

Mr. and Mrs. Saji Imori who came to Cleveland from one of the relocation centers to which the people of Japanese ancestry were moved from the West Coast. Father and mother and daughter may be employed by a wholesale lumber company in Cleveland. The apartment in which they live is provided by the employer above one of the company offices. The service flag in the background shows they have two sons in the United States Army.

Camp Shelby Nisei Officers Attend Training Schools

CAMP SHELBY, Miss., Aug. 14—Twenty-one Japanese American officers of the Combat Team are on detached service attending schools in their special fields.

Eighteen are taking the Officers' Basic Course at the Infantry School at Fort Benning, Ga.; two are taking the Communications Course at Fort Benning; and one is at the Army Medical Center in Washington, D. C.

With volunteers for the Japanese American Combat Team still reporting in from mainland points, enrollment in the special Recruit School for late-comers has increased to over 300.

Thirty-six officers and men of the Engineers of the Japanese American Combat Team visited the Jerome Relocation Center at Denison, Arkansas, over the weekend.

They were guests of the center USO, with Miss Mary Nakahara acting as their chief hostess. They were entertained at dances and parties. "The men enjoyed themselves so much that many declared they would spend furloughs at Jerome," declared 1st Lt. Gilbert D. Kobatoke, special service officer, who, with 1st Lt. Walter T. Matsumoto, made the arrangements for the junket.

Dr. Opler To Speak On Race Problems

Dr. Morris E. Opler will devote his next popular lecture on social science and the race problem. He will also discuss the weekly review on foreign and domestic news.

Those persons interested are invited to attend at mess hall 21 on Tuesday, August 17, from 7:30 p.m.

PTA Sponsors Installation Party

Parents-Teachers Association of 11-15 nursery-kindergarten held a party on August 7 at 17-15 to introduce their newly elected officers.

Outgoing president, Mrs. O. Hashimoto of Block 18 was in charge assisted by Vice President Mrs. Elbert Nagashima of block 5.

New officers of the association includes president, Mrs. Y. Okamura of block 12, vice president, Mrs. S. Ishioka of block 18, treasurer, Mrs. H. Hamada of block 24 and secretary, Mrs. O. Hashimoto of block 18.

CO-OP DELEGATES TO BE ELECTED

Semi-annual election of delegates to the Co-op Congress will be held in various blocks by August 17 at which time names of the elected representatives must be submitted to the Co-op office at 1-6. Each block will elect one representative for each 50 members or fraction thereof as provided in the by-laws and one more person to serve as an alternate.

ELECTION METHODS

The method of election for each block will be left to the discretion of the block members with the exception that they conform to the by-laws which authorize voting rights to members only and that delegates be elected by members and not through appointment. Newly elected delegates will convene at the semi-annual congress meeting next September 5.

C. Nakano, president of the board of directors, requests that each block cooperate to the utmost in this election so that there will be a fair representation of the people in the congress.

Chem Lecture

The next of the series of Adult Education popular chemistry lectures will be devoted to the chemistry and manufacturing of fertilizers. All persons interested are invited to attend Tuesday, August 17, from 7:00 p.m. at 7-9-4.

"Patience, Me Lads!"

Asahi Shoes Sold

First shipment of Florshaim shoes was received and sold out within a few hours, the co-op announced. These shoes were obtained through Dennis Shimizu, former operator of the Asahi Shoe store in Los Angeles. Because the demand was great here in camp, Mr. Shimizu had them transferred to Manzanar Cooperative Enterprises, Inc.

Second shipment is expected soon.

Rev. H. Bovenkerk Returns From Trip

After a temporary absence of a month, Rev. Henry Bovenkerk returned last Tuesday from Western Michigan accompanied by his oldest son, Warren. Mrs. Bovenkerk and the other three children will arrive on the 28th of this month. They will reside in Independence.

Frank Yasuda To Succeed Akiyama

Frank Yasuda, former executive secretary of the Block Managers Assembly has been named to succeed Pfc. Makio Akiyama, as assistant superintendent of Manufacturing, the Manufacturing Division announced.

The first batch of tofu (bean cakes) distribution was completed Wednesday and the second round will begin soon the division announced. It also disclosed that shoyu is being distributed to the mess halls in limited quantity during the alteration of the shoyu plant.

Distribute Leaflets About Segregation

Mimeographed pamphlets concerning the segregation program were distributed Wednesday to all blocks. Consisting of three parts, it summarizes the segregation program, the segregation procedure for citizen evacuee, and the segregation procedure for alien evacuees.

A board of review for segregation and a leave clearance board will be formed to aid the program. Everyone will be notified of their answers on question 28, and those scheduled to appear before the segregation boards will be given appointments for an interview.

Robertson Chosen Leupp Director

Paul G. Robertson was appointed as new project director of Leupp segregation center in Arizona succeeding Raymond R. Best who is now project director at Tullake WRA center.

Mr. Robertson was formerly head of the Leave Clearance Section in the Washington Employment Office.

Legal Aid

There will be a vacancy in the Legal Aid office due to one of the staff members relocating. Persons interested may apply to the project attorney's office in the administration building.

"Taxation On Installment Plan" Explained By Finance Officer

"Twenty per cent withholding tax is not a new tax nor does it mean that 20% of one's entire wage is withheld," stated Budget and Finance Chief R. C. Boczkiewicz in clarifying terms of the new tax act. Actually it is an opportunity to pay one's income tax in installments as one earns money.

The withholding tax replaced the old 5% victory tax on pay-rolls and builds up a reserve which will approximately equal the income tax due on salaries and wages. In most instances, there will be no additional income tax due at the end of the year. Previously, Boczkiewicz recalled, everyone lived comfortably all year and then found their savings wiped out or even that it was necessary to borrow money when the income tax came due.

On an average, the tax amounts to 20% of the earnings which exceeds the personal or family exemption. The exemption amounts to approximately \$50 per month for a single person; \$100 per month for a man and wife and \$25 additional for each child.

The tax is not applied to total wages, but only to that part of the wage which is in excess of an individual's personal or family exemptions. On a wage of \$100 a month, a single man or woman would pay \$11.60 in tax. A man with a wife and one or more children would pay \$1.80 per month, this being a small tax due even though the exemption exceeds the earnings. On a wage of \$200 a month, the single man would pay \$25.60 per month, whereas, if he had a wife the tax would amount to \$15.20.

Vocational Training For High School Students Planned

Dr. Joseph Samler, supervisor of the WRA Vocational Retraining Committee in Washington, in conjunction with the Manzanar Vocational Training Committee is planning apprenticeship training opportunities in work projects in Manzanar for the recent graduates of the local high school.

SAMLER CONSULTED

The local committee composed of Dr. Genevieve Carter, Dr. Melvin Strong, Arthur Miller, Walter Heath, Dr. William Bruce, Ray Buzzetti, Harriet C. Pusey, Henry R. Hable, and Lucy Adams, chairman, consulted Dr. Samler and decided that information concerning the trainees is necessary for proper guidance.

After background information has been secured and the trainee consulted, he may choose one of the many trades open for basic training.

After completing the training the trainee may learn a new skill in some other department.

FORMERLY WITH NYA

Dr. Samler was formerly connected with the NYA vocational training program and visited Manzanar in May to recruit prospective trainees for the NYA schools. He left Manzanar Tuesday for Poston where he will consult with a similar committee.

Interested graduates are requested to call at the Adult Education Office, 7-1-1 and fill out vocational information sheets.

Canteen Negotiates For Japanese Foods

Co-op officials announced that they are negotiating purchase of many Japanese foods. If conditions prove to be favorable, squid shiokara, nori-no-tsukudami, ebino-tsukudami, katsu-no-tsukudami, and azuki would be available to the residents soon.

The first shipment of 200 gallons of "Hana-murasaki" shoyu was sold in one day at \$2.40 a gallon. Due to the great demand for this shoyu, more was re-ordered immediately and shipment is expected in the near future.

Policy On Clothing Allowance Altered

Effective July 1, clothing allowances will be automatically given to all those who worked 15 days of the current month or who have received compensation for at least 15 days. This applies also to dependents of those paid by the Co-op," declared Community Welfare Section Counselor Margaret D'Ille, who added that all others needing clothing grants should apply at the office of Junior Counselor Robert Krueger who will examine each case and in case of need, issue clothing grants.

NON-WORKERS

According to Mrs. D'Ille, these grants will be issued on the basis of expressed need but cannot be granted to those persons who have refused to work. The rest of such a family may apply for a clothing grant. Clothing allowances and clothing grants will be made for a monthly period. The first allowance checks will be for July and receipt of these checks will be about the end of September since payrolls must be verified and vouchers sent to Los Angeles before the checks can be received.

EVACUEES ELIGIBLE

In Administrative Instruction No. 103, Mrs. D'Ille disclosed that an evacuee shall be eligible for a clothing allowance at the end of each monthly pay period, if he had been employed or has received unemployment compensation during at least 15 days of that month. Clothing allowance shall be paid to the head of the family for himself and all dependents who are not employed or receiving unemployment compensation. All other members of the family who are employed or who are receiving unemployment compensation shall receive their clothing allowances as individuals.

In the case, however, that an elderly relative of either the man or woman of a basic family unit is living with the basic family, he or she should be considered a part of the basic family unit. This might be a parent, grandparent, aunt, uncle, or some other close relative, according to Mrs. D'Ille.

"The age of the children is (Continued on Page Two)

Red Cross Gives Varied Activities

Services rendered by the Red Cross were listed in the latest progress report.

Regular and non-regular membership fee totaled \$7.97. Money contributed by Mr. Ikkanda was \$1.00 and Mr. Tsuda, \$2.50. Thirty-five messages were sent to Japan.

Lectures on public health were given by Josephine Hawes R.N., and home nursery lectures were given by Mrs. Nakayama, twice a week.

A pair of curtains was made for the hospital and 75 hand-made fans were donated to patients. They were made by Mesdames Hayashida, Toda, and Kondo; Yoshiko Akemoto, Toshiko Akemoto, Grace Itow, Grace Arashi, Cherry Yamada and Yuriko Hirooka.

Arrivals

ON FURLOUGH

Joe Fujino, Fort Douglas, Utah; Toshihara Ishibashi, Camp Crowder, Missouri; Kiyoshi Kido, Fort Custer, Michigan; Isamu Tsuda, Fort Riley, Kansas.

DEPARTURES

Kosaburo Ochi, Yukino and Tooru Takamatsu and Tadao Shoji, Boston, Arizona; Earu, John, Mary, Eva Peggy Tamaki, Topaz, Utah; Sally Kusayanagi, Des Moines, Iowa; Sadako, Akiko, Teruko, Minoru, Nobuki and Kunioko Yamane, Fusaye Iwaoka, Crystal City, Texas.

Manpower Shortage Hits Motor Pool

Suffering from the manpower shortage, the local motor pool headed by James L. Macnair is in need of drivers to man the 139 vehicles used for the various work divisions in Manzanar. At the present time there are only 57 drivers employed at the motor pool to drive the 30 passenger cars, 7 pick-ups, 17 panels, 77 stake trucks, 4 ambulances and 4 dump trucks. To meet the shortage many divisions are supplying their own drivers.

All drivers operating WRA cars are required to fill out a questionnaire, be given a driving test, subscribe to a code of conduct and be read the traffic regulations and safety rules governing the center. If the driver fails any of the tests he is not granted a WRA license needed to drive the government cars.

Bishop Reifsnider To Arrive Sunday

Bishop C. S. Reifsnider who for many years was presiding bishop of the Episcopal church in Tokyo will be in Manzanar tomorrow.

Protestant church services for tomorrow: Communion service at 7:15 a.m. at 15-15 with Bishop C. S. Reifsnider officiating; 10:00 a.m. Worship at 11-15 with Rev. H. Bovenkerk, and 11:00 a.m. Worship at 15-15 with The Right Rev. C. S. Reifsnider.

POLICY ON CLOTHING

(Continued from Page One)
changed at the beginning of the fiscal year, July 1, and not adjusted during the rest of the year. Every baby is taken care of as soon as he is born," she revealed. "If there is anyone who wishes to make any adjustments, he or she should request it within a two months period," she concluded.

IN APPRECIATION:

To all my friends, my heartfelt appreciation as I depart for Crystal City, Texas.

Fusaye Iwaoka.

Appeal To Reason

The movement to arouse hatred against persons in the United States of Japanese ancestry is rapidly getting out of control. The thing is dangerous. It is a threat to the rights of all minorities; it is striking down the barriers to race hatred; it is furnishing fuel for Japanese propaganda against the United Nations in the Far East and for German propaganda against the United Nations in South America. It has got to be stopped by rational people before it becomes too big to handle in any peaceful and reasonable fashion.

WAVE OF RESOLUTIONS

A wave of resolutions is passing through the Chambers of Commerce, American Legions, and city councils of the state urging that the Japanese, both citizen and alien, be kept out of California not only for the duration of the war but forever after.

Results of the mounting tide of irrational feeling against people of the Japanese race, whatever their background, have been to undermine the faith of the citizens of Japanese descent in the democratic principles professed by the land of their birth, to greatly impede any satisfactory settlement of the problem of the Japanese in the relocation centers, to arouse widespread disparagement of the rights of citizenship, flagrant attempts to disregard them altogether, and to provide fuel to the enemies of the United States for propaganda maintaining the claims of this country to be fighting for the freedom of all men and the rights of all minorities are hollow.

DELIBERATELY FOMENTED

This hatred of the people of the Japanese race in the United States is not simply a manifestation of the national hatred for the Japanese empire which American soldiers are fighting to destroy. It has been deliberately fomented for economic reasons. Its greatest strength is in rural districts, where the Japanese have been economic competitors to white farmers. Its greatest proponents have been large farmers in these districts. Hence the insistence that the Japanese be forbidden to return to the west coast ever.

This, then, is the problem that faces citizens of rational mentality and of the more restrained type of patriotism. It is our thesis here that the problem is particularly the concern of college students, who belong, for the most part, to the above class of citizens. It is further our thesis that this class of citizens has a decided responsibility to combat a situation which is becoming an actual menace to the nation.

Students on this campus have a very good opportunity to help combat it. The President of the University, Robert Gordon Sproul, is honorary chairman of an organization formed to meet the situation known as the "Pacific Coast Committee on American Principles and Fair Play." The Berkeley headquarters of the organization is right outside Sather Gate.

The policies of this committee are as follows:

1. Segregation of all disloyal persons of Japanese ancestry.
2. The protection of the right of loyal Americans of Japanese ancestry to serve in the armed forces of the United States.
3. The opportunity for loyal Americans of Japanese ancestry to resettle in the manner which, in the judgment of the federal government, is the best designed to meet the manpower shortage.
4. Fair play for Americans of Japanese ancestry who are loyal.

COMMITTEE SHORTSTAFFED

The committee is shortstaffed. It needs help. It needs people to send out form letters, to prepare lists of groups to which material may be sent, to handle publicity for the program, to compile information and facts about the problem, and to perform numerous odd jobs. But above all, it

Outside Situation Revealed By Former Town Hall Secretary

Former executive secretary of Block Managers Assembly Frank Yasuda, who recently toured the states, disclosed that although jobs were plentiful in all areas, housing and food situations were the main problems. He also stressed the fact that persons who go out should not be found guilty of transferring to a better job after working for a brief period since this makes a bad impression on all.

Two new Block Leaders, Ushimatsu Kubota of Block 5, and Toshio Ikeda of Block 6 were introduced. Manzanar's new Project Attorney G. V. Saks impressed the Block Managers with his broadminded views and his sincerity. Block 25 Manager Eizo Masuyama on behalf of the Shoyu Committee disclosed that Shoyu will be distributed to the Mess Division in about two weeks. Y. Uematsu asked the coop-

eration of the block managers by keeping the children away from Children Village's pond since he and his crew are working hard to beautify it. Block 17 Manager Joe Shikami disclosed R. F. Kado's hopes in completing Manzanar Cemetery's monument by August 15. He also disclosed that expenses may run less than was first expected.

Block 34 Manager F. Yonemitsu suggested that the hospital committee plan to see Mr. Merritt and obtain permission to secure one or two Caucasian nurses for the tuberculosis ward so that evacuee personnel may be trained to work in that ward.

Y. P. FELLOWSHIP

The Christian Young People's Fellowship will have Masao Satou as their main speaker tomorrow evening, 7:00 p.m. at 9-15. Everyone is invited.

needs people to combat as individuals the virulent propaganda against the Japanese in the United States with solid facts and intelligent reasoning.

Yes, this is a plug. We admit it shamelessly. We hereby urge all interested students to go down to the office of the committee at 2234 Telegraph avenue and volunteer their services for an hour or two each week, or at least to look over the material which has been compiled there. We think it would do a lot of good.—The Daily Californian, July 28, 1943.

IN APPRECIATION:

To the many friends who made my furlough in Manzanar a delightful and enjoyable one, I wish to express my sincere appreciation.

Corporal Kiyoshi Kido
Fort Custer, Michigan

IN APPRECIATION:

CHARLIE CHAPLIN'S FORMER VALET NOW TRAINING AT CAMP SHELBY

Myer Talks To Club On WRA Leave Plan

SAN FRANCISCO, Aug. 14.—Dillon S. Myer, director of the War Relocation Authority, said Japanese evacuees are in no hurry to leave relocation centers, though any evacuee may apply for indefinite leave, outside of evacuated areas.

The W.R.A. Myer told the Commonwealth Club in a luncheon address, "bends over backward in precautions taken," rejecting petitions for leave when it has any evidence the evacuee might endanger national safety.

F.B.I. MAKES CHECK

The F. B. I., Myer said, has checked nearly 90 per cent of the adult evacuees.

"Some of you may be surprised to learn that the evacuees, as a group, are not rushing forward to take advantage of the leave procedures," he remarked. "In fact, our principal trouble has been in the other direction.

"The evacuees read the same papers as the rest of us and listen to the same radio programs. Naturally, many are reluctant to leave the centers to face a public that seems predominantly hostile."

'NO SABOTAGE'

Though there are some 35,000 Japanese outside relocation centers, including 20,000 who lived outside evacuated areas, "not one case of sabotage on the part of any person of Japanese descent has been reported from any reliable source," Myer said.

The W.R.A. chief denied the evacuees get a better diet than the average civilian family. All civilian ration restrictions, he said, "are strictly followed." Cost of feeding the Japanese, he said, ranges from 34 to 42 cents a day per person.

Remember the Red Cross!

IN APPRECIATION:

To friends, neighbors, and co-workers of the late Saichi Komaki, we take this means to express our sincere thanks for the kind sympathies extended to us during this dark hour of bereavement.

CAMP SHELBY, Miss., Aug. 14.—Charlie Chaplin's former valet is shouldering arms with the Japanese - American Combat Team in training here.

Pvt. Richard I. Yahiro worked for the comedian four and a half years before evacuation of persons of Japanese ancestry from the Pacific Coast forced him out of the Beverly Hills mansion. Twelve months afterward he volunteered for the Combat Team from the Jerome Relocation Center in Arkansas. Down here in the mid-summer heat of Mississippi, Pvt. Yahiro remembers the air-conditioning and luxury of Chaplin's show-place home, but, things being what they are he'd rather valet an anti-tank gun than lay out tweeds and monitor morning baths for a Hollywood mogul.

BORN IN HAWAII

Born in Hawaii 36 years ago, Yahiro came to the mainland in 1925 to study at the University of Southern California. When his funds ran low, he dropped out of college and began a jack-of-all-trades career which finally ended in his being the butler for the famed pantomimist.

CALLED DICK

Chaplin called his butler Dick and treated him almost as a member of the family. As an intimate of the household, Yahiro saw practically all of the famous personalities of the screen, relaxed and at ease in Chaplin's home. And most of them were regular fellows and girls, contrary to the popular view of Hollywoodians, according to Pvt. Yahiro.

As a master of pantomime, Chaplin frequently resorted to his droll gesticulations and arisal expressions to express even the most ordinary thoughts or instructions to his valet.

REMEMBER
THE
RED
CROSS!

Letters from the Public

Dear Mr. Heath:

It's four months now that I've been in Minneapolis after spending couple of months in the Chicago WRA office and I have really gotten to love this city. The people I have met both caucasians and niseis have been good to me and indeed cordial.

I can't deny that my work as secretary to Mr. White, the Relocation Officer, certainly keeps me on the go—but how Mr. White does work to help the evacuees in getting relocated. That's why I can't just sit still either. There are only the two of us in the office taking care of Minnesota and parts in Wisconsin and S. Dakota—but fortunately we have a volunteer committee consisting of local leading citizens who aid us quite a bit.

LOW COST OF LIVING

Perhaps I should mention to you, Mr. Heath, if people should inquire as to why the wages are so low in our area is attributed to the fact that so many people don't understand that sometimes it is better living in a city like Minneapolis than in a larger city where the wages are higher—in the long run you may be able to save more living in a city where the cost of living is lower. The housing is probably acute in any part of the country, but I often wonder if one actually got out and looked for a place if he wouldn't have luck. At least quite a number of people have done that and found places to live in at reasonable prices. So I am inclined to believe that the saying, "you can't find a place to live in" is not applicable in our city and St. Paul.

PEOPLE ARE SINCERE

I once used to think it unsafe to accept an offer for a ride, but have gotten to know that the people here are really sincere and almost every morning I am offered a ride by different people—old ladies, prosperous-looking men, business men, etc. And on each different ride I am given the opportunity to do some missionary work—explain myself and talk about the problems of the evacuees, but on the whole, I find that people accept me as I am and don't betray any look of questioning as to whether I am a "Jap," Chinese, Hawaiian, or Filipino. It's a wonderful feeling to be "one" of the people again.

I do wish more evacuees would come to Minneapolis or St. Paul, but unfortunately jobs are not as plentiful as in other cities. The U.S.E.S. rates of pay are not having an acute shortage of labor. But we do have good domestic jobs and the defense training courses at the Dunwoody Industrial Institute is drawing many nisei boys and girls from different camps. Their courses are sponsored by the War Department and are very good.

Regards,
(Mrs.) Masao Kodamatsu
(Maruko Marian Kato)

RELOCATING BOYS?

On many an occasion, this columnist has noticed fellows leaving camp wearing sports outfit without a tie! It may be hot and uncomfortable to wear suits and ties, but it will be only for a few hours. Other states have different climates than good ole sunny California.

A letter was received recently from a former resident of this center, stating that most caucasians believe you are a "zoot-suil-er" when they see you in sport clothes. People in the middle west are always correctly dressed.

RELOCATING GIRLS?

Girls are not as careless as boys but here are some hints that will help. Because of the warm weather, girls are wearing pastel-color clothes but as they travel through other states, soot and dust discolor their clothes. It is advisable therefore to take clothes to change, preferably of dark colored variety. Hats and gloves are a necessity to a girl's ensemble.

Columbus Paper Writes Of Niseis

"Some new residents of Columbus are speaking nice words about our town," stated an article on Japanese-American resettlers in the Columbus, Ohio, Citizen. Everyone of the interviewed Japanese told of the favorable attitude of the people of that city.

FORMER ATTORNEY

Tom Okawara, former Fresno attorney and the first resettler in Columbus, expressed that Columbus, in his estimation, was the best city in the country to relocate, gauging by the lack of racial prejudice. Mr. Okawara, an American Legion member for 22 years, stated regarding the Legion "it might not like some of the resolutions" but they are a pretty swell bunch of fellows individually.

Many of relocated young women have business training and are working in offices. A few of the men are in defense factories and others hold farm or domestic jobs.

PUBLIC SENTIMENT

Although the public sentiment is apparently unchanged, criticism from the American Legion, Dies Committee investigations, and such blasts as Gov. Earl Warren's recent speech at the Governors' Convention is impeding the relocation work.

Professor E. L. Dakan of Ohio State, who is in charge of the Columbus office of the War Relocation Authority, said inquiries dropped off considerably after Gov. Warren's speech. Up to that time Columbus industrialists and other employers were calling in appreciable numbers to talk about the possibility of getting Japanese to help solve labor shortage. Prof. Dakan considered this decrease just temporary and expressed hope that the calls for niseis would again pick-up.

2 UNOFFICIAL GAMES RECORDED ON ACCOUNT OF DARKNESS

S.P. Yogies And Bulldogs Battle To 3-3 Deadlock

In the second unofficial ball game this week, the Yogores and the Bulldogs fought to a 3-3 deadlock, as darkness halted the game at the end of the seventh inning.

H. Tashima seemed to be in fine form, as he whiffed the first two batters to face him, but the next batter, K. Nishikawa caught one of Tashima's fast one to send it out to left for a bingle and advanced to second as the ball was juggled. He died there when his kid brother grounded out to third. Uyematsu led off for the Yogies with an easy fly to center. I. Higashi banged out the first hit to left; M. Uragami hoisted to center and G. Shimizu hit a roller to third, the play going to second, forcing Higashi.

The second inning was much the same, with both teams retiring without much damage.

In the top half of the third frame, the Bulldogs had a man in scoring position, but was unable to bring him in.

It took the Yogores to break the ice in their half of the third, as Tashima walked and advanced

to second on Uyematsu's hit to center. I Higashi slapped the pill for a three-bagger scoring Tashima and Uyematsu to give the Yogies a two-run lead.

After a dull fourth inning, the Bulldogs went to town in the fifth to put across 3 runs. Izumida started off with a single to center; Tsukashima followed with another hit to center, Izumida holding up at second; Oda then hit to the pitcher, the play going to third, forcing Izumida. Tamai got life on a fluke hit to the 1st baseman; with the bases bulging K. Nishikawa smacked a clean hit to left, scoring Oda and Tsukashima; Tamai scored the third run on a fly to left.

Bogging came back in the latter half of the sixth inning to tie up the score as S. Mitsui tallied on a couple of fielder's choices.

After the Dogs had gone down 1, 2, 3, in the seventh, Yogies' G. Shimizu got to third via a double and a stolen base, but died there as the next batter hit to short for the third out.

Bulldogs -----000 030 0-3
Yogores -----002 001 0-3

Manzacknights Held To Tie By Lowly Has Beens

In one of the two games that was called off on account of darkness, the Has Beens-Manzacknights game came to a close in the lower seventh. The Knights were at bat with one out and the bases loaded; the score being 4-1.

Being a tie, it will not go down as an official game. It will be played over at a later date, probably Tuesday.

SUMMARY

Manzacknights drew first blood in their half of the 1st heat when N. Hino led off with a walk and scored a moment later on an error by the shortstop.

Has Beens gave the Knight lads a big scare in the first half of the 2nd inning when chucker Kitooka momentarily lost control of the ball and walked the first three batters to face him. He then went to work and struck out the next two sluggers and the third batter lifted a pop fly to short to retire the side.

It was in the 3rd stanza that the ole timers garnered 3 precious runs to move into the lead, 3-1.

In their half of the third, Knights' Hino caught the leather pellet right on the nose and sent it "Via Air Mail" for a round trip for the Knights' second tally.

To keep a fair margin, the Has Beens pushed across another run in the following inning.

A second home run, this one by big Y. Ishida a moment later slashed the gap to one run.

Two and a half scoreless innings were played with darkness approaching; the Beens ahead by a run.

Going into the last half of the 7th inning, T. Terazawa led off with a walk, Hino connected for his third hit of the day moving Terazawa to third, H. Tochioka who replaced W. Okamoto, walked E. Hoichi to fill the bases; Terazawa scored the tying run a moment later on a throwin, Kitooka walked again to fill the sacks again, but at this point, the game was called off as darkness cut
