NISEI SQUAD SAVES ALLIED PARATROOPERS

Hog Project Gets Underway As Hogs Arrive

Delayed for months, the hog project got under way this week with the arrival of 79 hogs from Nevada, according to the Farming Division Chief Clerk, Yamamoto disclosed, that these hogs weigh an average of 150 pounds and may be sufficiently fattened within the next three or four months for consumption in local mess halls. More hogs are expected later when housing facilities are completed.

Due to the unexpected frost which hit camp this week, about 50 percent of crops including peppers, egg plants, squash and cucumber squash were damaged, this division revealed. Volunteer groups were immediately recruited from members of the rake crew, Public Works and high school students to pick crops before more are damaged.

Ayamato said that the Anaheim Cannery Company has ordered over 20 tons of Manzanar-grown tomatoes and that another 15 tons were in the process of shipment to that cannery.

APPROVE PLANS FOR FIRE PHONES

Fire phones for this center may soon become a reality, and was termed by Fire Chief Frank C. Hon as a "sure thing," as the plans were approved by the Assistant Project Director Robert L. Brown and Project Engineer Arthur Sandridge. A United States Army Engineer was in this center Tuesday and surveyed the situation.

Present plans call for 20 fire phones which will be placed on telephone poles—one every four blocks. For identification purposes, the pole where the fire phone is placed will be painted white with two red stripes. For identification there will be a ruby light, Chief Hon disclosed.

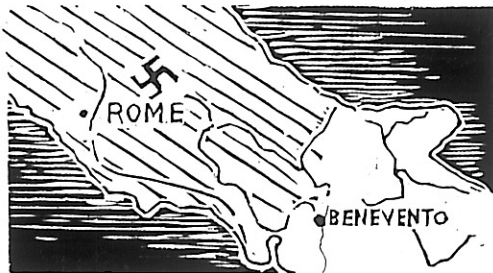

The terminal of the fire phones will be at the Fire Department Office with a switchboard operator on duty at all times.

Plans yet have to be approved by the Washington Office, but they are being speeded and should be approved by that office in the near future. With the aid of these phones, fire control will be more efficient, Chief Hon stated.

Japanese Doctor Detained in Arizona

While returning to Gila from Manzanar, Dr. Tatsuo Sugiyama was detained in Kingman, Ariz., by police officials because he did not have his Selective Service Classification Card in his possession.

All male American citizens and all male aliens are required to carry their Classification Cards at all times, and will be picked up by Federal and local law enforcement officers when they fail to do so.

The above lineout cut shows the town of Benevento, key rail junction east of Naples, where the 100th Battalion was reported to have entered recently. The first detachment of American-born Japanese soldiers, mostly from the Hawaiian Islands landed in Salerno, a seaport south of Naples early this month.

Nakano Gives Details On Chicago Conference At Congress Meeting

At the third Cooperative Congress meeting on Oct. 19, Chokichi Nakano, chairman of the board of directors, gave details on the Chicago conference. Also at this time, a new managerial staff of the Consumers' Enterprises was presented. The name chosen for the buyers' office was Federation of

FIFTH DISCUSSION

Wednesday evening from 7 to 8:30 p.m., in 7-10-4, a panel discussion on the "Ideal Family Life," fifth in the series being sponsored by Adult Education, will be given. Nonette Batavia will be the chairman for the evening, and other members of the panel will be: Dr. Joseph Chapman, Chiye Yamanaka, Rev. H. G. Bovenkerk, and Kazuko Suzuki.

Hospital Purchases Diathermy Machine

Dr. William Morse Little, project medical officer, revealed that the Manzanar hospital has purchased through the Army a diathermy machine last month. The cost of the machine was approximately \$300.

The machine, according to Dr. Little, is used to give deep heat treatments to various parts of the body. He stated that the difference between the diathermy machine and hot water bottles is that the machine generates short waves for treatment whereas hot water bags will only penetrate about one inch under the skin. Transmission of short waves into the tissue sets up a resistance which causes heat. The heat is superior in many ways than other methods. Short waves transmitted by the machine go through the whole portion of the tissue which comes in contact with the diathermy machine.

Dr. Little stated that treatment by this machine is not a cure-all as some persons are led to believe. It is just another way to apply heat, he said. The machine is of no value to skin diseases but is used in treating muscular strains, bone and ligament (Continued on Page Two)

General Leave Clearance Hearings To Begin Monday

Mrs. Lucy Adams, assistant project director in charge of Community Management, announced this week that leave clearances are beginning to come through from Washington on cases heard recently of people who wanted to go out on furlough or relocate. Beginning Monday, general leave clearance hearing will be scheduled and heard in alphabetical order. All leave clearance hearing records are to be in Washington before January 1, and decision should be answered shortly thereafter.

Hawaiians In Italy Enter Benevento

NEW YORK—Japanese American detachment, after four days of bitter fighting, entered the town of Benevento, rescuing 22 United States paratroopers, according to a United Nations radio in Algiers.

The paratroopers, surrounded by the German forces, had held the important rail junction for over two weeks. A nisei squad led by Sgt. Yutaka Nazu, was given credit for breaking through the enemy lines and rescuing the paratroopers.

The English language broadcast, recorded by the United States Foreign broadcast intelligence service said, "Capt. Taro Suzuki, a native of Honolulu, was leading his force forward in that hotly disputed area when their fire baptism came."

"Three machine guns opened up on us," Suzuki was quoted, "but we took care of them. Subsequently the Nazis opened everything they had—they let go with mortars and artillery, but our mortars subdued all this Nazi wrath."

Patrol leaders Sgt. Edward Kiota of Honolulu and Sgt. Daniel Wada of Kawaihau were the first nisei soldiers to capture enemy prisoners.

Set November 17, 18 As Clinic Dates

According to Bernice G. Silber, medical social worker, November 17 and 18 have been set as the dates for the next clinic to be held under the auspices of the Crippled Children's Services of the California State Department of Health. The medical aspects of this program are under the direction of Dr. Alvia Brockway, Orthopedic Surgeon, who is associated with the Orthopedic Hospital in Los Angeles.

The purpose of this clinic is to examine children under 21 years of age who may have a condition which is or may be crippling. This may include paralysis, bone deformities, dislocation of the hip, curvature of the spine, wry neck, shortness or crippling of the arms or leg, cleft palate or harlip. It also includes crock knees or bow legs, webbed fingers or toes, cross eyes, not correctable by glasses, disfiguring scars caused by burns or accidents, extreme cases of flat feet or poor posture, jaw deformities and malformed teeth and any condition which may lead to crippling or deformity.

The first clinic was held at Manzanar a year ago. Since then, five clinics have been held and over 95 cases have been examined in special clinics. Approximately 20 cases have undergone surgery.

It is requested that if any parent or teacher knows of a child whom they feel may be in need of services offered by this clinic, to call at the office of the Public Health Nurse in Ward 5 and ask for Miss Keiko Kawahara.

Individuals will be notified of the time and place of the hearing the day before. Husbands and wives, where both have hearings, will be interviewed together, and members of an immediate family to have hearings will be scheduled consecutively.

The leave hearing board will consist usually of two persons who will talk with the individual and question him about his attitude and understanding on questions of loyalty and citizenship, and will be glad to listen to any statements he may wish to make. A stenographic record will be made of the questions and answers and transmitted to Washington together with the recommendation of the board and the project director as to whether leave clearance should be granted or denied.

PURPOSE

Mrs. Adams stated that the purpose of the hearing was to obtain such evidence concerning an individual's attitude toward the United States and the obligations of citizenship, as will enable the project board and the project director to make a just recommendation, and guide the leave clearance board in Washington in making the final decision as to whether the individual is to be given leave clearance or to be scheduled for segregation.

The following persons, not on the list to go to Tutuila, will be called up for leave clearance hearings:

Those who originally answered "No" to Question 28, and later changed to "Yes."

Male citizens, regardless of (Continued on Page Two)

Evacuee Fulfills Of American Justice

KANSAS CITY, Mo.—George Akiyama, a middle-aged issei evacuee from Fukuoka, learned of U. S. justice through an incident reported by the News Letter published by the WRA.

Akiyama was walking along a downtown Kansas City street when he was suddenly accosted by a drunk who snatched his wallet and fled.

The News Letter states: "Mr. Akiyama immediately gave chase, aided by several bystanders who were witnesses to the act. They apprehended the thief and called the police. Upon the arrival of the officers, the thief broke loose and attacked Akiyama, calling him 'Jap' and generally trying to blame his action on Akiyama's ancestry.

The reaction of the crowd was to favor Mr. Akiyama and hoot down the assailant. It urged the police to 'arrest that drunk,' 'give him what he deserves,' 'slug him for hitting this gentleman,' etc.

"The thief was arrested and called for trial before Judge Paul A. Buzard in the circuit court. Prior to pronouncing sentence, Judge Buzard severely reprimanded the defendant. He said: 'Mr. Akiyama is a law-abiding resident of the United States. Whether or not this citizen is something not of his own choice and has no bearing on the matter. The fact is he himself is not guilty of any crime against this country, and therefore will be accorded the equal protection of the law.'

"The attacker was sentenced to 90 days in jail."

Shall We Dance?

When the original blueprints for the thirty-six blocks were drawn, there was included in each block a barrack opposite the dining hall which was reserved for recreational purposes. Since then most of these proposed recreational halls have been taken over by the various departments until at the present there are but a few building 15's available for recreation.

At the other centers there are community dance halls or gymnasiums where the younger generations are able to hold parties and dances. Here in Manzanar we have been converting the various dining halls into overnight Paladiums with the consent of the head steward and the respective chefs.

This practice was carried on by the organizations and individuals until lately it has been reported that some chefs will not allow dances to be held in their dining halls. The chefs say that the employees will quit on them if the kitchens they work in are to be used as dance halls. But on the other hand there are mess leaders who are more than willing to "rent" their halls overnight, provided everything is back in order after the affair is over.

So far, there have been but few cases reported where damages have been inflicted in the mess halls or tables left in disorderly manner. Remember the old adage—"All work and no play makes Saburo a dull boy."

Defend Against Wings

The fly-swatting campaign which was held recently by the Heart Mountain Sentinel, the center's paper, is well worth following here. Because of a sudden increase in the center's fly population, the Sentinel backed a project-wide fly-swatting drive and awarded 10 cents in war stamps for every 200 flies brought into the Sentinel office.

The result was tremendous. One resident was credited with catching 40,000 flies and was awarded \$40 in defense stamps. In all, during the first of a two weeks' drive, 65,300 flies were caught by the residents. Another 34,700 were expected to be turned in during the second week of the campaign.

Many of the flies were believed to have left the hog farm and garbage dump and migrated into the area where there was more shelter. Besides being a health menace, the flies there, as in this center, proved a great nuisance, especially in mess halls where they descended on any food left uncovered.

A fact worth noting is that flies were practically unknown in this center a year ago, whereas now they are proving to be a menace. Every fly killed now may mean hundreds or thousands that will not hatch next season; so how about cooperating in ridding our center of this pest? Our payment will not be in prizes but the freedom from flies will more than make up the difference.

IN APPRECIATION

May I take this means to thank everyone for their kindness shown us during our visit to Manzanar.

Masuo & Fusako Chomori

IN APPRECIATION

For the many kindnesses extended me during my short visit here, may I say—thanks a million.

Pvt. Yoshitomo Ogamachi,
Camp Shelby, Mississippi.

Eye Specialist To Visit Next Month

Arrangements have been made through Dr. W. Morse Little's office to have Dr. Lorden, eye specialist on the staff of the Children's Hospital in Los Angeles, to be here with his assistants on November 11, 12 and 13. This is in cooperation with the State Department of Health and Dr. Lorden will be here to hold clinics and perform eye surgery.

Dr. Little stated that this will not be for refraction of the eyes or for fitting glasses but that only cases referred to by the physician of the staff of the Manzanar hospital will be considered for surgery and consultation.

The project medical officer declared that about 40 cases are expected to be seen and about eight will be operated on. He stated that this clinic must not be confused with the children's clinic. There are no age limits to the eye clinic and is open to persons of all ages.

Registration Begins For New Art Class

Anyone interested in learning to draw may do so by enrolling in the new classes, announced M. Ichien, superintendent of Arts and Crafts. The schedule is as follows: (1) Fashion Design with Yasuko Hori, instructor. (2) Cartoon and Oil Painting with instructor, M. Kumano. (3) Water Color, Pastel and Free Hand Lettering with T. Itokawa, as instructor. Morning classes will be held on Tuesdays and Thursdays; afternoon and evening classes on Fridays.

The 12-15 hall is open all day Monday through Saturday from 8 to 5 p.m. and evenings, Monday through Friday from 8 to 9 p.m.

Fee for three months will be: 35 cents for adults and 20 cents for children. Registration is taken at 12-15 or at Community Activities Office at 1-3-1.

—RELOCATED—

Sachiko Sugimoto and daughter, Donna Yoko, left to join her husband in Grand Junction, Colo. Sajiyo Miyoshi, former mess hall employee went to join his son-in-law in Grand Junction, Colo.; Dennis, Michi, Dennis, Jr., and Roger Tanaka transferred to Heart Mountain, Wyo.; Lillie Uri Kawatsu, former nursery school teacher, left to live with friend to seek employment in Chicago, Ill.; Ruth Hatsuye, and George Tadashi Nakaji left on STL to Santa Fe, N. M.; Harjime Jimmie and Fumiye Shiode left on STL to Santa Fe, N. M., and Dr. Tatsuo Sugiyama, visitor, returned to Gila, Ariz.

—Purchase Machine

(Continued from Page One)

strains and chronic infections of the sinuses, chest and abdomen.

He declared that it is not used under any circumstances unless by prescription from the attending physician of the staff of the Manzanar hospital. The X-ray department operates the machine but only under orders from the physician. The doctor stated that the machine is dangerous and may prove to be harmful rather than beneficial if operated by inexperienced hands.

Dr. Little disclosed that 12 patients are being treated by the machine at the present time.

Rebate Donation To Community Not Subject To Income Taxes

Edward B. Marks, chief of the community activities section of the community management division in Washington asked whether the cooperatives must pay a Federal income tax on unclaimed patronage refunds which are donated to be used for community purposes. To this, Phillip M. Glick, solicitor, reported his opinion in a bulletin issued from the

Office of Solicitor in Washington. The bulletin from Washington assumed that the persons putting cash register receipts in the donation boxes do so because they wish the refunds to be used for community purposes. Since this is so, the unclaimed patronage refunds represented by cash register receipts can be treated as donations made by patrons directly to the community fund, the cooperative merely acting as agent of the fund to effect their collection. The net result is, according to the bulletin, that the cooperative pays out patronage refunds to the community fund at the direction of the patrons rather than paying it directly to them. In legal effect this is payment to the patrons and the solicitor believes that therefore these patronage refunds are not subject to income taxation.

Handas Arrive To Attend Funeral

Arriving this week from Chicago, Ill., to attend the funeral of their mother were Mary, Katherine and Margaret Handa and Pte. George Handa.

Jonosuke Handa passed away suddenly on October 14. Otsuya services were held on Thursday with the funeral services yesterday.

Mr. Handa is survived by his wife Tsurue and four children.

FIFTH COLUMN

By Saburo Tour

Nature is wonderful! A million years ago she didn't know we were going to wear spectacles, yet look at the way she placed our ears. —Mimi.

Probably of major interest to the male corn huskers today is the great grid-fest being staged in the Los Angeles Memorial Coliseum. . . . Regarded as two of the top elevens of the coast, the surprising College of Pacific outfit under the tutelage of that ageless grid mentor Amos Alonzo Stagg, and the undefeated, untied, and unscored-upon Trojans from University Avenue, tangle to determine the war-time Intercollegiate crown-bearer of the state. . . . Providing everything goes accordingly, the beefy forward walk plus the fleet-footed backs cavoring for the Cravath-mentored aggregation should prove a touchdown superior than its opponent. . . . The winner of this titanic will automatically find itself one of the representatives in the Crown City Classic come New Year's.

Patronizing the Fishermen's Tavern (block 5) Sabbath night were the following: "Skips" and "Hers", "Scarlett" and "Ohara", "Curly and Masako", "Francis and Tomi", "George and Shiz", "Nob and Aiko", "Benjamin and Oh Susanna", "Queenie and Seko III", "Wat and Midori", "Gunga and Fumi", "Yosh and Natsie", "Smokey and Aiko", "Machooko and Pachooko Ono", "Lann and Lizzie", "Yosh and Yoneko", "Yoder and Betty", "Moon and Chie", "Ken and Toshiye", "Mr. and Mrs. Shimizu (2-B)", "Barney and Massy", "James and Rosie", "Oodles of stags present. . . . Very shy crowd when it came to dancing. . . . Everyone raved about the delicious Van Camp sandwiches. . . . My weather-beaten artificial, head-covering off to the Skippers.

Sacrificing coupla winks of sleep in order to see "Wako Island" as an added feature to the Friday night showing, the elder occupants of this duration resort were who disappointed to hear that "Wako Island" will not be shown that night. Oh well, we should be grateful that we're able to witness one show a week. Getting mitey "cool" nowadays eh what? Sitting on the good earth for approximately two hours gets hard toward The End doesn't it?

My weekend social notes also covered the following persons entertaining themselves over popin' hot tamales at Baird's Creek. . . . Mary and Min. . . . Yave and Iteh. . . . Kaz and Nob. . . . Pee Wee and Fumio. . . . Umeko and Terry. . . . Emi and Kow. . . . Sueko and Sammy. . . . Haru and Ace. . . . Lillian and Mike. . . . Shizuko and Quack. . . . Marie and Sada. . . . Fumi and Bob. . . . Rosie and Jimmie. . . . and by golly, popular George at the disposal of both Alice and Yuri. . . . All the tamales you can digest! . . . Yes sir, all this and heaven (Star Dusters) too for the fortunate buddies!

Even at this late stage of the season, the hospital seems to be getting plenty of corn. . . . Appropriately given a Kernel's rank, Mr. Michael Yonemitsu of the X-Ray department is regarded as one of the cleverest exponents of the well-known "Corn's talk". . . . At a recent wedding reception, Michael was said to have exploded with a few of his "ticklers" and the gals present were victims of giggles all night. . . . But his stolen rendition of Bing's "White Christmas" that eve topped 'em all. . . . Also recognition through this column to the "Yabos" working under Pa Tochoka in the Hospital Warehouse.

HEART MT., WYO.

When the center-wide fly-swatting drive was announced, Mas Tachibana, with a wood and wire screen contraption, captured and brought in 40,000 of the insects and walked off with \$40 in defense stamps.

Christian Mission Week Begins Sunday

Five Prominent Men To Lead Discussion

MISS JESSIE TROUT

Boy Scouts Extend Invitation To Boys

The local Boy Scouts organization has extended an invitation for fellows between the ages of 8 and 21 to visit the scout center at 27-20 any day after school or any evening during the week.

The present scout program offers bugling and drumming, first aid, handcraft, compass reading, history, camping trips and other recreational facilities.

A large group of scouts are taken to Reynolds ranch every Thursday and Saturday where they practice on the drums and bugles.

Further information may be obtained by inquiring at 27-20.

Beginning tomorrow and continuing through October 29, National Christian Mission Week will be conducted in Manzanar. Five prominent members of the mission will be here to lead in discussions and mass meetings.

DR. E. STANLEY JONES

Leading the visiting group will be Dr. E. Stanley Jones who is considered one of the most influential Christian leaders of this generation. He has addressed groups in all the countries of the Orient, South America, North America and Europe.

Dr. Jones is the author of many books, among them the religious best-seller, "Christ of the Indian Road." A native of Maryland, he received his education in Asbury College and holds honorary degrees from Duke University and Syracuse University.

MISS JESSIE TROUT

Miss Jessie Trout did missionary work in Akita prefecture Japan, later teaching in Margaret K. Long Girls' School in Tokyo. From 1935 to 1940, Miss Trout acted as English secretary to Dr. Toyohiko Kagawa.

DR. K. MORGAN EDWARDS

Dr. K. Morgan Edwards won professional recognition as an outstanding American preacher. He is a graduate of Lebanon Valley College, Drew Theological Seminary and Princeton Theological Seminary.

DR. I. LEROY SHAVER

Dr. I. Leroy Shaver has been an evangelistic Missionary in Japan for 20 years. He taught in Matsuyama College of Commerce for three years and was a trustee of Kwansai Gakuin University in Kobe. He was superintendent of work among Japanese in Ko-

DR. E. STANLEY JONES

Refuse Offers Of Chicago Employers

Over 1000 persons in Chicago metropolitan area who had submitted job offers for domestic help were informed this week by Chicago Relocation Supervisor Elmer L. Shirrell that no more applications for these jobs were being taken since "hardly any evacuees in the relocation center are interested in them."

Shirrell declared, "We are still able to place all single women, men or couples who desire full-time domestic employment as we have over 600 unfilled domestic jobs."

"We have made the change in our policy because we felt that the new type of job offers better fills the needs of the evacuees and because we felt it would impair public relations if we continued to accept job offers which we had no prospect of filling," the Relocation Supervisor said.

DR. GORDON C. CHAPMAN

Dr. Gordon C. Chapman is recognized as an eminent counselor of students and youth and is an authority on family counseling. He is a graduate of De Pauw University of Indiana, and took post-graduate work at Garrett Biblical Institute in Chicago. He received his doctor's degree from University of Southern California.

From Other Centers..

HUNT, IDA.

Blood donors are greatly needed for the local hospital in case of emergencies. The hospital must have approximately five volunteers from each block to guarantee enough of each type.

Hundreds of Hunt boys have answered the harvest call in Idaho to save the nation's farm crops.

DENSON, ARK.

A two-week woodcutting schedule for all non-essential men in the center has begun by blocks. Every block will have a turn in this woodcutting emergency.

Emergency phones have been installed at designated intervals within the center.

ROHWER, ARK.

An anniversary magazine will make its appearance in the latter part of this month. Entirely mimeographed, the booklet will have between 70 and 80 pages. It will include the general highlights of activities, short historical sketches of various departments and a literary section.

GRANADA, COLO.

A heavy frost badly damaged the project farm's feed crops of alfalfa, corn, and sorghum. Other crops damaged were tomatoes and bell peppers.

A safety patrol has been organized in the elementary school.

Former Residents' Checks Unclaimed

Checks were recently sent to the former addresses of 19 resettled Manzanar residents but were returned to the Fiscal Department, according to Paymaster Yoneko Mikuriya.

Persons knowing the whereabouts of Jack Ishida, Tsuneko Yasutake, Jitsuo Kimura, Howard Mukai, Joe Chue Iguchi, Yoshitsugu Yasunohiro, Kiyu Yasuda, Tamotsu Imai, Seisaku Kubo, Teru Uematsu, Nobuo Egashira, James Nakayama, Susumi Ohashi, Henry Ohara, Hai Takaoka, Setsuko Takaoka, Gunmi G. Watanabe, Sadako Dearing or Arthur Mitsuru Okami are asked to contact the Paymaster immediately at the Fiscal Department so that these checks may be sent to them.

C. A. CO-OP FINANCIAL REPORT

Financial Statement of the Manzanar Community Activities Co-op Association, covering the period from the beginning of the organization in July 1943, to October 15, 1943, as disclosed by Aksel Nielsen, Community Activities Supervisor:

Date	Items	Income	Expense
8-19	July 4th & 5th Carnival	\$ 538.41	
8-20	Sports Dept. (C.A. share from selling of ice at Obon)	41.78	
9- 3	Sports Dept. (Hardball ground)		100.00
9-10	Music Dept. (Yacht caps)		37.98
9-13	C. A. Share from Concessions & Bingo	415.12	
9-22	C. A. share from Social Dept. (St. Dance)	23.59	
9-22	Entertainment Dept. (Expense for outdoor stage)		20.35
9-28	10% due from Arts & Crafts Dept.	59.70

SEARS--RED SOX; ACES--KNIGHTS IN FINAL PRACTICE TILTS

MANZANAR

Sports

SATURDAY, OCT. 23, 1943

Sideline

with the Sports Staff

With the playing of this weekend's games, the practice baseball series will come to an end after four successful weeks. The league games will be inaugurated as soon as the plans and schedules are set.

San Fernando Aces have proven the champs of the practice series (provided they take the Manzknights in tomorrow's hidefest) while the up and coming Yogyores hold the second position with three wins and one loss. Yogyores were marred when the Aces ran up a 12-8 score on the former's initial game. Yogyores possess the highest team batting average among the eight-team league as they hit .371 while the Sears tag with .347. Aces hold the third slot with .313, the above three teams being the ones to place over the .300 mark.

Below are the team batting averages for games played to date.

TEAM	AB	H	Pct.
Yogyores	132	49	.371
*Sears	72	25	.347
S. F. Aces	118	37	.313
M. Knights	94	28	.298
*Skippers	84	24	.278
Los Santos	137	37	.270
Red Sox	123	29	.238
*Solons	83	18	.217

*Denotes three games played, others have played four.

The Sears have in Teiji Ohara, the smoke-ball hurler, one of the 'fastest of the fast' pitchers. Sears outfit is the youngest in the league lot, but they have proven to be very able with their playing ability and their high hitting calibre.

Red Sox also have a youthful chucker, Jim Morita. Jim was tagged as the loser of their recent Red Sox-Skipper game when he walked in a man in the last inning to change the tide, the Skippers winning with a 12-11 score. Jim was in a tight pickle when his fieldman juggled the pill, the second batter getting a hit. He then issued a pass filling the bases. Junji Tani came to plate and hit to left to score the tying run. With his mind in frenzied when the tying run crossed the plate, he issued another walk, forcing the winning run in to end the story book finish as the Skippers came from 10-11 to 12-11 terminating point.

It is such 'aut games that SPORTSMANSHIP should be honored the most; 'For SPORTSMANSHIP comes above all, it's always shining high, especially in that one big game, when from victory you're one point shy.'

All outfits of the eight-team league have shown a high sportsmanship standard, and let's keep it at that pace.

Skippers showed an eminent sportsmanship quality during the softball season, later being awarded the Y.B.A. sportsman trophy. Orchids to such team, and may we present more in this coming baseball span.

Skippers Favored Over Solon Nine

A close game is expected in today's nightcap when the slow-starting Skippers clash with another slow starting club, the Solons.

In their last game the Skippers were held scoreless in the first 3 frames but exploded thereafter and came out on top in the last canto with a 2-run uprising.

As for the Solons, they too were slow in getting started. They scored 2 in the 4th and 6 in the last frame.

SKIPPERS EDGE SOLONS

During the past several games the Skippers have not shown much possibilities with the bat, but in their last game, they pounded out 12 solid hits. This may mean that the Skips have found their batting eye and should cause a lot of worries to Solons' chuckers, namely Mas Yamamoto and Yo Takahashi.

The Solons have not shown any consideration on the matter of hitting. In their last two games, they have totaled only 10 hits. Their fielding isn't helping the team any which may be the cause of their losses.

FAIR CHUCKERS

The Skippers boast Junji Tani, great control hurler and the Solons have Yo Takahashi, who also specializes in control.

Last week, Tani replaced Kiyoshi Kubota on the hill and tossed 12 beautiful balls enabling the Skippers to overtake the Solons.

Junji Tani who will probably receive the starting call will be backed by Kiyoshi Kubota who was routed from the mound last week. Kubota is a bit 'green' but is rapidly learning the art of pitching.

Behind Takahashi who did a relief job last week is Mas Yamamoto, who has had many years of experience but not much stuff on the horsehide.

YOGORES SEEK 4th STRAIGHT WIN

Exhibiting today's opener on the local diamond, the rapidly climbing Yogyores will clash the Los Santos.

Last week, the Yogyores blackened the Manzknights with a 15-10 set-back. Although the Yogyores were guilty of 10 errors, they nevertheless kept the opposition in the hole. The Knights committed 4 costly errors, 2 in the Yogyores' 1st and 3rd inning rallies when they scored 9 and 6 runs respectively.

ONE FOR YOU AND 2 FOR ME

Playing the game in the 'you take one and I take two' theory, the Yogyores had an easy time with the Knights. At the call of 'play ball' the Knights, playing the visiting role scored 3 runs off chucker Isao Higashi, considering the best in the league, and looked as though they were going to give the Yogyores their fight for the money. The Yogyores took their turn at the plate and greeted chucker Hideo Tomita with 9 runs as they went around the battering order almost twice.

HITTING IMPRESSIVE

Los Santos' hitting has improved considerably according to the figures of their last game, but their fielding isn't quite up to par. They have committed 21 errors to date with worst performance being registered in their latest game when they juggled the pill 10 times.

SEARS LAY HOPES ON TEIJI OHARA; EXPERIENCE VS. YOUTH AND SPEED

Highlighting this weekend's practice tilts, the youthful Sears will get a bit of hot competition when they meet the up and coming Red Sox outfit. As one of the improved clubs in the circuit, Red Sox is given an even chance with the Sears and this game should be a thriller from start to finish. Teiji Ohara, fireball specialist of the Sears, faces a difficult situation at the hands of the Red Sox that carries in its line-up potential hitters as Shig Tochioka, Wally Yamada, Ernest Ogawa, Shig Morikawa, and Kane Ishino.

ACES VS. KNIGHTS IN FINAL FRACAS

Featuring the last of the current practice baseball series, San Fernando Aces will take on the Manzknights in Sunday's second bill.

The Aces retain a marless record in four tilts played, and they are given a bag margin to win over the Knights in tomorrow's encounter.

The Manzknights outfit registers one win with three losses.

TAMURA VS. TOMITA

Jim Tamura will probably get the starting call to hurl for the Aces as Hideo Tomita will get the opening berth for the Knights. In the Manzknights-Yogyores game, Tak Kitaoaka played the right field spot because of his wrecked throwing arm. Taking the place of Kitaoaka last week, Hideo Tomita-Kac Hirano combo limited the Yogyores to 7 hits.

STICK WORK BETTER

The San Fernando lads hold an edge over the Knights in hitting power. Aces hold a team batting average of .313, the Knight stickers follow with .298, both teams hold averages above the eight-team league which is .291. Bolstering the battery attack for the Aces will be; Benny Yoshiwara, George Sugawara, Mas Nakadaira, the Tamura brothers, Barry, Jim and George. Incidentally, Jim did a perfect 5 for 5 in the Los Santos tilt.

Knights will rely on 'Deadhead' Hino, Jim Yamaguchi, Kow Maruki, Tak Kitaoka, Ets Hochi, Tosh Terasawa to name just a few.

RED SOX CHUCKERS GOOD

Jimmy Fukushima who started for the Red Sox last week, surprised the crowd and his coach with a nice bit of pitching, although he was removed from the game in the early part of the 5th when he tired.

Red Sox has a good pitcher in Jimmy Morita, although he was charged with the defeat when he walked in the winning run against the Skippers. Hank Morikawa, who was hit hard in the last game, had the Skippers baffled with his side arm delivery, but not for long.

SEARS HAVE PLATE POWER

Sears showed a lot of power at the plate against the Solons and if they continue to do so, Red Sox is in for trouble.

When the ball starts to roll, Mas Kusaba, T. Mukai, Mamo Murata, Ken Eto, and Mits Okamoto will see to it that they are responsible.

Sears boasts a team batting average of .347 while Red Sox stands with .236.
