Third Shipment Of Hogs Make Total 249 Head

Seventy-five hogs, averaging 150 pounds in weight were received this week in the third shipment from Nevada, according to the Farming Division.

The first shipment from Nevada was received during the middle of last month and totaled 79 head. The second shipment of 97 hogs arrived a week later. The third shipment brought the total to 249 with two hogs listed as dead from inoculations. The fourth shipment of hogs is expected momentarily.

Chief Clerk Y. Amamoto disclosed that hog pens are nearly completed and will house from approximately 300 to 350 hogs. The constructions consist of one warehouse, a feed trough and pens.

The fencing of an area for the cattle project will be completed during this week, according to the Farming Division. The first shipment of cattle to this project is expected soon.

NISEI GIRLS SORT FILE APPLICATIONS

SAN FRANCISCO, Calif.—Eight million people were benefited by the work of 200 Japanese American high school girls at Gila, according to OPA officials here. The girls sorted and filed three million war ration book application cards which were delivered to the center in large bundles from 1700 towns and cities in California.

During the course of the work, it was stated that the girls had found many duplications. Receiving the regular \$16 a month, the girls worked a minimum of eight hours a day and frequently overtime so that the job would be completed by October 20, the OPA spokesman said.

Offer Reward For Return Of Folder

Margaret Golden, secondary school teacher at the local high school reported the loss of a large folder-type black leather purse with a number of identification cards, the Police Department disclosed.

It was reported that the purse disappeared from her science class room. A reward is offered.

Dr. John P. Lordan, Eye Specialist, Delayed By Illness

Dr. John P. Lordan, eye specialist on the staff of the Children's Hospital in Los Angeles, scheduled to be here next week with his assistants for consultation and eye surgery for the residents, will not be here due to illness, reported Bernice Silber, medical social worker. Dr. Lordan is scheduled to be here next month.

Lillian J. Hawes, assistant chief nurse of the local hospital staff is convalescing from illness at her home and is expected to be back to her duties within a few weeks.

Record November 7 Coldest Day Here

The coldest day during the period from October 1 to November 8, fell on November 7 with a minimum temperature of 26 degrees and a maximum of 57 degrees, according to the Farming Division.

The highest temperature for November was recorded on the fourth with a maximum of 68 degrees and a minimum of 34 degrees.

October's freezing point was reached on the 19th with 30 degrees registered as its minimum and 60 degrees as its maximum. The second of October ushered in the highest temperature for that month with 92 degrees as its maximum and 54 degrees as its minimum.

Invalid Shoe Ration Stamp Renewable

Shoe stamps which have been held over 30 days and become invalid will now be renewable if the holder can state a legitimate excuse for not having used the stamp, such as inability to find a shoe which fits or having the shoe stamp returned late from an order by mail.

A stamp for shoes worn out in special occupation is available upon the presentation of a note from the supervisor of the department in which the applicant works.

Shoe stamps must now be obtained by either the head of the family or the individual himself, stated the Rationing Office.

Freeze Assets Of 7 Produce Firms

WASHINGTON, D.C.—Foreign Funds Control division of the Treasury Department froze on October 27 the assets of seven large produce concerns in California, according to the Pacific Citizens. The properties of Y. Minami and sons, valued at over \$500,000, had "disappeared" while supposedly safe in the hands of a California lawyer and five other individuals connected with the companies.

According to J. W. Pehle, director of the Foreign Funds Control division, the principal figure in bringing the case before authorities was an attorney acting for two Japanese-Americans, Property of the Minami family had been turned over to Americans who "have been lining their pockets" from the proceeds, Pehle said.

The property rights of the 7 companies will be guarded henceforth by the Federal Reserve Bank at San Francisco.

In a Santa Barbara county court Attorney Fred A. Shaeffer, representing two American citizens of Japanese ancestry, Noboru Iriyama and Nobuo Hiramatsu, filed a suit against officials of the California Lettuce Growers, Inc. The suit asks for termination of all leases, return of property and complete accounting. Shaeffer charged on behalf of the Japanese-Americans that holdings left behind by Japanese evacuees had not been administered in the best interest of the evacuees.

The suit was withdrawn by Attorney Shaeffer from the Santa Barbara County court and refiled in federal court, on grounds that the plaintiffs were now under federal control.

COMPLETE WIRING

The Interstate Telephone and Telegraph Company of Bishop has completed the wiring of new telephone circuits to replace the temporary work previously performed at this project, announced Ralph D. Feil, electrician of the Public Works Division.

TRANSFER POSTON TO WRA JAN. 1

POSTON—Transfer of the Colorado River Relocation Center at Poston, Arizona, January 1, from the Department of the Interior to the War Relocation Authority was announced in a joint statement by Secretary of Interior Harold L. Ickes and WRA Director Dillon S. Myer.

This center was among the first of 10 built by the War Department to house persons of Japanese ancestry evacuated from the Pacific war zone. When the War Department determined that evacuation from the West Coast was necessary, they sought the aid of the Department of Interior in making available lands under their jurisdiction.

Poston was established on the Colorado River Indian Reservation and operated by the Indian Service. Even after the formation of the WRA, it continued to operate under "the Service under general policies prescribed by the WRA and with funds the Authority made available.

With water from Headgate Rock Dam available for irrigation, the project offers exceptional opportunity for the employment of evacuees. With a total of about 2000 acres, it is the intent of the WRA to continue development of land to make it possible for the center to produce its own food.

It is expected that many of the Indian Service employees now stationed at the project will remain in their jobs and will transfer to the WRA.

Begin Distribution Of October Checks

Budget and Finance Supervisor R. C. Boczkiewicz disclosed this week that the first batch of October pay checks amounting to \$370,112 have arrived and are being distributed to 14 departments.

At the same time, he revealed that G. Charles Cotte, field accountant, arrived from Washington, D.C., during the first of this month to examine procedures, accounts and records of accounting and fiscal departments.

According to the Fiscal Department, this is Cotte's second visit to Manzanar. His first visit occurred six months ago when he started working for the War Relocation Authority.

"Manzanar was the first center which I visited when I began work with the WRA," Cotte declared. "I find the staff at Manzanar cooperative and I am enjoying the chance which I am now getting to renew old acquaintances," he said.

'A Yank In The RAF'

"A Yank In The R.A.F." starring Betty Grable and Tyrone Power will be previewed at the outdoor theater on Friday night and shown again on Saturday.

Merritt Tells Managers Rules Governing Center

"There are four classes of rules and regulations of this center which must be observed and obeyed," said Project Director Ralph P. Merritt to the block managers' assembly last Friday. The first group of regulations is in effect in Manzanar by reason of ruling of a directive issued by the director,

stating in effect that the peace of Manzanar must be preserved and kept at all costs. This would cover illegal use of automotive equipment which is punishable as the project director sees fit.

The second group of regulations deals with the use of passes in going inside the immediate boundaries of the center. Since Manzanar is a military zone, residents must secure a pass to go out of the boundary of the camp. Mr. Merritt stressed that passes could be obtained for almost any legitimate reason, making it unexcusable to be apprehended outside the boundary of the camp without a pass.

The third group of rules and regulations is in regard to preservation of public peace. The project director warned that anyone endangering the lives and property of other people is subject to prosecution of the law.

The fourth group concerns the manufacture of liquor within the center. The manufacture of liquor is a federal offense unless licensed, and licenses are now unobtainable. The state also prohibits manufacture, and center rules are added to that, making it a threefold violation, said Merritt.

The project director then spoke regarding the Advisory Council of Manzanar. Before he had gone to Washington in May, he had asked the group to help him present in Washington, an idea to help solve some of Manzanar's problems. One of the members of the council, a block manager, was quoted as having said to Mr. Merritt, "Don't talk for the Japanese, talk for America."

"In that one sentence is the whole solution to the Japanese problem," the block managers' assembly was told. "What is good for America, is good for the Japanese here."

Plan Christmas Gift Exhibit, Sale At 8-15

Display space will be allocated to any organization or individuals who wish to participate in a Christmas gift exhibition at 8-15 during the week of December 1 to 10, announced Dr. Genevieve Carter, supervisor of Education. Arrangements are being made through the Manzanar Co-op for handling sales of the gifts. Every gift to be exhibited must have a price on it. People are urged to complete their gifts and have them ready for display by December 10.

A large assortment of gifts including flower baskets, needle work, painting, wood carving, fancy work, wood craft, leather work, and other desirable items will be shown. Customers may purchase articles during the exhibit, but must leave them on exhibit until December 10, said Dr. Carter.

Request Sender Call For Unclaimed Pack

Parcel Post Department, 1-15-2, announced that a previous request for the sender to claim a package sent to Mrs. T. Tabata, 1-19-A, Heart Mountain Relocation Center, Wyo., has not been answered. The package has been returned because of insufficient postage. The sender is requested to claim the package.

The department also announced that three bottles of saccharin tablets, which apparently fell out of a package, are at the office. Receiver is requested to call for them immediately.

Plan 'Education Week' Program For Residents

American Education Week, which is being observed nationally, will be commemorated in Manzanar with a high school assembly and open house tomorrow. Intramural sport contests, exhibits and other activities are programmed for parents, students and interested center residents.

The Adult Education panel discussion to be held this evening at 7-10-4, is also part of the American Education Week program. Posters on the featured activities for the week are displayed outside the Education office, 1-4, stated Rollin Fox, principal of the high school.

Give Schedule For Adult English Class

Adult English classes are open to any residents interested announced the Adult Education Department. They are held in the morning from 9 to 10:30 a.m., in the afternoon from 2 to 3:30 p.m., and in the evening from 7 to 8:30 p.m. on Mondays, Wednesdays, and Fridays.

Following is the new class schedule: Beginners — Shigeko Tanaka, instructor, Mess Hall 29 in mornings, 7-9-5 in afternoons, 30-15 in evenings; Tsuneko Nakamura, instructor, Mess Hall 15 in mornings, Ironing Room 11 in afternoons, 17-15-3 in evenings; Intermediates — Hiroko Nakagawa, instructor, Mess Hall 9 in mornings, 3-1-1 in afternoons, 1-15 in evenings; Tomiko Minami, instructor, Mess Hall 14 in mornings, Ironing Room 11 in afternoons, 23-15-2 in evenings; Advanced — James Yamaguchi, instructor, Mess Hall 21 in afternoons, 17-15-2 in evenings, on Mondays, Wednesdays, and Fridays, and 21-1-1 in evenings, on Tuesdays and Thursdays.

During American Education Week, November 7 to 13, which will be observed here, everyone interested will be welcome to visit the Adult English classes to decide which class he wishes to attend, announced Mrs. Takeshi Nishikawa, supervisor of Adult English.

Red Cross Gives Farewell Party

A farewell party in honor of Registered Nurse Catherine Yamaguchi was held Sunday at the YWCA office.

Miss Yamaguchi has been giving Red Cross Home Nursing classes in both English and Japanese throughout this center during the past months. She departed this morning for the Colorado River Project in Arizona to conduct Home Nursing Classes at that center.

Plans to install a first aid station in block offices and operated by the students who have graduated from the Home Nursing classes were discussed. Approximately 200 women and girls graduated from the classes.

Also present was Orville Grays, assistant to Selene Gifford, Consultant of Social Welfare in Washington.

Ole Man Winter—

Although we have not yet encountered the full effect of Ole Man Winter, hurried preparations are in evidence. Those hardy individuals who rise for breakfast must set the number of colleagues dwindling at the breakfast table. Walking down to work in the morning has shown the increasing number of jackets, mittens and scarfs in use.

It only seemed yesterday that the sun rose at five in the morning. Now at seven it is still dark. Reports from the center weather gauge have shown that in the mornings the temperatures average 28 degrees. However, in comparing statistical records of other centers, we, here in Manzanar, are fortunate. Other centers in the Rocky Mountain region already have reported snowfall in camp.

Letters from furlough workers have warned us of the coming cold winter. They say that last year was mild compared to this winter. Those of us who journeyed to help with the sugar situation last year will wonder just how cold it is up there. And in addition a resettled couple wrote that this year an abundance of pine nuts were found up on the foothills nearby their town. It seems that the presence of pine nuts heralds a cold winter. They added that last year, the nuts were nowhere to be found.

Yes, from hte looks of things, it's time to bring out that G.I. underwear again . . .

Better World Understanding—

American Education Week is being observed here, as it is being observed by schools all over the nation. The event emphasizes the importance of education in these days of war. The rise of wartime juvenile delinquency presages the necessity of teaching young people how to be good citizens. More and more the unsettled wartime conditions are exerting undesirable influences on our youth.

"Better World Understanding" is the theme for American Education Week. Its purpose is to interpret the need, aims, and achievements of public schools today to parents and citizens. War conditions have placed extra responsibilities upon the education systems through which better understanding must come, for teaching students a thorough knowledge of world history, geography, economy, and understanding of people is essential to the promotion of future peace.

Some day the war will be over. Then we must be prepared to work with other countries in a development of a free and secure world. The way to this is education for better world understanding. The observance of American Education Week is a step towards recognition of the importance of post-war developments.

It is only right then, that students here must prepare themselves for that future.

PLAN GALA AFFAIR FOR NEW YEAR'S

A plan is being worked out by the Community Activities Section to make it possible for Manzanar to celebrate New Year's Eve "a la Broadway style." A mess hall will be turned into a night club with some of the space reserved for dancing and floor show, while the rest of the space will be devoted to tables for parties of two, four, six, or eight. Reservation for table space must be made in advance and will be

available at a cover charge of 35 cents per person. The affair will be strictly formal, the Community Activities announced.

While enjoying the entertainment or between dances, the guests may order a choice of food or drinks at nominal prices from an extensive menu. The cost of each item will be listed on the menu and will be collected by waiters and waitresses

Iowa Newspaper Tells Of Evacuee Teacher's Work

Mrs. Tomoko Yamamoto, prominent civic and club worker, formerly of San Francisco, is now teaching flower arrangement in Des Moines, Iowa, according to the Des Moines Sunday Register.

Mrs. Yamamoto began her study of flower arrangements with a private tutor in Tokyo, Japan; at the age of six and continued her studies for 30 years.

"Traditionally, flower masters in Japan bequeath their profession to their children, but Yamamoto's selection upset custom, when her master, passing by his three children, chose her as 'master,' an honor wholly new to women," the paper said.

According to the Register, Mrs. Yamamoto now has several classes of about ten pupils each. The classes are held at the residence of her employer, Mrs. Forest Huttenlocker.

ACTIVE IN PAST

During her 32 years in San Francisco, Mrs. Yamamoto was active in community life. For more than 20 years she took part in Parent-Teacher Association work in the Japanese section; for 27 years she was on the board of the Japanese YWCA and had a leading role in adult education.

For her work in San Francisco, Mrs. Yamamoto was honored at a banquet attended by nearly a thousand persons. She wears a wrist watch given her on that occasion.

According to the Register, Mrs. Yamamoto's husband, a dentist, and a son are still in the relocation camps at Rivers, Arizona, while another son is now employed in a dental supply factory in Detroit.

Adams Takes Photo On Manzanar Life

Ansel Adams, world-famed photographer is here in Manzanar to make a photographic story of the evacuees.

He is the man you see wearing jeans and a windbreaker, setting up his tripod and camera anywhere and anytime he finds a good subject to snap—be it at the hospital, nursery, mess hall, potato field or baseball field.

Mr. Adams was born in San Francisco, where his studio is located, and before the camera bug hit him, he was studying to be a concert pianist. Photography was a hobby at first before it became his profession and he had for his first camera, a box Brownie. He likes mountain climbing and he is familiar with the Sierra Nevada ranges which he has hiked many times.

Mr. Adams found things in the center exceedingly interesting and his impression of the place far exceeded anything he expected. He found the subjects obliging and he appreciated the cooperation he got from the people of this center.

Asked about the possibility of photo work on the outside for ambitious people, he remarked: "There are many possibilities but the competition is keen. To be able to make a go of yourself, one must think of photography as a fine art, to respect and learn everything there is to know about it and above all, to remember that one can't become a photographer overnight. It isn't that easy."

Although Mr. Adams does all kinds of photography work, he particularly likes to do outdoor shots. His photographs have appeared in many nationally known publications.

He is the author of several books, namely: "Taos Pueblo," with a text written by Mary Austin, published in 1930; "Taking a Photograph," published in London in 1935; "Sierra Nevada—The John Muir Trail," published in 1938 and "Illustrated Guide to Yosemite Valley" in 1940.

Letters from the Public

(The following letter was received by Robert L. Brown, assistant project director, from Dr. Robert G. Sproul, president of the University of California at Berkeley and Los Angeles—Ed. note.)

Dear Mr. Brown:

Thank you for the complimentary copy of the Manzanar Free Press Pictorial Edition, which came to me with your letter of October 5. I have read this publication with pride in the kind of Americans, whatever their ancestry, who constitute the Manzanar community, administrators and evacuees alike. I hope that there

are enough such Americans in the United States as a whole to guarantee to our fellow citizens of Japanese ancestry the rights to which other citizens of foreign ancestry, including myself, are admitted without question.

I like particularly the statement of the Project Director, Mr. Ralph P. Merritt, but then for a long time I have been liking most of Mr. Merritt's statements, beginning when I was his assistant in the University of California, as you are now in the Manzanar Project.

Yours sincerely,
Robert G. Sproul.

Dear Sir:

In the October 27th issue of your Free Press, kindly sent to me by one of your staff members, I was startled at the editorial titled, "Good Samaritans."

My husband and I feel flattered that the little we may have done would merit such a well-written editorial. However, we feel the credit that is due, if any, should go to my folks, Mr. and Mrs. Y. Yamagishi, at whose home the relocators have been made to "feel at home."

At this time, may I extend an invitation to friends who may in the near future be passing through Reno on their way East, to feel free to drop in and visit us. Due to wartime restrictions on traveling it is impossible to take them on a sightseeing tour but we will do everything possible to make them feel they are "welcome."

Sincerely,
Mrs. Tom S. Ikkanda.

MOVIES TONIGHT

Movies on early Manzanar are to be shown at the Adult Education panel discussion on "Inyo County in National Affairs" tonight at 7 in 7-10-4. Ralph P. Merritt, project director, will be the principal speaker.

Aksel Nielsen, director of Community Activities is showing the films, stated Dr. Melvin Strong, director of Adult Education.

1320 Enroll In New Arts, Craft Classes

Figures of the number of enrollment for October-December term of the arts and crafts classes were released recently by Masaki Ichien, superintendent. Approximately 1320 students are enrolled in the various classes. The sewing school at 18-15 has the most pupils, numbering 375.

A registration fee of 35 cents for adults and 20 cents for children for the term of three months is charged to each student. The dues collected are turned over to the Central Treasury of Community Activities Co-op Association. From there, it is re-distributed to each activity according to the budget submitted by the class and approved by the Central Board of Directors. Since the government does not furnish class

Give Price List For Dressmaking Cost

The Co-op Dressmaking Department located at Ironing Room 32 recently issued prices for service charges for dressmaking. The materials are to be brought by the residents and the dressmaking department only fits and tailors dresses according to the wishes of the customers.

The price list is as follows: for a one-piece dress, depending upon the style: cottons, \$7.51, and \$1.50; rayons, \$1, \$1.25, \$1.75 and \$2; silks, \$1.75, \$2, and \$2.25 up; woolens, \$2, \$2.25 and up.

Two-piece dress from \$5.50 to \$1 or more depending upon the style; skirts \$7.50 and \$1 and up; blouses, \$6.00, \$7.50, \$1 and up; jackets, \$1.75 and \$2 and up; suits, tailored, \$6.50; suits, dressmaker, \$4 and up; coats \$6 and up.

It was stated that it is impossible to give definite prices due to the type of material and styles each customer selects. There is an added charge for appointed personnel and their families.

equipment, it is necessary to charge a small fee to finance the class operations, stated Aksel Nielsen, supervisor of Community Activities.

Nisei Outfit Champs In Shelby Baseball

The Japanese Americans were recently given the title of the undisputed baseball champions of Camp Shelby. There were two leagues in Camp, one Divisional and one made up of non-Divisional units, including two Nisei teams, Field Artillery and Infantry. The Infantry regiment team won the final game of a play-off series with the last-inning home run while the score was knotted against the Divisional champs.

THREE TROPHIES WON

On the desk of the Commanding Officer of the Combat Team are three athletic trophies. The first trophy came from the swimming team's swimming victory in the Southern AAU tournament in New Orleans. Second trophy represents the baseball victory in the first half of the season, the third and the largest was awarded to the baseball team for winning the championship play-off. The baseball trophy was presented by Earl Finch, a rancher of Hattiesburg, Miss., who has long been interested in the Combat Team and its activities. Incidentally, Mr. Finch was so certain of the Combat Team victory, he ordered and brought the trophy with him to the final game for immediate presentation. In commemoration of the victory, each player was presented a watch charm by the Post athletic authorities.

CHAMPS GIVEN BANQUET

Twenty-one members of the championship Infantry Regiment baseball team were feted by a banquet given in their honor by Earl Finch. At this victory banquet, Mr. Finch presented individual gold baseball awards to Lefty Higuchi, Kenneth Tsunehiro, Larry Shigeyasu, Matsuchi Yogi, James Miyamoto, Heichi Oka, Tohio Nakahara, Fred Kameda, Henry Mori, Mamoru Morita, Richard Furuta, Richard Uto, "Savage" Tanaka, Goro Kashiwaeda, Rokuro Imaoka, Richard Yoshimura, Kiyoshi Iguchi and Tadao Beppu.

It was Lefty Higuchi who led the team on to the first half split season victory. In the play-off, Lefty allowed only five hits and struck out eight batters; being

All intramural games are to be played on the volleyball courts on firebreak 8-14. Games are slated to start promptly at 3:45.

The schedule calls for two weeks, the final games being played on Tuesday, November 23. The remaining scheduled will be published in the next issue.

JIMMY TAMURA LEADS MATES TO WIN

Led by chucker Jimmy Tamura, the San Fernando again chalked up a win by defeating the Manzaknights, 3-1, Saturday afternoon in a 10-inning fray. Both teams remained scoreless and hitless until the 3rd inning when each registered a hit apiece. In the 7th inning, Mas Nakadaira was hit by a pitched ball and crossed the plate on Bill Sugawara's double.

Junji Tani Tames El Santo, 5-3

Coming from behind to spring up a 3-run rally in the 6th inning, the Skippers toppled the El Santo nine in the nitecap Saturday.

TANI IN FORM

Junji Tani once again proved himself a great flinger, limiting the foes to 7 scattered and 3 runs.

KAMOTO CONNECTS

Tee Kamoto gave the Skippers a lot of trouble with his hitting that was nothing less than sensational. He smacked two triples and a single.

HEARTBREAKER FOR KOSAKA

It was a tough game to lose for Min Kosaka, who made his first appearance as a starter.

KNIGHTS KNOT COUNT

Knights came back in the 9th when Kow Maruki connected a solid double to the left. Pinch-hitter, Soup Higa came to plate and bingled, scoring Maruki to knot the score at 1-1.

ACES PULL AWAY

Aces' Sat Mitsui and Bill Sugawara tallied in the 10th frame to break the 1-1 knot and to win the game at 3-1, claiming another win to their spree.
