science Exhibit

Complimenting the Visual Education Staff and those who participated in making the recent traveling exhibit a success, chairman, Dr. Genevieve Carter, superintendent of education, opened the third Visual Education board of directors meeting.

The World of Science exhibit to be held the middle of this month is headed by Elbert Nagashima, local secondary school teacher. Highlights of the exhibit are the automatic fire alarm system, mechanical man, garden without soil, and double mirror.

Study and work shop clubs on the entomology (insects), taxidermy, botany, and lapidary (gem cutting) are now being organized and will help in preparing for future exhibitions. Two of these clubs, entomology and botany, are now open for registration of new members. Those interested should contact Kiyotsugi Tsuchiya, director of the museum, in 8-15.

To improve the museum, plans were discussed to have an outdoor botanical garden and zoo around the barracks.

### Economies of Farm Life Told In Study

"Seventy-five dollars per month on the farm is worth \$150 per month in Milwaukee according to a study made by the University of Wisconsin," reports John A. Putz, Associate Relocation officer in Madison, Wisconsin. This statement was made in considering a family of four and not forgetting shelter, food, fuel, etc., ordinarily furnished to farm families.

#### FARM JOBS

Farm jobs particularly for families offer attractions for those who desire to avoid housing scarcity prevalent in many of the larger cities, and Mr. Putz has written to the local relocation office giving a full description of farms and farm life in Wisconsin.

Mr. Putz states that in Wisconsin, the average farm contains between 120 and 160 acres of land upon which is grown 25 acres of corn, 25 acres of oats, 30 acres of hemp, fruits, or vegetables. Twenty to twenty-five milk cows provide the chief income. There are also calves, hogs, and a few horses. The farm is largely worked by a tractor and required equipment.

#### DAIRY WORK

#### "DANCE FLOOR DILEMMAS OF A WOLF"

Dancing is a wonderful pastime. It does one's heart good to stand in the stag line and watch young couples go gliding by. He with a dreamy look in his eyes, blissfully unaware of his lady making eyes over his shoulder.

And so they go drifting by... couple after couple. All types of dancers; indifferent ones, bored ones, cuddly ones, thin ones, thick ones, tall ones, short ones. Meanwhile poor stags with their hands stuffed in their pockets stare moodily. These stags referred to are, of course the "Circumstantial stags," those who were refused by the fair maid or just couldn't get up enough nerve to ask her.

The other class of stags are the "habitual" or "confirmed" stags; those who are on the lonesome for the sheer joy of it. Members of this group are the smooth ones that can approach a lady and ask for a dance without stuttering or tripping over his shoe lace, or cut in on a couple without grinning foolishly and muttering something unintelligible under his breath.

It's always the lowly "circumstantial" stags who take a beating. (I should know!) He can never get anywhere near the girl with whom he wants to dance to ask her, so he finally gets up enough nerve to cut in on her partner. He strides out onto the floor with determined steps and touches the man's sleeve. No result. They don't even notice him. He raises his hand again and at the same time the dancer behind bumps him, sending him crashing into the fellow.

Our hero, after stammering a weak apology, grasps the lady in his arms only to have the music to stop or to receive an ominous tap on the shoulder. Everything, it seems, is against him; and summing it all up it amounts

to something like: "Blessings on thee, little man," "Lead-foot stags without a chance..." \*Poetic license... so what are you going to do about it?

### Orchestra Featured At Sunday Concert

The Sunday Sunset Concert presented on the 10-15 Stage, on Sunday featured the Community Concert Orchestra, led by Mrs. Melva Nielsen, conductor, and Ray Kayano, manager.

Aiji Hashii announced the program which included: "Age of Youth," "Morning Greeting" and "Playful Rondo" by the Orchestra; soprano solos by Kiyomi Tanaka; piano selections by Misuko Nakamura; baritone solos by Henry Kano; Japanese dances presented by Y. Tanaka; and "Operatic Strains," "Around the Campfire" and "Marilana" by the Concert Orchestra.

### Recreational Classes Has 1446 Students

Beginning of the second month of the current July-September term of the Community Activities classes is now under way with a well organized student body in each class to care for the financing and the procurement of materials.

Superintendent Masaki Ichien released the following figures for the term enrollment. Woodcraft, 58; leathercraft, 13; knitting center, 130; sewing project, 376; embroidery, 105; stencil craft, 76; flower making, 151; Japanese lettering, 172; dress designing, 31; sewing school, 260, making a total of 1446 students taking advantage of the recreational classes.

### Companions Wanted

Mrs. Fumi Aono of 29-2-4 is looking for a nisei couple to travel with her in her car to Chicago for relocation. Those interested should contact her at her address.

#### KENDOISTS

All kendoists are urged to attend their classes.

### Nisei Couple From Poston Center Wed In Columbus, Ohio

Twenty-six year old Kate Kobashi and Ralph Murata, 29, both formerly of Poston, were united in wedlock in the Tenth Ave. Baptist Church of Columbus, Ohio, according to an article recently published in the Ohio State Journal. Giving the couple a two column five inch picture and a story telling their experience during the past year, the Journal shows its acceptance of the relaxed niseis and the impartial attitude toward them.

#### CEREMONY CONDUCTED

The ceremony was conducted by Rev. W. H. Thompson, director of the town and country department of the Ohio Council of Churches and a close friend of Churches and a close friend of Mr. and Mrs. Tom Okawaru, witnesses of the ceremony who formerly resided in Fresno, California. Their wedding culminated a romance that began in the relocation center about a year ago. Mrs. Murata is formerly of Santa Ana, California, while her husband hails from Carlsbad, California.

#### ENGAGED IN CENTER

According to the paper they met, fell in love, and became engaged at the center, promising each other that they would marry as soon as their future held any promise of permanence. That came when Mrs. Murata obtained employment with a family in Columbus as a domestic, and Murata, a machinist, was employed by a pump company. He came to the city July 15, and his bride about two months earlier.

### Scenery Paintings Of Japan Finished

Paintings depicting well known sceneries of Japan have been completed by K. Uyesuji for the Block 3 kitchen.

An exhibition of these wall paintings will be held within a few days.

R. Uyesuji was a decorator for various back scenes at the Warner Bros. Motion Picture Studios, prior to evacuation.

### Manzanar To Form Business Club Soon

Claude Lushbrook, secretary of the South Pasadena YMCA and Professor H. F. Henderson of Whittier College were visitors of the Manzanar Young Men's Christian Association last week.

A "Y's" men club, comprised of business and professional persons from the appointed personnel and evacuees, is now being formed here. According to Paul Ueyemura, this club will be something like the Lions club, or the Breakfast club. Interested persons should register with Paul Ueyemura at 14-15.

# BULLDOGS SHAVE SKIPPERS, 4-3

### G. SUGAWARA HITS HOMER WITH 2 ON

In one of the tightest games yet to be played on the 'AA' diamond in the second round, the league leading Skippers fell prey to the up-and-coming Bulldogs, 4-3, to make the race an anybody's pennant.

A Hashimoto started on the mound for the Skippers and hurled a beautiful 4 hit game, except for one bad inning when the Dogs bunched across 4 big runs that proved fatal to the Skips. As for the Bulldogs, H. Okamura was the starting hurler and though he was touched for 5 hits, the Skippers punched him for a run in the fourth, fifth and sixth inning; their first run coming in on a home run by L. Kawachi down the left field line.

After a fast two innings of play, the Bulldogs broke the ice in the beginning of the third inning. After Izumida was thrown out by the pitcher, Okamura drew a walk and then to second on a wild pitch. Next batter, Oda, lifted an easy fly to left. Tama then slapped a "Texas leaguer" to center, scoring Okamura, and advancing to second on the throw in. K. Nishikawa walked; H. Nishikawa smacked a hit to left, the ball going through the left-foe; two more runs chalking up and he pulling up at third. Takechi hit a bouncer to short, the throw being a little off, pulling the first-baseman off his base and the run that meant the game scored.

The determined Skippers came back in the fourth to score a lone tally, as L. Kawachi connected the horse-hide for a round trip. Again in the 5th, another run scored and still again in the sixth their third run scored. They threatened to score in their final appearance to the plate, but a fly to left ended the ball game.

### Vikings Triumph

An early 4 run lead by the opponents in the first inning proved costly for the Timbers, as the San Pedro Vikings snapped their seven-game winning streak 7-3.

Although garnering only 3 hits to the Timbers' 5, the Vikings took full advantage of pitcher B. Yamane's "free passes," bunching their runs in the 1st and 5th innings.

Issuing 5 well-scattered hits, Vikings' K. Osumi kept the Timbers well in hand. Highlighting the fray was K2 Marumoto hitting a double and a triple to get two out of the team's three hits.

Timbers	100	100	1-3
Vikings	400	021	x-7

## YBA Massacre Has Beens 10=0, as P. Mitsui in Form

Behind the masterful 1 hit pitching of P. Mitsui, the YBA outfit ruined the Has Beens, 10-0 to climb out of the cellar. This made the third win for P. Mitsui and company; all of their wins were by shutouts and two of them, 1 hitters.

YBA didn't waste time in getting the ball game on ice, as 5 runs scooted across the plate in the initial stanza.

S. Tochioka started the Has Beens' half with a walk, but was immediately put out on a fast double play on a line drive to the second baseman.

Another run was chalked up in the third stanza by the YBA lads to make it 6-0. Still not satisfied with their comfortable lead, they came back in the following inning to drive across 3 more runs, featured by G. Sugawara's home run with two mates aboard.

Has Beens managed to put a man in scoring position in the fourth, but were kept from scoring. Again in the fifth and sixth innings they threatened to score, but were unable to do so. YBA scored their final run in the sixth to wind up their scoring of the day; final score 10-0.

YBA	501	301	0-10
Has Beens	000	000	0-0

### Cougars Snap Birds' Winning Streak, 20-9

The under-rated Cougars sprang a 20-9 win over the Redbirds, breaking the latter's chain of six consecutive victories. Cougars scored 6 runs on 3 hits in the 2nd, an error by the fielders cost the Birds 2 runs. T. Okamoto smacked a double, driving in two more.

T. Tanioka of the Birds slammed the pill for a homer in the lower 2nd. A double by R. Kuwahara brought M. Ishuin to scoring position, but the following batters fizzled out.

Featuring a 2nd rally, the Cougars tallied 7 in the 5th.

Birds went on a 6-run spree in the 5th, highlighted by a 2-sacker by M. Nakamura. The Cougars recorded 7 more digits on 3 hits in the 6th. Redbirds annexed 2 more in the lower half of the sixth, as darkness intervened and the game was called off with the Redbirds on the short end of a 20-9 score.
