Ickes Impressed By Western Sentiment

WASHINGTON, Apr. 29—(AP) WASHINGTON, Apr. 29—(AP)
—Interior Secretary Ickes, just
returned from a trip to San Francisco, said last week he received
the impression that public feeling in the West has been "considerably allayed" toward Japanese American citizens.

He told his press conference he is "quite satisfied" with reaction to a statement he issued in San Francisco on the rights of American citizens of Japanese ancestry.

"Sentiment on the whole is better than I thought it was," Ickes said. "Many people in Cal-ifornia, I found, thought the War Relocation Authority has on the whole done a pretty good job."

Panel Series Date Shifted One Week

Rearrangement of the dates for the four remaining panel sessions on "America In The Making" was announced today.

All succeeding sessions will be shifted back one week. The following are the dates, chairmen, and the topics: May 2, Henry Bovenkerk, chairman; Problems of Residents of Japanese Ancestry in America. May 9, Morris Opler, chairman; Japanese Adjustment in America. May 16, The Future of People of Japanese Ancestry in the United States. May 28 Rajbh P. Merritt; America. Ancestry in the United States.
May 23, Ralph P. Merritt; America at War.
Note that there will be no session on April 25.

Test Case Certified To Supreme Court

SAN FRANCISCO, April 29-A two-year-old test case on the legality of orders excluding the Japanese from the western def-Japanese from the western defense command area was certified to the United States supreme court last week by the Federal Circuit Court of Appeals, according to the L.A. Daily News.

ing to the L.A. Daily News.

The supreme court was asked to determine whether WRA had power to hold such persons as Mitsuye Endo, a former state employee at Sacramento who filed the case, and deny them the right to go to court. If such a person can be held after having been ascertained a loyal citizen and able to get a job on release, and if such persons can be held without any hearing and if a probation system could be set up for such cases, it was disclosed.

West Coast Return **Backed By Fortune**

NEW YORK CITY—The longer the army permits California and the rest of the Pacific coast to be closed to everyone of Japanese descent the more time is given the Hearst papers and their allies to convince Californians that they will indeed yield to lawlessness if the unwanted minority is permitted to return, Fortune magnazine declared in its April Issue in an article, "Issue, Nisel, Kibei," dealing with the evacuation. "Perhaps the army forbide the NEW YORK CITY-The longer

"Perhaps the army forbids the evacuees to return home less for military reasons than because of strong California pressures and threats," the article declared.

Transfer Into Enlisted Reserve Corps Explained

Relative to the transfer of inducted Japanese Americans to the enlisted reserve corps, Secretary of War Henry L. Stimson, stated in a letter to Secretary of Interior Harold L. Ickes that Japanese Americans are now being inducted to an inactive status in the enlisted reserve corps and called to

active duty as rapidly as a suficient number, usually 250, is available to fill a training unit at a replacement training center.

"It is not economical in training time or in personnel to train smaller increments and the infiltration of untrained men into trained units retards their training. The transfer of individuals to the enlisted reserve has always been utilized to control the flow of personnel into training establishments or into units when the nature of the flow into the army was such as to require this control," Stimson said.

"The rate of induction of Jap-"The rate of induction of Japanese Americans is such that it must be controlled to provide an orderly assignment in accordance with training facilities and requirements and the enlisted reserve is the only device which is available. Present training requirements are largely determined by the replacement needs of dufferent are fall gray determin-ed by the replacement needs of the 100th infantry battalion, the 442nd combat team and the 1339 th engineer construction battalion which are composed of citizens of Japanese ancestry. In general, this procedure will not cause an individual to remain in an inactive status for more than a short time.

"You may be assured that Jap-"You may be assured that Jap-anese Americans like all other citizens being inducted into the army will be employed in a man-ner which will best meet the army's needs in the prosecution of the war," the Secretary of War concluded.

Seniors Contribute \$16 To Red Cross

Membership drive was completed by the Manzanar Junior Red Cross with a grand total of \$98.90, twice the amount received last year, according to Elizabeth Moxley, advisor for the Junior and the Senior Red Cross.

Class contributions of \$15.80 Class contributions of \$15.80 by the senior class of the Manzan-ar High School was the largest amount received by any one class. At the conclusion of this drive, every class of the Manzanar school system became a member of the Red Cross organization.

Seek 2500 Workers

PORTLAND, Ore.—According to plans of the War Food Admin-istration, war relocation centers will supply 2500 workers for the farm harvest in Oregon, Idaho and Utah, reported the Pacific Citizen

The WFA office of labor, how-ever, said the Tule Lake segreg-ation center in Newell, Calif. would not be among the centers supplying labor.

Donation Received

Receipt of \$10 for the local Red Cross drive from Mrs. Helen Nace Satterlee, writer and a frequent visitor to Manzanar, was revealed by Assistant Project Director Robert L. Brown.

Director Robert L Brown.

Mrs. Satterlee resided for a while last year in Lone Pine, and made visits to this center to gather material for a book she is writing. The assistant project director stated that the donation was received from her present residence at Warner Hot Springs, California.

Permit Needed For Gathering Over 50

It 50 or more people are to be assembled at any one time in one building, a permit must be secured from the fire protection officer, it was stated in a bulletin issued by Project Director Ralph P. Merritt. The primary reason behind this is that public safety is endangered, and the danger of fires and consequent panic increases with the number of people accumulated inside of one building.

To facilitate obtaining these permits, the Town Hall will be the clearing house for all meetings held within the center, whether arranged by evacuee residents or by members of the appointed staff, it disclosed. At the same time it was requested that the residents comply with the 24 hours advance notice in reserving the halls.

Clergymen Deplore Warren County Act

NEWARK, N. J. April 29—A meeting of 200 New Jersey clergymen at the 87th Newark annual conference of the Methodist Church unanimously passed a resolution last week deploring the action of Warren County farmers who, a week ago, forced the departure of five Japanese evacuees assigned to work on a Great Meadows farm. At the same time, the ministers heartily endorsed the efforts of WRA to settle people of Japanese ancesty who were evacues try who were evacues.

of WRA to settle people of Japanese ancestry who were evacuated from their homes on the West Coast. The resolution, introduced jointly by the Rev. Chester E. H. Hodgson of Newark and the Rev. Karl K. Quimby of Ridgewood, N. J., said that the members of the conference were greately disturbed over the citizens' action in denying the right of others to work and produce for the good of the entire nation. The resolution added—"We call upon our churches to foster in the communities inter-racial or reconciliation committees composition committees composition.

the protection of Japanese Americans, and it improves the "esprit de corps."

Referring to the stand of a small minority of Japanese Americans who refused to be drafted ericans who refused to be drafted except on the same basis as the caucasians, Lt. Ozamoto declared that any Japanese American who resists the draft is stupid—as he hurts not only himself but the great majority of his kind who are loyal to the United States.

Clearances Speeded

LOS ANGELES-Departures of LOS ANGELES—Departures of Japanese and Japanese American evacuees from war relocation centers ar being stepped up, with the process of checking the records of former west coast residents of Japanese ancestry nearly completed, the Washington correspondent of the Los Angeles Times quoted a WRA spokesman as saying recently.

Indefinite leaves reached 510 last week, the first time since last year that more than 400 evacuees have left the centers in a single week, the WRA official in Washington said.

single week, the Win Washington said.

Weather Conditions Delay Farm Crops

According to a report handled by the Farm Project under the supervision of Horace R. McConnell, farm supervisor, unfavorable weather conditions during the months of April and March delayed spring planting and tagrowth of farm crops here.

The report also specified that the feed shortage brought difficulties to the cattle project. Cattle slaughtering has been discontinued from April 25 to July, which eliminates the necessary purchasing of the 100 head of cattle scheduled for stocking during the fourth quarter. Day-old chicks, numbering 8000, were purchased during April, it was disclosed.

Miller of the personnel management office, stated that there are positions opened in this center for stenographers, typists, nurses aides, farm laborers, firemen and plumbers with or without previous experience. Miller stated that those interested should contact the Employment Office at 1-4-4.

Idle Lands Produce **Food For Centers**

Japanese American farmers, evacuated two years ago from their west coast homes into WRA relocation centers, have convert-ed 10,000 acres of formerly idle land into productive gardens, and are now producing practically all the vegetables needed by the 90,000 people residing in the centers, stated WRA Director Dillon S. Myer.

PRODUCTION PROGRAM

PRODUCTION PROGRAM
"The purpose of the production
program at the relocation center."
Myer explained, "is to supply as
much as possible of, the food
required to feed the people living
in them." Thousands of Japanese
American workers have left the
relocation centers to help relieve
the farm labor shortage and late relocation centers to help relieve the farm labor shortage, and also to help in other industries. These evacuees, of whom two thirds are American citizens, have been carefully screened by the War Relocation Authority. All those persons whose sympathies lie with Japan, or who might inter-fere with the war effort have been denied leave clearance and placed in the Tule Lake center in northern California,

PUBLICLY-OWNED

Most of the land on which the centers are located was publicly-owned and not in production before the evacuees arrived. To owned and not in production be-fore the evacuees arrived. To bring the land into production much of it had to be cleared and leveled. Large acreages had to be drained, especially in Arkánsas, to make it productable; and to several of the sites irrigation systems had to be installed, or repaired and improved. An add-itional 2000 or 3000 acres are un-der-going development. der-going development.

MILK TIME ISSUED

Sokichi Sugimoto, general manager of co-op, stated this week that Sunday service for raw milk will be given during the hours between 7:30 and 9 am. All persons must make their purchases at that time because after 9 am. the canteen will be closed for the day, he added.

For Nisei Voters

An organization reputedly known as the Japanese Exclusion Association is trying to place on the November ballot an amendment to the State Constitution barring nisei citizens from acquiring real property in this state.

The right to own property, alongside the right to vote, is the privilege of all citizens. We doubt whether any state in the union can prevent its citizens from legitimate purchases of land.

Although such a legislation may seem ridiculous; surely unconstitutional; it may be well for nisel voters to watch the progress of this initiative proposal. This is a "test case" by which we may gauge the general attitude of the Californians.

If this bill is introduced into the general election in November, we may safely assume that other racially dis-criminating legislations will be brought forth. If this amendment to the state constitution dies for lack of petition signers, politicians will think twice before proposing another like legislation.

SPORTS TASHIMA NABS AMERICAN SCORING

Wastin' Time

In the early part of this month, C, E. McBride, Kansas City Star sports editor devoted his entire sports column, "Sporting Comments" to University of Utah's nisei cager, Wataru "Wat" Misako

aka.

Misaka was the first nisel to play on a National Championship play on a National Championship team and also the first nisel to perform on the famous Madison Square Garden maple. His starring in a recent Utah—Iowa State casaba game was featured in the Kansas City Star as in the following excerpts:
"Listen, Tojo and Hirohito and you Nomura and you Kurusu, and all the rest of you, heathen sons of heaven, you won't understand this, it'll be far over your pagan heads, but, even so, you ought to

of heaven, you won't understand, this, it'll be far over your pagan heads, but, even so, you ought to hear about it.

"On the University of Utah hasketball team there is an American born Japanese boy. His name is Wat Misaka. He's a little fellow, only 5 feet 8 inches tall. He has been here with his basketball team. In fact, he played with his team on our Municipal Auditorium floor last Friday and Saturday nights, and, listen. Tojothis Japanese boy received the plaudits of a typical American sporting crowd, and it's about that ovation we mean to tell you and, your double crossing pals, Nomura and Kurusu, even though you won't understand it, because it's something altogether apart from the nature of your breed. from the nature of your breed.

JUST ONE OF THE BOYS

"This little Misaka boy, Amer-

"This little Misaka boy, American born representative of your-race, Tojo, caused not a ripple of resentment through the crowd that comfortably filled the great hall... There was, of course, no murmur against him. Instead, he received his share of polite applause when the time came for his introduction, just as did all the other players.

"Little Misaka came into the game again for his team along in the second half, when the play was running from rough to rougher for the Utah boys. They had seen a healthy lead dissipated while the Iowa State boys had come rushing from behind... Ten minutes of play remained, and Iowa State had forged a 2-point lead for the first time in the game. That's when little Misaka came in and shot a goal from the field to knot the tally at 28 and 28... Short while later, he wheeled down court and flipped the casaba through the netting. Who will deny it if we say that the play of the Japanese kid at this stage of the game whipped his teammate back to the spirited rally that was necessary? That's what we believe little Wat spirited rally that was necessary?
That's what we believe little Wat
Misaka did, and a few minutes
later the crowd gave evidence
that it felt the same way about

OUT ON AN UNINTENTIONAL FOUL

...We saw the foul that put him out. It was unintentional.... He was speeding down the court and got in the way of the Iowa State ball-holder. His back was turned, so he didn't know until the collision came.

"As the Japanese kid went off the court, his coach rose to meet him and so did his mates on the bench, even as his playing pals on the floor had patted his back in a friendly, approving way, as

in a friendly, approving way, as he left the game. Iowa State play-ers also expressed regret at his

ers also expressed regret at ms departure.

"But that isn't the main theme of this thing you'll never understand. Tojo, you and your countrymen and their distorted idea of things that are right. The main item, Tojo, was the attitude of the crowd. It was agrowd pretty much for Iowa State naturally, Iowa State being our settlonal

champions or co-champions, but the crowd forgot partisanship in ringing its sounding board for little Wat Misaka. It wasn't as great an ovation as we gave the American filer, 'Maj. Robert E. Galer, a few years ago on a similar occasion, but it was a splendid recognition for a worthy competitor in the good American way. You couldn't understand that either, Tojo, but that little American born Japanese boy more than likely will remember it all his life and thrill to it, and none of us who was there will forget it because it illustrated something we're fighting for. You wouldn't know about that either Tojo, you or Mr. Hirohito's subjects, because you're several centuries behind the civilized world. "Where else could a thing like

""Where else could a thing like that happen?' said Walter Rouzer, after he had joined the crowd in giving the Japanese boy a hand.

giving the Japanese boy a hand.
"Well, it might have happened
in Australia or England or Canada in any other highly civilized
country where sportsmanship is
known and practiced, but you
Hirohitos, and Tojos, you Nomuras and you Kurusus wouldn't
be understanding because it represents something you haven't
caught up with yet in the march
of civilization.
