

# 1850 Students Enroll For Fall Semester This Week

Manzanar Elementary and Secondary Schools opened Monday morning with approximately 875 students enrolled in elementary and 1000 in secondary schools. Classes will begin at 8:30 a.m. each morning and last till 11:55 a.m. Lunch hour will be until 1 p.m., and school will be dismissed at 3:25 p.m., it was reported by the school office.

Dr. Genevieve Carter, superintendent of schools spoke before the block managers Friday morning and High School Principal Rollin C. Fox explained that every effort will be made to give high school students a program suited to their needs.

Students were given the opportunity to sign for subjects they would like to take but not scheduled by the staff. They were also asked to indicate the extra-curricular activities they would like to participate in. If sufficient number of students desire to form a group a program may be planned, the school office reported.

Comparing favorably with faculties in California high schools, the local faculty has thirty-two teachers in the secondary school and twenty in elementary school. The administrative staff indicated that additions and improvements will be made in the school program. The main goal is to give students in the center the same kind of education that they would receive in any California public school, Rollin Fox stated. Credits earned for schooling in Manzanar have been accepted by high schools and colleges in other states, he said.

## Co-op To Maintain Buyers In New York

C. Nakano, re-elected chairman of the Manzanar Cooperative Congress Board of Directors, told the congress at the special meeting Monday night that the board in their initial meeting had unanimously approved of maintaining buyers in New York. These buyers will represent the cooperatives of all ten WRA centers and in the greater volume of business conducted, could buy more than 1000 bushels of beans.

K. Masunaka, vice chairman, outlined the plan of sending three delegates from Manzanar to a conference of representatives from all 10 centers to be held not far from Denver. There the details of the proposal will be worked out and the buyers chosen.

The congress approved of this plan by a vote of 71 to 10.

## Center Invites Inyo Residents To Attend Fair

Promising two activity-laden days of festivities for the residents, the Community Activities Department announced the opening of Manzanar's Fall Fair this coming Saturday and Sunday. The fair will be centered around the fair grounds between blocks 16 and 17 and will feature a variety of exhibits, entertainment, concessions and a dance. A special invitation has been extended to all Inyo-Mono residents to attend.

## VISUAL EXHIBITS

Among the exhibits will be an agricultural exhibit showing fruits and vegetables produced by the Agricultural Division. It will be held south of Children's Village. The Victory Garden exhibit will be located at 10-15 and will feature flowers, vegetables and fruits grown in the two victory gardens and around the barracks. Persons who want to enter their exhibits should contact Community Activities Office at 1-3-2 or Mr. Tanaka, chairman of the garden exhibit committee since all entries must be in at 10-15 Friday afternoon or Saturday morning. The exhibit will open 4 p.m. Saturday. Winners will be given ribbons designating first, second and third places. The Butterfly exhibit also will be on display at 10-15.

Production exhibit illustrating types of furniture and articles made by the Production Division will be shown at 16-15. Arts and Crafts exhibit displaying articles made in Community Activities classes and by individual hobbyists will also be held.

## DINNER

To allow outside visitors to remain in Manzanar and enjoy the evening's entertainment, Community Activities Department will sponsor a dinner featuring Manzanar-grown products at Mess 1, 5:30 to 8:30 p.m. However evacuees and friends may also eat dinner by paying the ticket price of 50 cents.

Entertainment will begin at 7 p.m. on the 16-15 stage and will include band concert music, choosing of the Manzanar Beauty Queen and specialty numbers.

Various concessions will open after 4 p.m. and continue until the closing of the fair at night. They include food, drinks, sale of articles, entertainment and games.

On Sunday the fair will reopen at 1:30 p.m. and continue until 10:30 p.m. The fair will be financed by the sale of craft articles and products raised in the victory gardens.

## Production Resumed

Supervised by Foreman James S. Tomita, the bean sprout factory, with its location at block 1-19, resumed its production at the beginning of this month. Production was stopped during August since the warm nights tended to rot the bean sprouts, Manu-facturing Division disclosed. Approximately 1600 pounds of bean sprouts are estimated to be produced weekly by a four-man crew, according to division's announcement.

## Handiwork Displayed In Visual Exhibit

Displayed in the September 6-19 Youth Week Exhibit at the Visual Education Museum is handiwork representative of the creative spirit of Manzanar residents. Wood carvings, models of ships, a miniature sumo ring, a model Japanese home, art work by kindergarten and grammar school pupils, slippers by the Red Cross workers are a few of the items which are being exhibited to introduce activities of the various departments in the center.

Bids, placecards, scrapbooks, a Funster shirt and club pictures are part of the visual history on the growth of Manzanar's clubs. Church contributions illustrate certain parts of each of the religious faiths.

## Queen Candidates Chosen By Blocks

Among the features highlighting the fair festivities this coming Saturday will be the choosing of Manzanar's Beauty Queen. The Community Activities Department announced that plans for the coming contest have been changed slightly. Rather than have all block queens appear on the stage at the final contest, it has been decided to select the five finalists in advance at a private party by nine judges and a queen committee.

Writing for the title of "Miss Manzanar" will be the following block queens: Block 4, Flora Nishimura; Block 6, Alice Nishida; Block 13, Kiyoko Yoshida; Block 14, Michi Shiraki; Block 15, Diane Tani; Block 19, Patricia Tori; Block 20, Masako Matsuo; Block 23, Yuriko Takahashi; Block 24, Hideko Minabe; Block 25, Amy Iwaki; Block 27, Alyce Hirata; Block 28, Yoneko Kodama; Block 29, May Kagayama; Block 33, Kinu Hirashima and Block 34, Grace Okami. The remaining blocks have not turned in their nominees.

The Coronation Ball to be held on Saturday at "Palace 33" will honor the five girls chosen. Bids are selling fast, Aksel Nielsen, supervisor of Community Activities, announced. Reservations may be made at 1-3-2, he said.

## SLATED THIS WEEK

Slated for local showing this weekend at the outdoor theater is a bit picture entitled "A Yank In The RAF" starring Tyrone Power and Betty Grable.

A Yank pilot bored by instruction and discipline incurs his commander's enmity, loses his girl but becomes a hero in the battle of Dunkirk.

## Student Nurses Needed

"America is recruiting nurses." The statement issued by the National Nursing Council for War Service: "Needed—55,000 well-qualified students to enter schools of nursing," is being read by women of all races and creeds. Qualified women eager to serve their country by becoming nurses are readily accepted—all but those who have the wrong ancestors." So stated Joy Barra-grey Stuart, R.N., Nursing Consultant of the WRA in a recent edition of "Hospital" magazine, reporting on Japanese American student nurses.

More than 200 niece girls have indicated their interest in becoming student nurses, she continues. Some have from six months to two years training before evacuation interrupted. To date, however, few schools have been willing to accept these women. She also adds the former Ambassador to Japan Joseph C. Grew, is in favor of opening nursing schools for niece women and wrote to the Student Relocation Council and authorized Director C. V.

Hibbard to "convey this personal opinion to the directors of nursing schools."

The main reason for not accepting niece students is the fear of unfavorable reactions, she reports. But on the contrary, several directors of nursing schools reported that nieces have been well accepted.

"She concludes her report with: 'The nation's great need for nursing service, is, of course, the primary reason for being concerned with this potential source of student nurses. In addition, however, there is considerable significance in the plea of a young Japanese American woman interested in nursing who wrote: 'We want to do our share, too. Won't you please help us find the right place?'"

## MUSIC LECTURES

Lectures on music appreciation were given in both English and Japanese on Wednesday evenings from 7 to 8:30 p.m. at 7-15.

## Worth Fighting For?

The Co-op canteen finally has "wised up" by inaugurating a sensible, if not yet a perfect system, in selling ice cream.

It is sensible in that most of the shoving, pushing, rushing, squashing, and yelling by the crowd prior to the new system, has been abolished.

Heretofore, old folks, boys and girls, entered the canteen with the thought of buying ice cream to "cool off." Upon passing through the crowd, or attempting to, one is shoved back and forth. Ear drums pound with the incessant din of the yelling, impatient customers.

### BOYS USUALLY WIN

Usually, girls seem to come to the conclusion that "this isn't worth fighting for" and exit. Boys fight to the last falling breath and usually come out with their share of ice cream, and sometimes their friends' share, too.

Fighting their way out and enhanced by the cool breeze, customers find that they have taken a "sweat shower in public," much to their astonishment.

Now, all of that is in the past. Orderly lines are formed. Tags or tickets with numbers are given to those in line. A limit is set for each customer, assuring reasonably fair distribution. Policemen guard the doors. The canteen has become safe with the inauguration of the new system. For the change, credit should be given to the canteen management. Wholehearted cooperation of the customers should be given to the policemen. They are trying to do their best. Uncomplimentary names have been tossed at the policemen by the impatient customers but residents should understand the task of the policemen.

Let's cooperate and keep the canteen a sane place to buy ice cream.

## Call To Studies

Manzanar's institutions of learning once again have called our youths to their books and pencils. Back to lessons, lectures, numbers and figures. Hours of stuffy classrooms.

Families in which some member is attending school will hear time and again the student's lament, but what student in the whole country is without his pet peeve of his school? The perfectly satisfied pupil is a rarity, and in all probability he is the one who does not hold enough interest in the school or in his studies to matter anyway.

All in all, this year's crop of student gripes should be very mild. The local school program will undoubtedly progress smoothly.

The faculty is competently staffed, notwithstanding the acute teacher shortage in this country. It was announced that evacuee instructors would be used as before but that would be for only a short time. Caucasian teachers to replace them are either on their way here or will be able to come shortly. The evacuee teachers being used, are well trained, on an equal to Caucasian, and because of the fact that they are more intimate with the problems of the Japanese Americans, perhaps even more suited to teach niseis in Manzanar.

Classrooms are adequately equipped. They have equipment that is not inferior to that of any other school. Funds are sufficient to carry on a rigorous program.

Above all, the scholastic standards of the Manzanar school system are among the highest in the United States. Among the many who have transferred from Manzanar High School to other schools in communities on the outside, none have been refused credit for subjects covered here. That in itself is more than many outside high schools can boast.

Education in Manzanar is recognized throughout the United States. Our young people are receiving the best. For this advantage to our students and for being able to be proud of what is being accomplished in this center, we have Dr. Genevieve Carter and her staff to thank.

### SEPTEMBER DAYS

Signs of coming autumn days around the corner: The morning air is nippy and "just about right" neither hot nor extremely cold. You might call this Indian summer weather. The 7 a.m. breakfast gong rings, for the hardy ones who get up in time; just as the sun breaks out over the Inyo ranges, floodlighting the slopes of the Sierras and the rising foothill mesa first and Manzanar a few minutes later.

Incidentally, an average count of less than 600 of us fail to rise and shine in time to break our traditional fast. The peak mess hall load last Friday, for instance, came at no more than 8869 dinners. The hardy breakfast eaters that morning, according to the figures in the chief steward's office, was 8330. Total of 8865 persons ate supper on that day.

Still as hot as the hottest summer days a month or two ago are these afternoons. But as the sun dips behind Mount Williamson, we realize that the daylight hours have become shorter, the nights are cool; no more sleeping over the G. I. blankets.

And when an alert little salesgirl comes to you, armed with placards of samples, demanding: "Want to order Christmas cards?" Then you sharply come to and realize that we're about to greet the second autumn and winter here in Manzanar.

"Time goes, you say? Ah, no!" lamented a poet of a bygone time. "Alas, time stays, you go!"

## Purely Personal

By Sue Kunitomi

Long awaited victim of not-so-funny jokes, Midsummer Pictorial issue of our Free Press has finally arrived—accompanied by more comments.

Probably the most overjoyed to see the 20-page edition were yours truly and the staff members who spent sleepless nights and perspiring days over it so long ago...

Remember the nights we sat out on the lawn after mealizing kitchen No. 1 for supper, waiting for the office to cool so we could work without perspiring? Remember how we transferred typewriters, tables and materials to the back room of the Police Station so we could work without interference in the day time? And the telephone conversations with Chalfant Press in Lone Pine to discuss details of printing and type.

How many times did we go through the files of pictures to collect the best ones and how many times did our helpful Mr. Brown take down his camera to oblige our demands?

How often did we write "The Pictorial is coming soon. A little more patience, please?" ... and the smart retorts that boomeranged on us?

Never did a day pass when we didn't hear somebody ask innocently enough: "When is the Pictorial coming out?" and we answered with appropriate words while burning inside. We'll scream, we said, if the next person comes up with the same question. A few seconds later, a good friend nonchalantly walks up to us and questions: "When is the Pictorial coming out?" We didn't scream. We just went on as usual.

Now that it's out, we're ready to sit and relax. For after a 20-page edition, the semi-weekly should be a cinch. We'll sit and relax and wait for the complaints to come in. Then one of these fine mornings we shall wake up to find that we have gone slowly insane...

## Sideline

with the Sports Staff

With the playing of the Manzaknight-All Stars tilt, the curtain is drawn upon a highly successful softball campaign. We express our sincere thanks to Joe Okabe and Ben Yoshiwara of the Recreation Department.

The softball season can be compared to the past Pacific Coast Conference grid race in that all teams had its ups and downs, and many unexpected setbacks occurred. It would be interesting to trace the highlights of the past games:

**SKIPPERS-YBA (7-2):** Officially opening the season, the Skippers licked YBA, 7-2. Skippers A. Hashimoto yielded 2 hits; Mitsui allowed 3.

**KNIGHTS - SEARS (7-4):** Knights' T. Kitaoka issued only 2 bingles. Highlight of the game was Yamaguchi's circuit clout with bases crammed.

**YOGORES-YBA (6-4):** Slugging the pill mercilessly, the two teams chalked up 14 hits between them. YBA's Ohno nabbed batting honors with his cool 3-4.

**YOGORES-HAS BEENS (13-0):** The Yogies tallied all their runs in the first 3 frames and hung on to the lead, stabbing off a 6th inning rally staged by the Beens. Highlight of the game was the circuit clout by G. Shimizu with bases loaded.

**SEARS - BULLDOGS (3-2):** Sears' Ohara chalked up the first no-hit game, as he conquered the Dogs. M. Kusaba's 2-3 gave him the day's batting laurels.

**YOGORES - KNIGHTS (4-2):** Marking up their 3rd straight win, the Yogies, after being tied in the 3rd, came back in the 6th with 2 runs to nip the Knights. M. Hino, T. Terasawa, and G. Kanemoto, all Knights, batted 2-3's for top honors.

**HAS BEENS-SKIPPS (3-2):** The league-leading Skippers were handed a close 3-2 setback. Associated with this game is the sportsmanlike conduct the Skippers exhibited. After a long wait on the part of the Skips, the game was finally able to commence, with the San Pedro boys coming out on the short end of the score. This brings to our mind the Sportsman's Prayer that Knute Rockne used to recite to his men before each big game:

In this battle that goes on through life,  
Give me but a field that is fair  
A chance to be equal with all in the strife  
With courage to strive and to dare,  
If I should win, let it be by the side  
With my head and my honors held high  
And if I should lose, let me stand by the road  
And cheer as the winners go by.

**YBA-HAS BEENS (3-0):** The Busses finally broke into the win column with a 3-0 shutout over the Beens. Oda, YBA, and Yoshiwara, Beens, both were credited with 2-3's in the batting department.

**SKIPPS-BULLDOGS (5-4):** In an overtime thriller, the Dogs found themselves on the short end of a 5-4 score. The winning run was driven in by Yamasaki in the extra heat.

**KNIGHTS-BEENS (12-4):** A 4-run spurge in the initial frame

# ALL-STAR BLAST KNIGHTS, 8-4

## BLOCK 29 EDGED; 27'ERS CROWNED

Battling for the championship of the inter-block Old-Timers' League, Block 27 and Block 29 clashed, the former coming out on top, 6-4. This league consists of men over 30, with an allowance of 3 players under the minimum age.

The 29'ers started out strong, scoring 2 runs in the initial frame. F. Kageyama and H. Harada crossed the plate after getting hits.

In the upper 3rd, the 27' men tied the count as B. Wataji and R. Kihara tallied after getting life on a hit and walk, respectively.

Block 29 forged ahead in the bottom half of the 3rd as they collected 2 digits on 2 hits.

'Ojisans' of 27 closed the gap in the 4th, scoring a lone digit on 3 safeties.

While the 29'ers were handcuffed, their foes took advantage and chalked up 3 more runs on 3 bingles to wind up their scoring campaign.

## Viks Down Knights

Vikings took things into their own hands as they plastered the Knight Bees to a hapless score of 11-2. Vikings tallied 2 in the 2nd and 3rd innings to take a nice lead. Their lead was cut by 1 run, but they made it up in the 5th. The hardest blow for the Knights came in the 6th when the Vikings machine ran wild to ring up 6 runs that clinched the game. The Knights put up a desperate last inning rally, but the try was in vain as they were only able to score 1 run. 'Scooter' Imai led the attack for the losers with a neat 2-3, while the big guns for the winners centered around A. Kishishita and S. Hamachi.

## TIMBERS FELL MYSTERY 9, 13-6

Mustering 7 runs in the opening inning, Timbers scored an easy 13-6 victory over the Mystery 9 outfit. After the 7 run barrage in the initial frame, the Timbers were never headed. They came back with 3 more in the 2nd and another 3 more in the 5th. As for the Mystery 9, they tallied 2 runs in the 3rd and 4 in the 6th. Big stockers for the losers were W. Tanaka and B. Chomori with 2-4 and 2-3 respectively.

## COMBINED TALENTS PROVE TOO MUCH; MANZAKNIGHTS' Y. ISHIDA BATS 2-2

The 1943 'AA' softball season finally came to a glorious end Sunday eve with the All-Stars subduing the champions of the current season, the Manzaknights, 8-4. The combined talents of the various 'AA' teams proved to be too much for the champions, as they knocked chucker Kitaoka off the mound at the end of 3 stanzas, touching him for 4 hits and 7 runs. The game was limited to 5 innings.

Both sides went down without much trouble in the initial stanza, but the Stars broke the ice in the 2nd to register 2 runs. L. Kawauchi walked to start the inning. Takade lined to left. Yoshiwara smacked a double to center, advancing Kawauchi to 3rd. Kusaba hit a high fly back of 2nd base, the center-flyer got to the ball, but was unable to hang on at 3rd. Okamura popped to 2nd and Nakadaira followed suit to short. They exploded in the following inning with a 5-run blitzkrieg to take a comfortable 7-0 lead. H. Nishikawa singled to left. M. Shimizu walked and K. Nishikawa whiffed, but Kawauchi walked to cram the bases. F. Takade rapped a hot sizzler past 3rd into left scoring Nishikawa and Shimizu. Yoshiwara was safe on a fielder's choice scoring Kawauchi. Kusaba grounded out to 1st scoring Takade. Okamura was credited with a 'Chinese single' to right scoring Yoshiwara, but was thrown out trying to stretch his hit into a double. The All-Stars wound up their scoring with another tally in the 4th.

The Knights were shut out by Okamura in the first 3 innings but touched H. Tashima for 3 hits and 4 runs in the latter half of the 4th. Kitaoka drew a base on balls. Mamuki tapped a hit to right and K. Hoshi walked to fill the bases. Y. Ishida slapped a hit to center scoring Kitaoka and Ma-

ruki. Kanemoto drove one out to center to score Hoshi and Ishida. Tashima settled down to retire the side. No scoring in the 5th frame.

Hardball diamond is undergoing its finishing touch, and help is wanted to haul material to level and fix up the infield. Team help is preferred, a different team coming out to help on different days. Let's all cooperate and give a hand.
