## THEY'RE HERE! - GOT YOUR COPIES?

### Instructions On Segregation Released Here

Instructions on segregation procedures were recently received by the various relocation centers in a series of bulletins from Malcolm E. Pitts, field assistant director from the WRA headquarters in Fort Douglas, Utah. Information included in the bulletins covered various phases of the coming transfer of evacuees such as contraband and prohibited articles on train trips, normal composition of evacuee trains and personnel complements, organization of evacuees, and other miscellaneous items. These orders were given by Pitts who is in charge of the transfers between the 10 relocation centers.

#### TRANSPORTATION

The normal composition of trains to transport evacuees from twelve centers for 400 to 500 evacuee passengers will be 18 cars. These will include eight coaches, two baggage cars, two baggage diners, two baggage kitchen cars, one railroad or auxiliary diner, and three tourist sleepers, two of which will be used by the military personnel, WRA and train representatives. Evacuees will not be permitted to commute between the coaches or baggage cars except when going to eat, work, or when an emergency arises. Evacuees will not be permitted to detain at station stops, but exercise points will be provided in the train schedule at which time all evacuees so desiring may detain.

#### CONTRABAND

Contraband articles are prohibited by the Army on the train trips, and may not be included in checkable baggage or hand luggage. Food of any sort except candy will not be permitted to be taken. The bulletin further stated that candy for children is permitted but there will be no opportunity to purchase any en route. Excessive quantities of medicines, medical preparations or drugs also will be prohibited on the trip but a normal family or personal supply of common medical needs will be permitted. Dogs, cats, snakes, and other pets of kind can be sent to Tulelake by express at the expense of the evacuee but will not be allowed on the train. Baggage and luggage examination for contraband will be conducted by the military authorities for evacuees arriving at Tulelake.

### Rev. Fujimori To Conduct Service

Christian church service for tomorrow at 11-15 at 11 a.m. will have Rev. H. Bovenkerk as speaker. His topic will be entitled: "The Test of the Genuine." Rev. J. Fujimori will conduct the service. 11-15 and 15-15 Sunday schools will hold a combined class at 15-15 at 8:30 a.m. tomorrow. The Protestant Daily Vacation Bible School has an average of 300 attendance daily.

### School Opening Date Set For Monday

School will commence this Monday, Sept. 13, stated Dr. Genevieve Carter, superintendent of schools.

Dr. Carter, Dr. Melvin Strong, Clyde Simpson and Rollin Fox, new high school principal, discussed plans for the fall semester with block managers Friday.

### Dodgers Sponsor Tryouts For Nisei

OGDEN, Utah—Many Japanese American baseball players were reported to have been given a chance to show their agility and ability at the tryouts sponsored by the Brooklyn Dodgers of the National League, which was reported in the recent edition of the Pacific Citizen.

These tryouts were held at Utah Affect Park in Ogden, Utah, with George Sisler, formerly of the St. Louis Browns and one of baseball's all-time stars, in charge.

Those reported to have attended the tryouts were Hichi Hashimoto, a third baseman who formerly played with the San Pedro Skippers, a nisei semi-pro team; Roy Sayeguchi, pitcher who also played with the San Pedro Skippers, and Henry Honda a south-paw pitcher, formerly of the San Jose Asahis.

Hashimoto and Sayeguchi are from the Poston, Arizona, WRA center, and came to Ogden at their own expense, it was reported.

### Special Meeting Of Congress Monday

A special short meeting of the Manzanar Cooperatives Congress will be held this Monday at Kitchin No. 22 at 7 p.m., Dr. William J. Bruce announced today.

Initial meeting of the third board of directors meeting was held Thursday at Town Hall. The group of 15 members, under the chairmanship of Dr. Bruce, elected the following officers for a six-month term: C. Nakano, president and F. Yasuda, secretary.

The board unanimously approved the proposal that the Co-op participate with the nine other WRA centers in maintaining buyers in the New York Business Service Office of the WRA. A committee was selected to nominate delegates to be sent to a conference of cooperators and complete details of setting up this New York buying office.

Hideo Okada resigned as general manager of the Co-op and F. K. Kurahashi was given power to act as his successor. This was announced at the congress meeting held Monday night at kitchen No. 16. Business and financial reports were made and the board of directors was elected.

#### BUDDHIST SERVICE

The Zen sect of the Buddhist Church will hold their services tonight and every Saturday evening from 7:30 p.m. at 13-15.

### 'Slightly' Tardy Pic Edition Distributed

Manzanar! First relocation center. First with many improvements and innovations. First project to publish printed newspaper. And, ahem—the first project to blossom out with a bee-autiful pictorial edition!

Well. All right! So the editorial staff prematurely promised it on July 17. So the edition comes out a few days later. Well, all right! So it's almost two months late.

But did we tell about our beautiful Cover Gals? All right! So we did one or two or three times. Did we mention the pictures of the scholarly looking Winter and Summer high school graduates? So we did. So we did.

And anybody who buys less than a dozen copies (for only 10 dimes) can't possibly know what he's missing. He'll be sorry!

### WFA Clarifies New Furlough Contracts

According to the Interstate Seasonal Workers' work agreement contract, issued by the War Food Administration, workers will accept transportation, subsistence, employment, and services on terms set forth in the agreement; will accept no other employment without the administrator's consent; and will execute other agreements as required.

On the other hand, it declares that the War Food Administrator will furnish allowances for health and medical care, protection, shelter, and subsistence as may be determined necessary for the workers and their families during travel. Shelter will be provided the workers for which reasonable charges may be made.

They will be employed as agricultural workers for at least 75 percent of the workdays between the date of arrival at the place for employment and such additional time as may be mutually agreed upon by the administrator and the workers, the contract states.

If workers are unemployed, the administrator will pay them a subsistence allowance of \$3.00 per day for each work day in the 75 percent minimum. No such subsistence allowance will be paid for any day in which the workers are unemployed as a result of their refusal to work, illness or other physical incapacity. Each calendar day except one day in each seven consecutive days is considered a workday.

According to the contract, workers will be paid for their work at not less than the prevailing wage rates for the particular crop and area in which they are employed.

"If a worker is unable or unwilling to work as required by the agreement, or otherwise has violated any of the terms, the agreement may be terminated by the Administrator. If the agreement is terminated because of the worker's inability as a result of illness or other physical incapacity, the worker and the family shall nevertheless, be encouraged to return transportation to their point of origin," the contract concluded.

## Knights Blank Yogores 2-0 To Gain 'AA' Crown

ISHIDA RUINS YOGIES, BATS IN 2; KITAOKA HURLS 4-HIT MASTERPIECE

The Manzaknights proved themselves the "Daddy of 'em all," as they turned away the Yogores outfit, 2-0, an estimated three thousand fans witnessing the gigantic championship classic. This victory gave the Manzaknights the coveted double Aye crown and the trophy. The fray was nothing short of a thriller as the spectators were kept on their toes through the distance.

#### FIRST INNING

Knights—N. Hino, lead-off man, recorded the 1st out on an infield fly; E. Hogchi went down via the same route. J. Yamaguchi grounded out weakly to 3rd... no hits, no runs, no errors.

Yogores—T. Uyematsu flied to 1st. I. Higashi registered the first hit with a hot sizzler to left. He died there as M. Uragami hoisted to the outer left gardens and G. Shimizu grounded out to 3rd... one hit, no runs, no errors.

### Junior College To Resume Sept. 17

Manzanar Adult Education Department again will sponsor a junior college program for the benefit of those persons who wish to continue their studies beyond the high school level, Director W. M. Strong announced. Classes will begin Monday, Sept. 27, and will be in session for two weeks. Courses will include the requirements of the California junior colleges, as well as those of other colleges throughout the United States, the department will give an entrance examination in English sometime during the week of Sept. 19.

#### ENGLISH EXAM

All students who enroll in the junior college for the first time will be required to take this examination. Registration for this exam will be held at the Adult Education office, 7-1-1, Monday through Wednesday, Sept. 13-15 from 9-11:30 a.m., 1-4:30 p.m., and 7-9 p.m. A nominal fee of 15 cents will be asked of each student to cover the cost of materials. Students who fail to take this examination or who do not pass it, as well as those students who did not make up the deficiency during the previous junior college semester, will be required to enroll in the Subject A English class. No junior college credit will be given to students who do not meet entrance requirements.

Registration for all courses will be held at 7-1-1, Monday through Friday, Sept. 13-17 from 9-11:30 a.m., 1-4:30 p.m., and 7-9 p.m.; and on Saturday, Sept. 18 from 9-11:30 a.m.

Because the Manzanar Junior College has been accredited by the California State Department of Education, a student who takes courses here and later transfers to another college may have a transcript of his records sent to his new school.

Further information may be obtained at the Adult Education office, 7-1-1.

### Merritt Speaks At Y's Men's Meeting

"A Day in the Life of a Project Director" was the topic of speech given by Ralph P. Merritt at the Y's Men's club meeting held at 10-15 Monday evening. He also spoke on highlights of Inyo county.

The program began with community singing led by George Yokoyama. Chairman of the meeting was Rev. Henry Bovenkerk who, during the course of the meeting gave a short explanation of the functions of the Y's Men's club.

The Y's Men's club is an organization consisting of this center meeting every first and third Monday of the month at 7 p.m.

### Rumors Quelled By Mrs. Adams

Mrs. Lucy Adams, assistant project director in charge of community management, released her answers to a few of the questions regarding segregation.

QUESTION: After segregation, will the people who said "Yes" be asked to relocate and those who do not sent to another segregation camp?

ANSWER: This rumor has been so widespread that Dillon Myer issued a specific denial saying, "... I am anxious to correct an impression which has been created in some places that some or all the relocation centers are to be closed... We have no plans for closing any relocation center in the immediate future. There will be no compulsion to relocate..."

QUESTION: Will nisei who have returned to America from Japan in the year 1936-7 or later and those who have been in Japan for over 10 years and who registered "Yes" to Question 28, be given leave clearance?

ANSWER: Recent instructions from Washington make it necessary to obtain prior leave clearance from Washington for... United States male citizens who have returned from Japan to the United States since January 1, 1935, if they have lived in Japan for ten years or more after the age of six, or if they have received all or most of their formal education in Japan, or if they have had formal education in Japan after the age of 15... There is no truth in the rumor that leave clearance will be denied to such persons, if their records are satisfactory.

QUESTION: Can anyone, regardless of their answer to Question 28, apply for short term leave?

ANSWER: No person over 17 may apply for short term leave unless he has applied for leave clearance. In exceptional cases of illness or family need, short-term leave has been granted regardless of answer on registration question 28.

QUESTION: Is it true that many of the mess halls are going to be closed?

ANSWER: No mess hall will be closed until after segregants have left for Tulelake. Some mess halls will be closed but it is impossible at this time to say which ones.

### Return Hangers

Rinji Hara, manager of the Co-op Laundry Service requests that patrons bring their own clothes hangers when calling for their clothes since there is a shortage of coat hangers.

# MANZANAR Free Press

Official Publication of the Manzanar Relocation Center Administration and Newspaper of Manzanar Cooperative Enterprises. Published every Wednesday and Saturday and distributed without cost to every apartment. Subscription rates: 5 cents per copy; 45 cents per month, \$4.75 per year. Editorial office, 1-1-2.

## Membership Administration Needed!

Our co-op is a million dollar a year enterprise. Often one does not fully realize the magnitude of our co-op. We see the canteen, whose shelves at times are bare, strung out through a building that was definitely not planned to house an attractive shop. The general merchandise store, to all appearances, haphazardly crammed into the building; surely showing no outward signs of the thriving business that it is.

### DIFFERENCE

Unlike the ordinary business enterprise the volume of business of a cooperative carries importance not in the profits realized but in the goods and services rendered. Most people understand the fact that the co-op has the primary purpose of fulfilling the wants of its members. Yet many have the vague idea that our Cooperative Enterprises is a remote group that caters to the residents of the camp, and conducts its business as the executives see fit.

### PEOPLE'S CO-OP

The Cooperative Enterprises is what the members make it. It is only as efficient as the members wish to make it. This power of the members must be realized by those who have a grievance because it is within their power, and to their advantage to correct it. Talking about it only tends to aggravate faults by causing erroneous rumors.

Instead of grumbling about the co-op services, try taking concrete suggestions on improving the co-op to any member of the board of directors or directly to the Cooperative Enterprises office at 1-6.

## I Disagree

Studying the pages of American history are the forthright dissenting views on key issues by courageous statesmen and jurists of our country. Many such opinions written by some of our Supreme Court justices have pointed prophetic fingers toward subsequent events bearing out their once over-ruled contentions.

### COURAGEOUS STATESMAN

The minority report by Congressman Herman P. Eberharter of Pennsylvania for the Dies sub-committee investigation of the WRA projects surely bears the imprint of the act and thought of such a courageous American statesman. On almost all major points raised in the majority report criticizing the Authority's administrators and the evacuee residents, the Congressman dissented with supporting facts.

"After careful consideration," Eberharter declared, "I cannot avoid the conclusion that the report of the majority is prejudiced, and that most of its statements are not proven." In this minority report lies the essence of our democratic process giving us the privilege of leading with the chin when we feel that we cannot agree with the majority.

### OBSTACLE TO ASSIMILATION

On the issue of the Americanization and assimilation of the evacuees, for instance, the House of Representatives member vigorously challenged the inference of the majority report that the WRA did not, or does not, use fully its opportunity to inaugurate educational program for positive Americanism. Eberharter wound up his countering argument, pointing out the school system and the extra-curricular evacuee activities designed to promote Americanism, by asserting that "the evacuation and isolation of the Japanese population in relocation centers away from normal contacts is an almost overwhelming obstacle to the assimilation of the Japanese-Americans." And that—"the best Americanization program is found in the relocation of evacuees in normal American communities."

## 'Japanese Episode' Features Superman

Superman, idol of the nisei and sansei youngsters as well as other American youngsters, proved to be a fighting force of justice in the August 21 comic strip concluding the story of the Japanese episode.

Siegel and Shuster's famous comic hero told his readers: "It should be remembered that most Japanese-Americans are loyal citizens. Many are in combat units of our armed forces, and others are working in war factories. According to government statements not one act of sabotage was perpetrated in Hawaii or territorial United States by a Japanese-American."

## Report Stray Dogs, Cats—Police Dept.

Manzanar residents are requested to report stray dogs and cats to the Police Department, stated Police Chief Thomas Takeyama. It has become necessary to exterminate some of the animals which are nuisances, he said.

## FIFTH COLUMN

By Saburo Tour

A new-comer to Shelby complained about finding sand in his soup.

"Well," said the sergeant sitting next to him, "did you come to serve your country or to complain about your food?"

"I came to serve my country but not to eat it!"

Rather captivated by the "original" musical renditions by the Manza Orch, the rabid live hounds at the outdoor paladium last Sunday seemed "lost" until the "canned live" came to their rescue... Head and shoulder above the others at the street dance were a couple of altitudinous fellows—Ray Hiraga and "Egor" Nakashima... Being rather dark, the following are "guess guests" that were seen on the street that night: Mary Kageyama and a rather tall handsome fella, Paul and Lucy, Natsie and her pals, and George Ichien with guess who?

"Bless her soul"—after dancing on that "spangless" floor for a couple of turns, poor ole Maggie Yamane returned home that night to discover the final ounce of rubber gone off her saddles.

A new version of the hit-tune of yesteryear—"Chatanooga Choo Choo" is in the making here in the propaganda office. Come five in the afternoon, forty-odd voices harmonize rather wearily—"oh Tokunaga choo choo, won't you choo choo us home."

Chillun of all age are once again coming "down to earth" with the beginning of the marble season. Poor mamas are gonna have their hands full patching and reinforcing britches belonging to their 1 1/2 uns so as to avoid "peck a knee."

By Ripley, the rather delayed "mid-which you ma call it" pictorials have arrived and will be distributed sometime mitey soon... amen. While we're still on the subject we may as well compliment Mr. Richard Hashimoto of the Japanese section for putting out such a super Japanese section pictorial. The cover a la mimeograph is mitey sharp!

To keep you from being too cheerful after reading this column, remember chillun—school days again next week.

## Urges Family Basis Resettlement

Relocation on family basis will be given first consideration by relocation offices of the WRA, according to Leave Officer Walter A. Heath.

Any family group desiring to settle in an area of their choice will be interviewed and information submitted to the relocation office serving that area. If approved by the relocation officer, the family can be assured they will find adequate housing and suitable employment when they arrive, he disclosed.

WRA field offices have been streamlined in order to effect placement of entire families since it is realized that unless this is done, relocation cannot be a complete success, the leave officer declared.

### FINANCIAL AID

Financial assistance is available for all persons going out on indefinite leave, if assistance is needed. For those who desire, short term leave may be issued to allow them to investigate conditions on the outside before they sever Manzanar connections, Heath said.

Families are invited to call at the Relocation Office, 1-2-2, and talk over plans for the future, or if they desire, they may leave their names and addresses so a representative may call at their homes to discuss plans and problems," the officer concluded.

## Announce Date For Buddhist Election

Election of officers will be held at the general meeting of the Young Buddhist Association on Monday, September 13, at the Buddhist Church from 8 p.m. Tentatively set for September 26 is the Keirokai or Pioneer Day to be sponsored by the Bussels. An installation dance is scheduled for September 25.

Mitsui and Sugawara walked, sandwiched around Kusaba's "FC" that netted 2. Nishikawa's efcce forced in another run. Kawauchi and Nakadaira singled, driving in 2 more runs.
