

Auditorium Construction To Commence This Month

Actual construction on the long-anticipated combined auditorium-gymnasium here will commence early this month, announced Public Works Division this week. The 118 feet by 118 feet wooden structure will have a seating capacity of 1200 and will be located between blocks 7 and 13 facing the upper end of camp.

..... S. O. S.
(Snow On Sunday)

M'sieur Forty Four was barely 45 hours old when Ma Nature greeted him with a light dose of snow here Sunday night. This unexpected deposit was a surprise to the majority of the residents, because there was no hint of snow clouds in the early eve.

Thanks to the fineness and dryness of the snow, the youngsters were denied a snowy frolic. Sunshine prevailed during the next day, and though frozen walks and roads threatened many a pedestrian, there was an absence of the usual slush.

Receive Allowances

All clothing allowance checks for the month of October have been received this week and will be distributed immediately upon being checked and assorted, according to the Fiscal Department. It was announced that these checks will be sent to the block managers of every block for distribution to the residents.

Tell Organization of 'V' Garden Club Here

Organization of a Victory Garden club was completed at the last meeting of the Victory Garden Association, announced K. Nakamura. The club will adopt the membership system and will be under the sponsorship of the Community Activities department.

At this meeting Mr. Henry Nakamura was elected as chairman of the club. Ten committee members were also elected. The club stated that every member will be allotted one lot 30 by 50 feet as soon as he pays his membership due. Registration for membership may be reported at any block office.

Church Members Help Make Jackets

Manzanar Christian Church members gave their time and efforts to making bed jackets and bed socks, which were presented to hospital patients as Christmas gifts from the Manzanar Red Cross. Among donations to the hospital were slippers for blind and aged patients, toys for sick and crippled children, and ten dollars for cards presented to patients in Hillcrest Sanatorium by the Red Cross.

First aid kits and utensils will be delivered to block offices soon, she said.

The building to be built by evacuee carpenters will be equipped with a fireproof projection room for motion pictures and will also be used for lectures, dances, and social gatherings.

The structure, expected to be completed by graduation time, will have a stage measuring 22 by 40 feet. The inside floor surface will measure large enough to accommodate one basketball court, 80 by 96 feet and will be constructed of Douglas fir.

Wings on the side of the auditorium will house rest rooms, lavatories, and lockers. Heating will be by oil forced draft furnace.

Barton To Accept Los Angeles Post

In appreciation of the efforts of Evacuee Property Officer Earl W. Barton in obtaining stored goods for the evacuees, the staff of the Evacuee Property Office will sponsor a farewell turkey dinner party in his honor. Mr. Barton relinquishes his post here to take up his duties at the Los Angeles office of the War Relocation Authority and will supervise the handling of evacuee property stored in cities from San Luis Obispo to the Mexican border.

Mr. Barton will attend a conference of Evacuee Property Officers in San Francisco during the third week of January before assuming his position in Los Angeles. It was announced that he will be back in Manzanar to supervise luggage and freight movement when the remainder of the segregants in this center is moved to Tule Lake. His experiences in this matter will not be lost.

The dinner party is slated to be held at Kitchen 14 at 7 p.m. on Saturday, January 8. It is hoped that besides the evacuees, there will be many of the appointed personnel attending. Japanese dances and vocal solos have been arranged to entertain the honored guests.

Offer New Classes In Vocal Lessons

New classes in vocal lessons are being held and have begun for all students interested in music, announced M. Shisaki, business manager of the Music Hall.

There will be a registration fee of 30 cents for adults and 20 cents for children under 16 years of age, for the term beginning January 1 and ending March 31.

All lessons are given in the Music Hall 24-15. It will be open from 8 a.m. to 9 p.m., Monday through Saturday.

Clarinet, saxophone, trombone, flute, guitar, violin, drum and piano are a few of the instruments taught. Harmony is taught by Mrs. A. G. Nielsen every Monday afternoon at 2:30.

All information and discussions regarding the time and types of lessons may be had from Mr. Shisaki at the Music Hall. The department also announces that they will gladly furnish music for entertainment. This includes smaller music groups, as well as large swing bands.

Brown Warns On Flooded Cellars

Flooded cellars under the evacuees' apartments make for health menace and risks destruction of government property, it was emphasized by Assistant Project Director Robert L. Brown. The residents whose cellars are flooded have been asked to send their names to the block managers' offices.

The Public Works Division shortly is expected to make a barrack-by-barrack check-up to examine all cellars. Concern was expressed over the possible collapse of the buildings due to weakened foundations and the pollution of water in these cellars. The subsequent collapse of any building would constitute willful destruction of government property, it was pointed out by the director.

Praise Japanese Americans At Rally

NEW YORK CITY, Jan. 5.—Japanese Americans were singled out for special praise for their contribution in support of the National War Fund drive at a fund rally held recently in the Hunter College auditorium, according to The New York Times.

The Japanese American committee, whose chairman, Dr. Kanzo Oguri, has two sons in the United States Army, has raised more than \$3500, stated The Times.

The Times said that committees representing residents of this city from 25 separate national origins had raised \$732,505 through the United Nations Relief Fund of the Fund's New York Committee.

Islanders Donate To Boys At Shelby

CAMP SHELBY, Miss., Jan 1.—To remind their friends that the people of the Island Territory have not forgotten them, the Emergency Service Committee of Hawaii collected \$6000 in donations and sent it to the 442nd Central Postal Directory at Camp Shelby, Miss. They ask the chaplains to use this sum to give all the men the best possible Christmas gift.

The chaplains questioned the soldiers and decided that a combat team annual, similar to a college yearbook, would be most appropriate and appreciated.

"The purpose of 'The Album' as the Combat Team Editorial will be called, is to graphically record the history of the Combat Team, which is unique in the annals of the United States Army for its active participation in the present time with particular stress on the training and activities of the personnel both while on and off duty, according to the editors. Photographs and pictures, as well as action shots, will be used whenever possible.

NOTICE

GIRLS' TEAM MANAGERS—Girls' team managers are again reminded to enter their team as well as their name in the coming basketball season. Since some windy weather may prevail in the coming days, thus delaying the schedules, league directors are anxious to get the league under way soon. Let's hurry and sign up at 14-15.

GIVE NEW INDOOR MOVIE SCHEDULE

Motion Picture Division of the Manzanar Cooperative Enterprises last week initiated a new movie schedule so that the residents may see future movies indoors instead of at the outdoor theater during the current cold weather. Use of Mess Hall 2 and 36 has been negotiated for by the Co-op and the schedule has been made so that the residents of the center may all see the same picture.

It was stressed by the management that only persons with tickets for the blocks designated for that showing will be admitted. Members of the Manzanar internal police will be at the door to refuse admittance to those who are not scheduled to see the picture.

Scheduled for a four day showing this week which begins tomorrow is "The Pride of the Yanks."

At Mess Hall 36, Thursday, 6:30 p.m., blocks 33, 34, 35, 36; Friday, 6 p.m., Blocks 29, 30, 31, 32; second showing: 8 p.m., Blocks 25, 26, 27, 28; Saturday, 1 p.m., Blocks 21, 22, 23, 24; second showing: 3 p.m., Blocks 17, 18, 19, 20; third showing: 6:30 p.m., Blocks 14, 15, 16 and Children's Village.

At Mess Hall 2 on Sunday at 1 p.m., Blocks 10, 11, 12, 13; second showing: at 3 p.m., Blocks 4, 5, 6, 9; third showing: 6:30 p.m., Blocks 2, 3 and 8.

State Court Upholds Legality of Military Evacuation From Coast

Legality of the military evacuation of all Americans of Japanese ancestry and Japanese aliens from the West Coast by Lt. Gen. John L. DeWitt was upheld recently by the Ninth Circuit Court of Appeals in California reported the Heart Mountain Sentinel. Through information from the Civil Liberties Union, The Sentinel stated that Judge William Denman, although concurring in the opinion disclosed profound understanding of, and sympathy for, the lot of American Japanese.

Judge Denman protested the evasion by the majority of the Circuit court of the issue of "imprisonment and deportation." In speaking of the Korematsu case, he stated, "There is no showing or suggestion that what Korematsu suffered from that contrast between the American teachings of personal liberty and

equality of their denial caused any disloyalty."

Judge Denman expressed the hope that Congress by appropriate legislation would afford some compensation to the victims of military orders.

Offer New Classes To Issei Residents

Adult Education department is offering two new classes to Issei and Kibei in this center, announced Dr. Melvin Strong, director of Adult Education. The use of the Basic English Method will be used in teaching conversational English.

He reported that classes will be limited to 20 students each and applicants are asked to register at Adult Education office, 7-1-1 or at Ironing Room 11.

"Nisei Assimilated?" Discussion Topic

"Are Japanese Americans Being Assimilated?" will be the topic for the panel discussion slated for Wednesday at 7 p.m. in 7-10-4. Dr. Morris Opier will be chairman. Other members of the panel will be Margaret D'ille of Community Welfare, Roy M. Takeno of Office of Reports, Sarah C. Oltmans of Education, J. Benson Saks of Legal Aid, Dr. Genevieve W. Carter of Education, and the Reverend H. G. Bovenkerk, stated Dr. Melvin Strong of Adult Education. A formerly scheduled panel, "Nisei in the Armed Forces," will be included in this discussion, stated Dr. Strong.

Tell Apprenticeship Position Still Open

Apprenticeship positions for persons wishing to learn details of a trade are still open, announced Dr. Melvin Strong, director of Adult Education.

Positions available for apprentices are those of stenographer in the Education Department, medical stenographers, painters in the Public Works Department, librarians, laboratory technician, and X-ray technician. Anyone interested should inquire at the Adult Education Department, 7-1-1, or at Employment Office, 1-4-4, stated Dr. Strong.

HEALTH PROGRAM

School health program has been initiated and is being carried out in spite of the decreased medical personnel, according to a recent hospital report.

The report stated that one hour a day is given to school health examination by a physician. This year, it is planned to examine only the first, fourth, and eighth grades. One of the results of the examination has been noted a number of dental defects among the children.

Essence Of Democracy

News stories have been accurate and, for the most part, specific. Yet there are some who are confused about what is going on in the Japanese-American segregation camp at Tule Lake, California.

It is important to remember that the internees at Tule Lake are not run-of-the-mill Japanese-Americans. They are a select group. Every man there was chosen because he was not a representative Japanese-American—because, unlike the vast majority of Americans of Japanese blood, he was disloyal to the United States, unresponsive to democracy, treacherous, untrustworthy, unfit to mingle with decent human beings.

There are, at Tule Lake, some few to whom these epithets do not apply. They are women and children who, under the rigid family system of the Japanese race, went along with their pro-Japanese husbands and fathers.

But these few are important only as individual victims of a situation. The important thing is that we Americans should distinguish clearly between the Tule Lake aggregation of traitors—who now are rioting and plotting—and the almost 100,000 good, loyal American citizens who, by the accident of birth, have "Japanese blood" in their veins.

It would be no more just to hold the Tule Lake agitators against other Japanese-Americans than to hold the Lord Haw-Haws against all Anglo-Saxons.

Just for the record, it is worth remembering that these Tule Lake Japanese, who are not entitled to be dubbed "Americans," were permitted for some 18 months to mingle freely with loyal Japanese-Americans, against whom they directed subversive propaganda ranging from wheedling through argument to threats, before public demand forced their segregation at Tule Lake.

But now that wrong has been righted. Every known bad Japanese, which means at least 99.44 per cent of all, is now at Tule Lake.

The Japanese-Americans not at Tule Lake have every right to be considered and treated as plain Americans, without discrimination because of skin tone or cast of features.

That is important to them. It is equally important to us who have no Japanese blood and who hate everything for which Nippon stands.

Why? Because that is of the concentrated essence of democracy. And if we are not fighting to make democracy work, why are we shedding good American blood and dissipating our material wealth?—Editorial from THE DAILY POST-TRIBUNE and PERU EVENING PRESS, La Salle, Ill.

Give Data On Yule Gifts Received Here

Manzanar children again received gifts from churches in almost all of the states in the union; particularly have the churches in New York and California been generous, announced the Rev. H. G. Bovenkerk. The fact that California ranked second only to New York is significant for it shows that in spite of much adverse publicity there are hundreds of people who have sent Christmas gifts to the evacuees in Manzanar. Area around the Great Lakes in the mid-west has been generous for one half of the total number of the presents has come from this region.

A total of 376 packages arrived before Christmas enabling the local committee to distribute to the blocks, the hospital, and the children very many more than 2850 gifts for all the children up to eighteen years of age.

In addition to gifts, Manzanar has received a total of four hundred and fifty dollars in cash from various donors.

FORMER RESIDENTS

Many of the donors stated they had heard of life at Manzanar from resettlers. The YWCA in Madison, Wisconsin, was very enthusiastic about the fine address which they received from Sue Kunitomi, formerly of this center, and sent a large amount of gifts. A letter of Project Director Ralph Merritt which was printed in the Common Ground Magazine describing the Christmas situation at Manzanar in 1942 was responsible for many contributions in 1943.

LETTERS

Many letters were sent in accompaniment with the gifts. A community leader in the mid-west writes, "my daughter, age 5, first heard about the Japanese-American evacuees said simply, 'but Americans don't do things like that.' I think it was her first disillusionment about her country. We are sending these gifts with the prayer that the evacuees soon may resume normal community life in our land."

An interesting parallel is that there are more gifts from Idaho than the other states in that vicinity; the presence of Manzanar furlough workers might account for this, stated the Rev. H. G. Bovenkerk.

The local Manzanar gift committee represented eleven local organizations including Town Hall, churches, Community Welfare and affiliated organizations.

Agriculture Division Tells Stock Progress

The first egg laid in the local poultry farm was reported to have been on December 25 from a four and one half month old pullet. Both mother and egg are reported to be doing fine.

All construction work on the poultry project has been completed, it was announced, and eggs are expected soon.

HOG PROJECT

Hogs have been adjusted to straight garbage feed, and are making satisfactory gains, which makes the pork production look promising. Since they were moved into their new pens, which were completed December 10, there have been no losses, it was reported.

Letters from the Public

(The following letter was received by the Manzanar Parent-Teachers' Association from Mrs. William J. Bruce, former advisor of the PTA. Her husband formerly held the position of supervisor of Consumer Enterprises division here. They are now residing in Arlington, Virginia.—Ed. Note.)

My Dear Friends,
Dr. Bruce and I wish to thank you from the bottom of our hearts for the lovely farewell party and for the truly beautiful picture which you gave us.

It was with great sadness that

we left Manzanar, but our going was lightened by the warmth of the friendly farewells that you gave us.

I cannot put on paper what working with the PTA in Manzanar meant to me; words are inadequate.

Dr. Bruce joins me in wishing you much success not only in your organization but in your personal lives as well.

If there is ever any way we can help any of you, please feel free to write us.

Sincerely yours,
Mrs. William J. Bruce

Crack Shots Hold Installation Party

The newly formed Crack Shots had an enjoyable evening with their mothers at the Candlelight Installation Ceremony held recently in Mess Hall 30.

The following officers were installed by co-advisors Dorothy Yamamoto and Mrs. Aileen Nakashima: Carol Hirabara, president; Rosie Hanawa, vice president; Josephine Seno, secretary; Carol Kuse, treasurer; Judy Nakao and Gladys Matsumoto, 'Y' representatives; Ella Nakao, athletic manager and Sumiye Uchida, historian.

Games, refreshments and entertainment followed the installation announced the president.

Work Opportunities Plentiful In Omaha

Opportunities for work in industry, farming and domestic jobs are still plentiful in Omaha, according to Omaha, Nebraska Relocation Officer Walter N. Parmeter.

Omaha area consists of the eastern half of Nebraska and that part of South Dakota which lies east of the Missouri River. Approximately 125 relocatees are now working in Omaha, which has a population of 250,000. There are approximately 67 nieces attending college at Lincoln, Nebraska and there are a small number in several of the other colleges in this area.

"If you are interested in working in our area, I can assure you that we can give you work on arrival that will take care of your expenses until you are located in the particular kind of position which interests you most," declared Parmeter.

MANZANAR A. P.'s**

Vacations were numerous among the appointed personnel during the recent Yule holidays. One of the most unusual vacations taken was that of Mary Jean Kramer and Lucille Smith. Both secondary school teachers traveled to Mexico City, Mex. via airplane over Christmas vacation. Miss Kramer is noted for her fondness of traveling, having traveled extensively in Europe and the Orient.

Cupid, who is doing a thriving war business, has taken his toll among the appointed personnel. His target was Edith Cox, school teacher, who is now Mrs. Templed. Mr. Templed is in the Army, being stationed down the highway at the Military Police camp.

Three terminations and one new addition have been made on the appointive during the past month. Florence Welck is the newcomer, working under Edwin Hooper as secretary. Those who have left their jobs truck driver, Paul Lorenzino, property and warehousing officer, Elsie Eades, personnel officer, and Ira Carpenter, assistant fire protection officer.

Barbara Dougherty left for Los Angeles on annual leave to visit her mother who has undergone a major operation. Thelma Kellestevig, secondary school teacher visited her sister in Portland, Ore., during the Yule holidays.

Mr. and Mrs. Horace R. McConnell also traveled during the holidays going to San Diego where they visited Mrs. McConnell's father.

Most of the school teachers were gone on vacations during the winter recess. Those who went on vacation were Lena Harrison, Martha Job, Mr. and Mrs. Brieux Bouche, Elaine Clary, Marjorie Davalle, Helen Ely, Louis Frizzell, Janet Goldberg, Margaret Golden, Martha Groth, Virginia Hayes, Carrie Knapp, Phillis Mesner, Anita Nicholas, Sarah Oltmans, Dorothy Rau, Oma Umhey, Bertha Wodeage and Dr. Velma Woods.

Other personnel on vacations are Lucy Adams, Ruth Budd, Ralph Feil, Marjorie O'Brien, Clyde Simpson, and George Thompson.

Two stock clerks are sought by the Luce Manufacturing company of Kansas City, Missouri, announced the Relocation Officer. Their duties are to set up and maintain an inventory of all hardware that is used in the manufacturing of hand luggage and suit cases.

The position at present pays 70 cents an hour for a 48 hour week which will give a weekly earning of \$36.50. There no doubt will be some opportunity for ad-

**Nisei Employed As
Relocation Officer**

CHICAGO, ILL., Jan 5—Nisei and issei resettling in Chicago now have the opportunity for expert counseling, in English or Japanese, from Mrs. Chiyo Isumi, 52-year-old Berkeley, California woman who is employed as a junior relocation officer by the WRA in Chicago, a news release stated.

Prior to resettling in Chicago, Mrs. Izumi was counselor at Topaz Relocation Center, and before that she aided in the registration of West Coast Japanese previous to evacuation.

She has helped countless American Japanese and has assisted both young and old in their problems.

Mrs. Izumi lives in Chicago with her husband and daughter, who is a laboratory technician in Michael Reese Hospital. Homer, a son, is a doctor in Hawaii; Elbert, another son, is a soldier at Camp Shelby, Miss.; and Ernest, a third son, is a lieutenant in the medical corps stationed at Borden General Hospital, Okla., the news articles reported.

**Philadelphians Invite
Resettlers To Dinner**

In the "News from Philadelphia", a bulletin published by the War Relocation Authority of that city, Philadelphia Relocation Officer Henry C. Patterson reveals that many a nisei was invited to a home in the city or suburb to join a family at the annual feast.

"Some of our hostesses have sent us word that they never enjoyed Thanksgiving more than with such appreciative guests, and indeed the day seemed all too short," Patterson declared. "We know of a few who ate Thanksgiving dinner in the early afternoon and another one with a second family in the evening. One popular fellow, who was invited to eat three turkey dinners and couldn't fit them all in, was inquiring around to see if anyone was serving turkey for breakfast. No one had invited him for that meal," the relocation officer stated.

Also included in the bulletin were job offers from various leading citizens of that city. Jobs ranging from experienced doctors at \$150 monthly plus full maintenance and maintenance for wife to greenhouse grower at \$35 weekly.

Advancement even at the present time. As for the post-war work of this company the personnel manager says that after the war they contemplate a tremendous expansion and that the man accepting the position presently offered will be in a key position and that he can anticipate a very adequate salary.

**American Churches
Play Important Role**

Churches in America are playing a leading role in applying principles of Christianity and democracy in the everyday life, according to George E. Rundquist, executive secretary of the Committee on Resettlement of Japanese-Americans.

He revealed that this is being shown by the active participation of the churches in the resettlement of nisei who were evacuated from their homes primarily because of wartime hysteria, racial discrimination and prejudice, and economic and political pressures.

Resettlement of Japanese Americans and their parents who have been in America for at least twenty or more years has been going on steadily, but quietly, during the past year and the committee has resettled over 15,000 Americans with oriental faces to normal American communities, Rundquist disclosed.

He announced that at present, five hostels are in operation as temporary housing for the evacuees. Two in Chicago, one in Cleveland, one in Cincinnati, and one in Des Moines.

In revealing that there are still some 75,000 persons to be relocated, he declared, "We must provide a place in America for these people and demonstrate that democracy and Christianity work are practical principles of our daily lives".

St. Paul and Minneapolis have undoubtedly been factors in maintaining good will toward the incoming evacuees, and the cooperation of innumerable social and religious agencies and civic organizations have been even greater factors in paving the way for Minnesota's heaviest relocation, which has been in the Twin Cities.

The reaction of the press has been friendly and has shown a good attitude toward the relocation program. Hardly a day passes that some mention is not made of American-Japanese in one or the other of the St. Paul or Minneapolis papers, according to an announcement from Harold M. Mann, relocation supervisor.

JOBS PLENTIFUL

Job offers here, as in most parts of the country, have come in excess of the number of persons available to take them. Wage rates are good in comparison to those usually paid locally. In unskilled jobs, and in most manual skills, wage rates here compare favorably with those in other localities east of us. Labor offers currently on file range from 55 cents to 79 cents per hour for men and factory jobs for women, mostly of the piece-work nature, range from 45 cents to 80 cents or \$1 depending upon proficiency. Domestic wage rates from \$10 to \$22.50 with a great surplus of offers available at \$15 to \$22.50 per week, plus room and board.

In regards to problems in this area which are now confronting the sub-office, Relocation Supervisor Harold Mann declared, "Our major—and only real limiting problem—is that of housing."

Sideline

with the Sports Staff

What happened to the once highly touted Washington Huskies on New Year Day? It's certainly a great unexplained mystery to see the Huskies being completely annihilated, 29-0 by the Southern California Trojans who were supposed to have been the goat on the 2½ to 1 odds, at game time Saturday.

Well let's take the Washington side first. Captain Sam Robinson is said to have stated, "We sure loused that one up," but as we reminisce the Rose Bowl fracas, we believe the "we" part should be left out as Robinson did play a good game and since he was the outstanding performer, he was a marked man. Take a Model A Ford for instance with four cylinders. If only one sparkplug was firing and the three remained 'idle,' how much power would the car have? Well Robinson was in a similar spot and nothing can be said now as it's all in the past. Credit the Huskies' heavy 'stationary' wall for their stubbornness, and tab the Trojan line for being more stubborn.

Now let's take the Trojan outfit. For the Southern Cal's first substituting, Jim Hardy went in for Almslie Bell and really did a swell job of winning the game for the Southerners. Yes sir, three touchdown pitches for Troy's first three scores. Trojans certainly took on the geometric axiom, the shortest distance between two points is a straight line and really used it by their passing bargains. Dick Jamison was well credited for his wonderful job of booting and pointing for the Troy lads. Hardy connected time and time again with his aerial attack. This year's tussle made the eighth game the Trojans won in the Rose Bowl. They certainly "flushed" the Northerners with a 29-0 victory. AT LAST . . .

At last the long anticipated combination gym-auditorium will be built. This morning, yours truly trudged over to the Public Works department and inquired about what many thought was just a nightmare. It is definitely real that we're going to have a gym-auditorium. With the playing surface being 80 by 96 feet, a basketball court will be formed on the Douglas fir surface. Basketball won't be all because volleyball and other sports will be featured when the season comes out of hibernation. The structure will be built between block 7 and 13 and it will face B Street towards the center. Height of the interior is to be 40 feet. The wings on the side of the main structure will be used as rest rooms, lockers and a room for storing equipments. Freeze in the big gym? Oh yes, that will be taken care of by forced draft oil heaters that will keep the 12000 spectators and players warm during the winter season. The pouring of the cement for foundation is slated to take place within this month, but it is not possible to say when it will be completed, but let's just hope for its completion as soon as possible so we can at least have some casaba games on the indoor gym-auditorium combine. Hoshizaki Cards 56; Cops 1st in Welcome Tournament

Playing the long postponed Welcome Tournament last Sunday, Frank Hoshizaki carded a low 56 net score to cop the first prize of four balls.

Barons Win, 35-30 Over Excludandos

Playing against a much taller and experienced Baron quintet, the game Excludando five of Block 20 dropped a 35-30 thriller Sunday on latter's court.

Composing the starting lineup for the Barons were Yuichi Hirata who performed on the first string berth for the Zeros last year and Ben Adachi at guards; George Nakao who made up one of the forward walls of last year's Zeros at center; Pud Tachibana who donned the Brother Hat uniform last year and Cole Yamada who sank 'em in for the Sierra Padres last season at forwards.

In the first quarter, Excludandos took an early lead over the Barons with Sam Yoshimura doing most of the damage. Deceptive Taiqyo Uyeshima displayed wonderful floorwork and had the Barons going. Scrapy Cole Yamada, George Nakao and Yuichi Hirata kept the Barons together as the first quarter ended with the Barons behind, 10-2.

Substitution came in the second quarter for both sides and play was once more resumed. As the Barons sank two baskets, Excludandos sank two buckets and the score was 14-6 at the end of the first half.

In the third quarter, Baron's stars George Hattori and Tak Isozaki entered the game and sparked the Barons as the quarter ended with the Barons a point ahead, 31-30. With Hattori and Isozaki at the helm, a nip and tuck battle resumed in the last quarter. The Barons proved too much for the Excludandos and the Barons went on to win 35-30, as the Excludandos' offense kept mum during the crucial moment.

round will be canceled since it will take additional two weeks to complete them. Second round will begin this weekend.

In pursuit were Joe Kishi and Ken Nakata, each totalling a net 64 to be awarded three and two balls respectively.

Lefty Uno, S. Sugimoto and Harry Okamura who placed third, fourth and fifth respectively were awarded one ball each.

R. MURAKAMI ROUTED FROM MOUND; MORIKAWA AND ISHINO LEAD MATES

The Red Sox finally broke into the win column Sunday when they defeated the El Santo, 13-7. After baffling the Solons so effectively a few weeks back, Rub Murakami was just another pitcher Sunday afternoon as the red-legged diamond trotters blasted him off the mound after three innings. As for Jimmy Morita, starting chucker for the Red Sox, everything was fine except for a 4-run outburst in the 7th inning.

STRANGE, BUT TRUE

In the first inning, General Yamashita got life on an error and advanced to 2nd on a passed ball. Ernie Ogawa was hit by a pitched ball. The "General" was caught napping when Murakami flipped a perfect peg to Hattori at 2nd. Harry Nishikawa slapped a hard hit that glanced off Murakami and went for a hit to short. Shig Morikawa connected a solid blow to center chasing across Ogawa. Nishikawa was caught sleeping at 2nd by Murakami for the second out.

Kane Ishino then smacked a hit to left driving in Morikawa from 2nd where he stole a moment before. Ishino took a nice lead off 1st base and before he knew it, he was caught off by Murakami for the third out.

RED SOX HOT

It looks as though it was a field day for the red-hosed nine as they pounded out 17 solid blows with 10 coming in the first three panels. According to their coach, the Red Sox played this game under their own jurisdiction.

EL SANTO 'HITS

Although they lost the game, El Santo collected more hits than any other time in the league's games which may mean they may be a threat in the second round. One great problem lies

食堂従業員制限さる

何故食堂従業員を減らすか、はなはだの口がと、小質問が人々の口にさ、もて居る折からウインテナスタール食堂長は同従業員の制限に就き左の如く語った、

先日アリゾナに於て催された各センター食堂長會議の結果、三百名を購ふ食堂の従業員を二百名にすることに決定された、今迄マンザナールでは他のセンターより多くの食堂従業員が働いてゐたので、當然その数を規定数に減らさねばならなくなつたのである、

猶三百名から少くなる場合、廿名毎に従業員一人減流らすことに決議で

れた、例へば一つの食堂の購ふ人数が二百八十名とあるのである、此の規定食堂従業員雇用法は、本年より各センターに亘つて實施される筈になつてゐる、

此の新規定を以て充分の購ひが出来ると思ふとウインテナスタール氏は述べられた、
