

Tulelake People Ruled Ineligible For Relocation

Many people in Manzanar apparently are under the impression that persons who answered "Yes" on Question 28 but who accompanied their families to Tulelake, will find it easy to relocate or to go to other projects. This impression should be corrected at once, Assistant Project Director Lucy Adams said yesterday. A study of the instructions and information which has been sent out from Washington indicates that it will be extremely difficult to leave Tulelake. Administrative Instruction 100 on "Separation of Evacuees of Doubtful Loyalty from Loyal Evacuees," states: "After segregation is complete, persons in residence at the Tulelake Center will not be eligible to receive seasonal or indefinite leave."

The Manual of Evacuee Transfer Operations on page 14 in discussing the effect of segregation on the future of the family, says: "The question will also be raised as to whether the decision to go or not to go (to Tulelake) will affect the welfare of the family group adversely in the future. It should be pointed out that, though transfer to the segregation center is not a punishment, it is nevertheless a very serious thing, and a matter to be considered carefully, particularly since it will be very difficult to relocate on the outside after going, even voluntarily, to the segregation center."

The right of appeal is of course recognized, and provision is made for an Appeal Board to consider the cases of persons who feel that they were unjustly assigned to the Tulelake Center, and of persons living voluntarily in the center who wish to transfer to a Relocation Center. There is no provision for relocation directly from Tulelake. Young people who are going with their families under the impression that after they have helped their parents to settle down, they can then go out and get a job, or move to another center, should realize that once inside Tulelake it will be very hard to get out. Parents should recognize the handicap it will be to get out. Parents should recognize the handicap it will be to the young people hoping to live in the United States if they have to stay until the war is over in a center associated in the public mind with doubtful loyalty to the United States, Mrs. Adams concluded.

Vandals In Victory Gardens Reported

A group of vandals were reported by the Police Department to have entered the victory gardens located north of block 34 on the night of August 30, destroyed 25 to 30 green watermelons and one chief John Gilkie said that no one was apprehended but the Police Department would appreciate any information regarding these vandals.

He also disclosed the fact that the stage located at 16-15 is defaced with boards being removed and holes being punched in the plasterboard. Chief Gilkie requests the cooperation of the parents to refrain from having their children play around the stage.

PETTY THEFT

A petty theft was reported by Chokichi Nishida of 34-14-2, who stated that his red leather wallet containing his alien registration card and \$80.20 was stolen while he was taking a shower on the night of August 31.

Chief Gilkie warns the residents not to take their valuables to the shower, as many reports of such thefts have been turned in during the past year.

Discuss Problem Of Canadian Japanese

OTTAWA, Sept. 4.—Reportedly threatening to break the bonds that held Eastern and Western Canada together, a "yellow peril" controversy already has been introduced in Parliament. British Columbia members of the Parliament demand assurance that the Japanese will not be returned to their province after the war for fear of an Oriental domination. Definite assurance for disposal of Canada's Japanese minority problem has not been announced, but probably will be decided at the people's conference, stated government officials.

Howard Green, conservative of Vancouver, accused the Canadian government of catering to Japan in the past. Scrap iron had been shipped to Japan from Canada. Green also stated that "trouble and great trouble" would be experienced if British Columbia were left alone with the Japanese problem, and the rest of Canada failed to do its part.

Labor Day Street Dance Sunday Night

With the public address system and the Manzanar Swing Band furnishing the music, the Community Activities Department will sponsor something new in Manzanar; a Labor Day street dance.

The dance is scheduled at 8:30 p.m.; the locale, the east-west road between blocks 14 and 15. There will be no admission charge.

A varied program of entertainment featuring Mary Kageyama was announced.

'Fall Fair Queen' To Be Selected Soon

"Don't let people say that your block has no pretty girls," stated Aksel Nielsen, supervisor of community activities in announcing the opening of a beauty contest to select a "Fall Fair Queen" to reign during the two-day fall fair scheduled for Sept. 18 and 19.

Each block is asked to participate and select its choice before Sept. 15. Entries must be limited to 1-3-1. Qualifications are: single and between 18-25 years old; wear identification showing block she represents, wear hosiery at final contest. Judges will consider the following features in selecting the winner: face, figure, posture, walk, ability to wear clothes, personality and poise.

The queen and her four runner-up attendants will preside at a ball on Saturday, Sept. 18.

MESSAGE FROM CO-OP CONGRESS

Once more we come to the time of election. As matter of fact the delegates to the congress from each block—127 in all—have already been elected, and candidates for the members of Board of Directors for coming six months have been nominated by the special committee. The semi-annual meeting of the Congress of Delegates will be held Monday, September 6, 1943, when this important election will take place. It is your duty and responsibility to elect a worthy Board of Directors upon whom the full responsibility of the Co-op shall be placed. Through you the members of your block are exercising their rights, and through you they are securing various important information about your Cooperative.

The Board of Directors, managerial staff, and all the employees of the enterprises are very anxious to have your suggestions, constructive comments and your kind cooperation.

Remember the meeting of congress next Monday, and please make every effort to be there.

BLACKOUT?

A defective terminal overheating the street light switch control located north of block 18, was the cause of the 15 minute blackout Wednesday night at 8:43 p.m., disclosed Fire Chief Frank Hon. The main switch was turned off until the overheated switch control was removed, he said.

Saks States Tax Return Deadline

Residents are reminded by Jay Benson Saks, project attorney, that the income tax returns for the fiscal year of 1943-1944 must be filed by September 15 at the Internal Revenue Office in either Los Angeles or San Francisco. "Since Congress has passed the new pay-as-you-go bill and has forgiven 75 percent of last year's tax, this year's filing is more confusing than usual," stated Saks.

Evacuees owning real property, bonds, stocks and business firms outside, and who are receiving income from them will be required to file an income return. Also residents who have been working outside of camp will be required to file a return.

Residents filing returns must take into consideration their YWCA wage and their clothing allowance in addition to their other sources of income, stated Saks.

Last year's 5 percent Victory tax has been absorbed by the withholding tax and at present employers are withholding 20 percent of the worker's wages minus his deductions. If by the end of the fiscal year the withheld amount is in excess or deficient of the income tax due, the taxpayer will be reimbursed or charged as the case may be.

Since 75 percent of last year's tax has been forgiven, taxpayers who have not yet paid are still liable for 25 percent of that tax which is payable in two installments, on March 15, 1944 and 1945. If the taxpayer has already paid his 1944 tax in full, he must deduct from his present tax bill the credit coming to him for the forgiven 75 percent which he paid.

Evacuee as well as appointed personnel may obtain their income tax forms from R. C. Bockiewicz, budget and finance head, at the Fiscal Office.

Merritt To Speak

Ralph P. Merritt will be the speaker at the Y's Men's Club meeting to be held on Monday evening, September 6, at the YWCA hall, 19-15, beginning at 7:30 p.m. Songs, games, music and refreshments will comprise the rest of the meeting to be held by the prominent "businessmen" of this center.

List Candidates For Board of Directors

The following persons were listed as nominees for the Board of Directors of the Manzanar Co-operative Enterprises Inc. The list was released recently by Dr. William Bruce, head of the local Co-op, who stated that more candidates may be nominated from the floor at the September 6 congress meeting.

The nominees are: Justus Sato, 29-8-1; Mineichi Yashiki, 34-8-3; Hideo Okada, 25-4-4; Ichiro Aramaki, 12-13-3; Genshiro Nakamura, 12-9-4; Masami Adachi, 24-8-2; Aiji Hashii, 5-12-5; Yasuji Amamoto, 34-6-1; Kametaro Akiyama, 14-6-6; Kamemitsu Osawa, 26-1-5; Koichi Masunaka, 19-4-3; Ned Uyematsu, 8-4-3; and Jyotaro Kohigashi, 10-3-2.

Dick Imano, 12-11-1; Henry Tsurutani, 18-1-2; Harry Kinoshita, 16-6-1; Frank Chuman, Yoshio Tabata, hospital; Masaru Kawase, 12-10-2; Hisashi Higuchi, 4-9-2; George Matsumoto, 30-10-2; Roy Takeno, 2-1-4; H. Matsumoto, Children's Village; and Y. Sugihara, 25-5-2.

130 Locals Okayed For Furlough Work

Approximately 130 residents have been accepted for furlough work from this center, according to the Relocation Office, which also disclosed that new registrations are not being accepted.

No definite date of departure has been set although the season is expected to begin about September 15 and continue until November.

"Wages are better and workers will be paid from 10 to 12 cents per sack of potatoes this season whereas the former rate of pay was from 8 to 10 cents per sack," the office said.

Besides paying for the cost of both trip and subsistence to Idaho, the War Food Administration will guarantee that evacuees will work 75 percent of the season or pay them \$3 daily.

Evacuee Teachers' Supervisor Arrives

"Manzanar looks much better than Tulelake," stated Virgil M. Morgan, new supervisor of evacuee teachers, who will fill the vacancy left by Louise Fairman. He arrived Monday after a bus trip from Wenatchee, Washington, passing through Tulelake on the way. He commended Manzanar on the green lawns and beautiful scenery in his comparison of the two centers.

Morgan was formerly a principal in various elementary schools in Washington and Alaska. He was also an athletic coach at the Medical Lake Public Schools in Washington.

He received his education at the State Teachers College in Cheney, Washington, obtaining a B. A. degree there.

Although friends advised him not to come to Manzanar, he declared that he likes it here very much and is planning to bring his whole family to live here after the new houses are completed for the appointed personnel.

SCHOOL SEPTEMBER 13

After a two-week vacation, fall classes in Manzanar Elementary and Secondary Schools will be resumed September 13.

Construction On Hog Project Gets Underway

Construction on the hog project got underway this week upon receipt of approval from Washington, Chief Clerk V. Amamoto of the Farming Division disclosed.

Although a definite date for the shipment of hogs to this center is not known, approximately 350 head are expected and will be housed near Reynolds' Ranch.

The chicken project is "well under way" and now houses approximately 2000 chicks at the southwest corner of this center, the Chief Clerk revealed. He said that another thousand is due Saturday and that 12,000 chicks will be the ultimate total.

The chicks are being shipped from Lancaster, California, by Sears, Roebuck and Company and the Farming Division is hoping to distribute fryer chickens to the mess halls within three months.

Fox Succeeds High As High School Head

Rollin Clay Fox has been chosen new principal of the local high school, announced Dr. Geneve Carr, superintendent of education. He arrived in Manzanar Tuesday from Los Angeles where he was attending UCLA. He was working for his doctorate there when he accepted the position of principal.

His previous position was as principal of the Delhi Central School in New York. Altogether he has had about 15 years' experience as principal in various schools located in his home state of New York.

He received his B.A. degree at the University of Alabama and his M. A. degree at the Teachers College of the Columbia University in New York.

Fox is the successor to Leon C. High who has accepted the principalship of the Lone Pine Union High School.

Approximately 2200 Slated For Tulelake

Exclusive of the 55 cases heard on Thursday and Friday, Mrs. Lucy Adams, assistant project director in charge of community management, announced that 2,145 persons are to go to Tulelake. Included in this figure are 358 repatriates and expatriates.

The 55 cases heard September 2 and 3 by Mrs. Margaret D'ille's welfare group were the undecided cases, and a compilation of the figures for this group the final figures will be released.

Andrew Naide Dies In Denver, Colorado

Andrew Naide, former Manzanar resident who left this center in January, 1943, for student relocation to attend Regis College in Denver, Colorado, died in that city Sunday night of spinal meningitis which followed pneumonia. It was disclosed in a telegram received by his family this week. He is survived by his father, sister and two brothers.

Formerly of Los Angeles, Naide graduated Maryknoll School and attended Loyola University two years prior to evacuation. He was working his way through school when he was stricken with the illness.

Obituary service will be held at the Catholic Church Tuesday evening at 8:00 p.m., while requiem mass will be conducted Wednesday morning from 9:00 a.m. at the same location.

Urge Use Of Niseis

There are some 2000 CIO members among the Japanese-Americans in the relocation camps. Nearly all of them are American citizens. Many of them are loyal and active CIO members from some 15 different international unions, and, before being evacuated, they were becoming well integrated into American life. Some were union organizers, and many of them walked the picket lines when the going was tough. They refused to scab during lumber, fishing, cannery, and longshore strikes—at a time when families were hungry and the union treasuries were broke.

The CIO's non-discrimination policy naturally appealed to them, and they did their part in our polyglot locals of the West, side-by-side with the Finns, Portuguese, Swedes, Negroes and Filipinos, and of course, the "old American stock." The national office of CIO War Relief Committee has received the names of several hundreds of these workers. They were sent in by local unions, by friends, and by the members themselves. (There have been a number of letters from nisei lads who are now in the Army.) Much of this correspondence contains appeals for help in procuring places to live, job training, and placement, so that their skills and abilities may be put to work to help win the war. Together with the CIO Committee to Abolish Race Discrimination and in consultation with government agencies, we are trying to help these CIO brothers and sisters—whose only offense, was that they picked the wrong ancestors!—CIO War Relief News, Aug., 1943.

It's Up To You—

With the idea of relocation imbedded in the minds of the evacuees, little item of encouragement is generally accepted as definite assurance that living in the outside world is very simple. However it must be remembered that this represents only a small percentage of the people in the East. One must first read the papers from the East and from the West to be able to decipher the real conditions that will confront him. From the East a depiction of Heaven is presented, from the West a picture of Hell is painted.

What determines the conditions that one will confront when he relocates is entirely up to him. True, he may run across a few prejudiced people, but if he will take this as daily routine and build up his reputation as a necessary supplement to the community he will soon find that the environmental conditions are favorable.

LECTURES GIVEN BY FATHER EDWARD

Father Edward of the Passionist Missionary of Los Angeles, conducted a series of lectures to capacity crowds at the Catholic Church during the past week. His topics were "Fight For Life," "Man Against God," "Marriage," and "The End and the Beginning." He also conducted morning sermons. Father Edward is

contemplating another return engagement to Manzanar in the near future.

Asked how he liked Manzanar, Father Edward replied, "Everything is fine except that the pesky gnats bothered my smooth head."

Nisei In War Zone Wounded In Action

Wounded in action in the South Pacific, July 15, Sgt. Kazuo Komoto is "recovering normally," Gila River News-Courier reported recently. The nisei soldier is the son of Mr. and Mrs. Yoshikazu Komoto of Sanal district in Gila WRA Center.

This latest message was received by the Komotos three weeks after the first "wounded in action" notice arrived. Mrs. Komoto's mother of the wounded sergeant was not told of the news until details were received. "But I heard Kazuo's name mentioned over the radio," Mrs. Komoto said.

Drafted in March, 1941, Sgt. Komoto entered Camp Savage Language School, Minnesota as a Pfc. He was sent overseas in January of this year.

Hardball Diamond Problem Settled

Problem of constructing a hardball diamond on firebreak 19-25 for community use has been settled. A. G. Nielsen, supervisor of community activities, revealed this week.

Objections from blocks 19 and 25 were based on fear of large crowds in the two mess halls, the two blocks plans for utilizing the firebreaks for construction of block diamonds and fear of balls landing in their blocks.

Mr. Nielsen declared that written approval for the location of the diamond was received from Project Director Ralph P. Merritt in April and the managers were notified. They agreed to the plan if they were allowed to play softball until hardball games were started. He added that there is not enough space for softball diamonds on firebreak 34 blocks. Only a few sites in the center are suitable for hardball diamonds, he said.

As for fear of balls being hit into block areas, Mr. Nielsen explained that a high wire fence will be placed on both sides of the home plate and that no playing will be allowed until the fence is completed. The home base will be placed so that the ball will be driven northeast between the two blocks, he concluded.

Messages To Japan

Evacuee messages to Japan have been sent to Washington via airmail from this center. Limited to 25 words and one per family, the messages will be flown from Washington to Rio where the ship Gripsholm, which left New York last Friday, will take them to their destination, the WRA office in Washington, D.C., disclosed in a teletype message received here Thursday by Assistant Project Director Adams.

Income Tax Ruling On Exemptions Of Married Resettlers Explained

An evacuee on indefinite leave whose wife remains at the center is entitled to the "exemption of a married person" under the new "pay-as-you-earn" income tax law, according to an informal ruling of the Bureau of Internal Revenue which has been incorporated into an instruction issued by WRA on August 5.

Although an evacuee on leave whose wife and children remain at the center can claim the married person's exemption, the Bureau of Internal Revenue has advised WRA that he cannot ordinarily claim his children as dependents. This interpretation, the instruction states, was based on the fact that the government furnishes food, shelter, medical care, and in some cases clothing to children remaining at the project, or "more than 50 percent of the total cost of support."

EXCEPTION

An exception to the general rule, quoted from the instruction, is as follows:

"Where several children are involved and the amount contributed (by the evacuee parent) is less than 50 percent of the total cost of their support, but more than 50 percent of the cost of supporting one of the children, it is permissible for the evacuee to treat his contributions as having been made for the support of a particular child and claim this child as a dependent without claiming the others as dependents."

Knowledge of their legal status under the current income tax law will be essential to persons on indefinite leave, WRA states, because practically all employees in the United States are now required to indicate to their employers whether they are married and the number of dependents by filing United States Treasury form WF-4. The information is used by employees in making regular payroll deductions as the income law requires.

19 Students Finish Course In Nursing

Manzanar Red Cross reported that the six-week home nursing course conducted by Nurse Catherine Yamaguchi, public health nurse, was completed recently by 19 students. They will be awarded certificates in the near future.

Another six-week course will be opened to residents shortly. Mrs. Yamaguchi who has been traveling through the various centers will visit this center September 9 to conduct the class. This course will give valuable instructions on the care of babies and invalids at home. Interested persons are urged to apply immediately at hospital ward No. 5.

In regards to anxious residents the Welfare Division reported that 110 messages have been received from Japan through the Red Cross.

Responding to the call of sugar-land, a hundred-odd able-bodied male citizens of this "dust haven" will be bidding adieu to their respective "heart troubles"—hitting the open highway once again to participate in the harvesting of Idaho's vast acreage of spuds and sugar beets. For a few of these lads, it will be their initial taste of fresh air, while for the veterans it's more or less the same old story; a bus ride, malts here and there and finally their destination.

Blue orchid of the week to "destination please," Fumi Hirata and a royal black and blue one to her obliging state-mate Yuchi. Come on now Ma, give Pa the benefit of the doubt once in a while, eh?

The "wigs off" department is dedicated to the up and coming Juniors. Consisting of a handful of diminutive damsels, the club recently undertook the major task of sponsoring an installation social with the PSK, the Counts and the Barons as guests. Highlighting the affair was the candlelight installation ceremony at which time the youngsters generously willed their respective "flames" to their respective successors.

With the WACS laying duration claims on some of the "ideal" females of the center, the "keep the home fires burning" lads of Manza will have to do a bit of praying so that she'll be able to remain with them a bit longer. Seems as tho' a lot of "Take-no-prisoners" to join so that they may go overseas. Polish up on your saluting boys for the nisei WACS will be back mighty soon. Coronets Meet At Home Of Advisor

Recently organized girls' club "Coronets" held a general meeting at the home of Mrs. Edward Chester, advisor, on September 1. Newly elected officers are Alyce Hama, president; June Amamoto, vice-president; Dorothy Yonemitsu, secretary; Setsuko Nishi, treasurer; Margaret Yamane, historian; and Marian Fujimoto, publicity manager. Plans for their coming installation dance were discussed and various committees were selected.

Job Opening For Couple In Nevada

There is an opening in domestic job for a couple in Nevada, 100 miles from this center, the Relocation Office disclosed this week. The wife will do the cooking and the husband's duties will consist of house cleaning and gardening. They should have some experience and will receive a starting wage of \$150 monthly.

DETROIT CLEANER SEEKS PRESSERS

Four experienced rough pressers are wanted by the Twentieth Century Cleaners of Detroit. Workers will receive nine cents per garment and work 40 hours per week. Average weekly income ranges from \$40 to \$70.

Two truck drivers are also sought by this company for light delivery work. They will work 40 hours per week starting at \$35 a week and will be advanced to \$43 when they qualify.

Assistant Project Director Bob Brown left Thursday for Tulare Lake WRA Center to assist Project Director Ray Best with administrative matters. He is expected to return within a week or ten days.

Nisei 'Bucks' Get Original Insignia

CAMP SHELBY, Miss., Aug. 28—A new and distinctive shoulder patch has been approved for the Japanese-American combat team to replace the present Third Army insignia which they now wear.

It is officially described as "A blue disc bordered in white, charged with a red and white bomb burst in back of a yellow gauntlet arm holding a sword. This symbol represents the army of the yellow race taking up arms in the defense of the national colors of the United States."

In addition to the shoulder patch, personnel of the Infantry Regiment in the combat team are expected to have their own regimental insignia. This coat of arms, approved by the War Department, is shield-like in shape with red, white and blue for its colors. A Mississippi river steamboat appearing in the lower, blue field is in honor of the State in which the regiment was activated. The upper, red field is left blank and is shield-like in shape, symbolizing any achievement in battle. The famous "Go For Broke" motto is inscribed beneath the shield.

Art Worker Opening In Toledo, Ohio

Mohr Art Gallery of Toledo, Ohio, has an opening for a person with some experience in painting and mixing oil colors. The company will train this person in his particular line of work consisting of picture framing, mounting, and finishing, so the prospective employee needs only a little experience.

LUMBER COMPANY WANTS LABORERS

Approximately 80 workers are sought by the William Boniface Lumber Company of Champlain, Michigan, for various positions. Although the company is non-union, it has no objections to unionization, the Relocation Office disclosed.

The camp contains an office, eating quarters, two bunk-houses equipped to house 38 persons each, a third bunk-house to house 12 persons, bath house, and outdoor toilet buildings. Beds in the bunk-houses are double deck furnished with good mattresses, cotton and woolen blankets.

Piecemakers are needed to fell and trim trees, measure and saw into lengths of 100 inches each, pile wood along skidding trails and to make skidding trails.

The company also has an opening for six healthy road builders whose duties will consist of clearing timber and brush, grading road, building bridges, corduroy soft spots and to shovel snow, grub roots and rocks.

Other openings at this company include those of firewood cutters, camp clerk and a checker. Wages vary from 50 cents an hour to \$125 per month plus room and board.

250 Items Repaired

The Community Alteration Department repaired and altered 250 items of clothing for the month of July. Total estimated value of the products were listed as \$280.

Garments used on WRA projects are also repaired by this department.

KNIGHTS CLUB SKIPS, 13-7; MOVE INTO TIE FOR FIRST PLACE

SPORTS

Sideline

with the Sports Staff

As the Double Aye softball nears the finale after two successful rounds, three teams are tied for first place with one game each to go at our press time. The three teams, Manzanar, Yagores, and Skippers are credited with seven wins and four losses.

At press time, Knights have not yet played, but if they won over the Sears in last night's tilt, they will battle it out in the semi-finals with the winner of the Yagores-Skippers hideout. The winner will be awarded a beautiful 18-inch trophy donated by F. K. Kurahashi.

The breaking of the knotted deadlock for the top position will be held in the near future.

Bulldogs were eliminated on the hot Double Aye trophy race when the Has Beens pulled a "rabbit-out-of-the-hat" stunt by defeating them, 11-9. In the present standing, Bulldogs are second, followed by YBA, Has Beens and Sears.

At the beginning of the season, Sears promised a high place on the ladder, but fell prey to every team they played in the second round. Sears made their final appearance against the Knights; the latter attempting to gain entrance to the semi-finals.

HARDBALL IS COMING

Within three weeks, Manzanar residents will be trekking out to firebreak 19-25 as the much-talked-about hardball grows in under consideration by the Athletic Department for a long time. The Athletic Department announced that there will be one game played on Saturdays; a double-header being played on Sundays. It is said that a dozen teams to maturity. Hardball league has been under consideration by the Athletic Department for a long time. At present there are five teams registered; the Manzanar, two San Pedro teams, and two dark mysteries. There is a call for another team to make it a six-team league.

ALL-STARS TO CLASH IN SOFTBALL

The game between the Stars should prove an interesting one. Both teams are star-studded, featuring the cream of the camp.

Mystery 9 Blitzed, 14-6, By Barons

The Mystery 9 aggregation was completely baffled by the masterful delivery of Barons' G. Hattori as they fell before a mighty 14-6 blitzkrieg, Monday eve. In the course of 7 innings, they were able to tap Hattori for 3 measly bingles.

While the Nines were held scoreless for 4 full innings, the Barons "wrecking company" bombarded the Miners for 3 runs and 6 hits in the 3rd frame alone, not to mention the 4 runs collected in the 2nd and 4th periods.

The Mystery 9ers' attack finally got under way in the upper 5th as they capitalized on 2 hits, 3 walks, and an "eefce" for 3 digits.

The Barons annexed 3 in the 5th on 3 safeties.

Taking advantage of the pitcher's generosity, the Barons added another two runs in the lower 6th.

Mystery men in turn, retaliated with a 2-run spree utilizing the opposing chucker's wildness. The victors walked off with the batting laurels; T. Hiraike blasting the pill twice out of 3 "AB's." Chucker Hattori and A. Mitsuuchi were credited with 2-4's. B. Watanabe, current leader on the National League "Hit Parade," had to be satisfied with a 2-5.

T. Takahashi, hurling for the losers, was blasted for 14 safeties.

MARUKI-ISHIDA HIT CIRCUIT CLOUTS

The powerful Manzanar Skippers to hand them a terrific 13-7 licking. As a result of the tilt, the Manzanar moved into a three-way tie for first with the Yagores and Skippers on the double Aye ladder.

FIRST INNING

Knights—N. Hino, lead-off man, registered the 1st out as he went down swinging. E. Hoshi, hitting a grounder, reached 1st when the 2nd baseman juggled the ball. J. Yamaguchi followed up with a terrific line drive that was good for a double, advancing Hoshi. The Knights filled the bases as T. Kitaoaka singled to 3rd. After Maruki hoisted to 2nd, K. Hoshi received a pass, forcing a run to draw first blood. Y. Ishida rapped a single that went through the left fielder, enabling the men to check in, annexing three runs. Ishida died on 2nd when G. Kanemoto grounded out to the pitcher... 4 runs, 3 hits, 1 error.

Skips—T. Shimizu led off with a single to 3rd, followed by Y. Tatum's pass. After working the pitcher to the limit, F. Takade was called out. L. Kawachi blasted the leather pellet for a terrific line drive down the left field line; Maruki, trying gallantly, was unable to hang on, the ball going past him, resulting in a round-tripper, giving the Skips a 3-run start. A. Hashimoto got life on an error, but the next batters lifted to retire the side... 3 runs, 1 hit, 2 errors.

SECOND INNING

Knights—No runs, 1 hit, no errors.

Skips—S. Hashimoto singled and advanced to 3rd on a wild throw and tallied on an error. Tatum and Takade reached 3rd and 2nd, respectively, but died on base as Kawachi fled out to the outfield... 1 run, 1 hit, 2 errors.

THIRD INNING

Knights—Kitaoka, getting on via an error, was driven in by Maruki's smashing circuit clout to left center, giving the Knights a 2-run lead. The gap was increased another notch when Ishida followed suit and blasted a 4-plier, this one going out past the road... 3 runs, 2 hits, 1 error.

Skips—A. Hashimoto's single, a 2-bagger by M. Shimizu and C. Miyake's walk filled the bases.

S. Hashimoto's hot line drive to shortstop, who was charged with an error, netted 2 runs for the Skips. Hashimoto and Miyake holding fort at 2nd and 1st, died there as the next batter fanned and two succeeding men flied out... 2 runs, 2 hits, 1 error.

FOURTH INNING

Knights—N. Hino walked and crossed the plate on K. Hoshi's single... 1 run, 2 hits, no errors.

FIFTH INNING

Knights—No runs, 1 hit, no errors.

Skips—No runs, no hits, no errors.

SIXTH INNING

Knights—A walk put Hino on 1st, and he advanced on E. Hoshi's sacrifice. Hino scored a moment later on Yamaguchi's single, the latter checking in on Kitaoka's double. Maruki followed suit and smacked a 2-bagger to score the Knight pitcher. Maruki, in turn, recorded a run on Ishida's double to the outer prime. K. Hoshi's walk netted the Knights a digit when he registered on Kanemoto's single... 5 runs, 5 hits, no errors.

Skips—T. Shimizu doubled and advanced to 3rd on a wild pitch. He wound up the day's scoring on F. Takade's fluke hit to 2nd base... 1 run, 1 hit, no errors.

SEVENTH INNING

Knights—no runs, no hits, no errors.

Skips—no runs, no hits, 1 error.

Vandals Win Thriller

The Vandals eked out a thrilling 9-8 victory against the Scorpions. A 5-run outburst by the Scorpions in the 3rd frame gave them a comfortable lead. Trailing, the Vandals' 6th inning rally fell short of a run. At this point the game was momentarily halted to discuss the condition of the game as darkness approached. In a few seconds the game resumed play and after putting away the Scorpions 1, 2, 3, the Vandals drove across 2 runs to clinch the game.
