MANZANAR, CALIFORNIA - SATURDAY, MAY 27, 1944.

Four Specialists To Replace Supervisors Of Center Co-ops

Regarding a statement made recently by Gerald Richardson, chief of business enterprises section in Washington, that after June 1, each center co-op will lose its superintendent from its WRA staff to be replaced by four specialists, Lee C. Poole, local business enterprises supervisor, declared that the story is "essentially correct."

"First announcement of the proposal was made at the Amache conference of cooperative delegates from the various centers early in April," stated Poole. "The effective date mentioned is June 1, however, this date is not likely to become effective for Manzanar for another month, or possibly two."

One of the reasons given by the WRA representative for relinquishing superintendents was that the co-ops are able to stand by themselves divorced from WRA supervision. Poole revealed that it had been the hope of the business enterprises section in Washington from the beginning that eventually the cooperatives would become well enough organized and administrated so that no full supervisor would be needed.

"In the eyes of the Washington office, that time has arrived," he added.

As to the situation as it applies to the local co-op, Poole said: "It seems to me that this decision on the part of Washington should be considered as quite a compliment to the cooperative for it recognizes the ability which its leaders have demonstrated in carrying the responsibilities of

(Continued on Page Three)

Garage To Receive More Employees

Equipment Maintenance Supervisor James L. MacNair this week revealed that his division has been given permission by Washington to increase the Caucasian staff in the garage.

He stated that if obtainable, the additions will include a senior foreman mechanic, foreman blacksmith, foreman mechanic and a mechanic to bring the total of seven appointed staff members employed in the equipment maintenance division.

Building of an annex to house new lubricating equipment and a wash rack has been cancelled due to the recent ruling that further construction of the present jobs are completed on the project, will be eliminated.

NEW CARS FOR CENTER

MacNair also disclosed that each center was allotted a new automobile on the basis that most of the centers had no cars suitable for long trips. This car will be used on long trips exclusively by the appointed personnel staff and by official visitors connected with the war relocation authority.

It was his hope, MacNair stated, to keep the personnel in the garage. "The staff must be properly manned to make repairs and to keep up preventative maintenance of the vehicles," he declared.

PERSONNEL LOSS

Of a total of 65 evacuee employees in the transportation division, the equipment maintenance supervisor showed that 26 have left on furlough and relocation.

Meal Regulations For Visitors Issued

Effective immediately, meals taken by the appointed personnel and visitors in evacuee mess halls, hospital mess, and the Children's Village, shall be paid for at the rate of 35c per meal, declared Project Director Ralph P. Merritt.

He said that the privilege of taking meals in the evacuee mess halls must be obtained in advance from the Mess Division, and that payment shall be made to the timekeeper in charge of the mess hall.

"Meals at the hospital may be obtained upon advance approval of the project medical officer, chief steward, or their duly appointed representatives, and payment made at the hospital to the kitchen timekeeper. For appointed personnel of the Health Division continued approval may be given and for others approval should be obtained for each specific meal. Hospital appointed personnel may sign for their meals and have deductions made from the payroll at regular price. Employees working in the hospital on the graveyard shift may obtain a sandwich and coffee for midnight lunch at the rate of 20c instead of the 35c charge for meals," he disclosed.

Approval for meals at the Children's Village may be obtained from the superintendent of the Village, Community Welfare, or from the assistant project director in charge of the community management, or the project director. Payment shall be made to the superintendent of the Children's Village, the announcement revealed.

Co-op To Register Domestic Workers

All persons, male and female, in the center who may be interested in doing domestic work for the appointed personnel staff should register at the Co-op office, 1-6, and make their wish known, stated Lee C. Poole, supervisor of Business Enterprises. Kinds of domestic work will be variable and will include caring of children, cleaning apartments, cooking, meals, and other duties. There will be some full time and some part time work available.

"This request is made because effective June 1, 1944, the Cooperative will be providing domestic help to the staff as requested in the Washington Manual Release 61" Poole declared.

Domestic help will receive compensation from the Co-op in accordance with WRA scale for workers, according to his announcement.

Announce Change In Local Carnival Date

Date of the coming carnival has been changed to July 1 and 2 in order to give more time for preparation, and for developing talent for the outdoor entertainment, announced Community Activities Supervisor A. G. Nielsen.

"Any organization who is interested in obtaining a concession at the carnival should send in their application," Joe Kohlgashi, general chairman of carnival committee, 1-3-1, he disclosed.

Through a ruling by Project Director Ralph P. Merritt and the Town Hall, no gambling will be permitted this year. All organizations running concessions will be permitted to retain two-thirds of the net profit while one-third must be turned over to the C.A.C.A., he revealed.

RULES ISSUED

Nielsen issued the following rules which will govern the carnival:

- (1) All clubs and organizations must be registered under the Community Activities, Education or at Community Welfare.
- (2) Blocks earnings may be used for recreational purposes within their respective blocks.
- (3) The program will include games of skill, sale of food and other edibles, sale of soft drinks and sale of other articles provided clubs or blocks are interested.
- (4) Entertainment may include freestyle dancing at the outdoor stage, arts and crafts exhibit at 16-15 and perhaps a movie program at mess hall 16.

Heath To Leave For Kansas City Area

In order to further assist families desiring to re-establish themselves, Walter A. Heath, the assistant relocation program officer is being sent to Kansas City, it was announced this week.

Heath will probably depart around June 15 and has issued a general invitation for persons to counsel with him if they desire more information about any locality or proposition in the Kansas City district which includes Kansas, Iowa and Nebraska.

Promising prospects exist in this area for small business people who desire to open a business again. Leo T. Simmons, relocation supervisor from Kansas City, recently told Heath that a number of islets and islets very successfully opened small businesses in such cities as Kansas City, St. Louis, Des Moines, Omaha, Lincoln, Sioux City and Council Bluffs.

To permit a local representative to visit outside areas and check on opportunities, has long been sought by Project Director Ralph P. Merritt, and he expresses the hope that center residents will take advantage of the opportunity that is now offered.

NOTICE

Effective June 1, all appointments for photos will be made through the block manager's offices, according to the Co-op.

Each block will send one resident to the studio once a week. The schedule is as follows: blocks 2 to 13 on Tuesdays; blocks 14 to 25 on Thursdays, and blocks 26 to 30 on Saturdays.

All appointments must be made at least one week in advance," the Co-op said.

Worker Shortage Causes Local Work Activity Cut

First steps in the program of curtailment of work activities due to labor shortage were announced this week by Project Director Ralph P. Merritt. With available workers reduced from a peak of 4700 eight months ago to the present level of 2200, a general reorganization of activities in the

Surveyors Sought

Engineering section of the public works division has openings for surveyors, it was announced this week. Those interested in that line of work are requested to contact Shig Nakanishi in the engineering department. Applicants must have knowledge of trigonometry.

Dr. Alvia Brockway Aids Local Cripples

Dr. Alvia M. Brockway of the Crippled Children Services left for local patients during her two-day stay, according to Community Health Nurse Irene V. Gavigan.

The community health nurse disclosed that Dr. Brockway spent Wednesday, May 17 on consultation and diagnostic clinic for local patients during her two-day stay, according to Community Health Nurse Irene V. Gavigan.

The community health nurse disclosed that Dr. Brockway spent Wednesday, May 17 on consultation and diagnostic clinic for local patients during her two-day stay, according to Community Health Nurse Irene V. Gavigan.

"The response was most gratifying in all aspects of the clinic," she said.

Nurse Gavigan revealed that on Thursday, May 18, Mrs. Winifred H. Porter, orthopedic nursing consultant of the Crippled Children Services, gave a lecture and demonstration in postural correction. The class, she revealed, was attended by children who were found to have poor posture in the school health examinations.

"The children were shown how they could help in the correction of their postures and much enthusiasm and interest were shown," she declared.

Manzanar USO Plans Future Program

"Manzanar USO Committee held 'enthusiastic' meeting on Monday, May 22, 1944 in the office of Mess Sergeant, Edwin H. Hooper, according to Mrs. Margaret D'Ille.

She revealed that Chairman Henry Tsurutani exhibited the certificate of recognition of the Manzanar USO which was received from the National United Service Organizations.

The Manzanar USO headquarters will be in the YMCA club house at 19-15 and Mrs. Mary Shima and Mrs. Miki Funn will act as secretary-hostesses, Mrs. D'Ille said.

STATIONERY AVAILABLE

Magazines, newspapers, and USO stationery will be available in the club rooms as soon as they are officially opened.

Mrs. D'Ille declared that it is the hope of the Manzanar USO that all servicemen and their families will use the club rooms freely.

"It is planned that before the end of May a party will be given especially to recognize the men who have received their physical examinations," she said.

The members of the Manzanar USO Committee are Chairman Henry Tsurutani, Vice-Chairman Mrs. May Ichida, Secretary Joan Fukuda, and Treasurer Edwin H. Hooper.

MEMBERS

Other members include Mrs. Lucy W. Adams, Mrs. Ralph P. Merritt, Mrs. Margaret D'Ille, Aksel Nielsen, Arthur Miller, the Rev. H. G. Bovenkerk, Father Leo Steinbach, Mrs. Henry Tsurutani, Mr. and Mrs. Joe Shikami and Mrs. Asa Ikeda.

center must be accomplished during the next thirty days, the director pointed out. After holding a series of meetings during the past two weeks with heads of various departments, the block managers and the three assistant directors, the following changes were decided upon, to be made over a period extending over the next 120 days:

1. Discontinuance of all new construction work planned for 1945. This will allow the available manpower to complete the auditorium buildings and to do necessary repair jobs and re-roofing of the barrack buildings in the fall.

2. Discontinuance of the cattle project on the farm after the present stock is butchered.

3. Discontinuance of the meat chicken project after the present stock on hand is butchered.

4. Discontinuance of the sewing factory and the woodworking factory at the end of September, after materials now on hand has been made into serviceable articles.

5. Discontinuance of the mattresses factory as soon as 3000 mattresses are completed for the center.

6. Discontinuance of all block managers' assistants on June 30. To meet existing labor conditions further, all departments will have to take a drastic cut in the number of executives personnel, the project director announced.

"We will keep as many essential projects operating as we possibly can," Mr. Merritt said, "but this will mean that in most cases workers will have to do additional tasks and groups will have to volunteer to do certain work that has been done by paid members in the past."

Red Cross Issues Financial Report

Financial report of the Manzanar Red Cross Committee was released this week by Red Cross Supervisor, Elizabeth M. Moxley.

The Red Cross supervisor revealed that total cash on hand on May 1, 1944 totaled \$1758.47. Donation from the 1944 drive netted \$2043.21 and a special donation from Zori and Dress-making crew of \$199.00 was also acknowledged. The plan the balance of \$16.16 from the month of April brought the total up to \$2258.47. From this, \$500 was donated to the American Central Red Cross Headquarters.

The Red Cross supervisor also released the budget estimate for the period of May 1, 1944 to April 30, 1945. The budget reads as follows: Salary for secretary \$22.75 a month, \$273; office expense, \$15; \$180; 11 cooling systems for the hospital \$75 each, \$825; 10 for office equipment \$35 monthly, \$60; medicine for 33 blocks \$5 box, \$165; rice and shoyu for Hillcrest, \$200; lumber for shades at hospital kitchen, \$20; and Christmas gifts, \$35.47.

Co-op Changes Date

Management of the Manzanar Cooperative Enterprises, Inc. has decided that it would be more practical to close on the last day of every month to check the inventory, instead of the first day of the month, General Manager S. Sugimoto revealed today.

"This month the stores will be closed on the 31st for inventory and open on the first of the next month. Thereafter, the stores will be open for business on the first of each month," he said.

Going Down

With the announcement by the project director laying out a definite program whereby the work program in this center would be curtailed, there arises the inevitable rumor. The most popular one says that this is the first step in closing down the center.

Assistant Project Director Robert L. Brown stated recently that the peak in activity of the relocation centers and the WRA has been passed. The bulk of the relocatables have left the center. For those who are not able to relocate immediately, definite steps are being taken; one of these being the family counseling program which is to begin next week.

All of this boils down to the fact that it is not only Manzanar that is on the down swing. The whole WRA program has reached the point where plans are being made for a gradual tapering off. This, again, does not necessarily mean relocation centers will be discontinued. It simply means we are approaching the final minimum stabilization point.

As They COME AND GO

DEPARTURES

Masuo Sakamoto, Michiko Takeuchi and Norie Takeuchi left on STL for Mesa, Ariz.; Yoneko, Craig and Fumio Ito, visitors, returned to Elfers, Ariz.; Hisashi and Chika Namikawa left on STL for Poston, Ariz.; Mary Sugino, Toshiji Higashi and Nobuo Iwasaki, visitors, returned to Poston, Ariz.

Mitsuko and Linda Kyoko Kinoshita left on I. L. for New York; Mitsue Sakamoto left on I. L. for Fort Harrison, Ind.; Takejiro Yuge left on I. L. for Topaz, Utah; Shigeru Carl Kawaharada left on I. R. to Ft. Hall, Ida.; Yoneko Dorothy Kawaharada returned to Ft. Hall, Ida.; Ray Tokuo Sebato left on I. L. for Blackfoot, Ida.; June Miyoko Wada left on STL for Ogden, Utah and Kiyoshi Hayashi left on I. R. for Caldwell, Ida.

Mary Eiko Wakamatsu, Harry Betty, Ken, Roy, Sueko and Tom Tatsuo Kimura, Gunji Kameda, Kiyoto Eddie Nagai, Takeshi Minato, Kosaku Yamada, Chiyeo Segimoto, Masakazu Hama, George Tani, Carl Nakamura, Tsuzumi Tsuma; Fari Setsuko, Robert Kazuo, Marian Haruko, Lucy and Robert Kazuji Nakashima left on I. L. for Chicago, Ill.

Helen Hatsue and Ronald Tetso Zoriki left on STL for Ontario, Ore.; Kimi Ito left on STL for Amache, Colo.; Haruo and Marian Sakamoto, Ruth Keiko Hoichi and Shizuyo Takeda left on I. L. for Minneapolis, Minn.; Taneko Rose Nojiri left on I. L. for Madison, Wisc.; Kiyoshi Frank Fukuhara left on I. L. for Cincinnati, Ohio; Kazuo Kuroimoto left on I. L. for Columbus, Ohio; and Harry Nishikawa returned to Reno, Nev.

Jack Minoru Ishida left on I. L. for Pocatello, Ida.; Susie Watanabe, returned to Salt Lake City, Sadako and Kazuo Martin Nakaji left on STL for Nyssa, Ore.

ARRIVALS

Tom Taketo Fujimoto from STL in Brighton, Colo.; Mitsuhiro and Satoru Shimizu from STL in Trinidad, Colo.; Sadae and Robert Yoshioka from STL in Ogden, Utah; Yoshio Sugihara, Hideo Okada and Gozo George Torihara from Granada, Colo. from STL; Thomas Okabe and Sally Kusayama, visitors, from Denver, Colo.; Satoru Kobayashi and Kazumi Mizumoto, visitors, from Chicago, Ill.; Matsuosuke Wakamatsu from STL in Blackfoot, Ida. and Tai Motowaki, visitor, from Chicago, Ill.

The Twenty Thousand

By K. Matoba

Perhaps the most noteworthy development to the nisei recently is Martin Dies' statement of his retirement from politics. Whether the house will maintain a similar investigating committee is a matter for conjecture.

Heretofore it had been Dies himself who had pushed appropriations for his committee through a more or less passive house. To the Japanese Americans who are in the position to know how unfounded are the blatant exposes of the committee, continuation of the group in the same lines would seem foolish. **EBERHARTER**

However, the nisei is aware of the fact that at least one far-minded committee member, Herman Eberharter of Pennsylvania, helped to keep the recommendations of the committee on an even keel. A congressional investigating group might be valuable if made up of more men like Eberharter.

Another item that the nisei greeted with enthusiasm was the defeat of Congressman John M. Costello in the California primaries. Costello had been the spark plug of the sub-committee that "discovered" nisei treachery in the relocation centers and on the West Coast.

CROSS-FILING

It is interesting to note that Costello received a plurality of votes in his district; but due to an odd California ballot system, he was defeated on his party ticket. California election laws demand that the winning candidate receive a plurality of votes on his party ticket. In the cross-filing system, the candidate's name is placed on the ticket of both parties. In Costello's case, he received an aggregated plurality of 6000 votes, but his opponent on his Democratic ticket received the plurality, taking Costello out of the congressional race.

HOWSER

During the house sub-committee investigation of the Japanese problem last summer, nisei will remember that the Los Angeles District Attorney Fred N. Howser attested his knowledge of several groups in Los Angeles that were pledged to kill any and all people of Japanese ancestry accosted by members of those groups. Howser was re-elected by an overwhelming majority over two very popular opponents.

This in the primaries; where in cases of three or more equally popular candidates, a majority is quite uncommon. Political observers had predicted a close race for this office. The reason for the unexpected results is difficult to determine, but it showed no improvement in Los Angeles for Japanese. The dist-

Future Of Japanese Discussed At Panel

"Future of People of Japanese Ancestry in the United States" was discussed at the "America in the Making" series panel in Mess Hall 14, Tuesday night.

Panel members were Assistant Project Director Lucy W. Adams, Block Managers Assembly Chairman Kiyoharu Anzai, Assistant Relocation Program Officer Walter A. Heath, Farm Supervisor Horace McConnell, Dentist Obo Sakaguchi and Superintendent of Education Dr. Genevieve W. Carter.

Some of the problems which were discussed were the prospects for returning to California, the truth about race prejudice and the chances for group relocation.

Attorney is not to be confused with Lt. Gov. Fred F. Howser who is running against Sheridan Downey for Senate.

State Folk Dancing

Another session of old time dancing will be held Wednesday, announced Shig Ishii, social activities chairman. Interested persons are cordially invited to attend and enjoy an evening of fun. There are instructors for those who do not know Folk Dancing, he added. It will begin from 8 o'clock at mess hall 2.

Seek Domestic Help

A family in Indianapolis is seeking an experienced couple at \$175 a month, Walter A. Heath, assistant relocation program officer disclosed today.

The duties would be general responsibilities for the care of the house and cooking. On the couple's day off, the employer's car would be available for the use of the couple. At the present time this employer has an issei couple working for him. They are leaving, because of poor health.

IN APPRECIATION—

I wish to thank the doctors, nurses, hospital workers and especially the residents of block 6 for the kindness given my son, Eiichi, during his stay at the hospital.

Suma Minami

THANKS—

Everyone for everything.

New Books Arrive At Local Library

"Interesting new books have been received by the main library at 22-15," announced Ruth Budd, librarian. Fictions include, "Experiment Perilous" by Carpenter, "The Apostle" by Asch and "Wolf In Man's Clothing" by Eberhart.

Persons interested in current affairs will enjoy, "Moscow Dateline" by Cassidy, "War Discoveries Alaska" by Driscoll and "Building For Peace At Home and Abroad" by Stewart.

Evacuees Accepted In Merchant Marine

Evacuees who wish employment in the Merchant Marine, in water-front facilities or in the fishing industry should fill out individual record statements and submit the application to the Commandant of the Coast Guard, declared Assistant Relocation Program Officer Walter A. Heath. In order to obtain clearance for employment in these capacities it will be necessary for applicants to be American citizens and at least 26 years of age. Aliens will not be considered for this employment, he said.

"A supply of these application blanks have been received by the Relocation Office and all interested persons should call and complete these forms so that the procedure for clearance can be placed in Washington," he stated.

Compose Directory To Assist Evacuees

"Whom can I contact when I arrive at my destination, about my problems?" is one of the questions that are puzzling evacuees when they leave to re-establish themselves on the outside according to Assistant Relocation Program Officer Walter A. Heath.

Relocation officers in the cities on the outside assist the evacuee in whatever method they can. However, there has been a need for a friend and advisor to help on more personal problems.

The Committee on Resettlement of Japanese-Americans, realizing this problem, have composed a directory indicating individuals who are willing to counsel evacuees who have been resettled and who are trying to make an adjustment in a new community. The new directory is by no means exhaustive. There are many people

Any evacuee should feel free to call upon these persons. It is suggested that an appointment be made prior to the interview, Heath said.

This directory is now in the Relocation Office. The relocation counselors will be glad to assist any evacuee who feels that he might be in need of this service.

Local GAA Stages Gala Play Day

By Dan Iwata and James Morita
Local High School Girls Athletic Association staged a play day with invitations extended to Bishop Union High School, Bishop, Owens Valley Union High School, Independence and to the small group of UCLA students. We went over quite un begrudgingly to the education department to inquire into the matter.

First episode in our work came when Elaine Clary, Physical education instructor dashed into the education office with "... a girl tore her jeans and her home is in Independence, gotta find a needle and some thread." After few inquiries, we were told that it would be better to go out and see the various events for ourselves.

MOBBED

Arriving at mess hall 2, we were met by Hideko Matsuno, Masako Kimura and Chickie Hiroaka who led us into the all-girls pot-pourri. We were introduced to the Owens Valley High girls while both of us stood nervously before the crowd. We two were the only males except for the public address crew. As soon as the mass "K. D." was over, we were mobbed. Terrified though we were, we requested our guides to ask the group for permission

to interview some of the hep-cats. Later, while interviewing one of the Bishop girls, she asked us if we wanted her telephone number. We kiddingly quipped that a call to Bishop would sink us 50 cents.

FIRST VICTIM

Our first victim of questioning was Annjenette "Annjie" Lawing, a 17-year-old senior from OVHS. Being interested in her school, we asked her how large the student body was.

She answered, "Nearly 60—to be exact, 55, which is the largest enrollment to date."

We inquired about the sports to "Annjie" and her schoolmate Shirley Hatfield. The girls replied, softball, tennis and basketball for both boys and girls. Boys also going out for track and baseball. Later we found out that "Annjie" was a gifted singer.
