## DELAYED DRAFT LIST ARRIVES

Long delayed list of names from the Selective Service, Local Board Number 134, Bishop, consisting upwards of 175 Manzanar youths for the first call was received this week, stated Arthur H. Miller, who is in charge of Manzanar Selective Service.

"Pre-induction physical examination for the Army will take place from April 26 to 29. If more names arrive in the near future from the State Selective Service Headquarters, the date of the examination will be extended," Miller said.

Following the examination the boys who pass their physicals would be probably sent directly to Fort Douglas, Utah after the 21 day furlough. When the inductees will be sent to Fort Douglas will depend on how fast Fort Douglas can absorb them.

Those receiving their pre-induction notices now cannot go out on either seasonal or indefinite leave until their pre-induction medical examination. Those relocated or on seasonal leave already will receive their pre-induction notice from the nearest board to the place where they reside.

## ICKES HITS COAST ATTITUDE

SAN FRANCISCO, April 19—Secretary of Interior Harold I. Ickes today called upon west coast residents to quiet "the clamor of those few among you who are screaming" for vengeance against former Pacific coast area Japanese, stated Los Angeles Evening Herald Express.

Ickes bluntly told the citizens of California, Washington and Oregon that "to a large extent" it is their problem to see that Japanese evacuees are restored to normal living soon after the war ends.

Ickes contended that there can be no doubt that the W R A program has, in general, been handled with discretion, humanity and wisdom. The W R A did not persecute the evacuated Japanese-Americans, he continued, and made no attempt to punish those of a different race who were not responsible for what has been happening in the Pacific.

Ickes asserted that it is intolerable to think that those people will be excluded from a normal life in this country for long.

The major emphasis at present of W R A operations, Ickes said, is on restoring the people of all W R A centers except Tule Lake as rapidly as possible to private life.

Ickes said he was "particularly grateful to those groups and individuals on the west coast who have been brave enough and christian enough to speak out against the vindictive, blood-thirsty onslaughts of professional race-mongers."

## Relocation Officials To Meet In Chicago

Plans to speed up group relocation and to present relocation opportunities to center residents will be discussed at a meeting of project representatives this month, declared Assistant Project Director Lucy Adams at a conference of local relocation representatives Saturday morning at Town Hall. She revealed that the meeting of center representatives will take place in Chicago on April 24 and that Walter A. Heath will join her there.

The assistant project director said that jobs, business and farm opportunities; ways and means of promoting and discouraging relocation; and family counselling program will be discussed there. Also at the meeting, each project will be asked to report its progress in the relocation program.

"Our points of view on relocation is in a very healthy state with about 20 to 25 persons relocating from this center weekly," she said.

Mrs. Adams added that she expects from 25 to 30 or even possibly 35 residents to relocate weekly before the summer is over but that "to speed it up immediately would disrupt the center activities."

## CO-OF CONGRESS TO MEET

Frank Yasuda, secretary of the board of directors, announced that meeting of the Cooperative Congress will be held tomorrow night, 7 p.m., at kitchen 22.

The agenda will include Amache conference reports, discussion of congress election which was postponed due to segregation, and an outline on auditors' report.

## - TO OBSERVE PUBLIC SCHOOL WEEK

Public School Week, which is being observed throughout the nation, will be recognized here next week, Dr. Genevieve Carter, superintendent of education, declared recently.

Primarily intended to tighten the bond between parents and teachers, the Parent-Teachers Association will show three selected short movies about children on April 25. A speaker will be present at that time.

Open house will be held on April 26 for parents by the schools from 7 p.m. to 8 p.m. Entertainment and refreshments will be presented through the Parent-Teachers' Association.

The gala annual elementary pageant, which was well received by the residents here last year, will again be staged at mess hall 16, April 27, 28, and 29, and a capacity crowd is being anticipated. Tickets for this three-day event will be placed on sale by the block managers and students.

Depicting the works and progress of student, a Manzanar school exhibit will be shown at 8-15, and will be open on all afternoons, evenings and Sunday during the Public School Week.

## LIFT SHIPMENT LIMITATIONS

As a further step in the program to assist families in relocating, the household goods of such families may now be shipped from the center to the point of relocation at government expense and without limitation as to weight. There was formerly a weight limitation of 500 pounds per family on such shipments.

Two other provisions for assisting family relocation were also announced by the War Relocation Authority in Washington according to instructions received at the center this week. The first provides for shipment at government expense of certain business equipment, farm implements or tools of a trade, and the second allows for the purchase of Pullman accommodations for those members of a relocating family who are sick or infirm.

Families at Manzanar who wish to relocate and bring their business, trade, or farm equipment with them may now make application to have such equipment shipped to the point of relocation from the west coast at government expense. Shipping charges will be paid on such equipment up to a weight of 5000 pounds, providing that it cannot be purchased in the community of relocation because of war time shortage or restrictions on production.

Such shipments of equipment may be authorized to assist in the relocation of families or individuals, but not for larger groups, and must be approved by the project director and the Relocation Officer for the area in which the evacuees plan to relocate.

## SHELTERS TO LEAVE NEW YORK HOSTEL

Chicago's Brethren hostel will cease its operation beginning April 22, according to word received this week from M. R. Zigler, executive secretary of the Brethren Service Committee.

Zigler revealed that this decision was made by the Brethren Service Committee after careful consideration of relocation situations in Chicago and New York had been made and after consultations with the several agencies of both communities, including WRA officials in Washington.

At the same time, the executive secretary disclosed that a Brethren hostel will be opened in New York on May 10 in cooperation with the American Baptist Home Missions Society and that its directors will be Ralph and Mary Smeltzer.

"New York offers many employment opportunities and it is hoped that with the assistance of the hostel, many more resettlers will be able to take advantage of these opportunities," he said.

## GREAT MEADOWS SHUTS DOWN CROPPERS

GREAT MEADOWS, N. J., April 19--Edward Kowalick, fearing further trouble after a shed on his farm burned under mysterious circumstances, agreed to yield to public protest today and discharge five Japanese-American laborers he had acquired as share croppers through the War Relocation Authority.

The 23-year-old farmer, who lives with his wife, daughter and mother, said "We can't sleep nights worrying about what is going to happen next. If it were only myself to worry about, I wouldn't give up."

A contract between Kowalick and the Japanese was negotiated with WRA aid, and in effect set the workers up on the farm as "share-croppers." They were to farm 30 acres, for which Kowalick was to furnish the seeds. After the crop was harvested they were supposed to reap half the harvest.

"They're good workers and I need them," Kowalick said. "I don't know where I'm going to get any more hands."

## MAY EXTEND PICNIC HOURS

Project Director Ralph Merritt, at a Town Hall meeting last week, stated to the block managers that "I want you to ask the people not to destroy the flowers and plants at the picnic grounds."

Although he declared that possible opportunity for future mountain hikes have been withdrawn by Gen. Delos Emmons and his staff, with the announcement of a recent violation of the Western Defense order here, Merritt said:

"Evening picnics will probably start around the middle of May. Picnic hours will probably be extended to around 7:30 in the evening during the warm summer days."

## NEW YORK CO-OP BUYER HERE

George Ishiyama, purchasing officer for the WRA Business Service Office in New York City, was a visitor in Manzanar this week.

The main purpose of his visit, he stated was to iron out some of the difficulties in regards to the operation of the Business Service Office; to convey information to the cooperatives concerning priority regulations and also to see if the enterprises were amply stocked with essential needs such as soap, shoes and shoe repair materials.

Since the stores were rather late in starting, most of the manufacturers and jobbers had no allotment which made purchases difficult, Ishiyama revealed.

## EATAVIA RESIGNS COMMUNITY WELFARE

Mrs. Nonette Eatavia resigned her post as associate community welfare counselor after serving nine months, according to Community Welfare Counsellor Mrs. Margaret D'Ille. Mrs. Eatavia rendered her services in training of families and directing case work in camp.

Mrs. D'Ille was scheduled to leave today for Washington to attend a welfare conference from April 24 to 29. During her short absence, Esther Rhoads of the Pasadena Friends Service Committee will take charge. Miss Rhoads is expected to arrive tomorrow.

## MUSIC INSTRUCTOR "SANDWICHED"

Louie Frizzell, local music instructor, was hospitalized late Monday morning, when a truck backed into his stomach while he was standing by the entrance of the Music Hall in block 24.

According to the driver, Louie was standing against the open door by the hall entrance directing the moving of a piano when the truck backed up and "sandwiched" him twice. Without a rear view mirror, the driver was unaware of the teacher's presence by the door. The "squashed victim" was expected to be "okay" after a few days' rest.

## DIES INVESTIGATES JAPANESE FINANCES

The Dies Committee is delving deeply into reports that strong financial and legal interests are at work putting pressure on the government to release Japanese evacuees from War Relocation centers and return most of them to the Pacific coast, it was revealed last week.

Investigators for the committee today are probing the matter in Los Angeles and New York with special attention given the financial setup of Japanese in this country. They are also delving into activities of pre-war representatives of the Mitsui, Mitsubishi trading companies, which had a virtual monopoly of Japanese foreign trade, Japanese goodwill associations.

For some time it has been rumored that powerful interests were working to save \$200,000,000 worth of Japanese capital that is now tied up by the Federal Reserve Bank and the enemy alien property custodian.

A committee spokesman said that a return to the coast of Japanese Americans would be a great aid in recovery and unfreezing of the funds.
