Vol. III No. 72

MANZANAR, CALIFORNIA

Sept. 8, 1943

System Altered For Departure

A new service, designed to accommodate those leaving on relocation and to reduce confusion and delay, was announced this week by Travel Supervisor Ruth Cushion.

Hereafter, persons leaving Manzanar will be picked up at their homes by the escort at the scheduled departure hour and details of checking out through the Internal Police and the Military Police will be completed in advance.

For those leaving, the long walk to the Police Station and the long wait will be eliminated. Final instructions concerning the departure will be issued to those concerned on the day prior to departure at the Relocation Office, the travel supervisor disclosed.

Limits Bids For Coronation Ball

Reservations for bids to the Coronation Ball may now be made either at the Community Activities Office, 1-3-2, or with Fuzzy Mizutani at 33-11-1, according to an announcement made this week by Aksel Nielsen, community activities supervisor.

"Fifty cents must be paid in advance for each bid and no reservations can be made for friends since there is only a limited supply of 100 bids. Our policy will be, therefore, 'first come, first serve'", the supervisor declared.

The Ball will be held at kitchen 33 on Saturday, September 18.

PERSONAL PROPERTY OF SEGREGEEES EXPLAINED

Many rumors have been circulating in regards to personal property of segregoes. Evacuee Property Officer Earl W. Barton advised those people who are planning to go to Tulolake that many of those rumors have no foundation. "For instance," he said, "it is be-

Congress Elects New Directors

With 108 of the 144 Community Enterprises Congress delegates present, the third election of the board of directors was held Monday night at kitchen 16.

The election board announced that the new board of directors will be: K. Ozawa, 36-1-5; I. Aramaki, 12-13-3; A. Hashii, 5-12-5; J. Kohigashi, 10-3-2; K. Masunaka, 19-4-3; C. Nakano, 30-8-3; M. Yashiki, 34-8-3; F. Chuman, hospital; F. Enaeki, 25-7-2; Dick Izumo, 12-11-1, M. Kawase, 12-10-3; Y. Muramatsu, 3-6-1; R. Takeno, 2-1-4; H. Tsurutani, 18-1-2 and F. Yasuda, 22-8-2.

Visual Education Directors Meet

Discussing the various problems confronting the Visual Education Museum, the board of directors met Thursday evening at 8-15 with Dr. Melvin Strong as chairman.

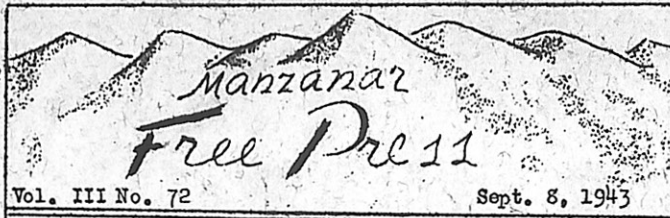

A two-week "Going Back to School" exhibit opened Monday. Taking part in the displays are the dry good store, the Buddhist, Catholic and Protestant Churches, nursery and elementary schools, Boy Scouts, the YMCA, YWCA, Community Activities Department and the Jr. and Sr. Red Cross.

ing said that the segregoes will not be allowed to get their personal property from the former place of residence or from the Los Angeles warehouse after they got to Tulolake. This is entirely false. They will have exactly the same rights in Tulolake as they have in Manzanar. Personal property should not be brought to Manzanar at this time just because evacuees are leaving for Tulolake. Consult warehouse 23 regarding the details."

RUMOR 2: Segregoes are allowed 150 pounds of personal property and that they are not allowed to take jewelry, printed matters, photographs and etc. This rumor even goes so far as to say that 150 pounds includes the weight of the person. This is another false rumor. Each person over the age of twelve years old is allowed 150 pounds of personal baggage to take on the train with them. The only exception in the case of freight of baggage is that segregoes may not take home-made articles that have little value, and may not take articles which are designated as contraband.

RUMOR 3: Another rumor states that freight and baggage should be shipped by the evacuee at his own expense because it will be delayed if shipped by WRA. Because there are so many

ON THE
Other Hand

FOURTH TERM?

What with relocation, segregation and other immediate evacuee matters occupying our attention, the average citizen niscil has not been paying too much attention to politics. And that's not as it should be.

The next residential election looms like a gargantua over America. And that's not an understatement. Will Roosevelt run for the fourth term? If he does not, can his successor, be he politically a lineal successor or a Republican, successfully carry on the administration of our wartime government?

DISAGREEMENTS

California party leaders already are talking about the state's delegation to the Democratic National Convention. Ex-Governor Olson, a national committeemen, huddled with some of the state's political bigwigs the other day. Confrores came out of the huddle with their pockets full of disagreements as to whether, for instance, Olson was the right man to dominate the state's delegation.

COSTELLO

They got around, for instance, to sizing up men like Congressman Costello. Would he support the President? The bigwigs shook their heads doubtfully. They labelled him as a reactionary Democrat. They said he has been at odds frequently with the New Deal, which is the President's own political and administrative baby. Finally, the critics noted, he has been talking blast recently at, of all things, the War Relocation Authority, an agency created by the President.

"PARDON MY SARONG"
FRIDAY AND SATURDAY

Editorial.....
HARVESTING PUBLIC OPINION.

Time of the year has come when farmers looking over his crops, make plans for the harvest. With labor shortage what it is, and the reluctance of some farmers to use imported Jamaican and Mexican labor, many Japanese will be given the opportunity to help in the harvest.

Indeed, no one is so naive as to presume that every man who goes out on seasonal work does so with the main purpose of doing his part in the reaping of food for victory. Due credit must be given to those who do, but the fact that many have various personal reasons cannot be denied.

Many boys will go into the fields for the monetary returns, perhaps in preparation for relocation. There will be the former farm boys who find furlough the answer to their desire to breathe again the invigorating air of an autumn morning when "the frost is on the pumpkin...". Then, of course, there will be those who seek the adventure of meeting once again face to face, the problems of the outside world.

No matter what the reason, the furlough workers will be helping the war effort. Their action shall be the pattern into which all of us shall be placed in the eyes of the outside Americans with which those workers come into contact.

New England Area Favorable "EX-CLUSIANDOS" Plan Calendar

Numerous job opportunities are available in the New England area, according to Massachusetts Relocation Supervisor Roger F. Clapp, who disclosed that community sentiment toward the Japanese is favorable.

"People of New England are friendly and judge outsiders on their merits. They have high regard for civil rights and feelings of others. As a result, there has never been any bitter racial animosities in this area," he revealed.

Rooms in private dwellings, small houses and apartments are obtainable at moderate prices in most cities and towns, he disclosed.

Ever-active block 20 Young People's Club now known as the "Ex-clusian-dos" hold a get-together dance Thursday evening at kitchen 20 with approximately 50 block residents in attendance.

Emcee for the evening was Jimmy Yamaguchi, social chairman.

Plans slated for the coming months are concessions at the Fall Fair, informal get-togethers and a farewell party.

Sliderule....

Anyone who has a Log-Log duplex trigonometric sliderule to sell is requested to contact Hideo Yamamoto, 8-6-4.

IN APPRECIATION

Upon my departure to Reno, Nevada, I wish to take this means to thank my friends and neighbors for the kindnesses extended me during my stay in Manzanar.

Koichi Hara, 14-7-5

THANK YOU

May I express my deep appreciation to all residents for their great kindness while I was in Manzanar. Also their thoughtfulness upon my departure for New York.

Michiko Konishi, 20-1-2
