

CALM PREVAILS AT TULE LAKE; SITUATION TERMED TENSE

Best To Make Official Report

Although the situation is apparently tense, calm prevailed in Tulelake, according to an official teletype message from Ray R. Best, Tulelake project director, to Project Director Ralph P. Merritt. The message stated that a carefully documented statement on what happened will be released soon. At the present time information is fragmentary but certain facts have been established.

On Monday of last week, while National Director Dillon S. Myer was meeting with an evacuee committee a crowd formed outside the administration building on the understanding that Mr. Myer would make a speech. Mr. Myer then agreed to meet a grievance committee from the crowd with which he discussed proposals for two and one-half hours.

MYER SPEAKS

Then speaking to the crowd, the national director emphasized that requests would be given every consideration but that the WRA would not listen to demands. At the conclusion of the address the crowd dispersed quietly and returned to quarters.

Meanwhile 15 evacuees had gone to the center hospital and had engaged in altercation with the Project Medical Officer Reece M. Pedicord. Dr. Pedicord struck one evacuee and was beaten but not severely.

Thursday night a group of about 400 evacuees moved into the warehouse area and surrounded the home of Project Director Best. En route, certain members of this crowd beat Edward H. Brobeck, one of the Caucasian Internal Security officers.

At 9:45 p.m. Mr. Best called Col. Verne Austin and asked the Army to take over the center. The Army has been in full control ever since and according to Robert B. Cozzens, regional director, no tear gas has been used at any time. It is not certain that any evacuee was injured.

—NOTICE—

Reverend Sogabe in Poston asks that all residents who have their belongings stored in the Daishi Mission, Koyasan Temple, to file Forms 155 and 156 immediately so that the properties may be safely deposited in the Government warehouse. All forms should be executed and filed at Warehouse 23.

FAIR EMPLOYMENT PRACTICE GROUP BANS RACE DISCRIMINATION IN WORK

According to a release from the Japanese American Committee for Democracy, Will Maslow, Director of Field Operations of the President's Committee on Fair Employment Practice of Washington, D.C., issued on Oct. 8 a directive to all FEPC Regional Directors. The directive instructed them to give American citizens of Japanese ancestry full protection of the Executive Order of the President which forbids discrimination against workers because of race or color.

"It states," the committee takes the position that it cannot modify the Executive Order nor place one category of American citizens in a situation less favorable than citizens of other ancestry. President Roosevelt in a message to the United States Senate on September 14, emphasized this position when he stated: 'Americans of Japanese ancestry, like those of many other ancestries, have shown they can, and want to, accept our institutions and work loyally with the rest of us, making their own valuable contribution to the national wealth

Relocation Grant Rule Liberalization To Aid Future Large Family Resettlement

Liberalization of relocation grants was hailed this week as a boon to resettlement that will make it possible for many additional families to leave the confines of the barbed wire. Although the amounts of grants will not be increased except for larger families, eligibility requirements have been arranged in a way as to make them available to additional families and actually to increase the amounts given, the Relocation Office revealed.

MOVIES ON CITIES WILL BE SHOWN

A panel discussion on "Mid-western and Eastern Cities" with movies on Minnesota and cities in the East to be shown by Aksel Nielsen, chairman, will be held Wednesday evening, from 7 to 8:30 p.m., at 7-10-4. Other members of the panel which is the eighth in the series being sponsored by Adult Education are: Harriet Pusey, guidance counselor; Leland Abel, science teacher; Walter Heath, leave officer.

Any resident, interested is invited to attend, stated Dr. Melvin Strong, director of Adult Education.

To Talk On Guayule

Monday evening, from 7:30 p.m., the Manzanar Y's Men's club will hold a bi-monthly meeting at 19-15. Slated for the program is a talk on "Guayule Today and Tomorrow" by Masuo Kodani and Frank Hirokawa.

Refreshments will be served later, announced the Y club. Chairman for the meeting is Tadaichi Kishi, and members of the committee are: Hideyu Uyeda, Kelton Shelton, and Rollin Fox.

Whereas in the past all available family resources were deducted from the highest allowable amount, no deduction will hereafter be made unless the available resources amount to more than \$100 for each family member. This means that families will be eligible for grants even though they have a small amount of savings. In the case of individual relocation, it will no longer be necessary for the individual going out to take the family's emergency fund. This new plan provides for the same transportation allowances that have heretofore been allotted but permits a five-day subsistence allowance of \$25 for each person making the trip regardless of the number in a family, the Relocation Office announced.

According to Relocation Officer Walter A. Heath, the maximum allowable amount is now defined as \$25 per family member for subsistence, plus railroad tickets and money for meals en route. The old maximum of \$100 for subsistence regardless of family size has been removed. Whereas in the past a family of eight would get only \$100 for subsistence (less any money that they already had available), a family of eight would now get \$200 and no deduction will be made unless the family savings totaled more than \$800.

Under the new regulations, only savings in excess of \$100 per family member will be deducted from the maximum allowable amount.

Heath commented, "It's pretty much what we have all been hoping for and will make it easier for many families to go out. No longer will the thrifty family be penalized by the deduction of its savings from its grant."

First Mirage Photo At Local Museum

Interesting attraction at the Inyo-Mono counties exhibit, 8-15, is the first photograph ever taken of a mirage. It is a picture of a herd of horses crossing a cloud formation in the sky. Other photographs of nearby regions are also displayed, including a picture of a home which was once located immediately north of Block 33's present site. These photos were loaned for the exhibit by Miss Shepherd Gunn.

Chrysanthemum blossoms of various colors and forms are daily drawing flower lovers to the Chrysanthemum Show which is being shown in conjunction with the Inyo-Mono exhibit. The entire show is slated to continue until November 14, stated Kiyotugu Teuchiya, director of the Visual Education Museum.

POLICE OFFICERS TO BE APPOINTED

Evacuee police officers of the Internal Security will be appointed in the future by Project Director Ralph P. Merritt, changing the former system wherein evacuee officers were elected by members of the police force. The change of system was announced by Project Director Merritt at his weekly address to block managers at Town Hall, last Friday.

Mr. Merritt stated, "I think we can rely on the person appointed for chief of police because the evacuee police force will be headed by someone appointed by the project director." He added, "An increasing number of the force are relocating, it has become necessary for the project director to appoint officers of Internal Security Department."

Distribute Checks

October pay checks were pouring steadily into the Fiscal Department this week, according to Budget and Finance Officer R. C. Boczkiewicz. He announced that 2300 checks amounting to \$36,624.09 were received and distributed early this week to 106 departments and their sub-departments.

JAPANESE GOVERNMENT PROBE TOLD AS ARMY EXPANDS TULE SUPERVISION

TULELAKE, Nov. 13—Investigation of conditions at Tulelake camp by the Japanese government through F. De Amat, Spanish consul, was announced by the San Francisco Call-Bulletin. In the wake of disclosures at the State Senate investigating committee's inquiry, the consul, accompanied by Merrill Benninghoff of the United States State Department, arrived at Tulelake to act for the Japanese Imperial government.

Coincident with this display of interest by the Japanese government, the Army, which took control of this camp last week expanded its supervision. Patrols were moved to the edges of the residential barracks.

The Call-Bulletin revealed—through sources whose identity must be withheld—United States soldiers have discovered and confiscated great quantities of knives and miscellaneous weapons.

COZZENS TESTIFIES

The Senate Committee hearing was marked by testimony of Robert Cozzens, WRA regional director, that trouble at the camp was caused mainly by Japanese who had returned from Japan. He stated that they planned to gain control of the camp by forcing

Expect Block Donations To Aid War Chest

Manzanar's part in the National War Fund Drive got underway successfully this week with \$274 being collected to date, according to J. R. Winchester, California War Chest drive representative for Inyo county board, who is heading the drive here.

All but \$2 of this amount was received from the Appointed Personnel staff, Winchester stated. However, he declared that the residents' contributions were low only because the Block Managers' reports were not received to date and that these reports were not expected until Monday.

The purpose of this one united campaign, according to Winchester, is to conserve the time of workers, save money which otherwise would go into campaign expenses for a multiplicity of campaigns throughout the nation and to assure efficiency in the needed services.

UNITED EFFORT

Through this united effort, materials and services can be channelled when they are needed to strengthen weak points in our three fronts, he said. These services include aid to our fighting men through the USO, the United Seaman's Service and the War Prisoners Aid; aid to our fighting Allies through the British War Relief Society, the Russian War Relief and the United China Relief; aid to our Allies in occupied countries through such organizations as the Greek War Relief Association, Polish War Relief, Friends of Luxembourg, French Relief Fund, Belgian War Relief Society, United Czechoslovak Relief Fund, Queen Wilhelmina Fund, Norwegian Relief, Refugee Relief Trustees and the United States Committee for the Care of the European Children; and aid to our Home Front Agencies through our approved organized local social agencies.

Under provisions of the Geneva Convention of 1929, a code signed by 49 nations requested the War Prisoners Aid of the Young Men's Christian Association to establish constructive recreational, educational and religious activities for the men behind barbed wire. This service (Continued on Page Two)

WRA leaders to recognize their power. He testified to questions regarding strikes, against harvesting crops, unloading coal, and other tasks at the camp, that "there is no law that requires them to work."

"The demonstration" at the camp by more than 4000 Japanese was viewed by Cozzens as of "very serious import." This was in sharp contrast with earlier testimony of Ray Best, project director at Tulelake, who stated that the outbreak was not a "mob demonstration" and that there was "no real danger."

To Attend Meeting

Chief Steward J. R. Winchester will leave Manzanar on November 16 for Gila WRA center to attend a stewards' general meeting, which is slated to be held from November 18 to 20.

Stewards from nine relocation centers are expected to be present at this meeting to discuss rationing and its procedures as well as other topics. Mr. Winchester will return on November 23 by way of Poston, according to the announcement from the Mess Division.

For A Great Cause—

Once again, Manzanar residents are being asked to contribute to a worthy cause. This time, however, the cause is even greater. The National War Fund Drive, which got under way in this center on the first of this month and which will continue until November 20, is for the sole purpose of covering accredited war-related services not included under the lend-lease or government subsidized activities.

These services include aid to our fighting men through such organizations as the USO, United Seamen's Service and the War Prisoners' Aid. It also aids our fighting Allies, our Allies in occupied countries and our Home Front agencies through the various organizations.

Generally, prisoners of war are treated fairly well and are comparatively safe and comfortable when confined in permanent camps. But at best, life as a prisoner is bleak and barren. Taken suddenly from active, exciting lives as soldiers, cut off from news of world developments, and with nothing to occupy their minds and hands, they face endless hours of stagnant idleness.

War Prisoners' Aid serves prisoners of war or interned aliens regardless of nationality, race or creed. Service to prisoners of war is reciprocal. This work is carried on in Australia, Bermuda, Bonaire, Canada, China, Dutch Guinea, England, Egypt, Finland, Formosa, France, Germany, Hong Kong, India, Italy, Jamaica, Japan, Kenya, Korea, United States and in several other countries.

The drive will also aid 50 million Chinese who have been driven from their homes, two-and-a-half million Polish refugees and prisoners of war, 30 million refugees from Axis-invaded nations who need assistance in re-establishing their usefulness to society and various other organizations too numerous to mention.

So now is the time to back our men and women in our armed forces by contributing what little we can to this drive.

aids prisoners of war or interned aliens regardless of nationality, race or creed and is now functioning under the World's Committee in Geneva, Switzerland, an international, neutral organization. The work of this organization is made possible largely through funds received from the National War Fund drive and to finance this program through 1943 and 1944 will require a minimum of \$3,500,000, Winchester revealed.

Manzanar's campaign began early this month and will continue

until November 21, when the drive will end throughout the United States. Residents interested in contributing to this cause are asked to contact their Block Managers while Appointed Personnel staff should take their donations directly to Winchester at the Mess Division.

Explains Sale Of Miso At Canteen

Sokichi Sugimoto, general manager of the Consumers' Enterprises, in answer to a suggestion referred to him through a block managers report concerning the sale of miso at the canteen, stated that each customer who does bring a container can have it filled.

He explained that it is easier to put it in a bowl than wrapping it up in newspapers but it is too much trouble for the residents to bring their own containers. It was revealed that many of the residents bring jars instead of bowls. The Co-op management cannot tell all customers to bring their own containers, but to those who do, the Canteen will gladly fill them, he stated.

Mr. Sugimoto also stated that the Co-op is awaiting the arrival of oyster shells so that the miso can be carried easily and sold in a more compact form.

Order Pictures

All Home Nursing Students who are interested in ordering pictures are requested to put in their order by Tuesday at 19-15. Enlarged pictures will be about 50 cents.

Unit Repairs Center Sewing Machines

A sewing machine repair unit is being maintained at Block 5 Iron Room by the Industrial Division and is under the supervision of Sam Oajima, Superintendent of Manufacturing H. R. Haberle disclosed this week.

This unit keeps in repair all domestic sewing machines belonging to WRA and used by the evacuees through their respective block office or through many project activities devoted to sewing, including those used by the Domestic Science classes of Manzanar School System.

Besides repairing these machines, the group will repair without charge, evacuee owned sewing machines and miscellaneous electrical appliances except radios, Haberle revealed.

ORDER CANDIES FOR CHRISTMAS

In preparation for the Christmas season the Pre-school P-TA has ordered 120 pounds of candy. Mothers in all of the pre-school units are cooperating in making patchwork quilts which will be raffled off during a gift sale to be held at 8-15 in early December. Parents are requested to bring gifts to be donated to the bazaar, to school by November 25.

Miss Mary Schauland has been given \$108 by the Pre-school P-TA to buy equipment for the nurseries and kindergartens while she is on her vacation. During her absence Mrs. Kameo Fujii will be in charge of nurseries and kindergartens, announced the pre-school department.

SLATE NEW CLASS

On November 15, the beauty school will begin in the new classroom at 7-10-4. The course will run for 26 weeks on a 44-hour a week basis.

Eighteen girls have enrolled, and a certificate will be given to each girl who completes the course with satisfactory minimum training requirements in most states.

Dorothy Yamamoto will instruct the class, and Mrs. Ralph Feil will assist in planning and supervising the course, announced Dr. Melvin Strong, director of Adult Education.

Receive Clearances

One hundred and three residents have received their Eastern Defense clearances to date, according to a survey taken this week. However, no survey was made this week on the number of residents who left with their Eastern Defense clearance. A few of these were granted clearances to work in national defense plants. More clearances are expected soon.

Letters from the Public

Dear Mrs. Haberle:

Thanks very much for your letter. I did not expect to get a letter from you or anybody else who traded with me and knew me only by my first name. Before I opened your letter, I could not recall your name. But it was a very pleasant surprise, and I thank you again for the letter. It gave me one grand feeling to be remembered by a fine person like you who took the trouble to write.

I have been out from camp since first of August working on extra gang for Northern Pacific Railway Company. Why? Because I need money to start a new life again somewhere in the United States and I can save over \$150 a month here. Sometime next spring I am going to relocate somewhere in the midwest where I can find a job that will support my family.

We are now working at a place about 12 miles east of Spokane, Washington. We have been working in northern Idaho near the Farragut Navy Training Station. This is beautiful country. We had a lot of wild flowers in summer. But trouble is, it rains too much and very cold rain at that. I expect to stay here until Christmas time. By that time it will be too cold for me to work outside. Ground will be frozen. Snow will pile up two or three feet deep, and the cold north wind will bite clear to my bones.

We have two large apple packing houses in this railway yard and acres of apple orchards all around here. It is apple picking time now and all the apples are very tasty, juicy, and crisp. Much better than I ever sold to you! Sorry to tell you there is no post-office nor express office here from which to send apples to you. I can not go to Spokane without

immediately, Frank C. Hon, center fire protection officer disclosed this week.

He revealed that the new hours are from 10 a.m. to 3 p.m., as compared to the former time of 10 a.m. to 5:30 p.m.

The new hours are attributed to the sun setting earlier than before, he stated.

One of the boxes is labeled "Hasegawa". The owner is asked to contact Mr. Kaku immediately, otherwise the boxes will be sent back to the WRA warehouse in Los Angeles.

special permit from the U. S. Attorney. The food seems to be plentiful around here. They serve good meals in this railroad camp. Very much better than we ever got in Heart Mountain.

Please say "Hello" to everybody for me, especially to Tom Shimoda and if you ever happen to see him, kindly tell him that Jim and May and their family have relocated to Moorhead, Minnesota, last June. My Heart Mountain address is 22-15-C.

Thank you again and best wishes.

Yours truly,

AJI NO MOTO

I am contemplating on investigating the possibilities of organizing an Aji-No-Moto factory, and will investigate Denver, Utah and Idaho areas to select a suitable district.

I would like to thank the residents of Manzanar for their thoughtfulness. I believe the newly discovered formula of Aji-No-Moto is superior to that of those made in the Orient. Samples are available at the following residences: Mototeru Kondo, 23-1-2; Koichi Tanaka, 30-14-5; Tomohei Shono, 10-9-3.

Purchase of Aji-No-Moto may be transacted after my departure. Purchasing must be done directly from factory and the shipment will be made within a month. Previous orders will be accepted with the price that was submitted before.

Highlighting the social events over the weekend was the second annual Sadie Hawkins dance sponsored by the Heavenly Bodies at Dog Patch 23. "Simple and Sweet" might've been an appropriate theme accorded this affair with a simple decoration and a lollipop or "sucker" (if you please) given each upon entrance. As Thanksgiving approaches the corner, the boys begin to feel gallant and the girls buoyant. I think Franklin De officially proclaimed the 25th for turkey feast this year. If the original order for the feast was filled, we should have approximately 104,000 ounces of Gobbler meat, which, if divided by the total number of Yabos in camp, would leave each person with approximately 12 ounces of white meat. But since none of us like to eat feathers and bones, we will actually consume no more than 140 grams. And you discover after you ate and ate that it does not equal 16, it will do you and yours good to climax the holiday by attending the much-heralded "Nite of Knights" that night. Yes sir, they tell me they're gonna have an aroma of turkey lurkey between two slices of bread as tummy tickler.

'Nisei Relocation' Packet Available

Relocation of Japanese Americans has been made the subject of a loan packet to be distributed by the U. S. Office of Education, according to information received recently from the Washington Office. Compiled from materials supplied by the WRA, these pamphlets and other reading matter will be distributed through the Information exchange to libraries, teachers, welfare agencies and civic organizations.

Valuable source of information for persons interested in the WRA program, the packet contains over 30 items, including general information on evacuation and relocation and special articles on summer school programs, student relocation, library services and adult education.

Office of Education stated that superintendents of center schools desiring this pamphlet may obtain one by writing the Information Exchange, U. S. Office of Education, Washington, D.C.

Gremlins Elect New Officers At Meeting

Gremlins elected new officers at a club meeting Sunday afternoon in Block Office 3 with Joyce Natsume, out-going president, presiding. Election results were as follows: Michiko Kamachi, president; Momo Nagano, vice-president; Setsuko Yano, secretary-treasurer.

Cokes and a box of chocolates were served after the action. The candy was a gift of Ayako Mitsui, Gremlin advisor, who is on furlough in Idaho, announced the club.

Come Claim Checks

All residents, including high school students, who helped the Farming Division pick tomatoes when the emergency call was made, are asked to claim their pay checks at Warehouse 24, according to Chief Clerk Y. Amamoto.

Although the work was originally intended as voluntary, Amamoto revealed that the WRA has sent the volunteers their checks.

Buddhist Teachers; Choir Meet Sunday

An important Sunday School teachers' meeting and Choir Girls' meeting will be held at the Buddhist Church, 13-15, on Monday, from 7 p.m. All old and new Sunday School teachers and choir girls are requested to attend. There are 29 newly-appointed Sunday School teachers.

On Wednesday evening, a YBA general meeting, with Berry Tamura presiding, will be held with discussion centering on the reorganization of the Bussei set-up, announced Toshiye Higashida, secretary of the Manzanar Buddhist Church.

A Year Ago... THIS WEEK

On November 9 at 11 a.m., the first contingent comprised of 65 men and one woman returned from furlough work. The workers were mostly from Chinook, Blaine County, Montana, area with some from the Phillips and Valley counties. On November 10, the second group composed of over 70 workers from Idaho Falls and vicinity returned here with another group of 50 from Chinook, Montana. All were of the opinion that the best furlough was fine for experience but not very lucrative.

Representing Manzanar, Joe Masasaka, Fred Tayama and Ki-yoshi Higashi attended the 10-day JACL National Convention, which was held in Salt Lake City. Highlight of the special convention was the presence of Dillon Myer, National WRA Director. This year's convention discussed problems more serious than the League has ever encountered before. Also attending was Mike Masasaka, national president.

FIRST CLEARANCE

Esther Naito was granted approval by the Washington WRA Office to leave Manzanar on permanent relocation to Illinois. This was the first release to be effected under Thomas W. Holland's program of permanent relocation. Miss Naito made her application during Mr. Holland's first visit and the job application was submitted for approval to Washington, D.C., on October 28.

Miss Ruth Woodsman, General Secretary of the World Council of the YWCA located at Geneva, Switzerland, honored Manzanar with her visit. With her was Edna Monroe from the New York branch of the National Interpretation and Support Staff. After visiting and conferring with the "Y" members here as well as with the members of Margaret Dille's staff, they gave an interesting talk at the YWCA World Fellowship Week Program on Friday, November 13.

NEWSBRIEFS: The final stove and plaster wall was put into place in preparation for this coming winter. Unknown assailants attacked Detective Tom Imai and inflicted injuries on the face and in the kidney. Three thousand books were received from outside donations to swell the collections of the local libraries.

SPORTS: T. Hori finished first in the Manzanar Golf Club's second tournament, shooting a 71 in an 18-hole event, which was played on a 7-hole course. Elencos snaggled the volleyball title with the Bel Aires runners-up.

GRUELING STRUGGLE PREDICTED FOR YOGORE-RED SOX TITANIC FRACAS

The game of the week—Red Sox vs. Yogores. Manzanar baseball fans will witness two of the top ranking teams at the present time, namely the Yogores and Red Sox, who are yet unbeaten.

YOGIES SLIGHTLY FAVORED

According to statistics, Yogores are slightly favored. Both clubs can hit, and have good defense in the inner and outer gardens.

In the early part of the season, Yogores displayed the 'simplest' errors, but as the season progressed, they improved considerably. Now, they have one of the tighter defensive teams.

RED SOX GOOD TOO

The most feared by all teams is the hitting department of the Red Sox. Besides their hitting they have a great team in defense. Roy Nakashima made beautiful and spectacular catches in center to rob Sears of hits and runs. He will be again in the center today.

HITTING VS. HITTING

Yogores will be led by Toru and George Shimizu, Joe Seko, Nob Murakami, Fumio Ohara, Uyebo, Uyematsu, and Maxie Uragami.

Red Sox will be led by Wally Yamada, Ernest Ogawa, Shig Morikawa, Kane Ishino, Hide Tochioka, and Tom Nakashima.

HIGASHI VS. MORITA
Isao Higashi will be called upon to halt the murderers' row of the Red Sox, who is considered the cleverest hurler in the league.

Jimmy Morita will be assigned to stop the Yogores' murderers' row.

SAN FERNANDO AFTER 3RD STRAIGHT; TAMURA & FURUTA TO TAKE MOUND

In the nitecap Sunday, the yet unbeaten San Fernando Aces face the up-and-coming El Santo. Although the Aces are a heavy favorite to continue their winning streak, El Santo will do everything in their power to halt them in their tussle tomorrow. In their last encounter, the Aces completely overwhelmed El Santo, 28-7, to register the biggest one-sided contest.

Solons Try For Upset Over Skips

Promising a close, exciting game in the opener Sunday, the Solons clash with the highly touted Skipper nine.

Last week, Skippers defeated El Santo, 5-3, and Solons were handed a shelling by the powerful Yogores, 13-1.

WHEN THEY MET LAST TIME

Solons and Skippers met in one of the practice tilts a while back, and exhibited one of the better and interesting games.

Solons were leading, 5-3, going into the latter part of the last frame as the Skippers came to take their cut at the horseshide. They took enough cuts at the leather pellet to manufacture the needed runs to take the game, 6-5.

SKIPPERS CHOICE

Skippers will be favored over the Solons when they take the field tomorrow.

Skippers boast a stronger hitting and a much better defensive club. At the plate they will be led by steady Moto Shimizu, Yuki Tatsumi, Isao Mikuriya, and Wataru Okamoto.

Although the team hitting is not up to par, Solons have several capable hitters, such as Ton: Ito, Yank Sawamura, Bob Matsumoto, and Yo Takahashi. Solons have the sloppiest defensive record in the circuit, and if they don't snap out of their erraticness, they will have an extra hard time with the Skippers.

PROBABLE LINE-UP

SOLONS	SKIPPERS
M. Matoba 2b	W. Okamoto c
B. Sano ss	Y. Tatsumi 3b
K. Matoba rf	L. Kawachi 1b
Y. Sawamura c	M. Shimizu lf
T. Ito cf	J. Tani p
Y. Takahashi 3b	C. Miyaki ss
T. Kuse lf	I. Mikuriya rf
K. Morita 1b	S. Hashimoto 2b
F. Fujii p	F. Takeda cf

Since the acquirement of Susie Susukida, the 'brains' behind the current Santo set-up, El Santo has improved considerably as proven by their recent scores.

Without a doubt, the Aces have the best all-around team in the circuit.

Their ability to hit in the pinches has caused many headaches to the opposing teams.

As a whole, the team is built around the man who fires the pills, Jimmy Tamura, who rates at the top with 'no-hit, no-run' Isao Higashi of the Yogores.

EL SANTO CAN HIT

Probably the 'hittingest' team in the league, El Santo claims to have the most hits off Jimmy Tamura in a single game with a total of 11.

With the theme, 'We did it before, and we can do it again,' El Santo will be gunning for an upset through hitting. Tee Kamoto knocked out three hits off Tamura last time, Harry Takechi also smacked out three hits, and George Hattori was credited with two.

EL SANTO FIELDING BAD

One thing that was holding El Santo from victory, and what's still holding them back is their fielding.
