If for any reason, a person is unable to work at the present time, it is important that he notify the Personnel Office, stating the reason for his being unable to work, so that he may be removed from the non-regist-ered group, the personnel officer explained. By registering, they will also protect themselves and their families for grants from the Welfare Office.

# MANZANAR RESOLUTIONS MEMORANDUM TO PROJECT DIRECTOR MERRITT

With the selective service being made applicable to citizens of Japanese ancestry, we are now called upon to show our loyalty to our country by acts and deeds. We, as repres-entatives of the draft age male citizens of Manzanar Relocation Center, having been duly elected by our respective blocks, do wish to take this opportunity to present to you our wishes and requests.

We firmly believe that the rights and privileges be-stowed upon us as citizens of the United States go hand in hand with the duties imposed upon us. We are not unmindful of our duties at this time when our nation is at war.

We have steadfastly evinced our desire to be true loyal citizens after surviving the gauntlet of many bitter tests of loyalty-tests to which no other citizen group has been tests of loyalty—tests to which no other citizen group has been subjected in the history of these United States. Buffetted by the vitriolic and unceasing attacks against us by self-seeking politicians, yellow journalists, hirelings of vested interests and pressure groups as well as being branded by uncalled for and unfounded remarks of our own military leaders, we admit that we have, at times, wondered whether the principles of democracy upon which our nation is founded are real and existent, or whether we are embracing and cherishing principles built upon the shifting sands of empty, meaningless words. Any denial of rights and privileges of citizens will always have demoralizing effects upon those in the armed forces and those loyal people on the home front.

But withal, we still cling firmly to our faith in the fairplay, equal treatment and justice of the government of the United States and the avowed function of its duly const-ituted-representatives to safeguard and protect the rights and privileges guaranteed under the Bill of Rights and the Constitution of the United States.

As loyal citizens willing to pay the supreme sacrifice for our country, we earnestly plead that certain bans and restrictions be lifted, and that discriminatory rules and regulations imposed upon us as a racial group be dissolved. We firmly believe that the requests hereinafter set forth are not unreasonable or untenable.

# **RESOLUTIONS TO THE WAR DEPARTMENT**

1. Whereas, an ammendment to the Selective Training and Service Act of 1940 provides: "That in the selection and training of men under this act, and in the interpretation and execution of this act, there shall be no discrimination against any person on account of race or color," and,

Be It Further Resolved that we be given the opportunity and privilege to enlist or volunteer for all branches of the Armed Services without discrimination or segregation.

Mess hall 29 which was closed Tuesday night, leaves only mess hall 34 remaining in the two-block unit. The 27-28-32-33 unit will remain intact pending dec-ision on the case of Aitchen 28, the hospital special diet kitchen.

the south west was closed. The reason for closing 31,' was because some workers in the closed klichen in that unit were needed in block 35, and workers in block 31 would be closer to their work than those from block 26, Winchester said.<sup>-</sup> He also explained that these mess halls would be available to block residents for social use, and that at present, he was not contemplating any of these halls for special purposes.

It was reported that the peak population of 107,000 in the re-location centers has now declined to 92.000.

The announcement by Secretary lckes confirmed persistant rumors that one of the relocation centers would be closed. These reports, however, had indicated that Manzanar would be the first center to shut down.

# **Brothers Under The Skin?**

We constantly bring up the fact that America is "the melting pot of the world" and all of us are "brothers under the skin." We even go further and say that the Constitution of the United States guarantees us equal rights as citizens. High ranking officials such as Franklin D. Roosevelt, Harold Ickes, and countless other broad-minded thinkers have fought vigorously against discrimination in any form or manner. Yet in the lower brackets, racial prosecution continues to move forward full blast.

Americans of Japanese ancestry have been bluntly denied business licenses by the Salt Lake City Commission through a petition filed by the Federation of Labor. The resolution states that about 60 licenses were issued to Japanese Americans.

The first part of the Chamber of Commerse resolution reads:

"We appreciate full well that the Japanese who have been granted licenses are American citizens and on that premise are entitled to consideration.

May we intrude here and insert a correction?

It should have read:

"We appreciate full well that the Japanese Americans who have been granted licenses are American citizens.

However, this problem warrants further observation. There is admittedly actually growing signs of another "Little Tokyo" in the Salt Lake horizon.

The American public is more educated than the Axis, and know that this is not a battle of race hatred.

If Japanese Americans are going to colonize and build iron-bound districts and still demand equal rights they are going to have a tought time convincing the "other Americans" that theyr'e on the "same side."

The best results can be obtained by fighting shoulder to shoulder in the same rank and files of Mr. John Public.

The Citizen's Committee of Constitutional Rights may be fighting a battle for the so-called minority groupthe Japanese Americans—the under dog in the eyes of the race-baiting factions, but when our boys come marching home, from the battlefields after whipping Hitler and his racial prosecution and discrimination, they'll have to dirty their hands again by starting all over.
